### Measurement of fair values

The section explains the judgement and estimates made in determining the fair values of the financial instruments that are:

a) recognized and measured at fair value

b) measured at amortized cost and for which fair values are disclosed in the financial statements.

To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level is mentioned below:

#### Fair value hierarchy

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The following table presents the fair value measurement hierarchy of assets and liabilities measured at fair value on recurring basis as at 31 March 2022.

#### Financial instruments

Quantitative disclosures fair value measurement hierarchy for assets as at 31 March 2022:

| Particulars | Date of valuation | Total | Level 1 | Level 2 | Level 3 |
|---|---|---|---|---|---|
| **Financial assets measured at fair value :** | | | | | |
| FVTOCI financial investments : | 31-03-2022 | 0 | - | - | 0 |
| FVTOCI financial investments : | 31-03-2021 | 0 | - | - | 0 |

#### Valuation techniques and significant unobservable inputs

The following table shows the valuation techniques used in measuring Level 3 fair values for financial instruments measured at fair value in the statement of financial position as well as the significant unobservable inputs used.

| Financial instruments measured at fair value | Valuation technique | Inter-relationship between significant unobservable inputs and fair value measurement |
|---|---|---|
| **Financial Assets** | | |
| Investment in equity shares | Discounted cash flow approach | Increase/decrease of 5% or so in the discount rate would result in decrease/increase in the fair value * |

* holding all other variables constant

#### Transfers between Level 1, Level 2 and Level 3

There were no transfers between Level 1, Level 2 or Level 3 during the period ended 31 March 2022 and year ended 31 March 2021.

#### Determination of fair values

Fair values of financial assets and liabilities have been determined for measurement and/or disclosure purposes based on the following methods. When applicable, further information about the assumptions made in determining fair values is disclosed in the notes specific to that asset or liability.

i) The fair value of mutual funds are based on price quotations at reporting date.

ii) The fair values of other current financial assets and financial liabilities are considered to be equivalent to their carrying values.

iii) The fair values of borrowings at fixed rates are considered to be equivalent to present value of the future contracted cashflows discounted at the current market rate.

Notes to the Consolidated Financial Statements

RN: IN/REIT/19-20/003

(all amounts in ₹ million unless otherwise stated)

iv) Security deposits accepted are measured at fair value based on the discounted cash flow method considering the discount rate determined as the average borrowing rate.

## B Financial risk management

The Mindspace Group has exposure to the following risks arising from financial instruments:

- Credit risk ;
- Liquidity risk ; and
- Market risk

### i. Credit risk

Credit risk is the risk of financial loss to the Mindspace Group if a counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Mindspace Group's receivables and other financial assets. The carrying amounts of financial assets represent the maximum credit exposure.

#### Trade receivables

The Mindspace Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also has an influence on credit risk assessment. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Mindspace Group grants credit terms in the normal course of business.

Refer note 15, for trade receivables ageing analysis.

#### Cash and cash equivalents

The Mindspace Group holds cash and cash equivalents with credit worthy banks of ₹ 3478 million as at 31 March 2022 (2021: ₹ 3,539 million). The credit worthiness of such banks is evaluated by the management on an ongoing basis and is considered to be good.

#### Other financial assets

Other financial assets which includes finance lease receivable are measured at amortized cost. Credit risk related to these financial assets is managed by monitoring the recoveries of such amounts on regular basis.

### ii. Liquidity risk

Liquidity risk is the risk that the Mindspace Group will not be able to meet its financial obligations as they become due. The Mindspace Group manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the Mindspace Group's reputation.

| **Floating rate term loan** | | |
| Expiring within one year | 3,422 | 2,000 |
| Expiring beyond one year | 3,304 | 402 |

### iii. Market risk

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates and equity prices – will affect the Mindspace Group's income or the value of its holdings of financial instruments. The Mindspace Group is domiciled in India and has its income and other transactions in its functional currency i.e. Rupees. Accordingly the Mindspace Group is not materially exposed to any currency risk. Also the Mindspace Group does not hold any equity investments, accordingly the Mindspace Group is not exposed to any equity price risk

## 51 Disclosure in respect of lease (Ind AS 116):

### Mindspace Group as lessee:

**Applying Ind AS 116, for all leases, the Mindspace Group :**

a) recognises right-of-use assets and lease liabilities in the statement of financial position, initially measured at the present value of future lease payments;

b) recognises depreciation on right-of-use assets and interest on lease liabilities in the Consolidated Statement of Profit or Loss; and

c) separates the total amount of cash paid into a principal portion (presented within financing activities) and interest (presented within operating activities) in the statement of cash flows.

Under Ind AS 116, right-of-use assets are tested for impairment in accordance with Ind AS 36 Impairment of Assets. This replaces the previous requirement to recognise a provision for onerous lease contracts.

## 1.7 ASSUMPTIONS, DISCLAIMERS, LIMITATIONS & QUALIFICATIONS TO VALUATION

While the Valuation Report has been prepared independently by the Valuer, the report and this summary is subject to the following:

a. The valuation exercise is based on prevailing market dynamics as on the date of valuation without taking into account any unforeseeable event or developments which could impact the valuation in the future.

b. The outbreak of COVID-19, declared by the World Health Organisation as a Global Pandemic on the 11th March 2020, and has continued to impact many aspects of daily life and the global economy. Individual markets have reacted differently to the COVID-19 outbreak, aftermath and further waves. Travel, movement and operational restrictions have been implemented by many countries. In some cases, lockdowns have been applied to varying degrees and to reflect further waves of COVID-19. The pandemic and the measures taken to tackle COVID-19 continue to affect economies and real estate markets globally. In India as well, the government has adopted similar measures to contain the spread of Covid-19 which has caused business disruption impacting the economic activity. Although these may imply a new stage of the crisis, they are not unprecedented in the same way as the initial impact. As per WHO, there are more than 250 COVID-19 vaccine candidates at different stages of trials. COVID-19 vaccine in India was launched on 16 January 2021. This was initially deployed to essential services workers and senior citizens. The coverage has now been expanded to people aged 18 years and above and with increased coverage in subsequent months, it can reasonably be expected that disruptions caused by the pandemic would subside in the coming year. The commercial real estate sector has so far shown reasonable resilience to the disruptions caused by Covid-19. With the gained intelligence about the pandemic and rapid progress witnessed in the development and deployment of the vaccine, we expect the corporates to resume their operations from their respective office spaces, as the situation starts to stabilize soon. This is expected to be followed by the demand for commercial office spaces, which have been vacated due to pandemic over the last year, to come back and then the demand for additional commercial office spaces is expected to arise, as the deferred corporate decision-making starts to materialize. Therefore, we expect slow recovery in the demand for commercial real estate in short-mid term before the demand resumes its long-term trajectory.

c. The valuation exercise is not envisaged to include all possible investigations with respect to the Subject Properties and wherein certain limitations to the investigations and inspections carried out are identified so as to enable the Reliant Party/Parties to undertake further investigations wherever considered appropriate or necessary prior to reliance. The Valuer is not liable for any loss occasioned by a decision not to conduct further investigation or inspections.

d. Assumptions, being an integral part of any valuation exercise, are adopted as valuation is a matter of judgment and many parameters utilized to arrive at the valuation opinion may fall outside the scope of expertise or instructions of the Valuer. The party relying on this report accepts that the valuation contains certain specific assumptions and acknowledge and accept the risk that if any of the assumptions adopted to arrive at the valuation estimates turns out to be incorrect, there may be a material impact on the valuations.

e. The valuation exercise is based on the information shared by the Instructing Party or the Client, which has been assumed to be correct and used to conduct the valuation exercise. In case of information shared by any third party and duly disclosed in the report, the same is believed to be reasonably reliable, however, the Valuer does not accept any responsibility should those prove not to be so.

f. Any statement regarding any future matter is provided as an estimate and/or opinion based on the information known at the date of this report. No warranties are given regarding accuracy or correctness of such statements.

g. Any plan, map, sketch, layout or drawing included in this report is to assist reader in visualizing the relevant property and are for representation purposes only, with no responsibility being borne towards their mathematical or geographical accuracy.

h. Except as disclosed by the Client, it is assumed that the Subject Properties are free from any encroachments and available on the date of valuation.

i. For the purpose of this valuation exercise, reliance has been made on the Title Reports prepared by the Legal Counsels for each of the Subject Properties and no further enquiries have been made with authorities in this regard. It is understood that the Subject Properties have encumbrances, disputes and claims, however, the Valuer does not have the expertise or the purview to verify the veracity or quantify these encumbrances, disputes or claims. For the purpose of this valuation exercise, it is assumed that respective Subject Properties have clear and marketable titles.

j. The current zoning of the Subject Properties has been assessed on the basis of review of various documents including title reports shared by the Instructing Party and the current land use maps publicly available. The same has been considered for the purpose of this valuation exercise. Additionally, it is also assumed that the development on the Subject Properties adheres/would adhere to the development regulations as prescribed by the relevant authorities. No further enquiries have been made with the competent jurisdictional authorities to validate the legality of the same.

k. The total developable/developed area, leasable area, site/plot area considered for this valuation exercise is based on the Architect's Certificate shared by the Instructing Party and the same has been checked against the approvals/layout plans/building plans provided by the Client. However, no additional verification and physical measurement for the purpose of this valuation exercise has been undertaken.

l. In absence of any information to the contrary, it is assumed that there are no abnormal ground conditions nor archaeological remains present which might adversely affect the current or future occupation, development or value of the Subject Properties and the Subject Properties are free from any rot, infestations, structural or latent defect; no currently known deleterious or hazardous materials or suspect techniques are used in construction or subsequent alterations or additions to the property and comments made in the property details do not purport to express an opinion about an advice upon the conditions of uninspected parts and should be taken as making an implied representation or statement about such parts.

m. It is also stated that this is a valuation report and not a structural survey.

n. Unless specifically disclosed in the report, no allowances are made with respect to any existing or proposed local legislation relating to taxation on realization of the sale value of the Subject Properties.

o. Given the evolving and maturing real estate markets in India, comparable evidences, if any or market quotes provided has been limited to basic details such as area of asset, general location, price/rate of transaction or sale and any other specific details that are readily available in public domain only shall be shared. Any factual information such as tenants' leasable area, lease details such as, rent, lease/rent commencement and end dates, lock-in period, rent escalation terms etc. with respect to Subject Properties is based on the documents/information shared by the Client/Instructing Party and the same has been adopted for the purpose of this valuation exercise. While few lease deeds have been reviewed on a sample basis, the Valuer does not take any responsibility towards authenticity of the rent rolls shared by the Client. Any change in the aforementioned information will have an impact on the valuation estimates and, in that case, the same would need to have a relook. The relevant information sources are mentioned in section 2.5.

p. All measurements, areas and property age quoted/mentioned in the report are approximate.

q. The Valuer is not an advisor with respect to any tax, regulatory or legal matters regarding the proposed transaction. No investigation or enquiries on the holding entity or any SPV's claim on the title of the Subject Properties has been made and the same is assumed to be valid based on the information shared by the Client/Instructing Party. No consideration shall be / has been given to liens or encumbrances against them. Therefore, no responsibility is assumed for matters of a legal nature.

r. Kindly note that quarterly assessment of cash flows has been undertaken for the purpose of this valuation exercise.

# 2 Valuation Approach and Methodology

## 2.1 PURPOSE OF VALUATION

The purpose of this valuation exercise is to estimate the value of the Subject Properties as part of the portfolio of Mindspace REIT for the disclosure of valuation of assets, forming part of the portfolio of Mindspace REIT, in accordance with the Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014, as amended, together with clarifications, guidelines and notifications thereunder in the Indian stock exchanges together with the clarifications, guidelines and notifications thereunder in the Indian stock exchanges and for accounting purposes.

## 2.2 BASIS OF VALUATION

Given the purpose of valuation as mentioned above, the valuation exercise has been carried out to estimate the "Market Value" of the Subject Properties in accordance with IVS 104 of the IVSC International Valuation Standards issued in 2021, effective from 31 January 2022.

Market Value is defined as 'The estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm's-length transaction after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion.'

## 2.3 VALUATION APPROACH

The basis of valuation for the Subject Property being Market Value, the same may be derived by any of the following approaches:

### 2.3.1 Market Approach

In 'Market Approach', the Subject Property is compared to similar properties that have actually been sold in an arms-length transaction or are offered for sale (after deducting for value of built-up structure located thereon). The comparable evidence gathered during research is adjusted for premiums and discounts based on property specific attributes to reflect the underlying value of the property.

### 2.3.2 Income Approach

The income approach is based on the premise that value of an income - producing asset is a function of future benefits and income derived from that asset. There are two commonly used methods of the income approach in real estate valuation namely, direct capitalization and discounted cash flow (DCF).

i. *Income Approach - Direct Capitalization Method*

Direct capitalization involves capitalizing a 'normalized' single - year net income estimated by an appropriate yield. This approach is best utilized with stable revenue producing assets, whereby there is little volatility in the net annual income.

ii. *Income Approach - Discounted Cash Flow Method*

Using this valuation method, future cash flows from the property are forecasted using precisely stated assumptions. This method allows for the explicit modelling of income associated with the property. These future financial benefits are then discounted to a present-day value (valuation date) at an appropriate discount rate. A variation of the Discounted Cash Flow Method is mentioned below.

iii. *Income Approach - Discounted Cash Flow Method using Rental Reversion*

The market practice in most commercial/ IT developments involves contracting tenants in the form of pre-commitments at sub-market rentals to increase attractiveness of the property to prospective

tenants. Such benefits are typically extended to anchor tenants. Additionally, there are instances of tenants paying above-market rentals for certain properties as well (primarily owing to market conditions at the time of contracting the lease). In order to arrive at a unit value for these tenancies, we have considered the impact of such sub/above market leases on the valuation of the Subject Property.

***For the purpose of the valuation of Subject Properties (other than the portions of future development area part or whole of which may be considered for sale), Income Approach - Discounted Cash Flow Method using Rental Reversion has been adopted.***

## 2.4 VALUATION METHODOLOGY

In case of Subject Properties there are instances where the contracted rents are significantly different from prevailing rents in the concerned micro-market where the specific Subject Property is located, either because the rents prevailing at the time of executing the leases have been significantly different or discounts were given to large/anchor tenants.

Since the real estate industry is dynamic and is influenced by various factors (such as existing supply, demand for spaces, quality of spaces available in the market, overall health of the economy, existing rentals, future growth plans, etc.) at a particular point in time, negotiated rents may tend to move away from the prevalent market rents over a period of time.

It has also been witnessed that the market rents for some properties or micro-markets increase or decrease at a rate significantly different from those agreed to in initial leases. These factors reinforce the need to review each of these leases in isolation to assess the intrinsic value of the property under review.

Given the purpose and the nature of Subject Properties involved, the valuation of the commercial office assets has been undertaken using the Discounted Cash Flows method using Rental Reversion, for Facilities Management as well as Power Distribution, Discounted Cash Flow method has been adopted and for portions of future development area part of or whole of which may be considered for sale, Market Approach has been adopted. Further the following steps have been adopted as part of the valuation exercise, which have been elaborated in the detailed full valuation report ("Valuation Report").

### 2.4.1 Asset-specific Review:

i. As the first step to the valuation of the asset, the rent rolls (and the corresponding lease deeds on a sample basis) were reviewed to identify tenancy characteristics for the asset. As part of the rent roll review, major tenancy agreements belonging to tenants with pre-committed area were reviewed on a sample basis.

ii. For anchor/large tenants, adjustments on marginal rent or additional lease-up timeframe have been adopted upon lease reversion.

iii. Title certificates, architect certificates and other related documents as mentioned in earlier sections of the report were reviewed for validation of area details, ownership interests of the Subject Property.

iv. Physical site inspections were undertaken to assess the current status of the Subject Properties.

### 2.4.2 Micro-market Review:

For the purpose of the valuation exercise, reliance has been placed on the market report prepared by Cushman & Wakefield (CWI), who has been appointed by the Client as an independent consultant to carry out industry and market research. Accordingly, the review was carried out in the following manner:

i. An assessment of the site and surroundings has been undertaken with respect to the prevailing activities, market dynamics impacting the values and the current use of the respective properties vis-à-vis its locational context, etc. of commercial office assets. Analysis of the micro-market was undertaken primarily based on the findings of the industry/market report prepared by Cushman & Wakefield and readily available information in public domain to ascertain the transaction activity of commercial/IT office space. The analysis entailed review of comparable assets in terms of potential competition (both completed and under-construction/future developments), comparable recent lease transactions witnessed in the micro-market along with the historical leasing and re-leasing history within the asset over the last 2-3 years, if available. This was undertaken to assess the market rent (applicable rental for the micro-market where the asset is located) and achievable market rent (Valuer's view on achievable rent for the Subject Properties for leasing vacant spaces as well as upon re-leasing).

ii. Valuer also analysed the historical leasing within the asset for anchor tenants to identify the discount that is extended to such tenants at the time of fresh leasing or lease renewals. Rent roll and sample of lease deeds of large anchor-tenants were analysed and applicable adjustments to marginal rent was estimated for individual leases. For other tenants occupying relatively large space within the Subject Properties, it is assumed that the leases shall revert to marginal rents (duly adjusted from the date of valuation) following the expiry of the lease, factoring appropriate re-leasing time.

