Auditor's Responsibilities

(a) Audit of the Condensed Consolidated Financial Statements for the year ended March 31, 2023

Our objectives are to obtain reasonable assurance about whether the Condensed Consolidated Financial Statements for the year ended March 31, 2023 as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Condensed Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Annual Condensed Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of such internal controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Investment Manager.
- Evaluate the appropriateness and reasonableness of disclosures made by the Investment Manager in terms of the requirements specified under the REIT and Listing Regulations.
- Conclude on the appropriateness of the Investment Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Mindspace Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Condensed Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Mindspace Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Annual Condensed Consolidated Financial Statements, including the disclosures, and whether the Annual Condensed Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information to express an opinion on the Annual Condensed Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of financial information of such entities included in the Annual Condensed Consolidated Financial Statements of which we are the independent auditors.

Materiality is the magnitude of misstatements in the Annual Condensed Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Annual Condensed Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Annual Condensed Consolidated Financial Statements.

We communicate with those charged with governance of the REIT and such other entities included in the Condensed Consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings including any significant deficiencies in internal control that we identify during our audit.

Deloitte Haskins & Sells LLP

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

(b) Review of the Condensed Consolidated Financial Statements for the quarter and half year ended March 31, 2023

We conducted our review of the Condensed Consolidated Financial Statements for the quarter and half year ended March 31, 2023 in accordance with the Standard on Review Engagements (SRE) 2410 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity', issued by the ICAI. A review of interim financial information consists of making inquiries, primarily of the REIT's personnel responsible for financial and accounting matters and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with SAs and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

The Condensed Consolidated Financial Statements includes the financial information of the entities as listed under paragraph (a)(i) of Opinion and Conclusion section above.

Measurement of fair values:

The fair values of Investment property, Property, plant and equipment, Investment property under construction and Capital work-in-progress are solely based on an independent valuation performed by an external property valuer ("independent valuer"), having appropriately recognised professional qualification and recent experience in the location and category of the properties being valued. Other assets include cash and cash equivalents and other working capital balances which are not factored in the discounted cashflow method used in determining the fair value of investment property, investment property under development, property, plant and equipment, capital work-in-progress and intangibles.

Valuation technique

The fair value measurement for all of the Investment property, Property, plant and equipment, Investment property under construction and Capital work-in-progress has been categorized as a Level 3 fair value based on the inputs to the valuation technique used. The valuer has followed a Discounted Cash Flow method, except for valuation of land for future development where the valuer has adopted Market Approach. The Discounted Cash Flow valuation model considers the present value of net cash flows to be generated from the respective properties, taking into account the expected rental growth rate, vacancy period, occupancy rate, and lease incentive costs. The expected net cash flows are discounted using the risk adjusted discount rates. Among other factors, the discount rate estimation considers the quality of a building and its location (prime vs secondary), tenant credit quality, lease terms and investor return expectations from such properties.

Statement of compliance to Ind AS:

These Condensed Consolidated financial statements for the quarter, half year and year ended March 31, 2023 have been prepared in accordance with Indian Accounting Standard (Ind AS) 34 "Interim Financial Reporting", as prescribed in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 (as amended) to the extent not inconsistent with the REIT regulations as more fully described above and Note 19 to the condensed consolidated financial statements. The accounting policies adopted and methods of computation followed are consistent with those of the previous financial year.

Basis of Consolidation

Mindspace Business Parks Group consolidates entities which it owns or controls. The Condensed Consolidated Financial Statements comprise the financial statements of Mindspace Business parks REIT and its subsidiary SPVs as disclosed in note 1. Control exists when the parent has power over the entity, is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns. Subsidiaries are consolidated from the date control commences until the date control ceases.

The procedure for preparing Condensed Consolidated Financial Statements of Mindspace Business Parks Group are stated below:

- The financial statements of Mindspace Business Parks Group are consolidated for like items and intragroup balances and transactions for assets and liabilities, equity, income, expenses and cash flows between entities of Mindspace Business Parks Group are eliminated in full upon consolidation.
- Telangana State Industrial Infrastructure Corporation Limited, which is a shareholder in Intime, KRIT and Sundew has not agreed to exchange their equity interest in the SPVs (Intime, KRIT and Sundew), thus, Mindspace Business Parks REIT has recorded a non-controlling interests for these SPVs. The interest of non-controlling shareholders may be initially measured either at fair value or at the non-controlling interest proportionate share of the fair value of the acquiree's identifiable net assets. The choice of measurement basis is made on an acquisition-by-acquisition basis. Subsequent to acquisition, the carrying amount of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity.
- The figures in the notes to accounts and disclosures have been Consolidated line by line and Inter-company transactions and balances including unrealised profits are eliminated in full on consolidation.
- Mindspace Business Parks Group holds 4% of the equity share capital of Stargaze Properties Private Limited, a company involved in the real estate development. Mindspace Business Parks Group is of the view that it is not able to exercise significant influence over Stargaze Properties Private Limited and hence it has not been accounted using equity method.

3 Significant accounting policies

(a) Functional and presentation currency

The Condensed Consolidated Financial Statements are presented in Indian rupees, which is Mindspace Business Parks Group's functional currency and the currency of the primary economic environment in which Mindspace Business Parks Group operates. All financial information presented in Indian rupees has been rounded off to nearest million except otherwise stated.

(b) Basis of measurement

The Condensed Consolidated Financial Statements are on the historical cost basis, except for the following:

- Certain financial assets and liabilities (refer accounting policy regarding financial instrument): measured at fair values;
- Net defined benefit (asset)/ liability less present value of defined obligations: Fair value of plan assets less present value of defined benefit plan.