### 2.4.3 Cash Flow Projections:

i. The cash flows for the operational and under-construction/future development area have been projected separately to arrive at their respective value estimates.

ii. Net operating income (NOI) has primarily been used to arrive at the value of the commercial office assets. The following steps were undertaken to arrive at the value for operational and under-construction/ future development areas respectively.

The projected future cash flows from the property are based on existing lease terms for the operational area till the expiry of the leases or re-negotiation, whichever is earlier, following which, the lease terms have been aligned with market rents achievable by the Subject Properties. For vacant area and under-construction/ future development area, the achievable market rent-led cash flows are projected factoring appropriate lease-up time frame for vacant/under-construction/ future development area. These cash flows have been projected for 10-year duration from the date of valuation and for 11th year (for assessment of terminal value based on NOI). These future cash flows are then discounted to present-day value (valuation date) at an appropriate discount rate.

For each lease, principally, the following steps have been undertaken to assess the rent over a 10-year time horizon:

**Step 1**: Projecting the rental income for identified tenancies up to the period of lease expiry, lock-in expiry, escalation milestones, etc. whichever is applicable. In the event of unleased spaces, market-led rent is adopted with suitable lease-up time.

**Step 2**: Generating a market led rental income stream for identified tenancies for the time period similar to the cash flows drawn in the aforementioned step.

**Step 3**: In the event the escalated contracted rent is higher than the achievable market rent by 15%, the contracted terms are ignored, and the terms are reverted to market. In the event the escalated contracted rent is below 115% of the achievable rent, the contracted terms are adopted going forward until the next lease review/ renewal. Intent of this step is to project the rental income for respective leases until lease expiry as well as post expiry.

**Step 4**: Computing the monthly rental income projected as part of Step 3 and translating the same to a quarterly income (for the next 10 years and NOI of the 11th year – considered for calculation of terminal value).

iii. Recurring operational expenses, fit-out income (if any – the same has not been included in the NOI for the purpose of arriving at the terminal value by capitalisation) and vacancy provision have been adopted in-line with prevalent market dynamics. In addition, appropriate rent-free periods have been adopted during lease roll-overs to consider potential rent-free terms as well as outflows towards brokerage. For all commercial office assets, operational revenues and expenses of the respective assets are reviewed to understand the recurring, non-recurring, recoverable and non-recoverable expenses and accordingly estimate the margins on the common area maintenance income which accrues as cash inflows to the Subject Properties.

iv. The net income on quarterly basis have been projected over the next 10 years and the one year forward NOI (for 11th year) as of end of year 10 has been capitalized to assess the terminal value of the development. The quarterly net cash flows over the next 10 years along with the terminal value estimated at the end of year 10 have been discounted at a suitable discount rate to arrive at the net present value of the cash flows accruing to the commercial office assets through this approach.

v. For the purpose of valuing the Power Distribution service to the tenants, the cash flows have been projected on the basis of profit margins allowed by the Maharashtra Electricity Regulatory Commission in its latest tariff order for respective power distribution licenses covering the control period from 2020-21 to 2024-25. Thereafter, the same principles have been adopted to project the cash flows till the remaining period of licence for distributing power to tenants/operators by the concerned entity.

vi. The Facilities Management Services which are planned to be commenced in KRC Infrastructure and Projects Private Limited from the 1st day of the quarter following the listing. For the purpose of valuation, its assumed that the Facilities Management Services will commence effective October 1, 2020 and have been valued based on the proposed terms of the Facility Management Services to be entered into with the SPVs and the current revenue profile projected to capture the addition of new areas getting constructed and improvement of overall occupancies of the Subject Properties keeping normalised EBITDA margins through the projected years and estimating the terminal value using an appropriate earnings multiple, thereafter discounting the cash flows using appropriate discount rate. Deferment of commencement of Facilities Management Services beyond October 1, 2020 would result in suitable adjustments to the valuation.

## 2.5 INFORMATION SOURCES

Property related information relied upon for the valuation exercise have been provided to the Valuer by the Client and the market data provided by Cushman and Wakefield, unless otherwise mentioned. The documents provided has been assumed to be a true copy of the original. The rent rolls have been cross checked with the lease deeds on a sample basis only to ensure its correctness.

### 4.9.8 Power Distribution Services

In accordance with Section 14 (b) of the Electricity Act, 2003 read with Section 4(1) of the SEZ Act, 2005, entities that own and operate SEZ Parks are considered Deemed Distribution Licensee for supplying electricity to consumers within the SEZ area. Pursuant to the above regulations, KRC Infrastructure and Projects Private Limited (SPV) also has the license to distribute power within the Subject Property, wherein it procures power from Power generators/traders supplying to the grid and then distribute it to the end consumers within the Subject Property.

### 4.9.9 Valuation Approach for Power Distribution Services

The detailed tariff petition submitted to Maharashtra Electricity Regulatory Commission (MERC or the Commission), by two of the SPVs, namely Gigaplex Estate Private Limited and Mindspace Business Parks Private Limited has been taken as the basis on which KRC Infrastructure and Projects Private Limited is expected to file its tariff petition. The Commission in those petitions determined the tariff that may be charged to the customers/operators within the Subject Property allowing the licensee to charge cost plus mark up as approved by the Commission to the end users. This mark-up is equivalent to return on its investment comprising annual depreciation on investment, interest expenses on notional debt and return on equity.

### 4.9.10 Valuation Methodology for Power Distribution Services

Referring to the Commission's latest order for the operational facility, the cash flows from the power distribution services are projected in the following manner:

**Step 1:** Amount of approved Gross Fixed Assets ("GFA") is considered.

**Step 2:** Further, Net Fixed Asset (NFA) which is GFA reduced by accumulated depreciation allowed as on date is computed.

**Step 3:** To compute the EBITDA, mainly return on equity, interest on notional debt, recovery of depreciation, interest on working capital have been added.

**Step 4:** Power procurement, operational and maintenance expenses are allowed completely pass through.

### 4.9.11 Valuation Assumptions for Power Distribution Services

Following are the key assumptions for proposed license in line with Commission's order for Kharadi, Pune.

| Assumptions | Unit | Figure |
|---|---|---|
| Gross Fixed Assets (GFA) | INR Million | 146 |
| Notional Equity (30% of GFA) | INR Million | -4 |
| Notional Debt as on March 2020 (70% of GFA) | INR Million | 44 |
| Depreciation rate (Straight Line Method) | % pa | 5.3 |
| Remaining License Period | years | 22 |
| WACC | % | 10.50 |

### 4.9.12 Market Value

The market value of the economic interest of Mindspace REIT in the Subject Property comprising only Plot 65 (excluding Facilities Management Services), as on 31 March 2022, is as follows

INR 21,243 Million

(Indian Rupees Twenty-One Billion Two Hundred and Forty-Three Million Only)

*Note: The above-mentioned value includes the undivided ownership share in the common facilities and infrastructure of the entire campus.*

### 4.9.13 Facilities Management Services

KRC Infrastructure and Projects Private Limited has planned to commence facility management business from the 1st day of the quarter following the listing of Mindspace REIT. For the purpose of valuation, it is assumed that the Facilities Management Services has commenced effective October 1, 2020 to provide such services to the Subject Properties within the portfolio as well as properties with ownership interests of/owned by third parties within the same parks as the Subject Properties of the Portfolio (as mentioned in the following table). Deferment of commencement of Facilities Management Services beyond October 1, 2020 would result in suitable adjustments to the valuation. Facility management services include housekeeping services, management of MEP equipment, façade cleaning, security expenses, repair and maintenance, maintenance of common areas etc. Service charges are levied on a cost plus mark-up basis to the SPVs owned by REIT, which has ownership interest in the Subject Properties.

The facilities management services business shall operate under the brand name CAMPLUS and shall manage the existing operational buildings / area in the Portfolio. In addition, area under-construction/ future development shall also be managed by KRC Infrastructure and Projects Private Limited on completion.

### 4.9.14 Key Assumptions

| | | |
|---|---|---|
| Existing Operational Building which will be under facility management | Total area of ~23.5 million sq ft. as at (March 31, 2022) Mix of SEZ and non SEZ building. | The revenue of facility management is linked to the expense for such facility plus mark up, the growth in the revenues from existing tenants are in line with the inflation expectation of 5%. |
| Expansion in Existing business and Buildings under construction | Total area of ~2.9 million sq ft. | For future development/proposed buildings, revenue and margins of existing properties is considered as a base to compute the projected cash flows of new buildings. Growth in revenue is linked to the improvement in occupancy plus 5% revenue growth from existing tenants. Initially those buildings are likely to have lower margins due to lesser occupancy. |

For the purpose of arriving at terminal year income multiple, Indian and International comparable companies listed on various stock exchanges were studied. It was observed that International companies with primary business of facility/property management trade at 10 - 13 times EV/EBITDA multiple. However, there are very limited comparable facility management listed companies. There is only listed comparable company, which offers facility management services in India including security services, cash logistic etc. Given the fact that facility/property management business is limited to Subject Properties within the portfolio as well as properties with ownership interests of/ owned by third parties within the same parks as the Subject Properties of the portfolio, we have considered the EV/EBITDA multiple of 13x to compute the exit value post 10 years of cashflows. For the purpose of discounting the future cash flows, a Weighted Average Cost of Capital (WACC) of 11.50% has been used.

### 4.9.15 Market Value of Facility Management Services

The market value of the full ownership interest in the facility/property management business, as on 31 March 2022 is as follows:

INR 6,291 Million

(Indian Rupees Six Billion Two Hundred and Ninety-One Million Only)

## Our drivers

# Staying ahead by focusing on fundamentals

**The quality, scale and strategic locations of our assets set them apart, which has made us a preferred destination for leading corporates. Our focus on integrating sustainability in our portfolio enables us to provide an efficient and eco-friendly work environment.**

### STRONG PRESENCE IN FOUR KEY OFFICE MARKETS OF INDIA

The office markets of Mumbai Region, Hyderabad, Pune and Chennai benefit from robust infrastructure, strong underlying economic and employment growth and availability of talent pool. We have built a strong presence in these micro-markets. Mindspace Madhapur and Mindspace Airoli (East) are the largest business parks in Hyderabad and Mumbai Region respectively. We believe scale of these large assets built over period offer us a distinct competitive advantage. Mindspace REIT follows a focused strategy of regularly enhancing its portfolio through upgrade programmes to meet the changing needs of the millenials.

**76.1%**
**Top 3 assets contribute to 76.1% of total completed area**

### DIVERSIFIED AND HIGH QUALITY TENANT BASE WITH LONG-TERM RELATIONSHIPS

Our tenant base comprises a mix of domestic and foreign MNCs. No single tenant contributed over 6.7% of our rentals for March 2021. Further, our in-house facility management platform and regular tenant engagement activities enable us to maintain high tenant retention. Out of 11.1 msf of area leased since April 2017, 56.6% was leased to our existing tenants. On an average, our top 10 tenants have stayed with us for over 11 years. We closely engage with our tenants on their growth needs and other evolving requirements. As a result of this close association, over the years our tenants have grown multi-folds within our portfolio.

### PROACTIVE CAPITAL MANAGEMENT

Our corporate credit rating by CRISIL Ratings and ICRA stands at CCR AAA/Stable and [ICRA]AAA (Stable) respectively. Our cost of debt has reduced significantly from 9.2% p.a. at the end of March 2020 to 7.1% at the end of March 2021. We have strategically moved towards creating a balance of fixed cost and variable cost debt, with c.30% of our total outstanding debt as on March 31, 2021 being fixed cost. Our net debt to market value remains low at 14.0%. This allows us enhanced financial flexibility to actively pursue value-accretive organic as well as inorganic opportunities.

**14.0%**
**Net debt to market value at March 31, 2021**

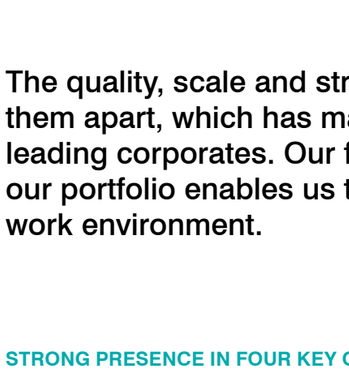
**7.1%**
**Cost of debt at March 2021**

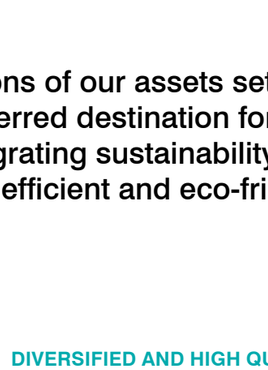
### STABLE CASH FLOWS WITH ROBUST GROWTH POTENTIAL

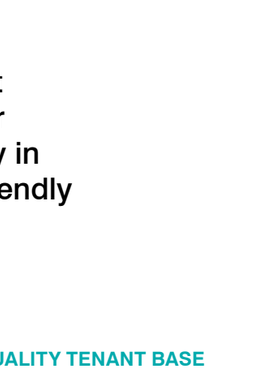
Long-term nature of our leases and significant tenant improvements result in a high visibility on future cash flows. The portfolio has inherent growth drivers in the form of potential re-leasing spread, on-campus developments and re-development opportunities across select assets. We also stand to benefit from the Right of First Offer (ROFO) agreement with KRC group which provides the option to acquire certain projects being developed or proposed to be developed.

### EXPERIENCED MANAGEMENT TEAM

We continuously leverage the expertise of management team of the Manager, leading to a long-term value creation for our stakeholders. The average experience of management team in the real estate sector stands at c.15 years. Manager enjoys longstanding relationships with various stakeholders across the industry value chain.







## Message from the CEO

# Resilient performance at every level

> We remain committed to delivering long-term, sustainable value. Our portfolio is geared to attract top tenants in the fast-growing technology landscape of India as we prioritize health and safety and set new goals for sustainability

Vinod Rohira
CEO

## Dear Unitholders,

It is my pleasure to present to you our first Annual Report. We are proud to demonstrate our ability to adapt, work cohesively with all our stakeholders and deliver the targeted results in these unprecedented times. We continue to focus on creating win-win solutions across verticals and look forward to coming out much stronger post the pandemic.

### SUCCESSFUL LISTING ON STOCK EXCHANGES AND STABLE UNIT PRICE PERFORMANCE

Our successful listing on the bourses in August 2020 amidst the pandemic reflects investors' trust and confidence in the Sponsor and the underlying resilient business model. Our IPO book saw an overwhelming response as it was oversubscribed c.13x with marquee global investors participating in the offering. Units of the REIT were offered at ₹ 275 per unit and closed at ₹ 294.87 as on March 31, 2021.

### BUSINESS ENVIRONMENT

Commercial real estate saw demand softening through FY21 as a result of the ongoing pandemic. However, rentals in our micro-markets largely remained stable. In 2021, we expect new supply in our micro-markets to remain in check. The current demand environment is expected to extend further for at least 2-3 quarters.

Even in the given environment, with the help of cutting-edge technology, India has been on the forefront of delivering services. NASSCOM research suggests the technology services industry is estimated worth $194 billion in FY21 and has seen net hiring remain robust even during the pandemic. Most GCCs and GICs are looking at an increased workforce that is required to deliver the need for services. As the world is moving towards a digital economy, Indian IT sector is poised for a robust decade. This is expected to lead to a renewed demand for Grade A office spaces once the normalcy returns.

The definition of Grade A office spaces is evolving as we speak. Increased focus on health and safety, stronger tenant connect and sustainable buildings with resource efficient operations and are becoming the key norms.

### RESILIENT OPERATIONAL PERFORMANCE

We achieved gross leasing of 3.5 msf across 44 tenants at an average rent of ₹ 69 psf during FY21. Gross leasing includes re-leasing of 2.2 msf at a re-leasing spread of 19.1%; 53.5% of our gross leasing was to existing tenants while balance 46.5% was to new tenants. New clients added to the portfolio include marquee names such as AGC, Mindcrest, ADP, BP Global among other.

Committed occupancy of our portfolio stood at 84.2% as on March 31, 2021. While physical occupancy continues to remain low, we have efficiently utilized this downtime to refine our assets to provide re-energized experience along with new and enhanced health and safety protocols. The first phase is substantially complete, and we are ready with all options providing the best offerings and flexibility for our tenants.

### FORAY INTO DATA CENTER DEVELOPMENT

Our thorough and efficient research has enabled us to design right solutions to cater to the top data center demand coming into India. We have successfully entered into agreement to lease with Princeton Digital, one of the leading data center operators in Asia for leasing 0.63 msf at Mindspace Airoli (West), Mumbai Region. With increased internet usage, growing demand for data storage and anticipated data localization norms, Mumbai stands to benefit due to its geographic and infrastructural advantage. The government's 'Digital India' initiative and the ongoing pandemic have further accelerated digitization. We believe data center offers an excellent long-term opportunity to diversify our income avenues.

### STABLE FINANCIAL RESULTS DESPITE MACRO HEADWINDS

Mindspace REIT's Revenue from Operations and Net Operating Income for FY21 stood at ₹ 16.3 billion and ₹ 13.7 billion on pro forma basis, growing by 5.1% and 12.1% y-o-y, respectively. We maintained NOI margins of over 80% on the back of top-line expansion and cost optimization initiatives. We declared our first distribution for the first full quarter post listing which was quarter ending December 31, 2020 (as stated in our offer document). We declared distribution of ₹ 9.59 p.u. per unit in H2 FY21 which translates to an annualized yield of 7.0% on the IPO issue price of ₹ 275 per unit.

### PRUDENT CAPITAL MANAGEMENT

We place great emphasis on prudent capital management and deployment, helping us achieve a significant reduction in our cost of borrowing. Weighted average cost of borrowing of our portfolio remains low at 7.1% p.a.. Our low loan-to-value ratio of 14.0% offers us financial flexibility to pursue value accretive growth opportunities. During the year, we broad based our lender universe from banks to mutual funds and other capital providers. We re-financed part of the borrowings at Asset SPVs by raising fixed cost non-convertible debentures (NCDs) and market-linked debentures (MLDs) at REIT level. As a part of our green initiative, we also raised Green Loan for one of our projects at Pune.

### DRIVING OUR SUSTAINABILITY AGENDA

We continue to focus on seamlessly weaving sustainable environmental, social and governance practices in our operations. Our continuous endeavour is to positively contribute towards the ecosystem we operate in.

On the environment front, we are working towards strengthening resource efficiency to minimize our carbon footprint. Key sustainability initiatives include a constant drive to achieve energy efficiency, improved air quality management, focus on renewable energy, water conservation and recycling measures etc. This has led to encouraging outcomes such as 14-36% energy savings in our Green buildings over the baseline case, c.30% more fresh air at most of our Green buildings over ASHRAE standard - 62.1-2004. During the year, we became the first real estate entity in India to commit to the Climate Group's EV100 initiative with a target to achieve 100% electric mobility by 2030 at all our properties.

On the social front, we continue to build a culture of safety and inclusivity for our employees, tenants and society around us. We are committed to providing our employees with a nurturing and growth-oriented work environment. Our initiatives such as "ReachOut" for mental health and wellbeing and "Ekincare" an app based doctor consultation are aimed at ensuring wellbeing of our employees. We ensured availability of food, adequate medical aid and sanitized living spaces for labor at our sites. We are working with various government organizations for specific projects for the immediate need of COVID-19 patients. We partner with NGOs on education and health related programs. We continue to actively support makeover of Durgam Cheruvu Lake at Hyderabad to create a working and active waterfront.

We believe a firm governance structure plays a pivotal role in managing our business. The various processes, policies and trainings set the foundation for delivering on our ESG priorities and assessing the way forward for the business.

### RECOGNITION OF OUR EFFORTS

I take pride in the ability of Mindspace REIT's team in consistently delivering results. We have been able to win many accolades with their focused efforts. Our efforts have been recognized by the internationally renowned British Safety Council with the COVID-19 Assurance Statement issued to six of our assets.

### LOOKING AHEAD WITH CAUTIOUS OPTIMISM

Our first priority continues to be the health and safety of our employees and tenants, while adhering to all the safety protocols across our parks. I admire the efforts of our on-ground support staff who have worked tirelessly to ensure business continuity for our tenants. While I write this letter, the Indian government has started to ramp-up the rollout of COVID-19 vaccines across the country. Getting majority of population vaccinated and achieving a significant drop in COVID-19 cases will be an important step towards the return to normalcy. We expect India shall remain at the forefront of delivering cutting-edge technology services, driving the demand for Grade A office spaces once normalcy returns.

### ACKNOWLEDGING THE SUPPORT OF OUR STAKEHOLDERS

I also take this opportunity to express my sincere gratitude to the Governing Board of K Raheja Corp Investment Managers LLP for their thought leadership, our unitholders, tenants, employees and other stakeholders for their unflinching support. We look forward to creating value together in the years to come.

**Stay safe, stay healthy.**

Best Regards,

Vinod Rohira

# Asset enhancements

**We undertake regular asset upgrade programs to cater to the changing needs of millennials, enhance the value of our portfolio as well as drive tenant stickiness. Our endeavor is to offer an integrated ecosystem appealing to the millennial workforce.**

We efficiently utilized the pandemic-induced downtime to rejuvenate our assets, including revamping facades, re-energized lobbies, lightings and signage, food courts, boardwalks, and refurbishing landscapes. The first phase of our upgrade program is largely complete, and our parks are well-poised to offer high-quality, ready-to-move-in spaces as demand for office space picks up.

# Key performance indicators

# Strong financials, robust cash flows

"Our prudent approach to capital deployment, balance sheet with low debt, optimum capital structure, and ability to generate free cash flow give us comfortable headroom for growth and enables us to create long-term, sustainable value for our unitholders."

– Preeti Chheda,
Chief Financial Officer

In FY21, despite the pandemic-induced operational challenges, we performed in line with our expectations on most of the key performance indicators. We optimized our operating costs to achieve better NOI margins and re-calibrated our capital expenditure requirements. We also benefited by bringing down our cost of borrowings from 9.2% in March 2020 to 7.1% in March 2021. We have strategically moved towards creating a balance of fixed cost and variable cost debt, with 30% of our total outstanding debt as on March 31, 2021 being fixed cost. We shall explore opportunities to optimize our debt mix to gain from the low interest rate environment.

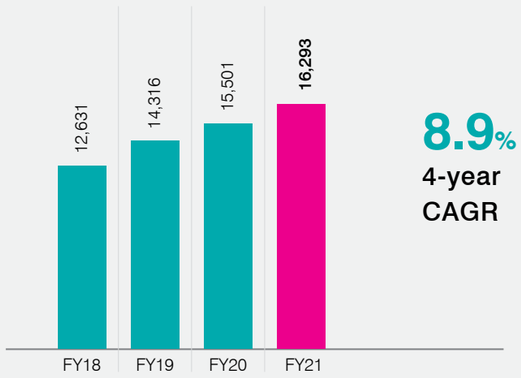
Our low gearing enables us with significant financial flexibility to pursue value accretive growth opportunities.

| | FY21 |
|---|---|
| **Loan to value (%) [3]** | 14.0 |
| **Gross debt to NOI (x)[2]** | 2.76x |
| **Net debt to NOI (x)[2]** | 2.50x |

[3] Net debt and Market Value have been considered post adjustment for 11% stake held by TSIIC in Sundew, KRIT and Intime

[2]Net Operating Income (NOI) is on pro forma basis

## REVENUE FROM OPERATIONS[1]
(₹ million)



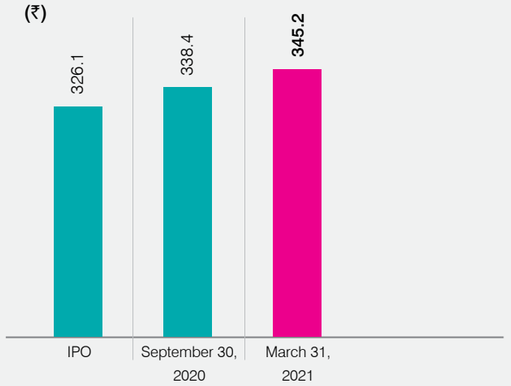
**8.9%**
**4-year CAGR**

Revenue from Operations primarily includes facility rentals and fit out rents which are impacted by new leasing, contractual escalations, re-leasing and vacancies. It is an important indicator of operational performance.

During FY21, Revenue from Operations increased by 5.1% over FY20 primarily due to an increase in facility rentals from ₹ 11,995 million to ₹ 13,241 million.

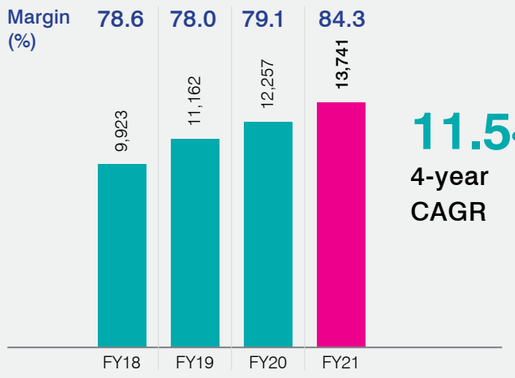
[1]Excluding revenue from works contract services and on pro forma basis

## NET ASSET VALUE (NAV) PER UNIT
(₹)



One of our key objectives is to achieve sustainable growth in net asset value on the back of operational performance which leads to enhancement in unitholder returns.

## NET OPERATING INCOME (NOI)[2]
(₹ million)



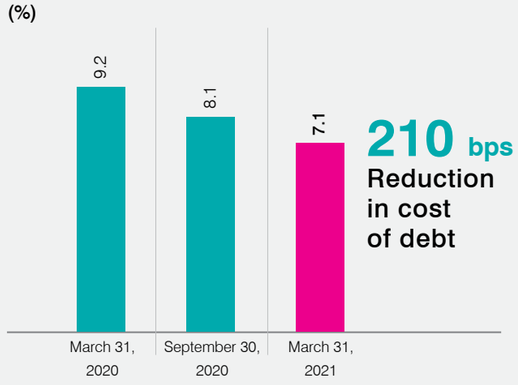
**11.5%**
**4-year CAGR**

Net Operating Income is a key indicator of profitability of our commercial office assets and is a key factor in determining their value.

During FY21, NOI increased by 12.1% over FY20 primarily due to top-line expansion and cost optimization.

[2]On pro forma basis

## WEIGHTED AVERAGE COST OF DEBT
(%)

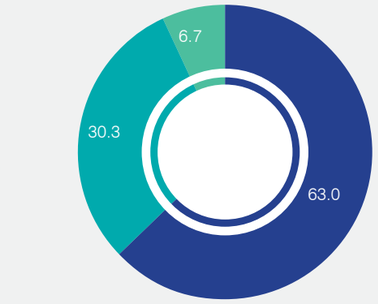


**210 bps**
**Reduction in cost of debt**

The cost of debt has come down significantly by c. 210 bps.

During FY21, we strategically raised fixed cost debt to lock-in low interest rates in the current low rate environment. We shall pursue further opportunities to convert part of our variable cost debt to fixed cost debt to reduce our overall cost of debt. As stated previously our strategy would be to deploy a combination of short- to medium-term and long-term debt with different maturities as also a combination of fixed and variable debt.

## COMPOSITION OF DEBT (%)



During the year, we raised ₹ 11.5 billion via issuance of MLDs and NCDs.

## Response to COVID-19

# Supporting stakeholders during the pandemic

### TENANTS' SAFETY MEASURES

Enhanced indoor air quality through:
- Increase in fresh air changes
- Increase in filter cleaning frequency
- Change of Air Handling Unit (AHU) filter to Minimum Efficiency Reporting Value (MERV) 13
- Integration of UV lights inside AHU

Introduced UV tower for more frequented touchpoints in common areas

Introduced building entry – auto sanitizer and disinfection tray

Complete building sanitization and fumigation of affected areas

Touchless elevator installed for minimizing touchpoints

Screening and monitoring with the usage of Mindspace App

Isolation rooms with paramedic facilities, ambulance services in the premises and tie-ups with hospitals

### Employees

- Conducted regular online trainings and webinars
- Organized online sessions on meditation, well-being and counselling
- Undertook sanitization, provided PPE and safety kits at all sites
- Used video communication to demonstrate health and safety Standard Operating Protocol
- Equipped staff with the necessary technology infrastructure to effectively work from home

### Tenants

- Implemented strict safety and hygiene protocols at business parks
- Regular interactions with tenants for understanding their concerns and requirements
- Established COVID-19 helpdesk at all sites
- Shared information regularly on government protocols/ guidelines
- Continuous updates on park operations, protocols followed and checking on support required for 'Back to office' efforts

### Supply chain partners/ Business partners

- Ensured availability of adequate working capital
- Held frequent interactions with suppliers to understand their concerns, especially in COVID-19 environment and their requirements
- Maintained close co-ordination with vendors to ensure supply chain continuity
- Ensured adequate lodging, medical and sanitation facilities are available for laborers
- Partnered with our business partners to ensure strict safety norms are followed at construction and upgradation sites

### Communities

- Working closely with Non-Governmental Organizations (NGOs) and governments to provide necessary relief measures
- Entered tie-ups for specific projects related to oxygen concentrations, setting up temporary hospital infrastructure for immediate need of patients

**ENSURING WELL-BEING OF OUR TENANTS' WORKFORCE**

Enabling a safe working environment for our tenants remains our prime focus. We implemented a host of stringent safety and hygiene protocols in our parks to ensure compliance with government norms.
We have continuously engaged with our tenants to understand their requirements better and communicate our strategy to ensure business continuity in the wake of the pandemic. Our efforts have been recognized by the internationally renowned British Safety Council with the COVID-19 Assurance Statement issued to six of our assets across five parameters.

## Stakeholder engagement

# Identifying focus areas to shape the future

We engage extensively with our stakeholders to understand their evolving expectations and factor in their insights into our value creation process. Our proven track record in delivering sustainable value is attributable to our strategically identified focus areas.

## Our ESG priorities

# Embedding sustainability through the ESG lens

At Mindspace REIT, sustainability is at the core of our business objectives. We have adopted a multi-pronged approach that takes into consideration the interplay of economic, Environmental, Social and Governance (ESG) aspects in creating long-term value. The once-in-century global crisis in the form of a pandemic has reinforced the need for concerted efforts to ensure a shared future.

Our commitments towards ESG are an essential part of our overall strategy. It sees a meticulous integration into the business, with long term and carefully curated objectives, while at the same time, demonstrating agility towards the evolving industry dynamics and larger environment around us.

### ENVIRONMENT

- Active asset management
- Regulatory compliance

Environment

# Making space for a sustainable future

**Sustainable use of natural resources is critical for the future success of most businesses. Successful business models are those that understand the value of the natural systems that provide these resources — commonly referred to as natural resources.**

The disastrous effects of climate change are already being experienced by many nations across the globe. This has resulted in inclusive global partnerships to make determined efforts to create a sustainable future. At Mindspace REIT, sustainability is at the core of our business objectives.

### SUSTAINABILITY ASSESSMENT PROGRAM

We are involved in various initiatives that contribute to safeguarding the planet and conserving the environment for future generations. We endeavour to make our business practices more sustainable. Under the sustainability assessment program, we conduct an exhaustive study to minimize the environmental impact of our projects and improve construction efficiency. The study covers climate effects, indoor air quality, wind study, sun path analysis, urban heat island effect, façade optimization and natural day light analysis.

We optimize the lifecycle of materials through Sustainable Materials Management system, where materials are used and reused more productively over their lifecycle. Some key areas of reuse include fly ash blocks, recycled steel and aluminum, ready mixed concrete, composite wood, and gypsum-based products.

### TOWARDS A GREENER FUTURE

Efficient water management systems using Sewage Treatment Plant (STP) technology at our business parks

### INSTALLED ENHANCED STP TECHNOLOGY TO IMPROVE WATER QUALITY AND PLANT EFFICIENCY

**Regular assessments are undertaken, to ensure existing buildings meet with the most recent water quality norms, while also meeting evolving variations in water supply and demand.**

**The results of the assessment led to strategic interventions in the STP technology. A holistic approach led to changing the technology from Mixed Bed Bio Reactor (MBBR) to Membrane Bio Reactor (MBR). This was accompanied with a detailed study of the existing equipment, wherein, relevant equipment was retrofitted with the MBR process.**

**The interventions led to successful automation of the BMR.**

**With the endeavor to deliver seamless and optimal performance, a three year O&M contract has been activated. This assures sustainable and compliant water quality, along with augmented plant efficiency.**

## TOWARDS A GREENER FUTURE (CONTD.)

| FOCUS AREA | INITIATIVES | OUTCOMES |
|---|---|---|
| **Air quality administration**<br>**Objectives**<br>• **Active administration of air quality, to achieve significant and measurable health and financial benefits to the occupants of Business Parks**<br>• **Keep the air pollution tolerance index within control** | • Factor in a wide range of indoor air quality parameters right at the design stage of buildings as per the international codes such as ASHRAE 62.1, e.g.:<br>» Minimum Efficiency Reporting Value (MERV) 13/ (MERV) 8 rating filter in all Air Handling Units (AHUs), for Green Buildings<br>» $CO_2$ monitoring<br>» Use of low Volatile Organic Compounds (VOC) paints, materials and coatings, among others | **30%**<br>**More fresh air than mandated by ASHRAE standard 62.1-2004 across 33 green buildings** |
| **Urban farming**<br>**Objectives**<br>• **Enhance tenant engagement by providing them with an avenue to unwind, through urban farming** | • The urban farm at the Mindspace Airoli East campus acts as a breakout area for tenants during their time-off, helping them rejuvenate and unwind | **An assortment of plants and herbs are grown at the farm. These include vegetables, fruits, flowering, medicinal and aromatic plants.** |
| **Others** | • Implemented the concept of Biophilia, by which, we have integrated outdoors with the indoors.<br>• Some of the initiatives include a 5 acre landscape garden at the level of the springing of the buildings. This allows for the external space to spread within the building, and vice versa.<br>• In keeping with the concept, meeting areas, seatings spaces and several other features are curated to encourage employees to work amidst nature. | |

Smart AHU (EC AHU) system at our business parks

## INSTALLED SMART AHUS TO OPTIMIZE PERFORMANCE

**At Mindspace Business Parks REIT, we continuously monitor the efficiency, breakdown history and maintenance of AHU equipment to ensure zero interruptions in the process flow.**

**The buildings at Mindspace Airoli East are equipped with induction motor-based AHUs. Conventional blowers have been replaced with electronically controlled shaft mounted blowers to ensure optimized outcomes. The system is without any drive mechanism, which increases the operational efficiency by minimizing the transmission losses. The Smart AHU do away with Variable Frequency Drive (VFD), three-phase starter panel and belt and pulley mechanism, and occupies less floor footprint.**

**As part of the larger infrastructure enhancement strategy, we have successfully hosted a demonstration on the Proof of Concept (PoC) and are in the process of executing a phase wise transformation.**

**This has resulted in energy savings, increased reliability and optimized outcomes.**

Social

# Building a culture of safety and inclusivity

Human resources comprises the knowledge and skills of an organization's employees that can be used to advance its goals. Human resources and business growth have a strong correlation.
At Mindspace REIT, our people form the bedrock of our success story. We are committed to providing them with a nurturing and growth-oriented work environment, enabling them to bring their best to work, each day. Our people policies and engagement initiatives are designed to drive holistic development.