(c) Use of judgements and estimates

The preparation of the Condensed Consolidated Financial Statements in conformity with generally accepted accounting principles in India (Ind AS) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses. Actual results could differ from those estimates.

Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Information about critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the Condensed Consolidated Financial Statements is included in the following notes:

- * Presentation of "Unit Capital" as "Equity" in accordance with the REIT Regulations instead of compound instrument (Note 19)
- * Estimation of lease term for revenue recognition
- * Estimation of useful life of property, plant and equipment and investment property
- * Estimation of recognition of deferred tax assets, availability of future taxable profit against which tax losses carried forward can be used and income taxes.
- * Impairment and Fair valuation of Investment Property, Investment property under construction, Property, plant and equipment and Capital work-in-progress
- * Recognition and measurement of provisions for contingencies and disclosure of contingent liabilities

d) Current versus non-current classification

Mindspace Business Parks Group presents assets and liabilities in the Condensed Consolidated Balance Sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

Mindspace Business Parks Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. Mindspace Business Parks Group has identified twelve months as its operating cycle.

(e) Measurement of fair values

Mindspace Business Parks Group's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. Mindspace Business Parks Group has an established control framework with respect to the measurement of fair values.

They regularly review significant unobservable inputs and valuation adjustments. If third party information is used to measure fair values then the finance team assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of an asset or a liability, Mindspace Business Parks Group uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that entity can access on measurement date.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

3.1 Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts are measured initially at the fair value and in accordance with Ind AS 109 unless on a case to case basis elected to be accounted for financial guarantee as Insurance Contracts as specified under Ind AS 104.

3.2 Property, plant and equipment

(a) Recognition and measurement

Property, plant and equipment are stated at cost less accumulated depreciation and impairment, if any. Depreciation is charged when the assets are ready for their intended use. Purchase price or construction cost is defined as any consideration paid or fair value of any other consideration given to acquire the asset.

(b) Subsequent expenditure

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to Mindspace Business Parks Group. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to Mindspace Business Parks Group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Consolidated Statement of Profit and Loss during the reporting period in which they are incurred.

(c) **Depreciation**

Depreciation / amortisation is provided using straight line method as per the useful life of the assets estimated by the management over the balance useful life. The estimated useful lives of the assets, which are higher than, lower than or equal to those prescribed under Schedule II of the Companies Act 2013, are listed in the table below. Depreciation on addition / deletion of property, plant and equipment made during the period is provided on pro-rata basis from / to the date of such addition / deletion.

The assets and estimated useful life are as under:

| Asset group | Estimated Useful Life (in years) | |
|-------------------------------|-------------------------------------|--------------|
| | Power assets | Other assets |
| Right to use - Leasehold land | Balance Lease term | - |
| Buildings* | 75/90 | - |
| Plant and machinery | 15 | 15 |
| Electrical installation* | 15 | 15 |
| Computers | 3 | 3 |
| Temporary Structure* | - | 1 |
| Office equipment* | 4 | 4 |
| Furniture and fixtures* | - | 7 |

* For these class of assets, based on technical assessment the management believes the useful life of the assets is appropriate which is different than those prescribed under Part C of Schedule II of the Companies Act, 2013.

(1) Based on internal assessment the management believes the residual value of all assets except Leasehold Land is estimated to be 5% of the original cost of those respective assets at SPV.

(2) Assets individually costing less than Rs 5,000 are fully written off in the year of acquisition.

(3) The estimated useful lives, residual values and depreciation method are reviewed at the end of the reporting period with the effect of any changes in the estimation accounted for on a prospective basis.

(d) **De-recognition**

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the Condensed Consolidated Statement of Profit and Loss.

(e) **Capital work in progress**

Property, plant and equipment under construction is disclosed as capital work in progress which is carried at cost less any recognized impairment losses. Cost comprises of purchase price and any attributable cost such as duties, freight, borrowing costs, erection and commissioning expenses incurred in bringing the asset to its working condition for its intended use.

Advance paid and expenditure incurred on acquisition / construction of property, plant and equipment which are not ready for their intended use at each balance sheet date are disclosed under other non current assets as advances on capital account and capital work-in-progress respectively.

3.3 **Intangible assets**

(a) **Recognition and measurement**

An intangible asset is an identifiable non-monetary asset without physical substance. Intangible assets with finite useful lives that are acquired separately are initially measured at its cost and then carried at the cost less accumulated amortisation and impairment, if any. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less impairment, if any.

(b) **Subsequent expenditure**

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, is recognised in the Condensed Consolidated Statement of Profit and Loss as incurred.

(c) **Amortisation**

Amortisation is calculated over the cost of the asset, or other amount substituted for cost, less its residual value. Amortisation is recognised in the Condensed Consolidated Statement of Profit and Loss on a straight line method over the estimated useful lives of intangible assets, from the date that they are available for use.

| Asset group | Estimated Useful Life (in years) |
|--------------------|-------------------------------------|
| | Other assets |
| Computer Softwares | 3 |
| Trademarks | 10 |

The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

(d) **De-recognition**

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal, gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in the Consolidated Statement of Profit and Loss when the asset is derecognised.

3.4 Investment property

(a) Recognition and measurement

Properties including land, building and other assets, which are held either for long-term rental yield or for capital appreciation or for both, and which are not occupied substantially by Mindspace Business Parks Group are classified as investment property.

Investment properties are initially recognised at cost, including related transaction costs. Subsequent to initial recognition, investment properties are measured in accordance with the requirement of Ind AS 16's requirements for cost model i.e. Cost less depreciation less impairment losses, if any. Depreciation is charged when the investment property is ready for its intended use. Cost comprises of direct expenses like land cost, site labour cost, material used for project construction, project management consultancy, costs for moving the plant and machinery to the site and general expenses incurred specifically for the respective project like insurance, design and technical assistance, and construction overheads are allocated on a reasonable basis to the cost of the project.