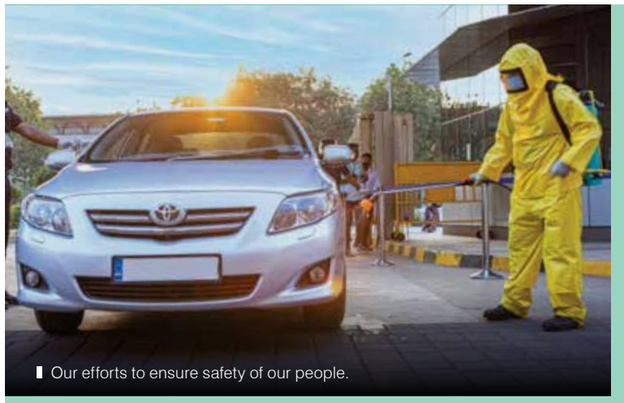
**EMPLOYEE ENGAGEMENT AND WELL-BEING:**
At Mindspace REIT, we undertook several employee engagement activities during the year, including health and well-being initiatives.



Our efforts to ensure safety of our people.

### SUPPORTED OUR EMPLOYEES DURING THE PANDEMIC

- Launched an initiative, titled **'ReachOut'** with the objective of promoting employee mental health and well-being, in association with 1to1help. This is an entirely company-sponsored initiative wherein employees were given access to seek professional counselling on 1to1help platform for themselves and their families
- Partnered with **Ekincare,** for employees to seek doctor consultation via the app, in times of need. Employees were provided with medical advisory services, home isolation guide for employees who tested COVID positive and nutritionist assistance, among other services
- Launched **'Doctor on Call'** for employees and their families to reach out to a doctor from the comfort of their homes
- Extended the **Group Medical Insurance** to include the cover for COVID-19 for employees and their families
- Organized various team building activities like **#BeingProductiveInCOVIDTimes** wherein we asked employees to share pictures on their innovative ways of completing household chores or spending fun and quality time with family
- **Hosted employee engagement programs** like Art of Living, Online Yoga, Cookery Classes, among others
- Partnered with NGO GreenPeace to join their webinar **'Phenko Mat'** on recycling used household items, to further sensitize employees on sustainability
- **Launched VOICE—** Valuing Our Internal Customer Experiences—an Internal Customer Survey, with the proposition that every employee is an internal customer. Employees were encouraged to voice their opinions and rate fellow teams on certain parameters, aimed to increase team productivity and efficiencies. Employees were also encouraged to share ideas on cost optimization measures and to improvize our existing practices and processes
- The promoters addressed the employees in virtual townhalls, encouraging open and transparent communication
- Adopted a digital route to learning with a dual focus agenda – driving some key functional and behavioral learning themes and focusing on mental health. Learning sessions were conducted across levels with several learning options – **like TED Talks, e-books and open virtual learning webinars,** among others
- Several webinars were conducted to undertake **functional/technical training**, covering different topics
- Implemented several **digitalization initiatives** which aided in remote working environment
- Digitalized several people processes from hiring, to welcoming them virtually with an **e-induction module,** to transitioning the new joinees into a work from home module
- Migrated to **Document Management System (DMS)** which reduced our dependence on physical copy of documents
- Organized **vaccination camps** across locations for eligible employees in a safe and controlled environment

## Making 'return to office' seamless and safe

To suit new COVID norms, we focused on **modification of workspaces** to ensure social distancing norms and highest safety precautions

Launched a comprehensive **'Back to Office'** employee guidebook to make them familiar with the work protocols and precautionary measures at work

**Launched Carpool** - an online platform to assist employees in their travel to office by pooling rides with their colleagues, while keeping the headcount per car at two people maximum

### REACHED OUT TO LABORERS DURING THE PANDEMIC

Food distribution to labourers at sites

**Location:** Across sites

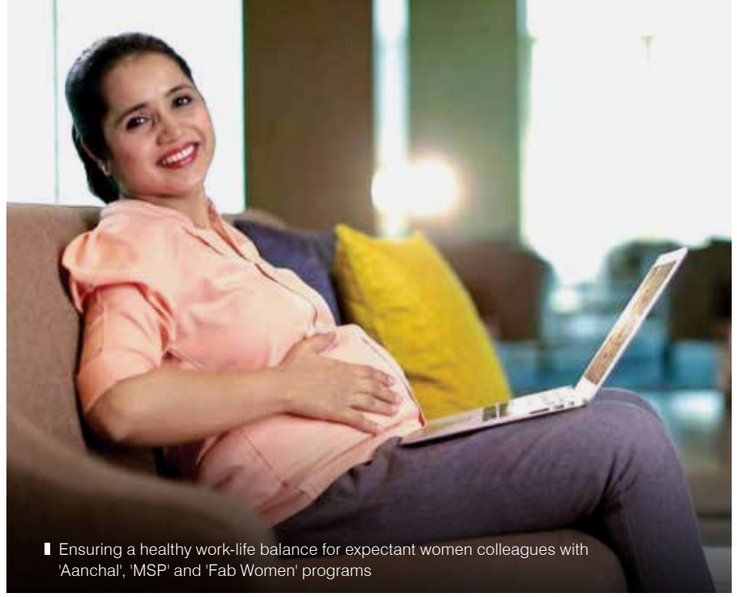
During the nationwide lockdown, migratory laborers across the nation faced immense challenges to even source basic necessities such as food and lodging facilities. Unable to make both ends meet, they started migrating to their native places in massive numbers.

At Mindspace REIT, we provide proper lodging, clean drinking water, toilets and sanitation facilities to laborers to ensure they were well taken care of. We also reached out to them during the pandemic, and ensured availability of food, adequate medical aid and sanitized living spaces at our sites.

Taking care of our laborer's children

#### ENSURED WELFARE OF WORKERS AT OUR PROJECT DEVELOPMENT SITES

**We invest in the welfare of the last mile laborers and their families. We have zero tolerance towards having children at the worksites and at the same time, we understand that they need to be kept safe and happy, while their parents are at work. To enable the health and safety of our laborers' children, we have partnered with NGO Mumbai Mobile Creches, which provide quality education, mid-day meals and healthcare facilities to the children. During the pandemic, we provided medical aid, food, and shelter, and conducted regular health checks at our sites.**



Ensuring a healthy work-life balance for expectant women colleagues with 'Aanchal', 'MSP' and 'Fab Women' programs

#### DIVERSITY AND INCLUSION

We endeavor to create an environment that embraces differences and fosters a gender agnostic and equitable work culture. A diverse workforce brings different perspectives to the table. Integrating diversity and inclusion strategies in recruitment, performance management, leadership assessment, and training is at the core of our actions.

We have developed programs to identify talent irrespective of the gender, and groom them for suitable roles across various departments. Formulating a leader development strategy to identify capabilities and talent across the organization is critical for creating a culture of inclusiveness.

Further, we empower our women employees to balance their work and life priorities through initiatives like 'Aanchal' – Maternity Support Programme, FAB Women – platform for discussion on women-centric topics, flexi-hours, work from home and sabbaticals. Women employees who return from their maternity break were part of the financial year. They also stand a fair chance to be reviewed on merit and considered for an increment.

Our learning and development programs address topics like subconscious bias and how to engage with people having different sexual orientation. We train managers to exhibit behaviors that show inclusivity as a core competency.

**We have also introduced 'The Pride Side' policy, fortifying a non-discriminative and transparent environment at the workplace. The policy embraces gender differences and prohibits any form of discrimination based on sexual orientation and gender identity. It also covers financial support in gender reassignment surgery and professional counselling sessions as a part of the policy.**

#### LEARNING AND DEVELOPMENT

Performing every detail with excellence is what separates the great from the good. We strive to build a high-performing team with all-round excellence. In achieving this, we embarked on a journey of inculcating impactful performance and enhanced soft skills across all levels. We introduced the following initiatives to build this specific culture:

- Anti-corruption policy training
- Business storytelling
- Emotional intelligence program
- Leading teams for success: Accountability and collaboration
- Mindset matters
- Physical and emotional well-being for women
- POSH training
- Prohibition of insider trading
- Stay strong, stay positive
- The power of design thinking
- Yoga for holistic health
- Communicating with impact communication styles
- Look good and make impression virtually

**320+ hours**

**Total training person hours across all levels (permanent employees) during FY21**

We have a robust compliance monitoring framework, and employee education on compliances, is an integral part of this framework.

Social

# Building a better community

**Social resource is all about using the power of relationships and networks to drive business growth or social transformation. At Mindspace REIT, we relentlessly strive to maximize our positive social impact by integrating and internalizing community service into business operations.**

Durgam Cheruvu Lake, post our makeover interventions.

### DURGAM CHERUVU LAKE, HYDERABAD

We endeavored on a fruitful and sustained partnership with Telangana State Industrial Infrastructure Corporation (TSIIC) Limited and Greater Hyderabad Municipal Corporation (GHMC) to maintain the lake, that we had converted from an algae-ridden waterbody to a healthy one.

**Objective of the project at start:**

- Create a working and active waterfront development
- Ensure the existing fabric of the area is unaltered
- Protect and enhance the biodiversity of the Lake and its surroundings
- Adopt an ecologically sensitive approach to proposed interventions
- Adopt a low-carbon footprint approach

**The project was completed in two phases:**

- **Phase I:** We initiated cleaning and maintenance of the lake to avoid hyacinths to re-surface
- **Phase II:** We created a 2.5 km jogging and cycling track around the lake, with a central median for benches and signboards situated in between the two tracks. We also created a play area for children, yoga corner, kiosks and toilet facilities around the lake

**FY21 focus:** To ensure upkeep of the upgradation and makeover undertake, we invested time and effort in ensuring the area was maintained, despite challenges from the pandemic.

### WORDS OF ACKNOWLEDGMENT FROM OUR NGO PARTNERS

"Thank you for supporting us in these trying times, especially when the pandemic has wrecked havoc in the country. By supporting us you have believed in our cause of making the deaf financially self-reliant and help them contribute to the mainstream society by educating them, enabling them and thus, empowering them by giving them suitable placements.

**Pratibha K. Rao,**

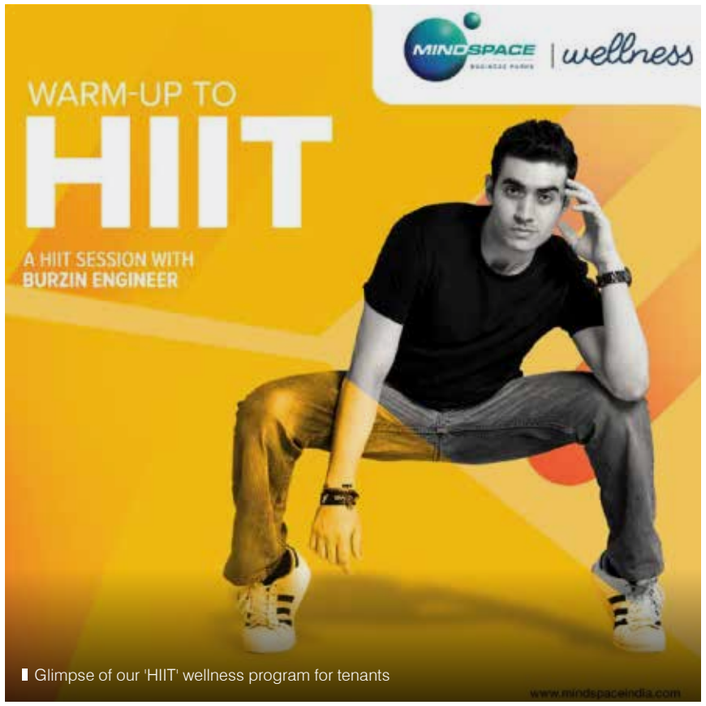
# Keeping tenants engaged and motivated

**The year was marked by unforeseen circumstances arising from the global pandemic. Amid this situation, we realized that tenant engagement is going to play a pivotal role in keeping them motivated throughout the year.**



Glimpse of our 'HIIT' wellness program for tenants

### TENANT ENGAGEMENT INITIATIVES

- Participated in industry webinars on topics like 'The changing dynamics of the workplace', 'Rebuilding the construction sector' and 'Leveraging benefits of REITs in the new era', among others, to create brand awareness, thought leadership and engage with existing and prospective tenants and industry bodies
- Initiated employee engagement journey digitally with #MindspaceMeetups, wherein we organized digital weekend engagement initiatives for the people working across our parks such as dance, fitness and cooking
- Disseminated mailers communicating about our recognition for safety amidst the pandemic with the help of the British Safety Council certifications among the tenants
- Focused on social media by putting up multiple updates during the lockdown period. We further continue to post at least twice a week on our handles, giving out crucial information, celebrating special occasions, or posting topical news and brand information
- Introduced contactless entry for the people working across our Parks with the help of the Mindspace Business Parks App. The first 500 people to download the app were also gifted free masks. Further, people could also setup visitor requests through the app

Launched **'Mindspace Business Park'** App, which acts as a digital gateway to the Business Parks. It covers visitor management, emergency information, events, new developments at the entities and other information

## Industry landscape

# Grade A office market overview

**India's office real estate landscape has changed significantly from standalone buildings with no amenities to large corporate parks with focused amenities. Developer's focus on Grade A commercial developments, support by institutional investors and increasing demand from multinational tenants led to the onset of this trend.**

These new-age parks offer amenities such as cafeterias, conference room facilities and multi-purpose sport courts, among others. We also see the focus shifting to developing sustainable workspaces which are equipped with stringent safety norms. Due to better amenities for occupiers and scalability options, the larger campuses tend to command a premium over standalone buildings and enjoy a higher and more stable occupancy and attract superior tenants and are also preferred by the millennials.

The office market in India is driven by access to cost-effective, English-speaking, skilled labor at unmatched scale. The office market comprises various sub-segments such as IT, commercial and Special Economic Zones (SEZs).

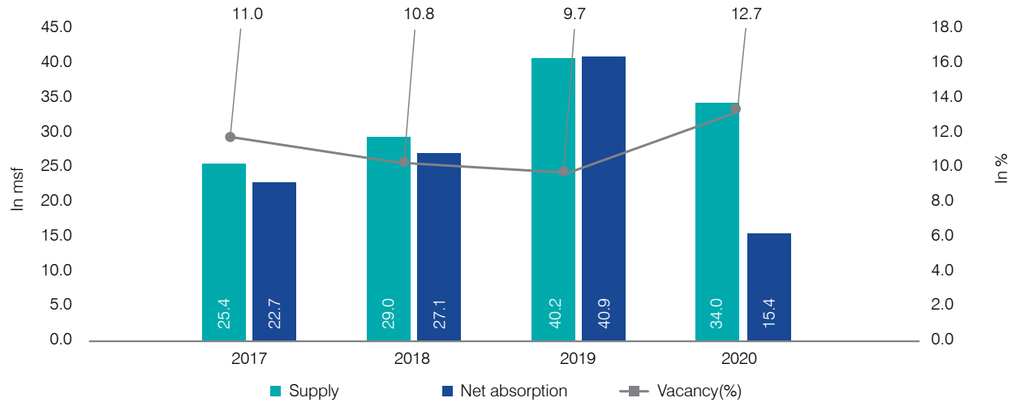
Supply, net absorption and vacancy analysis



## HYDERABAD

The growth in Hyderabad city's economic base (primarily establishment of technology sector) has altered the real estate dynamics in the city. Positive commercial outlook of the city, expansion of existing tenants within the city and entry of new tenants during 2015-2019 has led to compression in vacancy levels. The technology and financial services sectors are the key demand drivers.

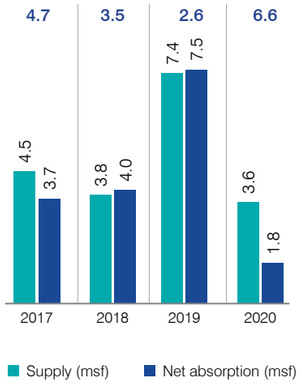
**Peripheral East**: Pocharam and Uppal
**Others:** Kukatpally, Shaikpet, Towlichowki, Shamshabad

### KEY UPDATES – Madhapur

Vacancy (%)



- Most preferred office micro-market in Hyderabad due to good physical and social infrastructure
- Delay in supply expected for the next 6-12 months
- Pre-commitment levels continue to be strong
- Rentals are expected to remain stable over the next 12 months

## LONG-TERM FUNDAMENTALS OF THE OFFICE INDUSTRY REMAIN INTACT

### Short-term headwinds

| | | | | | |
|---|---|---|---|---|---|
| Deferment of large consolidation | Demand uncertainty to continue for 3-4 quarters | Higher focus on health and safety measures | Gradual recovery expected in leasing activity | Construction delays, limited access to capital to affect future market supply | Rentals broadly estimated to remain unchanged |

### Medium- to long-term recovery

| | | | |
|---|---|---|---|
| Preference to operate from secured office environments | Global business relocation due to cost advantages and availability of talent pool | Shift to Grade A assets with campus styled development, high on COVID-19 and other health and safety protocols | Upward rental movement expected with a more sustained return of demand |

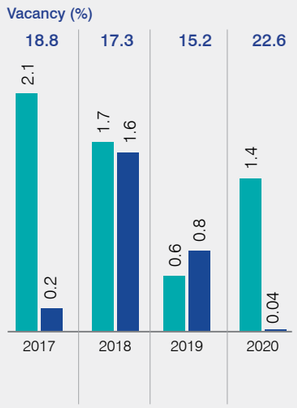
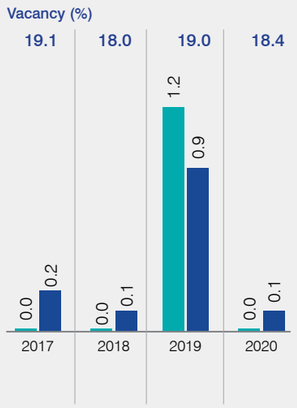
## KEY UPDATES – MICRO-MARKETS

### Thane Belapur Road



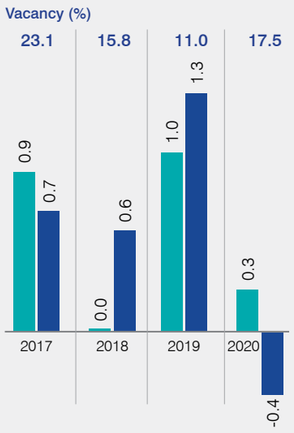
- Established corridor with large commercial/IT developments with proximity to major business, social and transportation hubs
- Witnessing an increasing traction from BFSI companies
- Vacancy is currently high primarily due to new supply and subdued demand

### Malad – Goregaon



- Demand has significantly increased over the past few years owing to demand from GCCs, technology and professional services companies
- Vacancies have declined steadily through 2017 to 2020 and expected to decline due to high pre-commitments
- Limited supply and sustained demand led to an increase in rentals, although rentals have remained flat in 2020

### BKC and Annexe



- Mumbai's financial hub and one of the most established commercial micro-markets
- Rentals have seen moderate correction during the pandemic
- Limited supply possible due to limited availability of land

# Management Discussion and Analysis

The discussion and analysis of our financial condition and results of operations that follow are based on our Audited Consolidated Financial Statements of Mindspace REIT and the Asset SPVs (together known as "Mindspace Group") for the year ended March 31, 2021 and March 31, 2020 prepared in accordance with Indian Accounting Standards and applicable REIT regulations.

The acquisition of Asset SPVs by Mindspace REIT was effected on July 30, 2020. Consequently, consolidation of financials of these Asset SPVs with Mindspace REIT has been done effective August 01, 2020. Consolidated FY21 numbers therefore reflect 8 months financial performance of the Asset SPVs while Consolidated FY20 numbers do not consider any consolidation of financial performance of the Asset SPVs. Hence, the numbers for FY20 and FY21 are not comparable. However, for comparison purpose, in the section **Comparison of Pro Forma Financial Numbers** and **Movement in revenue from operations and NOI by assets,** we have provided pro forma Revenue from Operations and Net Operating Income for the twelve month period from April 01, 2020 to March 31, 2021 and for the twelve month period from April 01, 2019 to March 31, 2020.

This discussion contains forward-looking statements that involve risks, uncertainties and assumptions, which could cause actual results to differ materially from those forecasted and projected. The 'Risk Factors' section included in this Annual Report discusses a number of factors and contingencies that could affect our financial conditions and results of operations. All the financial numbers in this section have been rounded off to the nearest million unless otherwise stated.

## MINDSPACE REIT OVERVIEW

Mindspace REIT owns a quality office portfolio across four key office markets of India, i.e. Mumbai Region, Pune, Hyderabad and Chennai. The portfolio comprises five integrated business parks and five quality independent offices. With a total leasable area of 30.2 msf (23.9 msf completed; 2.1 msf under construction; 4.3 msf future development), it is one of India's largest Grade-A office portfolios. Mindspace REIT's focus is on building a community-based ecosystem to meet the demands of "new-age businesses" while maintaining high safety and quality standards. Our parks are distinguished by their scale and thus making us the preferred partner of both domestic and foreign multinational corporations.

These assets are located in the established micro-markets, with proximity and/or connectivity to major business, social, and transportation infrastructure. We have built a significant presence in the portfolio markets where we operate and have meaningfully contributed to the evolution of these markets.

**30.2 msf**
**Total leasable area as of March 31, 2021**

As of March 31, 2021, the portfolio is well diversified with 164 tenants. Our diversified tenant base comprises a mix of Indian and foreign multinationals, including affiliates of Accenture, BA Continuum, JP Morgan, Amazon, Schlumberger, UBS, Facebook, Barclays and BNY Mellon, among others. No single tenant contributes more than 7.0% of gross contracted rentals. While tenants from the technology sector have traditionally comprised and continue to comprise our largest tenant base, we have diversified sectoral mix of our tenants with increasing share of non –technology sector tenants by c. 10.4% over the last four fiscal years. Technology, financial services and telecom and media constitute our three largest sectors with contribution to Gross Contracted Rentals of 44.2%, 19.9% and 11.2%, respectively as on March 31, 2021. Approximately 82.9% and 35.0% of Gross Contracted Rentals come from leading multinational corporations and Fortune 500 companies, respectively. In furtherance of our diversification strategy, we have also forayed into offering spaces to data center operators.

Our constant endeavor is to achieve high tenant retention, growth/consolidation of our existing tenants in our portfolio via its integrated eco-system offering, active asset management, high standards of health and safety, asset enhancement programs, and delivery of uniform service experience through its in-house facility management division. Our long-standing relationship with our tenants has helped the portfolio see our tenants grow across various parks within the portfolio. Our focus on constant engagement with our existing and potential tenants, even during the current pandemic times, has helped attract new tenants to our parks as well as retain most of our existing tenants.

**6.0 Years**
**Weighted Average Lease Expiry (WALE) as of March 31, 2021**

To keep our parks energized and meet the changing needs of the millennials, we effectively used the period of low physical occupancy due to COVID-19 to accelerate our asset enhancement program at our parks in Madhapur and Airoli East. Our endeavor is to provide our tenants with a renewed experience when they get back to their workspaces after situation starts returning to normalcy.

At Mindspace REIT, sustainability is at the core of our business objectives and we strongly believe sustainable practices shall help us create long-term value for our stakeholders. At present 36 of our buildings are “Green Certified” by LEED or IGBC, including one pre-certified building. The key sustainability initiatives include a constant drive to achieve energy efficiency, improved air quality management, focus on renewable energy, water conservation and recycling measures etc.
During the year, we became the first real estate entity in India to commit to the Climate Group’s EV100 initiative with a target to achieve 100% electric mobility by 2030 at all our parks. Our CSR programs endeavor to be relevant to the communities we operate in. We continue to assist government in restoration and redefining the lake front of Durgam Cheruvu, Hyderabad. Our strong belief in the power of education to change lives has helped us bring various literacy interventions to children of under-privileged communities. During the year, we partnered with “Room to Read”, a literacy initiative and supported “DEEDS” trust reaching out to over 2,500 students.

**Successful Listing in August 2020**
Mindspace REIT was successfully listed on the Indian stock exchanges on August 07, 2020 amid the global pandemic and consequent headwinds for the commercial real estate sector. The overwhelming investor response to Mindspace REIT’s IPO reflected the investor confidence in our business model and robust long-term fundamentals of the sector. The issuance garnered huge subscription from domestic non-institutional investors which is reflective of the acceptance of REITs as long-term investment instruments by these investors.

**Invested to upgrade/ renovate portfolio**

## THE CURRENT BUSINESS BACKDROP AND THE CHANGING BUSINESS DYNAMICS

Beginning March 2020, the COVID-19 pandemic brought major global economies including India to a standstill. Health and safety of our people and tenants became our primary focus. We have constantly engaged with our tenants to ensure their business continuity through the pandemic. Our parks remained operational through the lockdown following all the guidelines laid out by the central and local government authorities.

Our facility management team proactively implemented stringent safety measures, including app-based screening and monitoring, thermal scanning, and advanced technologies such as use of UV towers for disinfection, use of MERV 13 filters in all Air Handling Units (AHUs) and touch-less elevators, among others. We also utilized the low physical occupancy situation to re-energize our business parks, which makes us well prepared to meet the demand for high-quality ready-to-move-in office spaces in the new normal.

As we await moderation of the second wave, we continue to be engaged with our tenants and health and safety is our priority. The pace and efficacy of the ongoing vaccination drive and flattening of the curve of daily new infections is expected to play a crucial role in bringing back businesses to normalcy. Our business has demonstrated high degree of resilience during this disruption, and we remain confident of the long-term fundamentals of Grade A commercial real estate in India.

### Accelerating digital transformation benefiting technology companies and upcoming data center demand

Technology companies provided the tools to facilitate business continuity as the world moved to a remote working environment. Demand for digital transformation services is gaining further momentum as businesses focus on strengthening their resilience and relevance.

NASSCOM research suggests the technology services industry is estimated worth $194 billion in FY21 and has seen net hiring remain robust even during the pandemic. The tech hiring outlook is expected to remain positive in 2021 coupled with growth in global tech spends. Global multi-nationals are increasingly looking at India as an innovation and knowledge centre. The Indian technology industry recovery is expected to strengthen further in 2021 due to factors including:

- Growing demand for migrating workloads (storage/processing) to public cloud
- Increased client spending for improvement in IT services
- Larger deal sizes
- Prediction of 5G-related IT spending

As a leading provider of intellectual capital globally, India remains an attractive market, backed by its deep talent pool, cost arbitrage, and sub-dollar rentals. Mindspace REIT is expected to benefit from this trend as technology companies continue to form a significant part of our occupier mix with high focus on Global Capability Centers (GCCs).

Another emerging trend has been the demand for data center spaces. NASSCOM in its report, ‘India – The Next Datacentres Hub’ highlights the growing potential of Indian data center market. It is expected to see investments grow at

a CAGR of 5% (c. 2x the global market) reaching $4.6 billion per annum by 2025. India's benefit is driven by significant cost advantage both in construction and operations, growing online market and international connectivity, majority investments in Tier IV data centers. Mumbai, Chennai, Hyderabad are amongst the key markets for the industry. Faster implementation of the draft data center policy is expected to further enhance growth potential of the industry.

### Preference for Grade A workspaces focusing on safety and well-being

Shared accommodations, smaller homes, poor infrastructure and concerns over data security are likely to remain key deterrents to the work from home model in India in the long term. Further, workplaces are important platforms to congregate and collaborate. In addition, globally, discussions around employee wellness and stringent safety norms have gained prominence, which are expected to help demand for Grade A workspaces once the normalcy returns. We are observing the new normal unfold closely. Consolidation of office market is inevitable, with annual supply contracting and tenants turning towards office spaces that rank high on safety protocols and enjoy the reputation and trust.

### Business challenges and our approach to mitigating these

While economic, social, regulatory environment continues to pose challenges to every business, the Manager has a comprehensive risk management framework in place to mitigate the impact of these challenges. The Manager constantly assesses the changing business dynamics and implements appropriate measures to ensure business continuity and growth. Further, comprehensive compliance and governance structure, focus on sustainable business practices, constant stakeholder engagement shall contribute to the long-term business sustainability and value creation.

### Risks and concerns

Risks and concerns affecting our operations are captured in section 'Risk Factors' on page number 95 to 98.

## BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS

Please refer Basis of preparation stated in Consolidated financial Statements on page number 208 to 209.

### Summary of significant accounting policies

Please refer Significant Accounting Policies stated in Consolidated financial Statements on page number 209 to 222.

### Principal components of consolidated statement of profit and loss

Our revenue from operations comprises the following sources: (i) facility rentals; (ii) income from maintenance services; (iii) revenue from works contract services; (iv) revenue from power supply; and (v) other operating income.

#### Facility rentals

Revenue from facility rentals comprises the base rental from our properties, fit-out rentals and income from car parking and others and certain Ind-AS adjustments to reflect the impact of straight lining of leases and discounting of security deposits.

- **Base rentals:** Base rentals comprise rental income earned from the leasing of our assets
- **Fit-out rentals:** For some of our tenants, we provide customized alterations and enhancements as per the tenants' requirements. For such properties, we recover the value of the fit-outs provided through fit-out rentals
- **Income from car parking and others:** Primarily, includes income from car park, kiosks, signage, ATMs, promotional events, among others

#### Income from maintenance services

Income from maintenance services consists of the revenue that we receive or is receivable from tenants for the Common Area Maintenance (CAM) services provided as per the terms of agreement with the tenants, and also includes revenue from common area maintenance services provided to third parties, if any, located within the assets.

#### Revenue from works contract services

Revenue from works contract services includes revenue earned from construction of building for the tenants based on their specification and requirements.

#### Revenue from power supply

Revenue from power supply includes income from supply of power to tenants within the notified SEZ.

#### Other operating income

Other operating income primarily includes (i) interest income from finance lease, which comprises interest income from fit-out rentals where such leases are classified as finance leases. Leases are classified as finance leases when substantially all the risks and rewards of ownership is transferred to the lessee; (ii) income from sale of surplus construction material and scrap; and (iii) service connection charges for power supply and other charges.

#### Interest income

Our interest income comprises the following sources: interest income on (i) loans to body corporates; (ii) fixed deposits with banks; (iii) electricity deposits; (iv) income-tax refunds, and (v) others.

#### Other income

Our other income primarily comprises: (i) gain on redemption of preference shares; (ii) gain on redemption of mutual fund units; (iii) Liabilities no longer required written back and (iv) miscellaneous income.

### Expenses

Our expenses primarily comprise: (i) cost of work contract services (ii) cost of power purchased (iii) employee benefit expenses (iv) cost of property maintenance services (v) repairs and maintenance (vi) other expenses (vii) finance cost (viii) depreciation and amortization expenses

#### Cost of work contract services

Cost of work contract services is the expenses incurred towards construction of a building, based on agreed specifications and requirements, pursuant to the works contract executed by KRC Infra with respect to the portion of land owned by the counterparty.

#### Cost of power purchased

Cost of power purchased is cost incurred for purchase of power, transmission charges and related expenses with respect to supply of power to tenants within the notified SEZ.

#### Employee benefits expenses

Employee benefits expenses primarily include salaries and wages, contribution to provident and other funds, gratuity expense, compensated absences and staff welfare expenses.

#### Cost of property management services

Cost of property management services primarily include expenses incurred for facility maintenance services.

#### Repairs and maintenance

Repairs and maintenance expenses primarily include expenses incurred on repairs and maintenance of buildings and plant and machinery and electrical installation.

#### Other expenses

Other expenses primarily comprise property tax, electricity, water and diesel charges, brokerage and commission, business support fees paid to the KRC group, rates and taxes, corporate social responsibility expenses and business promotion and advertisement expenses.

#### Earnings before finance costs, depreciation and amortization, regulatory income/expense and tax

We have elected to present earnings before finance costs, depreciation and amortization regulatory income/expense and tax as a separate line item on the face of the statement of profit and loss.

EBITDA is generally defined as net profit before interest expense, taxes, depreciation and amortization. However, Ind AS 114 (Regulatory Deferral Accounts) requires the movement in all regulatory deferral account balances to be distinguished from other income and expenses. Hence, for the purpose of Consolidated Financial Statements, included in this Annual Report, net movement in regulatory deferral account balances has been disclosed separately in the Statement of Profit and loss after 'Profit before rate regulated activities and tax' and thus does not form part of EBITDA.

#### Depreciation and amortization expenses

Depreciation and amortization expenses comprise the depreciation of property, plant and equipment; depreciation of investment property; amortization of intangible assets and amortization of right of use of assets.

#### Finance costs

Finance costs primarily comprise: (1) interest expenses on (i) borrowings from banks and financial institutions; (ii) debentures; (iii) lease liability; and (iv) others; (2) unwinding of interest expenses on security deposits; and (3) other finance charges. We capitalize borrowing costs in relation to under construction properties. Once construction is completed, the interest cost is charged to our statement of profit and loss, causing an increase in finance costs.