Plant and machinery, furniture and fixtures, office equipment and electrical equipments which are physically attached to the commercial buildings are considered as part of investment property.

Acquisitions and disposals are accounted for at the date of completion of acquisitions and disposals.

(b) Subsequent expenditure

Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to Mindspace Business Parks Group and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred.

(c) Depreciation

Depreciation / amortisation is provided using straight line method as per the useful life of the assets estimated by the management over the balance useful life. The estimated useful lives of the assets, which are higher than, lower than or equal to those prescribed under Schedule II of the Companies Act 2013 and listed in the table below. Depreciation on addition / deletion of investment property made during the period is provided on pro-rata basis from / to the date of such addition / deletion.

| Asset group | Estimated Useful Life (in years) |
|--------------------------------|-------------------------------------|
| Right to use - Leasehold land | Balance Lease term |
| Buildings* | 75/90 |
| Infrastructure and development | 15 |
| Roadwork* | 15 |
| Broadwalk, vantage café etc.* | 50 |
| Plant and machinery | 15 |
| Office equipment* | 4 |
| Furniture and fixtures* | 7 |
| Electrical installation* | 15 |

* For these class of assets, based on technical assessment the management believes the useful life of the assets is appropriate which is different than those prescribed under Part C of Schedule II of the Companies Act, 2013.

(1) Based on internal assessment the management believes the residual value of all assets except Leasehold Land is estimated to be 5% of the original cost of those respective assets at SPV.

(2) Assets individually costing less than Rs 5,000 are fully written off in the year of acquisition.

(3) The estimated useful lives, residual values and depreciation method are reviewed at the end of the reporting period with the effect of any changes in the estimation accounted for on a prospective basis.

(d) Fair Value

Fair value of investment property is based on a valuation by an independent valuer who holds a recognised and relevant professional qualification and has recent experience in the location and category of the investment property being valued. The fair value of investment property is disclosed in the Statement of Net assets at Fair Value.

(e) De-recognition

An investment property is derecognized upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on de-recognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Condensed Consolidated Statement of Profit and Loss in the period in which the property is de-recognised.

(f) Investment properties under construction

Property that is being constructed for future use as investment property is accounted for as investment property under construction until assets are ready for their intended use.

Direct expenses like land cost, site labour cost, material used for project construction, project management consultancy, costs for moving the plant and machinery to the site and general expenses incurred specifically for the respective project like insurance, design and technical assistance, and construction overheads are taken as the cost of the project.

Investment properties under construction represent the cost incurred in respect of areas under construction of the real estate development projects less impairment losses, if any.

Advance paid for acquisition of investment property which are not ready for their intended use at each balance sheet date are disclosed under other non current assets as capital advance.

3.5 Impairment of assets

Mindspace Business Parks Group assesses at each balance sheet date, whether there is any indication that an asset may be impaired. If any such indication exists, Mindspace Business Parks Group estimates the recoverable amount of the asset. The recoverable amount of the assets (or where applicable that of the cash generating unit to which the asset belongs) is estimated as the higher of its fair value less cost of disposal and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of the assets and from its disposal at the end of its useful life. An impairment loss is recognised whenever the carrying amount of an asset or the cash-generating unit to which it belongs, exceeds its recoverable amount. Impairment loss is recognised in the Consolidated Statement of Profit and Loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the Consolidated Statement of Profit and Loss.

3.6 Borrowing costs

Borrowing costs that are attributable to the acquisition, construction or production of qualifying assets are treated as direct cost and are considered as part of cost of such assets. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale.

Capitalisation rate used to determine the amount of borrowing costs to be capitalised is the weighted average interest rate applicable to the general borrowings.

Capitalisation of borrowing costs is suspended during the extended period in which active development is interrupted. Capitalisation of borrowing costs is ceased when substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are complete.

All other borrowing costs are recognised as an expense in the period in which they are incurred.

Borrowing cost incurred by the SPVs on inter-company loans is continued to be capitalised only to the extent Mindspace Group has incurred external borrowing cost.

3.7 Inventories

(a) Measurement of inventory

Inventories comprise of building material and components. Contractual work in progress, in respect of third party customers, is classified as work in progress. Mindspace Business Parks Group measures its inventories at the lower of cost and net realisable value.

(b) Cost of inventories

The cost of inventories of building material and components and work in progress comprise all costs of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on moving weighted average basis.

(c) Net realisable value

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

3.8 Revenue recognition

(a) Facility rentals

Revenue from property leased out under an operating lease is recognised over the lease term on a straight line basis, except where there is an uncertainty of ultimate collection.

(b) Revenue from works contractual services

Revenue from contracts with customers is recognised when a performance obligation is satisfied by transfer of promised goods or services to a customer in accordance with the agreement with the customer. For works contract arrangement, the performance obligation gets satisfied over time, and therefore, the revenue recognition is done by measuring the progress towards complete satisfaction of performance obligation from time to time as per the agreement with the customer. The progress is measured in terms of a proportion of actual cost incurred to-date, to the total estimated cost attributable to the performance obligation. The revenue is recognised to the extent of transaction price allocated to the performance obligation satisfied. Transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring goods or services to a customer excluding amounts collected on behalf of a third party.

(c) Maintenance services

Maintenance income is recognised over a period of time for services rendered to the customers.