### Regulatory income/expense

As a deemed power distribution licensee in the SEZ area, some of our Asset SPVs charge tenants tariff on power consumption that is pre-approved by the state regulatory authority, Maharashtra Electricity Regulatory Commission (MERC). Accordingly, on an annual basis, we file a tariff petition for the succeeding year based on projected expenses and revenue for that year. MERC reviews the tariff petition and approves expenses and revenue in compliance with the tariff regulations. Subsequently, we submit our audited accounts to MERC to undertake a truing up process, wherein MERC compares the actual expenses and revenue with the approved expenses and revenue for the past year, and allows total revenue gap / (surplus) to be recovered in the succeeding year's tariff. As a result, there is an increase/(decrease) in succeeding year's tariff based on past year's revenue gap/(surplus), and this change is referred to as impact on account of true-up. Such revenue gap/(surplus) for the past year is recorded as regulatory income/expense in the financials.

### Tax expense

Tax expense comprises: (1) current tax; (2) deferred tax charge (net); and (3) MAT credit entitlement.

The Indian Income Tax Act provides companies an option to discharge their income tax liability at a concessional rate of 25.17% (including cess and surcharge) subject to fulfilment of certain conditions which includes opting out of other applicable tax holiday claims/ incentives/ tax exemption and utilizing MAT credit ("New Tax Regime"). With respect to the Consolidated Financial Statements as of and for the year ending March 31, 2021, and for the year ending March 31, 2020, we have not opted for the New Tax Regime and continue to discharge our income tax liability as per the existing tax regime.

*Excludes revenue from works contract services in Gera Commerzone Kharadi and Sundew

#Include net margin from works contract

Pro forma revenue from operations increased by 5.1% from ₹ 15,501 million in FY20 to ₹ 16,293 million in FY21 primarily on account of:

- an increase in pro forma facility rentals from ₹ 11,995 million to ₹ 13,241 million
- offset by a decrease in pro forma income from maintenance services from ₹ 2,838 million to ₹ 2,463 million
- offset by a decrease in revenue from power supply from ₹ 527 million to ₹ 460 million

During FY21 we achieved,

- Gross leasing of 3.5 msf area
- New leasing of 1.3 msf area
- Contracted lease escalations on c. 8.2 msf area
- Re-leasing spread of 19.1% over 2.2 msf area

Pro forma direct operating expenses (including net margin from works contract) decreased by 21.4% from ₹ 3,244 million in FY20 to ₹ 2,552 million in FY21 as against an increase of 5.1% in Pro forma revenue from operations. This led to an increase in Pro forma NOI margin from 79.1% to 84.3%.

The optimization of pro forma direct operating expenses was primarily on account of higher net CAM recovery of ₹ 937 million in FY21 versus ₹ 532 million in FY20 due to a substantial reduction in CAM expenses owing to limited tenant occupancy.

(1) Asset-wise revenue from operations are prior to inter-company eliminations

(2) KRC Infra has commenced facility management business from October 1, 2020 under brand name "CAMPLUS"

(3) Others include Commerzone Porur completed in June 2020 and The Square BKC

NOI came in higher at ₹ 13,741 million in FY21 as compared to ₹ 12,257 million in FY20 primarily due to following reasons:

- **Mindspace Airoli East:** Higher due to Net CAM Recovery, incremental rent generated from 0.3 msf area which was not generating rent as on March 31, 2019, escalation of 2.6 msf over FY20 and FY21, compensated by reduction in rent from 0.3 msf area vacated over FY20 and FY21, and Ind-AS adjustments(1)
- **Mindspace Airoli West:** Lower due to reduction in rent from 0.3 msf area vacated in FY20, Ind-AS adjustments(1) and reduction in Net CAM Recovery compensated primarily by escalation over FY20 and FY21
- **Mindspace Malad:** Higher due to escalation of 0.4 msf over FY20 and FY21, incremental rent generated from area which was not generating rent as on March 31, 2019 and Ind-AS adjustments(1) primarily compensated by reduction in rent from area vacated over FY20 and FY21
- **Gera Commerzone Kharadi:** Higher due to incremental rent generated from 1.2 msf of new area, increase in Net CAM Recovery and Ind-AS adjustments(1) compensated by increase in Property Tax due to building completions in FY20 and reduction in Net Power Income
- **The Square Nagar Road:** Lower on account of reduction in rent and fit-out from 0.2 msf area vacated in FY21, reduction in Net CAM Recovery, other operating income and Ind-AS adjustments(1)
- **Mindspace Madhapur:** Higher on account of escalation on 6.1 msf over FY20 and FY21, incremental rent generated from 0.8 msf of new area, mark-to-market rental impact on 1.2 msf over FY20 and FY21, increase in Net CAM Recovery, and Ind-AS adjustments(1) compensated by reduction in rent from 0.4 msf area vacated over FY20 and FY21
- **Facility Management Division:** Additional NOI on account of commencement of facility management division from October 1, 2020

(1) Ind-AS adjustments refer to fair valuation of security deposits received and straight lining adjustments with respect to lease rent

## Liquidity and capital resources

### Overview

Our low leverage and robust credit profile offer adequate headroom for future growth.

For the year ended March 31, 2021, we,

- Completed successfully the initial public offering of 3,63,63,600 units for cash at ₹ 275 per unit aggregating to ₹ 45 billion, of which ₹ 10 billion was primary component which was utilized for:
  - » *Repayment of external debt of ₹ 9.3 billion*
  - » *Acquisition of Preference share in Mindspace Business Parks Private Limited of ₹ 334 million*
  - » *Issue-related expenses and general corporate purposes*
- Raised ₹ 11.5 billion in fixed cost debt from financial institutions at Mindspace REIT level via issuance of series of MLDs and NCDs bearing coupon ranging between 6.42% to 6.60% on p.a.p.m. basis
  - » *We strategically increased our exposure to fixed cost debt to c. 30% of our total outstanding debt, to lock our borrowing costs in the favorable interest rate environment*
- Debt raised during the year was predominantly used for refinancing existing debt and to fund capital expenditure

Our finance costs for FY21 stood at ₹ 1,707 million. Our weighted average cost of borrowings stands at 7.1% at the end of March 2021, down from 9.2% at the end of March 2020. Our weighted average term to maturity for borrowings stands at c. 6.4 years at the end of March 2021.

### Financial Resources

As of March 31, 2021, our cash and cash equivalents stood at ₹ 3.5 billion. Cash and cash equivalents primarily consist of balances with banks in current accounts, deposit accounts with original maturity below three months and cash on hand. Our undrawn facilities stood at ₹ 6.4 billion. We maintain a strong liquidity position consisting of cash and treasury balances.

Net cash generated from operating activities for FY21 was ₹ 7,525 million. Our profit before tax was ₹ 4,794 million, which was adjusted for non-cash and items relating to financing and investing activities, by a net amount of ₹ 3,683 million, primarily for finance costs amounting to ₹ 1,707 million, depreciation and amortization expenses amounting to ₹ 1,964 million, impairment loss amounting to ₹ 176 million. Our changes in working capital primarily comprised an increase in trade payables of ₹ 543 million, an increase in trade receivables of ₹ 272 million, a decrease in other inventories of ₹ 5 million, and increase in other non-current and current assets (including financial assets) of ₹ 1,089 million, an increase of other non-current and current liabilities (including financial liabilities) and provisions amounting to ₹ 433 million. In addition, we paid income tax of ₹ 571 million.

### Cash flow from investing activities

Net cash generated from investing activities was ₹ 9,867 million for FY21, primarily comprising loans repayment received from body corporates of ₹ 12,382 million and interest received on inter-corporate loans of ₹ 1,526 million which was primarily offset by expenditure incurred on investment property and investment property under construction, including capital advances, net of capital creditors, property, plant and equipment and intangible assets of ₹ 3,585 million, primarily with respect to Mindspace Airoli West, Gera Commerzone Kharadi, Mindspace Madhapur (Sundew) and Commerzone Porur, and net investment in fixed deposits of ₹ 127 million.

### Cash flow from financing activities

Net cash utilized in financing activities was ₹ 15,044 million for FY21, primarily comprising proceeds from the issue of units of ₹ 10,000 million and from issue of non-convertible debentures of ₹ 11,500 which was offset by net repayment of external borrowings of ₹ 31,243 million, finance costs paid of ₹ 1,697 million, dividends paid (including tax) of ₹ 3,253 million and expenses incurred towards the IPO and issue of non-convertible debentures of ₹ 334 million.

### Distributions

NDCF of Mindspace REIT is based on the cash flows generated from its assets and investments. In terms of the REIT Regulations, not less than 90% of the NDCF of each of the Asset SPVs is required to be distributed to Mindspace REIT, as the case may be, in proportion of their shareholding

in the Asset SPVs, subject to applicable provisions of the Companies Act or the LLP Act. NDCF to be received by Mindspace REIT from the Asset SPVs may be in the form of dividends, interest income, principal loan repayment or proceeds of any capital reduction or buyback from the Asset SPVs, sale proceeds out of disposal of investments if any or assets directly held by Mindspace REIT or such other form as may be permitted by the REIT Regulations. Further, Mindspace REIT is required to distribute at least 90% of its NDCF to the unitholders.

The Manager is required to declare and distribute at least 90% of the NDCF of Mindspace REIT as distributions (REIT Distributions) to the unitholders. Such distributions are to be declared and made for every quarter of a financial year. The first distribution was made upon completion of the first full quarter post the listing of Units, i.e. for the quarter ending December 31, 2020. Further, in accordance with the REIT Regulations, distributions need to be made within 15 days from the date of such declarations.

For H2 FY21, we declared a distribution of ₹ 5,687 million, or ₹ 9.59 per unit comprising ₹ 8.69 per unit as dividend and ₹ 0.90 per unit as interest payment. On an annualized basis, based on the issue price of ₹ 275 per unit, the distribution yield stood at 7.0%.

**7.0%**

**Annualized Distribution Yield for FY21**

### Tax implications of distributions

As per provisions section 115UA of the ITA, income distributed by REIT is taxable in the hands of the unitholders in the same manner and proportion as the underlying income stream received by the REIT.

### Taxability of income based on residential status

| Residential status of unitholders | Nature of income | Tax rates |
|---|---|---|
| **Resident unitholders** | Interest income | At applicable rates* |
| | Rental income | At applicable rates* |
| | Qualified dividend income | Tax-exempt (Refer note below) |
| | Disqualified dividend income | At applicable rates* (Refer note below) |
| | Other income taxable in hands of REIT | Tax-exempt |
| **Non-resident unitholders** | Interest income | 5%++* |
| | Rental income | At applicable rates@* |
| | Qualified dividend income | Tax-exempt (Refer note below) |
| | Disqualified dividend income | At applicable rates@* (Refer note below) |
| | Other income taxable in hands of REIT | Tax-exempt |

* The income shall be subject to deduction of tax at source

++ tax rate subject to applicable surcharge and cess.

@ Non-resident unitholders may seek to avail beneficial provisions under the applicable Double Taxation Avoidance Agreement ('DTAA') that India may have entered into with their respective country of residence

**Note:** Taxability of income in the nature of dividend distributed by REIT to unitholders is dependent on the taxation regime adopted by the SPV(s), which distributes the dividend to REIT. If the SPV(s) has not opted for a concessional corporate tax rate under section 115BAA of the ITA ('Qualifying SPV') dividend received from such Qualifying SPV ('Qualified Dividend') and distributed by REIT is exempt in the hands of the Unitholders. Any dividend other than Qualified Dividend distributed by REIT ('Disqualified Dividend') is taxable in the hands of the Unitholders.

### Debt maturity schedule

Weighted average maturity of debt profile stands at c. 6.4 years with 6.3% and 18.5% of debt due for repayment in FY22 and FY23, respectively. Our blended borrowing costs stood at 7.1 % at the end of March 2021, down c. 210 bps from 9.2% at the end of March 2020.

## HUMAN RESOURCE

At Mindspace REIT, we believe people are our biggest assets. We place strong emphasis on investing in and nurturing talent. Our talent pool of 184 permanent employees (including the Manager and Asset SPVs) and our focus on people-centricity has helped us create a high-performance work environment.
We have inculcated people-centricity in our work culture with the help of several initiatives to align the goals of our resources with that of the organization through upskilling, structured trainings, performance management and behavioral assessment, among others.

FY21 was marked by a global pandemic and 'social distancing' became the new normal. Amidst these turbulent times, we focused extensively on engaging incrementally with our employees. Mental and physical well-being for our employees was our priority and towards this we organized multiple engagement sessions with our employees, made available access to experienced psychologists, nutritionists and life coaches, organized medical consultations via our in-house app, etc.

Our 'Back to office employee guidebook' has been designed to ensure smooth and safe transition to working from office when the normalcy returns, and government guidelines permit.

## INTERNAL CONTROL SYSTEMS

Mindspace REIT has internal control systems commensurate with its size, scale and complexity to manage its operations, financial reporting, and compliance requirements. These systems have been designed to provide reasonable assurance with respect to recording and providing reliable financial and operational information in timely manner, prevention and detection of fraudulent practices, compliance with applicable laws, safeguarding assets from unauthorized use, executing transactions with proper authorization, and ensuring compliance with internal policies. The Manager has clearly articulated roles and responsibilities for all functional heads. Functional heads are responsible to ensure compliance with the policies and procedures laid down by the Manager.

The systems, standard operating procedures, and controls are implemented and reviewed by the leadership team. Based on the findings, process owners undertake corrective measures in their respective domains, thereby strengthening the controls. DELOITTE HASKINS & SELLS LLP, who are our statutory auditors, audited the financial statements for each of the Asset SPVs as at March 31, 2021. They have expressed an unqualified opinion on the effectiveness of each Asset SPVs' internal controls over financial reporting as of March 31, 2021.

### Industry structure and developments

Industry structure and developments affecting our operations are captured on pages 52 to 57 of the Annual Report.

## OUTLOOK

Global businesses and economies have not remained immune to the disruption caused by the ongoing pandemic. Commercial real estate saw demand softening through FY21 which is expected to extend further for at least 3-4 quarters. Volatility in the spread of the pandemic and its intensity, restrictions on business activities and people movement, consequent remote working, etc. is expected to have near-term impact on demand for office spaces. The pace and coverage of COVID-19 vaccination drive shall be critical in navigating the pandemic in the coming quarters.

While we deal with these challenging times, the Manager has been constantly assessing the changing situations and implementing appropriate mitigating measures. We continue to diversify the tenant mix at our portfolio, build on our tenant relationships to retain our existing tenants and attract new tenants to our parks, digitize our operations and re-energize our parks to support the business and growth needs of our tenants, implement latest technologies and adherence to stringent social-distancing norms to protect the health and safety of our employees and tenants

Even in the given environment, with the help of cutting-edge technology, India has been on the forefront of delivering services which has enabled growth pick-up and rise in employment for such services. The pandemic has also brought about a renewed focus on digitization which has changed the way businesses function. India being an effective provider of these solutions with bandwidth of intellectual capital for technology services, stands to benefit from this trend. The technology hiring outlook is expected to remain positive in 2021 coupled with growth in global tech spends. Global multi-nationals are increasingly looking at India as an innovation and knowledge centre.

Once the global environment recuperates and office occupancies rise, India's Grade A offices are anticipated to be the foremost beneficiaries of the demand surge. In the meantime, we continue to invest in enhancement of our assets and putting in place robust health and safety measures to keep them future ready. Our business has demonstrated high degree of resilience during this environment, and we remain confident of the long-term fundamentals of Grade A commercial real estate in India.

# Risk Factors

For March 31, 2021

1. COVID-19 has caused a material decline in general business activity and demand for real estate transactions, and if this persists, it would adversely affect our ability to execute our growth strategies, including identifying and completing acquisitions and expanding into new markets. On a cumulative basis, during FY21, tenants surrendered 0.24 msf, comprising space earmarked for growth and COVID-19 related downsizing.

   Factors related to the COVID-19 pandemic, or a future pandemic, that could have an adverse impact on our financial condition, results of operations and cash flows, primarily include:

   - a complete or partial closure of, or other operational issues at, one or more of our properties;
   - tenants' inability to pay rent on their leases, in part or full or our inability to re-lease space that is or becomes vacant;
   - slowdown in getting lease commitments for new spaces;
   - any impairment in value of our properties;
   - an increase in operational costs; and
   - the extent of construction delays on our under-construction properties due to work-stoppage orders, disruptions in the supply of materials, shortage of labour, delays in inspections, or other factors

2. Distributions to unitholders will be based on the net distributable cash flows available for distribution. Our ability to make distributions to the Unitholders may be affected by several factors including:

   » business and financial position of Asset SPVs, debt servicing requirements of Asset SPVs,

   » construction and leasing of under construction area,

   » applicable laws and regulations, which may restrict the payment of dividends by the Asset SPVs or other distributions.

3. The REIT Regulations impose certain restrictions on our operations, including maintaining a specific threshold of investment in rent generating properties and conditions on availing debt financing. These conditions may restrict our ability to raise additional funds as well as limit our ability to make investments.

4. Real estate markets are cyclical in nature, and a recession, slowdown or downturn in the real estate market as well as in specific sectors, such as technology, where our tenants are concentrated, increase in property taxes, changes in development regulations and zoning laws, availability of financing, rising interest rates, increasing competition, adverse changes in the financial condition of our tenants, increased operating costs, disruptions in amenities and public infrastructure and outbreaks of infectious disease such as COVID-19, among others, may lead to a decline in demand for our Portfolio, which may adversely affect our business, results of operations and financial condition.