(d) Revenue from power supply

Revenue from power supply is accounted for on the basis of billings to consumers and includes unbilled revenues accrued up to the end of the accounting year. Mindspace Business Parks Group determines surplus/deficit i.e. excess/ shortfall of aggregate gain over return on equity entitlement for the period in respect of its operations based on the principles laid down under the respective Tariff Regulations as notified by Maharashtra Electricity Regulatory Commission (MERC), on the basis of the tariff order issued by it. In respect of such surplus/deficit, appropriate adjustments as stipulated under the regulations are made during the period. Further, any adjustments that may arise on annual performance review by the MERC under the tariff regulations is made after the completion of such review.

(e) Revenue from sale of goods

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold is net of variable consideration on account of various discounts offered by the Company as part of the contract. Revenue from the sale of goods is recognised when the Group performs its obligations to its customers and the amount of revenue can be measured reliably and recovery of the consideration is probable. The timing of such recognition in case of sale of goods is when the control over the same is transferred to the customer.

(f) Finance Lease

For assets let out under finance lease, Mindspace Business Parks Group recognises a receivable at an amount equal to the net investment in the lease. Rentals received are accounted for as repayment of principal and finance income. Minimum lease payments receivable on finance leases are apportioned between the finance income and the reduction of the outstanding receivable. The finance income allocated to each period during the lease term so as to produce a constant periodic rate of interest on the remaining net investment in the finance lease.

Contingent rents are recorded as income in the periods in which they are earned.

(g) Sale of surplus construction material and scrap

Revenue from sale of surplus construction material and scrap is recognised when control of the goods are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods net of the expected removal cost.

3.9 Recognition of dividend income, interest income :

(i) Dividend income is recognised in profit or loss on the date on which Mindspace REIT group has right to receive payment is established.

(ii) Interest income is recognised on time proportion basis, by reference to the principal outstanding and the effective interest rate applicable.

(iii) Delayed payment charges and interest on delayed payments are recognised, on time proportion basis, except when there is uncertainty of ultimate collection.

3.10 Tax expense

Income tax expense comprises current tax and deferred tax charge or credit. It is recognised in the Statement of Profit and Loss except to the extent that it relates to an item recognised directly in equity or in other comprehensive income in which case, the current and deferred tax are also recognised in equity and other comprehensive income respectively.

(a) Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by end of reporting period.

(b) Deferred tax

Deferred tax asset/liability is recognised on temporary differences between the carrying amounts of assets and liabilities in the Consolidated Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax assets and liabilities are measured that are expected to apply to the period when the asset is realised or the liability is settled, using the tax rates and tax laws that have been enacted or substantively enacted by the end of reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which Mindspace Business Parks Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax is not recognised for:

- Temporary differences arising on the initial recognition of assets and liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction; and
- Temporary differences related to investments in subsidiaries, associates, and joint arrangements to the extent that Mindspace Business Park Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future;

Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets are reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

For operations carried out under tax holiday period (80IA benefits of Income Tax Act, 1961), deferred tax assets or liabilities, if any, have been established for the tax consequences of those temporary differences between the carrying values of assets and liabilities and their respective tax bases that reverse after the tax holiday ends.

In the situations where one or more units of the Group are entitled to a tax holiday under the tax law, no deferred tax (asset or liability) is recognized in respect of temporary differences which reverse during the tax holiday period, to the extent the concerned unit's gross total income is subject to the deduction during the tax holiday period. Deferred tax in respect of temporary differences which reverse after the tax holiday period is recognized in the year in which the temporary differences originate. However, the Group restricts recognition of deferred tax assets to the extent it is probable that sufficient future taxable income will be available against which such deferred tax assets can be realized. For recognition of deferred taxes, the temporary differences which originate first are considered to reverse first.

(c) Minimum Alternate Tax (MAT)

MAT credit entitlement is recognized as an asset only when and to the extent there is convincing evidence that normal income tax will be paid during the specified period. In the year in which MAT credit becomes eligible to be recognized as an asset, the said asset is created by way of a credit to the Consolidated Statement of Profit and Loss and shown as MAT credit entitlement under deferred tax assets. This is reviewed at each balance sheet date and the carrying amount of MAT credit entitlement is written down to the extent it is not reasonably certain that normal income tax will be paid during the specified period.

3.11 Earnings per unit (EPU):

The basic earnings per unit is computed by dividing the net profit/ (loss) attributable to the unit holders of Mindspace REIT by the weighted average number of units outstanding during the reporting period. The number of units used in computing diluted earnings/ (loss) per unit comprises the weighted average units considered for deriving basic earnings/ (loss) per unit and also the weighted average number of units which could have been issued on the conversion of all dilutive potential units.

Dilutive potential units are deemed converted as of the beginning of the reporting date, unless they have been issued at a later date. In computing diluted earnings per unit, only potential equity units that are dilutive and which either reduces earnings per unit or increase loss per units are included.

3.12 Provisions, contingent liabilities and contingent assets

Provisions are recognised when Mindspace Business Parks Group has a present legal or constructive obligation as a result of a past event, it is probable that Mindspace Business Parks Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration net of recoveries if any, required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

Contingent liabilities are disclosed when there is a possible obligation or a present obligation that may, but will probably not, require an outflow of resources. When there is a possible obligation of a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

A contingent asset is disclosed when there would be a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of Mindspace Business Parks Group.

Provisions, Contingent Liabilities and Contingent Assets are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

3.13 Foreign currency transactions and translations

Transactions denominated in foreign currency are recorded at the exchange rate prevailing on the date of transactions. Exchange differences arising on foreign exchange transactions settled during the year are recognised in the Consolidated Statement of Profit and Loss of the period.

Monetary assets and liabilities denominated in foreign currency, which are outstanding as at the period-end and not covered by forward contracts, are translated at the period-end at the closing exchange rate and the resultant exchange differences are recognised in the Condensed Consolidated Statement of Profit and Loss. Non-monetary foreign currency items are carried at cost.