5. A significant portion of our revenues are derived from a limited number of tenants. Any conditions that impact these tenants could adversely affect our business, results of operations and financial condition. We are required by the terms of the lease deeds, grant documents or sale deeds with certain statutory authorities to lease a proportion of our Portfolio to tenants from the IT and ITeS sectors. Some of the assets are large and contribute significantly to our revenue from operations resulting in asset concentration. Assets are primarily located in four key office markets and select micro markets within these office markets resulting in market and micro market concentration.

6. Our title to the land where the Portfolio is located may be subject to legal uncertainties and defects, which may interfere with our ownership of the assets and result in us incurring costs to remedy and cure such defects. Any failure or inability to cure such defects may adversely affect the Portfolio including the rentals, which may also impact returns for the Unitholders.

7. Existing lease/license agreements are subject to risks including (i) non-renewal upon expiration, (ii) delay or failure in making rental payments by the lessees/licensees, (iii) premature termination, (iv) failure to re-lease or re-license the vacant space and our dependence on rental income may adversely affect our profitability, our ability to meet financial obligations and to make distributions to our unitholders.

8. We may be unable to renew leases or license arrangements, lease or license vacant area or re-lease or re-license area on favourable terms or at all, which could adversely affect our business, results of operations and cash flows.

9. By letter dated 11th September, 2020 to Horizonview, TNRERA stated that only real estate projects which are proposed to be let out on rent alone are not required to be registered with TNRERA and all other real estate projects whether allotted as freehold or leasehold are to be registered with TNRERA; therefore Horizonview is directed to register the Commerzone Porur project under section 3 of the RERA, before executing/registering lease deed with prospective lessees.

   Horizonview has filed a response dated November 17, 2020 for inter alia re-iterating and clarifying the factual and legal position on grounds including that (i) the premises in the project are not contemplated to be allotted as freehold or leasehold; (ii) Horizonview is merely letting out premises on rent; (iii) the rights granted/ proposed to be granted by Horizonview are in the nature of a tenancy for a specified period; (iv) letting out of premises on rent

by Horizonview will be governed by the provisions of the Tamil Nadu Regulation of Rights and Responsibilities of Landlords and Tenants Act, 2017 [**"TNRRLTA"**], which will apply to the letting out/leasing of premises by Horizonview in Commerzone Porur; (v) Horizonview and its tenants will be complying with Section 4 of TNRRLTA by filing the form with the Rent Authority, as specified in the First Schedule of the said Act; (vi) as confirmed by MahaRERA in its FAQs published on its website, the RERA Act does not include rental projects, lease / leave and License deals; and therefore, as the premises in the Commerzone project are to be let out/leased on periodical rent by Horizonview, and not to be allotted or sold (as freehold or leasehold) as contemplated of RERA, registration of Commerzone Porur project is not required under Section 3 of RERA.

Any delay in clarification and resolution of the issue with TNRERA, may result in Horizonview having to resort to legal remedies in respect of such clarification. Any unfavorable outcome may attract the provisions relating to registration under RERA and affect our ability to register the lease agreements with our tenants in this project.

10. Due to a variety of factors, including competitive pricing pressure in our markets, changing market dynamics including demand supply, a general economic downturn and the desirability of our properties compared to other properties in our markets, we may be unable to realize our estimated market rents across the properties in our Portfolio at the time of future leasing.

11. Valuation is an estimate and not a guarantee, and it is dependent upon the accuracy of the assumptions as to income, expense and market conditions. Further, the valuation methodologies used to value our Portfolio involve subjective judgments and projections, which may not be accurate. Valuation methodologies will also involve assumptions and opinions about future events, which may turn out to be incorrect. Further, valuations do not necessarily represent the price at which a real estate asset would sell, since market prices of assets can only be determined by negotiation between a willing buyer and seller. As such, the value of an asset forming part of our Portfolio may not reflect the price at which such asset could be sold in the market, and the difference between value and the ultimate sales price could be material.

12. We have certain contingent liabilities, which if they materialize, may adversely affect our results of operations, financial condition and cash flows. For details, see "note no. 45 to Notes to accounts - Contingent Liabilities and Capital Commitments of Consolidated Financial Statements for the financial year ended March 31, 2021"

13. Any appeal against the order of the Karnataka High Court dated 12th June, 2019 in a Writ Petition quashing the list of disqualified directors issued by the Ministry of Corporate Affairs or any adverse orders in the pending review petition or any subsequent adverse developments, may affect the ability of Mr. Ravi C. Raheja and Mr. Neel C. Raheja (designated partners of the Manager) to continue as designated partners of the Manager and directors on board of certain Asset SPVs, which may have an adverse effect on our business and reputation.

14. There are outstanding litigations, title irregularities and regulatory actions involving the Asset SPVs, which may adversely affect our business, results of operations and cash flows. For details, see "Brief details of material litigations and regulatory actions as at the year ended March 31, 2021" in this report.

15. Our business and results of operations are subject to compliances with various laws, and any non-compliances may adversely affect our business and results of operations. Our business is governed by various laws and regulations, including Transfer of Property Act, 1882, Special Economic Zones Act, 2005 and Special Economic Zone Rules, 2006, Maharashtra Industrial Development Act, 1961, Mumbai Metropolitan Region Development Authority Act, 1974, Maharashtra Information Technology and Information Technology Enabled Services Policy, 2015, rent control legislations of various states, municipal laws of various states and environment related regulations. Our business could be adversely affected by any change in laws, municipal plans or stricter interpretation of existing laws, or promulgation of new laws, rules and regulations applicable to us.

For instance, the Ministry of Corporate Affairs (MCA) has amended the Companies (Corporate Social Responsibility Policy) Rules, 2014 and has introduced the Companies (Corporate Social Responsibility Policy) Amendment Rules, 2021 (**"CSR Rules"**). The CSR Rules provides, among others, specific treatment of unspent CSR amount based on whether it pertains to an ongoing project. Any failure on the part of our Asset SPVs to make the necessary transfer towards CSR requirements and ensure compliance under the CSR Rules may result in penal actions being initiated against the relevant Asset SPV by the concerned regulatory authority.

16. Any non-compliance with, and changes in, environmental, health and safety laws and regulations could adversely affect the development of our properties and our financial condition. We are subject to environmental, health and safety regulations in the ordinary course of our business. If we face any environmental issue during the development of a property or if the government introduces more stringent regulations, we may incur delays in our estimated timelines and may need to incur additional costs. Such as, Environment Clearances, in respect of approximately 2.4 msf of Total Leasable Area held and operated by KRIT and Intime, were not obtained on account of lack of clarity at the relevant time with respect to classification of the relevant area forming part of these Asset SPVs. The said buildings of KRIT and Intime have received occupation certificates and the buildings have been occupied by various clients for more than ten years. In 2017, the MoEF notified a regularization scheme for cases relating to construction without the requisite environment clearance. KRIT and Intime have made applications under this scheme for such regularization. The aforesaid applications, were considered and the State Level Environment Impact Assessment Authority (**"SEIAA"**) issued 'Standard Terms of Reference' issued by the MoEF, along with certain 'Specific Terms of Reference' (**"TORs"**) which included, among others, obligation on the state government/ state pollution control board to take action against the project proponent under the provisions of section 19 of the Environment (Protection) Act, 1986. As per the terms of the TOR, the Telangana State Pollution Control Board (**"TSPCB"**) has now issued letters to Environment Engineer (EE), with a copy to KRIT and Intime, directing EE to ensure immediate stoppage of construction work and to enquire and take necessary action on alleged violation of EIA Notification against KRIT and Intime under the provisions of Section 19 of the Environment Protection Act, 1986. Accordingly, the EE filed complaints in the Court of the Hon'ble IX Metropolitan Magistrate, Cyberabad at Kukatpally (**"MM Court"**) against KRIT and Intime under section 19 of the Environment Protection Act, 1986 read with section 190 and 200 of Criminal procedure Code (**"Cr. PC"**) for the offence under section 5 and 15 of the Environment Protection Act, 1986. The MM Court found KRIT and Intime punishable for offense under section 15 of Environment Protection Act, 1986 and accordingly convicted them under section 252 of Cr. PC for the same offense and sentenced to pay ₹ 25,000 for each offense. Accordingly, KRIT and Intime have made requisite payments to the MM Court. SEIAA considered the above matters of KRIT and Intime in its 106th and 107th meeting and has approved the issuance of EC subject to submission of bank guarantee of following amounts: (i) ₹ 3,391,000 by Intime for building 5B; (ii) ₹ 3,947,000 by KRIT for Building 1A and 1B; (iii) ₹ 10,141,000 by KRIT for Building 2A and 2B; (iv) ₹ 4,413,000 by KRIT for Building 3A and 3B; (v) ₹ 5,203,000 by KRIT for Building 4A and 4B; (vi) ₹ 5,444,000 by KRIT for Building 10 for implementation of Remediation plan; Natural Resource Augmentation Plan and Community Resource Augmentation Plan, alongwith detailed action plan for implementation. KRIT and Intime have submitted letters to the Member Secretary SEIAA, requesting to share bank guarantee format alongwith details of beneficiary for submission of bank guarantees. These environment remedial actions, will require us to incur additional costs, which may have a negative impact on our business, results of operations and cash flows.

17. Any delay, failure or inability on part of Asset SPVs to obtain, maintain or renew all regulatory approvals that are required for their respective business, may adversely impact our development and business.

18. For our assets located on land leased from MIDC and MMRDA, the relevant Asset SPVs are required to comply with the terms and conditions provided in the respective lease agreements with such government bodies. Any non-compliance by the Asset SPVs of the respective lease agreements with such government bodies or by the tenants of the terms of the lease deed executed with them, may result in the action by the regulatory authorities, including revocation/termination of lease, demolition of the construction or payment of fines. In the event that our leases are revoked, not renewed or terminated prematurely, it could have an adverse impact on the Asset SPVs and in turn adversely affect our business, financial condition and results of operations.

19. Inability to access infrastructure, certain logistical challenges in new markets and our relative inexperience with newer markets, may prevent us from expanding our presence in new markets in India which may adversely affect our business, results of operations and cash flows.

20. We have entered and may enter into several related party transactions, which could involve conflicts of interest. The Manager may face conflicts of interests in choosing our service providers, and certain service providers may provide services to the Manager, the Sponsor Group on more favorable terms than those applicable to us.

21. Some of our assets are located on land notified as SEZs and the Asset SPVs are required to comply with the SEZ Act and the rules made thereunder.

22. The income tax benefits available to SEZ developers have been withdrawn for the SEZs which have commenced development after March 31, 2017, while for their tenants/ units, income tax benefits are available on income earned by them on account of the exports from the SEZs, provided they commence operations in the SEZs on or before March 31, 2021, if necessary approvals have been received by March 31, 2020. This may result in SEZs becoming less attractive for tenants in the future.

Further, some of our Asset SPVs have made applications for de-notifying certain land parcels notified as SEZs and hence they will be eligible to avail lower fiscal incentives than what were previously available to them, which may adversely affect our business, results of operations and financial condition.

23. Due to various regulatory and other restrictions, we may not be able to successfully meet financing requirements for completion of construction of Under Construction Area, construction of Future Development Area and for refurbishments, renovation and improvements beyond our current estimates

Our inability to raise adequate finances may adversely affect our business, results of operations and cash flows.

24. Liquidity in the credit market has been constrained due to market disruptions, including due to the COVID-19 pandemic, which may make it costly to obtain new lines of credit or refinance existing debt. As a result of the ongoing credit market turmoil, we may not be able to refinance our existing indebtedness or to obtain additional financing on attractive terms. Further, adverse economic conditions could negatively affect commercial real estate fundamentals and result in lower occupancy, lower rental rates and declining values in our Portfolio and in the collateral securing any loan investments we may make.

25. Our ability to make distributions to unitholders could be adversely affected if expenses increase due to various factors. Also, any adverse tax changes or withdrawal of tax benefits may adversely affect our financial condition and results of operation.

Any maintenance or refurbishment may result in disruption of operations and it may not be possible to collect the full or any rental income on area affected by such renovations and refurbishment of our assets.

26. The restrictive covenants under the financing agreements, entered or to be entered into with various lenders or investors, from time to time, include or could include, among others, obtaining prior consent of the lenders (i) for change in the capital structure, (ii) for amendment of constitutional documents, (ii) for declaration of dividends/ distribution of profits in case of defaults, (iii) for incurring further indebtedness against the security provided, and (iv) for providing surety or guarantee to any third party. These or other limitations may adversely affect our flexibility and our ability to make distributions to our unitholders.

27. We are not fully insured against some business risks and the occurrence of accidents that cause losses in excess of limits specified under our policies, or losses arising from events not covered by our insurance policies, such as damage caused to our property and equipment due to war, which could adversely affect our business and results of operations.

    While we believe that we have industry standard insurance for our Portfolio, if a fire or natural disaster substantially damages or destroys some or all of our assets in the Portfolio, the proceeds of any insurance claim may be insufficient to cover any expenses faced by us, including rebuilding costs.

28. Under the REIT Regulations, a REIT is required to hold assets acquired by it for a period of three years from the date of purchase and in case of under-construction properties or under-construction portions of existing properties acquired by it, three years from the date of their completion. Additionally, any sale of property or shares of Asset SPVs exceeding 10% of the value of the REIT assets will require prior approval of the Unitholders. These factors could have an adverse effect on our business, financial condition and results of operations.

29. Any disagreements with our collaborators or joint venture partners or any delay or failure to satisfy the terms and conditions set-out in the binding agreements with such collaborators or the joint-venture partners, may adversely impact our business and operations.

30. We do not own the trademarks or logos for “Mindspace”, “Mindspace Business Parks”, “K Raheja Corp”, “Commerzone” “CAMPLUS” and “The Square” that are associated with our Portfolio. Further, we do not own the trademark or logo for “Mindspace Business Parks REIT” and “Mindspace REIT”. These trademarks and logos are licensed to our Asset SPVs, the Manager and us, as applicable, by the Sponsors or Sponsor Group entities who are either the registered owners of these trademarks and logos or have made applications for registered ownership some of which are pending. We may not be able to prevent infringement of the trademark, and a passing off action may not provide sufficient protection. Accordingly, we may be required to litigate to protect our trademark and logo, which could be time consuming and expensive and may adversely affect our business and results of operations.

31. Our Asset SPVs may, in the future be exposed to a variety of risks associated with development of an Integrated IT Township, which may adversely affect our business, results of operations and financial condition.

32. Land is subject to compulsory acquisition by the government and compensation in lieu of such acquisition may be inadequate. Additionally, we may be subject to conditions of use or transfer of land wherever such land is subject to orders under the Urban Land (Ceiling and Regulation) Act, 1976.

# Material Litigations and Regulatory Actions

## Brief details of material litigations and regulatory actions as at the year ended March 31, 2021

As required under Clause 13 of Schedule III of the REIT Regulations, this note discloses (i) all pending title litigation and title related irregularities pertaining to the Portfolio and (ii) details of all pending criminal matters, regulatory actions and civil/ commercial matters against Mindspace REIT, the Sponsors, the Manager or any of their Associates, the Sponsor Group and the Trustee (collectively, “**Relevant Parties**”). Only such pending civil/ commercial matters against the Relevant Parties have been disclosed where amount involved are in excess of the materiality thresholds disclosed below. In addition to the above, other pending civil/ commercial proceedings by the Asset SPVs and Sponsor Group (excluding the Sponsors) which are considered material by the Manager, have been disclosed.

Further, all pending direct tax, indirect tax and property tax matters against the Relevant Parties have been disclosed in a combined manner.

Based on various relevant considerations, including the statutory filings with the relevant registrar of companies and legal and accounting advice received, it has been determined that control across KRC group entities is exercised only collectively (jointly, and not severally) by all the shareholders / interest-holders belonging to the KRC group, of the respective entity. However, solely for the purposes of disclosure herein, details of all LLPs/companies of the KRC group, where the Sponsor(s) is/are shareholder(s)/interest holder(s) (which, however, are controlled collectively and jointly by all KRC group shareholders/interest holders in such LLPs/companies) have been considered. Therefore, solely for the purpose of disclosures herein and no other purpose, including, applicable law relating to such other purpose, all pending criminal matters, regulatory actions and civil/ commercial matters against these entities where amount involved are in excess of the materiality thresholds set out herein have been disclosed. Further, all pending direct tax, indirect tax and property tax matters against these entities have been disclosed in a combined manner.

All disclosures are as of March 31, 2021.

### I. MATERIAL LITIGATION AND REGULATORY ACTIONS PENDING INVOLVING MINDSPACE REIT AND THE ASSET SPVS

As of March 31, 2021, Mindspace REIT does not have any pending criminal matters or regulatory actions against it, or any material civil/ commercial litigation pending involving it.