3.14 Leases

As a Lessor

Mindspace Business Parks Group enters into lease agreements as a lessor with respect to some of its investment properties.

Leases for which Mindspace Business Parks Group is a lessor is classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When Mindspace Business Parks Group is an intermediate lessor, it accounts for the head lease and the sublease as two separate contracts. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease and presented as unbilled revenue in other financial assets. Initial direct costs such as brokerage expenses incurred specifically to earn revenues from an operating lease are capitalised to the carrying amount of leased asset and recognised over the lease term on the same basis as rental income.

Amounts due from lessees under finance leases are recognised as receivables at the amount of Mindspace Business Parks Group's net investment in the leases. Finance lease income is allocated to reporting periods so as to reflect a constant periodic rate of return on Mindspace Business Parks Group's net investment outstanding in respect of the leases.

As a Lessee

Mindspace Business Parks Group assesses whether a contract is or contains a lease, at inception of a contract. Mindspace Business Parks Group recognises a right-of-use asset and a corresponding lease liability with respect to all lease agreements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets. For these leases, Mindspace Business Parks Group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease. If this rate cannot be readily determined, Mindspace Business Parks Group uses its incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise:

- fixed lease payments (including in-substance fixed payments), less any lease incentives;
- variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;
- the amount expected to be payable by the lessee under residual value guarantees;
- payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

The lease liability is presented separately as part of Financial Liabilities in the Condensed Consolidated balance sheet. The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

Mindspace Business Parks Group remeasures the lease liability (and makes a corresponding adjustment to the related right-of-use asset) whenever

- the lease term has changed or there is a change in the assessment of exercise of a purchase option, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate;
- the lease payments change due to changes in an index or rate or a change in expected payment under a guaranteed residual value, in which cases the lease liability is measured by discounting the revised lease payments using the initial discount rate (unless the lease payments change is due to a change in a floating interest rate, in which case a revised discount rate is used);
- a lease contract is modified and the lease modification is not accounted for as a separate lease, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate.

The right-of-use assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Whenever Mindspace Business Parks Group incurs an obligation for costs to dismantle and remove a leased asset, restore the site on which it is located or restore the underlying asset to the condition required by the terms and conditions of the lease, a provision is recognised and measured under Ind AS 37 'Provisions, Contingent Liabilities and Contingent Assets'. The costs are included in the related right-of-use asset, unless those costs are incurred to produce inventories.

Right-of-use assets are depreciated over the shorter period of lease term and useful life of the underlying asset.

Mindspace Business Parks Group applies Ind AS 36 Impairment of Assets to determine whether a right-of-use asset is impaired and accounts for any identified impairment loss as described in Note 3.5.

Variable rents that do not depend on an index or rate are not included in the measurement the lease liability and the right-of-use asset. The related payments are recognised as an expense in the period in which the event or condition that triggers those payments occurs and are included in the line "other expenses" in the Condensed Consolidated Statement of Profit and Loss.

3.15 Financial instruments

1 Initial recognition and measurement

Financial assets and/or financial liabilities are recognised when Mindspace Business Parks Group becomes party to a contract embodying the related financial instruments. All financial assets/ financial liabilities are initially measured at fair value, plus in case of financial assets/ financial liabilities not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition or issue of financial assets/ financial liabilities are added to or deducted, as the case may be, from the fair value of such assets or liabilities. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss. Trade receivables that do not contain a significant financing component are measured at transaction price.

2 Financial assets:

(a) Classification of financial assets:

- Mindspace Business Parks Group classifies its financial assets in the following measurement categories:
 - those to be measured subsequently at fair value (either through other comprehensive income, or through the Consolidated Statement of Profit and Loss), and
 - those measured at amortised cost.
- The classification is done depending upon Mindspace Business Parks Group's business model for managing the financial assets and the contractual terms of the cash
- For investments in debt instruments, this will depend on the business model in which the investment is held.
- Mindspace Business Parks Group reclassifies debt investments when and only when its business model for managing those assets changes.

(b) Subsequent Measurement

(i) Debt instruments:

Subsequent measurement of debt instruments depends on Mindspace Business Parks Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which Mindspace Business Parks Group classifies its debt instruments.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income (FVTOCI)

Financial assets are subsequently measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows that give rise on specified dates to solely payments of principal and interest on the principal amount outstanding and by selling financial assets.

Financial assets at fair value through the Consolidated Statement of Profit and Loss (FVTPL)

Financial assets are subsequently measured at fair value through the Condensed Consolidated Statement of Profit and Loss unless it is measured at amortised cost or fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in the Condensed Consolidated Statement of Profit and Loss.

(ii) Equity instruments:

Mindspace Business Parks Group subsequently measures all equity investments at fair value. There are two measurement categories into which Mindspace Business Parks Group classifies its equity instruments:

Investments in equity instruments at FVTPL:

Investments in equity instruments are classified as at FVTPL, unless Mindspace Business Parks Group irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for equity instruments which are not held for trading.

Investments in equity instruments at FVTOCI:

On initial recognition, Mindspace Business Parks Group can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the reserve for 'equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to Consolidated Statement of Profit and Loss on disposal of the investments, but is transferred to retained earnings.

(c) Impairment of financial assets:

Mindspace Business Parks Group applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset. For trade receivables, Mindspace Business Parks Group measures the loss allowance at an amount equal to lifetime expected credit losses. Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, Mindspace Business Parks Group has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

(d) Derecognition of financial assets:

A financial asset is primarily derecognised when:

(i) the right to receive cash flows from the asset has expired, or

(ii) Mindspace Business Parks Group has transferred its rights to receive cash flows from the asset; and

Mindspace Business Parks Group has transferred substantially all the risks and rewards of the asset, or

Mindspace Business Parks Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

On derecognition of a financial asset in its entirety (other than investments in equity instruments at FVOCI), the differences between the carrying amounts measured at the date of derecognition and the consideration received is recognised in Consolidated Statement of Profit and Loss. Any interest in transferred financial assets that is created or retained by the SPV is recognised as a separate asset or liability.

3 Financial liabilities and equity instruments

(a) Classification as debt or equity

Financial liabilities and equity instruments issued by Mindspace Business Parks Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

(b) Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of Mindspace Business Parks Group after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Repurchase of Mindspace Business Parks Group's own equity instrument is recognised and deducted directly in equity. No gain or loss is recognised in the Consolidated Statement of Profit and Loss on the purchase, sale, issue or cancellation of Mindspace Business Parks Group's own equity instruments.

(c) Compound financial instruments

The component parts of compound financial instruments issued by Mindspace Business Parks Group are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of Mindspace Business Parks Group's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recorded as a liability on an amortised cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date.

The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured.

Transaction costs that relate to the issue of the convertible instruments are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognised directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortised over the lives of the convertible instrument using the effective interest method.

(d) Financial Liabilities

• Recognition, measurement and classification

Financial liabilities are classified as either held at a) fair value through the Consolidated Statement of Profit and Loss, or b) at amortised cost. Management determines the classification of its financial liabilities at the time of initial recognition or, where applicable, at the time of reclassification.

Mindspace Business Parks Group's financial liabilities include trade and other payables, loans and borrowings and derivative financial instruments. Subsequent measurement of financial liabilities depends on their classification as fair value through the Consolidated Statement of Profit and Loss or at amortised cost. All changes in fair value of financial liabilities classified as FVTPL are recognized in the Consolidated Statement of Profit and Loss. Amortised cost category is applicable to loans and borrowings, trade and other payables. After initial recognition the financial liabilities are measured at amortised cost using the Effective Interest Rate method.

• Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. Gains and losses are recognized in the Condensed Consolidated Statement of Profit and Loss when the liabilities are derecognized.

4 Offsetting of financial instruments

Financial assets and financial liabilities are offset and presented on net basis in the Balance Sheet when there is a currently enforceable legal right to offset the recognised amounts and there is an intention either to settle on a net basis or to realise the assets and settle the liabilities simultaneously.

3.16 Cash and cash equivalents

Cash and cash equivalents comprises of cash at banks and on hand, demand deposits, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

3.17 Statement of Cash flow

Cash flow is reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of Mindspace Business Parks Group are segregated.

For the purpose of the Condensed Consolidated Statement of Cash Flow, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of Mindspace Business Parks Group's cash management.

As per para 8 of Ind AS 7 where bank overdrafts which are repayable on demand form an integral part of an entity's cash management, bank overdrafts are included as a component of cash and cash equivalents. Bank overdraft, in the Condensed Consolidated Balance Sheet, is included as 'borrowings' under Financial Liabilities.

3.18 Employee benefits plan

Disclosure pursuant to Ind AS – 19 'Employee benefits'

(1) Short term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits such as salaries, wages, etc. and are recognised in the period in which the employee rendered the related services. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised as an expense during the period.

(2) Long term employee benefits

Defined contribution plans

Contributions to defined contribution schemes such as provident fund are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees. Mindspace Business Parks Group's provident fund contribution, in respect of certain employees, is made to a government administered fund and charged as an expense. The above benefits are classified as defined contribution schemes as Mindspace Business Parks Group has no further defined obligations beyond the monthly contributions.

Defined benefit plan

Mindspace Business Parks Group's gratuity benefit scheme is a defined benefit plan. Mindspace Business Parks Group has determined the gratuity liability based on internal calculation based on the number of years completed and last drawn basic salary as mentioned in the Payment of Gratuity Act, 1972. The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets, if any. The defined benefit obligation is calculated annually by actuaries / SPVs using the projected unit credit method.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Condensed Consolidated Statement of Profit and Loss.

Other long term employee benefits - Compensated absences

Benefits under compensated absences are accounted as other long-term employee benefits. Mindspace Business Parks Group has determined the liability for compensated absences based on internal calculation which is determined on the basis of leave credited to employee's account and the last drawn salary. Mindspace Business Parks Group's net obligation in respect of compensated absences is the amount of benefit to be settled in future, that employees have earned in return for their service in the current and previous years. The benefit is discounted to determine its present value. The obligation is measured on the basis of an actuarial valuation / by SPVs using the projected unit credit method. Remeasurement is recognised in the Consolidated Statement of Profit and Loss in the period in which they arise. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability.

3.19 Earnings before finance costs, depreciation and amortisation, regulatory income / expense, exceptional items and tax

Mindspace Business Parks Group has elected to present earnings before interest, depreciation and amortisation, regulatory income / expense, exceptional items and tax as a separate line item on the face of the Condensed Consolidated Statement of Profit and Loss. Mindspace Business Parks Group measures earnings before interest, depreciation and amortisation, regulatory income / expense, exceptional items and tax on the basis of profit/ (loss) from continuing operations.

3.20 Subsequent events

The Condensed Consolidated Financial Statements are adjusted to reflect events that occur after the reporting date but before the Condensed Consolidated Financial Statements are issued. The Consolidated Financial Statements have their own date of authorisation, which differs from that of the financial statements of the entities which are part of Mindspace REIT group. Therefore, when preparing the Condensed Consolidated Financial Statements, management considers events up to the date of authorisation of these financial statements.

3.21 Errors and estimates

Mindspace Business Parks Group revises its accounting policies if the change is required due to a change in Ind AS or if the change will provide more relevant and reliable information to the users of the Condensed Consolidated financial statement. Changes in accounting policies are applied retrospectively.

A change in an accounting estimate that results in changes in the carrying amounts of recognised assets or liabilities or to profit or loss is applied prospectively in the period(s) of change.

Discovery of errors results in revisions retrospectively by restating the comparative amounts of assets, liabilities and equity of the earliest prior period in which the error is discovered. The opening balances of the earliest period presented are also restated.

3.22 Non-current assets held for sale

Non-current assets are classified as held for sale if it is highly probable that they will be recovered primarily through sale rather than through continuing use. Such assets are generally measured at the lower of their carrying amount and fair value less costs to sell. Losses on initial classification as held for sale and subsequent gains and losses on re-measurement are recognised in the Consolidated Statement of Profit and Loss.

Once classified as held-for-sale, intangible assets, property, plant and equipment and investment properties are no longer amortised or depreciated, and any equity-accounted investee is no longer equity accounted.

3.23 Segment Information

Primary segment information

The primary reportable segment is business segments.

Business segment

The Mindspace Group is organised into the two operating divisions - 'real estate' and 'power distribution', which are determined based on the internal organisation and management structure of the Mindspace Group and its system of internal financial reporting and the nature of its risks and its returns. The Governing Board of the manager has been identified as the chief operating decision maker (CODM). CODM evaluates the Mindspace Group's performance, allocates resources based on analysis of various performance indicators of the Group as disclosed below.

Real estate segment

Real estate comprises development and management of projects under Special Economic Zone (SEZ), Information Technology Parks and other commercial assets. The Group has its project/properties in Mumbai Region, Hyderabad, Pune and Chennai for development and management of commercial SEZ, IT parks and commercial assets including incidental activities.

Power distribution

The state power regulator has taken on record the SEZ developer MBPPL, Gigaplex, Sundew and KRC Infra as Deemed Distribution Licensee for Power. The approved SPVs being Deemed Distributor, supplies power to customers within the notified SEZ.

Secondary segment information

Mindspace Business Parks Group's operations are based in India and therefore Mindspace Business Parks Group has only one geographical segment - India.

3.24 Non-controlling interests

Non-controlling interests represent the share of reserves and capital attributable to the shareholders of the SPVs who have not agreed to exchange their shares in the SPVs for units of Mindspace REIT and will not become the unitholders of Mindspace REIT. Below is the list of shareholders of the SPVs for whom non-controlling interest has been recognised. Non-controlling interests in the results and equity of subsidiaries are shown separately in the Condensed Consolidated Statement of Profit and Loss, Condensed Consolidated Statement of Changes in Equity and Condensed Balance Sheet.

| SPV | Shareholder | % Holding in SPV (As on reporting date) |
|--------|---|--|
| KRIT | Telangana State Industrial Infrastructure Corporation Limited | 11.0% |
| Intime | Telangana State Industrial Infrastructure Corporation Limited | 11.0% |
| Sundew | Telangana State Industrial Infrastructure Corporation Limited | 11.0% |

Ind AS 110 requires entities to attribute the profit or loss and each component of other comprehensive income to the owners of Mindspace REIT and to the non-controlling interests. This requirement needs to be followed even if this results in the non-controlling interests having a deficit balance.

3.25 Cash distribution to unit holders

The Group recognises a liability to make cash distributions to Unitholders when the distribution is authorised and a legal obligation has been created. As per the REIT Regulations, a distribution is authorised when it is approved by the Governing Board of the Manager. A corresponding amount is recognised directly in other equity.

3.26 Distribution Policy

The Net Distributable Cash Flows of Mindspace REIT are based on the cash flows generated from Mindspace REIT's assets and investments.

In terms of the Distribution Policy and the REIT Regulations, not less than 90% of the NDCF of each of the Asset SPVs is required to be distributed to Mindspace REIT, in proportion of their shareholding in the Asset SPV, subject to applicable provisions of the Companies Act or the LLP Act. Presently, NDCF to be received by Mindspace REIT from the Asset SPVs may be in the form of dividends, interest income, principal loan repayment, proceeds of any capital reduction or buyback from the Asset SPVs, sale proceeds out of disposal of investments if any or assets directly held by Mindspace REIT or as specifically permitted under the Trust Deed or in such other form as may be permissible under the applicable law.

The Manager is required to and shall declare and distribute at least 90% of the NDCF of Mindspace REIT as distributions ("REIT Distributions") to the Unitholders. Such REIT Distributions shall be declared and made for every quarter of a Financial Year.

3.27 Recent Pronouncements

- (1) The Ministry of Corporate Affairs has notified Companies (Indian Accounting Standard) Amendment Rules 2022 dated March 23, 2022 to amend the following Ind AS which are effective from April 01, 2022

Reference to the Conceptual Framework – Amendments to Ind AS 103

- The amendments replaced the reference to the ICAT's "Framework for the Preparation and Presentation of Financial Statements under Indian Accounting Standards" with the reference to the "Conceptual Framework for Financial Reporting under Indian Accounting Standard" without significantly changing its requirements.

The amendments also added an exception to the recognition principle of Ind AS 103 Business Combinations to avoid the issue of potential "day 2" gains or losses arising for liabilities and contingent liabilities that would be within the scope of Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets or Appendix C, Levies, of Ind AS 37, if incurred separately. It has also been clarified that the existing guidance in Ind AS 103 for contingent assets would not be affected by replacing the reference to the Framework for the Preparation and Presentation of Financial Statements under Indian Accounting Standards.

- Property, Plant and Equipment: Proceeds before Intended Use – Amendments to Ind AS 16

The amendments modified paragraph 17(e) of Ind AS 16 to clarify that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment.

- Onerous Contracts – Costs of Fulfilling a Contract – Amendments to Ind AS 37

The amendments to Ind AS 37 specify which costs an entity needs to include when assessing whether a contract is onerous or loss-making. The amendments apply a "directly related cost approach". The costs that relate directly to a contract to provide goods or services include both incremental costs for example direct labour and materials and an allocation of other costs directly related to contract activities for example an allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling that contract. General and administrative costs do not relate directly to a contract and are excluded unless they are explicitly chargeable to the counterparty under the contract.

There were certain amendments to standards and interpretations which are applicable for the first time for the year ended 31 March 2023, but either the same are not relevant or do not have an impact on the consolidated financial statements of the Group.

- (2) On March 31, 2023, Ministry of Corporate Affairs ("MCA") amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

Ind AS 1 – Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Group does not expect this amendment to have any significant impact in its financial statements.

Ind AS 12 – Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Group does not expect this amendment to have any significant impact in its financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Group does not expect this amendment to have any significant impact in its financial statements.

The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

Notes:

- 1 (a) Gigaplex- An appeal has been filed for A.Y. 2010-11 before CIT(A) against the penalty order raising demand of Rs.3 million and the appeal is pending. It has paid 20% (Rs.1 million) with a request to keep the demand in abeyance. As per Income tax website, there is no demand outstanding.
- (b) KRIT - Contingent liability of Rs. 933 million relate to AY 2012-13 to AY 2018-19 for which it has filed appeals before CIT(A) against orders under section 143(3) / 143(3) read with section 153A of the Act contesting the disallowance of deduction under section 80IA of the Income Tax Act 1961. KRIT is hopeful of a favourable outcome for these Assessment Years. In case of unfavourable decisions in appeal for AY 2012-13 to AY 2018-19, the tax would be payable under normal tax and hence, MAT credit currently available with KRIT will no longer be available. As a result, in addition to above contingent liability, KRIT would require to pay additional tax of Rs. 326 million w.r.t. AY 2019-20 and AY 2020-21 (These years are not under litigation) because during these years KRIT has utilised the MAT credit availed during AY 2012-13 to AY 2018-19. The disallowance of deduction under section 80IA for AYs 2012-13 to 2018-19 by the Income Tax department was based on the order for earlier AY 2011-12 wherein similar disallowance was made. KRIT had challenged the said order of AY 2011-12 before the ITAT. The Hon'ble ITAT vide its order dated 06.05.2021 allowed the appeal in favour of KRIT by quashing the disallowance made by the income-tax authority.

- b) MBPPL is subject to other legal proceedings and claims, which have arisen in the ordinary course of business. MBPPL's management does not reasonably expect that these legal actions, when ultimately concluded and determined, will have a material and adverse effect on MBPPL's results of operations or financial condition.
- c) MBPPL received a communication (alleged reminder) from Pune Municipal Corporation (PMC) demanding an amount of Rs 157 million allegedly due from MBPPL based on objections by internal audit report of Pune Municipal Corporation. Subsequently MBPPL addressed one more communication stating that MBPPL would be in a position to submit their reply upon receipt of the details of amount demanded as per their reply submitted which states that if any principal outstanding is due/recoverable, MBPPL agrees to make the said payment and sought detailed clarification on the interest amount. By letter dated 20.07.2019 to MBPPL, PMC provided the copy of the audit report to MBPPL and requested MBPPL to provide its clarifications in respect of objectionable issues and furnish the challans in lieu of payment of the recoverable amount. By letter dated 11.10.2021 to PMC, MBPPL replied stating that the impugned challans, demands and notice are illegal, null and void and ultra vires; and likewise the act of issuing the letter dated 17.08.2021 is ultra vires and without the authority of law and called upon PMC to withdraw the impugned challans and letter forthwith. By the said letter MBPPL further stated that if the challans and letter is not withdrawn and any further action is initiated in that event the letter dated 11.10.2021 may be treated as a notice under section 487 of The Maharashtra Municipal Corporations Act, 1949 and under section 159 of The Maharashtra Regional and Town Planning Act, 1966. Further, without prejudice to the contentions raised in the reply and without admitting any liability to pay the amount as per the impugned challans, MBPPL has submitted that, in order to resolve the controversy, MBPPL is willing to offer to pay in full and without settling on all accounts of all demands raised in the said challans, a lumpsum one-time amount of ₹ 26.64 million without any liability for interest thereon or for any other payments relating to the subject and to provide an opportunity of hearing and furnishing clarifications, if required by PMC. Subsequently, by letter dated March 10, 2022, PMC informed MBPPL that it has not accepted the cheque issued by MBPPL vide its letter dated January 25, 2022 and requested MBPPL to issue demand draft for the amount as per the Challans and make the payment to PMC at the earliest. On April 7, 2022 MBPPL submitted a reply/ letter to PMC enclosing a demand draft as desired by the PMC, for an amount of ₹ 26.64 million towards the payment as set out in MBPPL's earlier communications. Vide letter dated July 11, 2022 PMC returned MBPPL's demand draft while demanding entire demanded payment. - recognised and measured at fair value
- measured at amortised cost and for which fair values are disclosed in the financial statements.

To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level is mentioned below:

Fair value hierarchy

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The following table presents the fair value measurement hierarchy of assets and liabilities measured at fair value on recurring basis as at 31 March 2023.

- The fair value of mutual funds are based on price quotations at reporting date.
- The fair values of other current financial assets and financial liabilities are considered to be equivalent to their carrying values.
- The fair values of borrowings at fixed rates are considered to be equivalent to present value of the future contracted cashflows discounted at the current market rate.
- Security deposits accepted are measured at fair value based on the discounted cash flow method considering the discount rate determined as the average borrowing rate.