For the purpose of pending civil/ commercial litigation against Mindspace REIT and the Asset SPVs, such matters where value exceeds 1% of the consolidated profit after tax of Mindspace REIT as of March 31, 2021 have been considered material and proceedings where the amount is not determinable but the proceeding is considered material by the Manager from the perspective of Mindspace REIT, have been disclosed. In addition to the above, pending civil/ commercial proceedings by Mindspace REIT or the Asset SPVs which are considered material by the Manager have been disclosed.

**A. Avacado**

**(i) Title litigation and irregularities**

1. Nusli N. Wadia (“**Plaintiff**”) filed a suit (“**Suit**”) before the Bombay High Court (“**High Court**”) against Ivory Properties, Mr. Ravi C. Raheja, Mr. Neel C. Raheja, Mr. Chandru L. Raheja, Inorbit Malls, Avacado and others (“**Defendants**”) pertaining to inter alia revocation of the registered agreements for sale of certain buildings, including the registered agreements executed in favour of Avacado for acquiring buildings viz. Paradigm constructed on demarcated portion of the land located at Mindspace Malad project, and demolishing of the building Paradigm located at Mindspace Malad project. The Plaintiff’s claim with regard to Avacado is restricted to its transaction relating to Paradigm building constructed on the demarcated portion of land located at Mindspace Malad project and does not extend to the equity shares of Avacado or any other assets held by Avacado.

   The Suit was filed inter alia alleging certain insufficient payment to the Plaintiff, breach and non-adherence of the project agreement of 1995 entered into between the Plaintiff and Ivory Properties in respect of certain land situated at Malad West and Kanheri, including the demarcated portion of the land on which building Paradigm is constructed in Mindspace Malad project (“**1995 Agreement**”), and pertaining to sale of certain buildings inter alia on ground of sale of such buildings to alleged related parties. The Plaintiff sought inter alia (i) orders of declarations and permanent injunctions relating to the termination of the 1995 Agreement, (ii) the termination of some of the registered agreements and memorandums of understanding entered between the Plaintiff, Ivory Properties and purchasers in respect of some of the buildings constructed on the demarcated portions of land in Malad (including the building viz. Paradigm located at Mindspace Malad project), (iii) demolishing of such buildings and (iv) damages from Ivory Properties, Mr. Ravi C. Raheja, Mr. Neel C. Raheja and Mr. Chandru L. Raheja to the extent of ₹ 3,509.98 million along with interest. A notice of motion was also filed by the Plaintiff seeking interim and ad-interim reliefs for inter alia appointment of receiver for buildings sold by the Plaintiff and Ivory Properties to various Defendants (including Avacado), restraining Ivory Properties and other Defendants (including Avacado) from alienating, encumbering or parting with possession of the building and restraining Ivory Properties and other Defendants (including Avacado) from dealing with (including renewal of leases / licenses) or creating fresh leases / licenses in respect of the buildings, and from receiving or recovering any sum in respect thereof by way of rent, license fee or

compensation for occupation, or if received or recovered be directed to deposit the said rent, license fee or compensation to the High Court. No ad-interim relief was granted to the Plaintiff.

The Defendants filed replies inter alia stating that the Suit is barred by limitation and that the transactions under the registered documents are genuine and in accordance with the 1995 Agreement and that the Plaintiff had deliberately made false and defamatory comments to cause damage to the reputation of the Defendants inter alia to pressurize Ivory Properties and its directors into meeting the Plaintiff's demands for unjustifiable amounts beyond what is payable under the 1995 Agreement. Further, Ivory Properties has also filed a counter-claim for various reliefs relating to specific performance of the 1995 Agreement and refund of ₹ 16 million with interest paid to the Plaintiff, and in the alternative for payment of estimated damages of ₹ 6,091.40 million inter alia towards loss of profit from the balance development potential and ₹ 5,000 million along with interest for compensation towards defamation.

The High Court, by its orders dated September 19, 2013 and September 20, 2013, framed the issue of limitation under section 9A of the Civil Procedure Code, 1908, as a preliminary issue of jurisdiction and directed the Plaintiff to file affidavit of evidence. Aggrieved, the Plaintiff challenged the orders of the High Court by filing a special leave petition ("**SLP**") in the Supreme Court of India. The Supreme Court of India, by an order dated October 8, 2013, stayed further proceedings with regards to the Suit filed in the High Court, till further orders. Thereafter, the Supreme Court of India, by its order dated August 25, 2015, referred the SLP to a three-judge bench. Subsequently, the Supreme Court of India disposed of the SLP by an order dated December 12, 2018 as infructuous in view of deletion of Section 9A of Civil Procedure Code by the Maharashtra Act 61 of 2018 with liberty to apply in case the need arises.

The Plaintiff filed an application before the Supreme Court of India to restore the original SLP by cancelling the order dated December 12, 2018 in view of further amendment the Code of Civil Procedure (Maharashtra Amendment) Act, 2018. By its judgment dated October 4, 2019, it was held by the three judge bench of Supreme Court of India that Section 9A of Civil Procedure Code by the Maharashtra Act 61 of 2018 cannot be decided as a preliminary issue as to jurisdiction. The Supreme Court of India has directed for the matters to be placed before the appropriate bench for consideration on merits. The notice of motion for interim relief and the Suit are pending for the final hearing before the High Court.

Separately, in relation to a transaction of divestment by the KRC group of their shareholding in respect of one of its group company, the Plaintiff, through his advocates & solicitors, had addressed certain letters, including to KRCPL, CCI and the merchant bankers acting in that transaction. The Plaintiff had also issued caution public notice dated October 1, 2016, cautioning the public about the risks and consequences in dealing with the suit property. The allegations and averments have been responded by KRCPL and the merchant bankers and the transaction of divestment was completed.

Further, the Plaintiff, through his advocates, addressed a letter dated February 13, 2020, including to Mindspace REIT, the Manager, the Trustee, the Sponsors, Avacado, Mr. Ravi C. Raheja, Mr. Neel C. Raheja, Mr. Chandru L. Raheja, Ivory Properties and KRCPL, expressing his objection to the proposed Offer and any actions concerning the building at Paradigm Mindspace Malad. The allegations and averments made by the Plaintiff have been responded by parties concerned. No further correspondence has been received.

### (ii) Criminal matters

There are no pending criminal matters against Avacado.

### (iii) Regulatory actions

1. The Income Tax Department had issued a warrant dated November 29, 2017 under Section 132 of the Income Tax Act, 1961 against Avacado, Gigaplex, Intime, KRIT, MBPPL, Sundew, Mr. Ravi C. Raheja, Mr. Neel C. Raheja, Mr. Chandru L. Raheja, Chalet Hotels, Genext, Inorbit Malls, KRCPL, Stargaze, Shoppers Stop and others ("**Parties**"). Pursuant to the Warrant, the Income Tax Department carried out a search on November 30, 2017. The search covered various matters for which notices were already issued from time to time. The search was concluded on December 6, 2017 at the office and residence of the Parties. Pursuant to the search, the Income Tax Department issued notices to each of the Parties under Section 153A of the Income Tax Act, 1961, directing them to prepare and furnish true and correct returns of total income for assessment years from 2012-13 to 2017-18 within a stipulated timeline from the date of service of the notices and these returns have been furnished before the Income Tax Department. Further, the Income Tax Department issued notices under Section 142(1)/143(2) of the Income Tax Act, 1961 for assessment years 2012-13 to 2017-2018/2018-19, to the Parties seeking certain information. These details have been furnished before the Income Tax Department by the Parties from time to time.

   Pursuant to the block assessment proceedings, Avacado received orders under Section 143(3) read with Section 153A of the Income Tax Act, 1961 for the assessment years of block assessment period (ranging from assessment years 2012-2013 to 2017-2018) and under Section 143(3) of the Income Tax Act 1961 for assessment years 2018-19, for an aggregate demand of ₹ 43.74 million. Avacado filed rectification applications and appeals which are pending before the relevant authority. Certain rectification applications have been processed by the relevant authority granting an aggregate refund of ₹ 99.78 million.

2. MPCB allegedly issued a show cause notice dated November 11, 2016 ("**First SCN**") to Avacado for alleged failure in obtaining no objection/ permission from the CGWA for extraction of ground water in respect of the Paradigm Mindspace project. MPCB served a show cause notice dated March 14, 2017 on Avacado, referring to the First SCN stating that the First SCN was issued pursuant to the directions given to MPCB and CGWB by the National Green Tribunal judgement dated January 11, 2016 and November 8, 2016 (in the matter of Asim Sarode V/s District Collector, Nanded and others, where Avacado was not a party) to jointly prepare a list of industries and infrastructure projects which require permission for extracting ground water and to issue directions for closure of such industries and infrastructure projects for whom the default persists. By letter dated April 6, 2017, Avacado responded to MPCB inter alia stating that (a) there is no requirement for Avacado to apply for or obtain NOC from CGWA, as Avacado does not appear in the list of industries and infrastructure projects which require permission for extracting ground water as published on the MPCB website; (b) Avacado does not withdraw ground water at the Paradigm Mindspace Malad project; and (c) the First SCN was not received by Avacado. No further correspondence has been received.

3. The Office of Tehsildar, Borivali ("**Tehsildar**") issued demand notices dated February 5, 2021 and dated March 2, 2021 under provisions of Maharashtra Land Revenue Code, 1966 to Ivory Properties and others for retrospective payment of non-agricultural tax ("**NA Tax**") of ₹ 52.63 million. The demand notices were issued pursuant to the letter dated February, 5, 2021 of the Collector (Mumbai Suburban Office) ("**Collector**"), wherein it was recorded that all urban lands in state being used for non-agriculture purpose, NA Tax assessment had been stayed for the period August 1, 2006 to July 31, 2011 till the revised guidelines were finalized as per government letter NAP0311/CR28/L5 dated August 24, 2011 and that as per Government of Maharashtra decision dated February 5, 2018, the stay was lifted. Ivory Properties vide letter dated March 30, 2021 has denied the quantification and leviability of the NA Tax assessment with retrospective effect and has requested the Tehsildar not to take any coercive action, without giving a reasonable opportunity to file a reply. Ivory Properties also tendered, without prejudice, an 'on account' deposit of a sum of ₹ 3.00 million to the Office of Tehsildar, without admitting or accepting any liability.

### (iv) Material civil/commercial litigation

There are no other material civil/commercial litigation involving Avacado.

## B. Gigaplex

### (i) Title litigation and irregularities

1. Baburam Ramkishan Yadav ("**Baburam**"), president of Universal Education Society ("**UES**"), filed a suit and injunction application before the Court of Civil Judge (J.D.) Vashi at C.B.D. ("**Civil Court Vashi**") seeking injunction restraining Gigaplex from encroaching upon land admeasuring approximately 500 square meters on which a school is operated by UES ("**Suit Property**"), which is in the Mindspace Airoli West admeasuring approximately 202,300 square meters ("**Larger Land**").

   Gigaplex denied the claims stating that inter alia Gigaplex was a lessee of MIDC in respect of the Larger Land, and that Baburam has illegally encroached upon about 250 square meters on the eastern boundary of the Larger Land. By its order dated August 20, 2018, the Civil Court rejected the injunction application ("**Order**"). Baburam has challenged the Order before the Court of District Judge Thane. The suit and appeal filed by Baburam are currently pending before the relevant courts.

   Gigaplex filed a suit against UES and MIDC before the Court of Civil Judge (Senior Division) Thane at Thane ("**Civil Court Thane**"), inter alia for possession of 569.80 square metres or such area as may be found in unauthorized occupation of UES, damages of ₹ 10.80 million, mesne profits of ₹ 0.30 million per month till the recovery of possession and injunction to restrain from further trespassing on the land at Mindspace Airoli West. Subsequently, Gigaplex also filed an injunction application before the Civil Court Thane seeking, inter alia, a temporary injunction to restrain Universal Education Society, its trustees, office bearers etc. from trespassing and encroaching the Suit Property and the adjacent plot of land leased by MIDC to Gigaplex. In an interim application for injunction filed by Gigaplex, a status quo order was passed on July 26, 2019 by the Civil Court Thane. The status quo was continued by the Civil Court Thane till the final decision in the matter, through its order dated March 5, 2020, disposing of the injunction application. The suit is currently pending before the Civil Court Thane.

   Baburam also filed a complaint before Rabale police station, Navi Mumbai, against a security guard in charge of Gigaplex for allegedly threatening him and damaging of a display board at the Suit Property. Baburam also issued a letter addressing the Commissioner of Navi Mumbai, the Police Commissioner of Navi Mumbai, the Chief Minister of Maharashtra and others, for harassment by security personnel of Gigaplex in the Suit Property. No action has been taken against Gigaplex in this regard.

### (ii) Regulatory actions

1. The Joint Director of Industries, Government of Maharashtra ("**JDI**") had issued a letter of intent dated July 26, 2007 ("**LOI**") to B. Raheja Builders Private Limited (now, Gigaplex Estate Private Limited) for establishing and registering an IT software unit for 'Software Development'. Subsequent to the letter from JDI, MIDC, by its letter dated June 30, 2009, intimated Gigaplex to register as an IT Park, being a private developer. Thereafter, the JDI, by its letter dated May 16, 2016 ("**JDI Letter**"), sought clarification from Gigaplex in relation to non-registration of the IT software unit within the stipulated timeline and sought to initiate action against Gigaplex under the IT/ ITES policy. Gigaplex was in the process of completing the endorsement of the lease deed dated November 1, 2007 executed with MIDC in relation to the Mindspace Airoli West project, for payment of stamp duty, which remained with the relevant revenue authorities for endorsement, for submission to JDI. The lease deed was endorsed by the revenue authorities on September 11, 2019. By its letter dated October 9, 2019 to the JDI, Gigaplex has responded to the JDI Letter inter alia stating that (a) the land was granted by MIDC under lease deed dated November 1, 2007 for proposed I.T. software unit (Software Development), but due to recession and other reasons, the erstwhile management of B. Raheja Builders Pvt. Ltd. decided to pursue development as private IT Park (instead of software development) with due approval of the Director Industry, IT, pursuant to the NOC issued by MIDC; (b) accordingly, Gigaplex has developed the land as private IT Park; and (c) Gigaplex also voluntarily approached the stamp authorities and paid the full stamp duty and registration fees in relation to the lease deed, and (d) the development of private IT Park was undertaken

with due approval of Director of Industry (IT), Maharashtra and no benefit was received by it under the IT/ITES policy. No further correspondence has been received.

2. The Income Tax Department had issued a warrant dated November 29, 2017 under Section 132 of the Income Tax Act, 1961 against Gigaplex and others. For details, see "Material litigation and regulatory actions pending against Mindspace REIT and the Asset SPVs – Avacado – Regulatory Actions". Pursuant to the block assessment proceedings, Gigaplex received orders under Section 143(3) read with Section 153A of the Income Tax Act, 1961 for the assessment years of block assessment period (ranging from assessment years 2012-2013 to 2017-2018) for an aggregate demand of ₹ Nil. Gigaplex has filed rectification applications and appeals which are pending before the relevant authority. Certain rectification applications have been processed by the relevant authority granting an aggregate refund of ₹ 29.56 million. The assessment proceeding for the assessment year 2018-2019 is ongoing.

3. Maharashtra State Electricity Distribution Company Limited ("**MSEDCL**") filed a petition dated October 16, 2018 against Maharashtra State Load Despatch Centre, wherein electricity distribution companies in Maharashtra including, MBPPL and Gigaplex (which hold electricity distribution licenses) and others, were impleaded as parties, before Maharashtra Electricity Regulatory Commission ("**MERC**") seeking payment of alleged past dues, removal of anomalies and directions regarding over-drawal of electricity. Through its final common order dated September 26, 2019, MERC partly allowed MSEDCL's prayer against which MSEDCL and one of the electricity distributions companies have filed separate appeals before the Appellate Tribunal for Electricity ("**APTEL**"). Pursuant to an order dated December 18, 2019, the APTEL instructed that notices be issued to respondents in the appeal, including Gigaplex and MBPPL. By an order dated September 15, 2020, interim applications for condonation of delay in filing the appeals were allowed. The appeals are pending before the APTEL.

## C. Horizonview

### (i) Title litigation and irregularities

1. An enquiry notice was issued by District Revenue Officer, Thiruvallur ("**DRO**") and Additional District Judge to W.S. Industries (India) Limited ("**WSIIL**"), an erstwhile owner of a land parcel admeasuring approximately 46.04 acres ("**Suit Land**") of which a portion admeasuring approximately 6.16 acres was acquired by RPIL. RPIL has granted development rights to Horizonview over such land in relation to the Commerzone Porur project. Horizonview is not a party to the proceedings.

   The DRO issued an enquiry notice dated May 25, 2017 ("**Notice**") to WSIIL calling for an enquiry to be conducted before the District Revenue Officer cum Additional District Judge at the District Collector Office on the basis of a complaint presented by P. Jeyapal S/o R. Perumalsamy ("**Jeyapal**") alleging that land have been handed over to WSIIL on certain conditions, and instead of using the land for common purpose, WSIIL has been using the land for commercial purpose. Aggrieved, WSIIL has filed a writ petition before the Madras High Court against the DRO and Jeyapal, seeking directions for quashing the Notice. The Madras High Court, by its order dated June 5, 2017, has granted interim stay on proceedings under the Notice. The matter is currently pending before the Madras High Court.

2. Based on legal advice received, the following documents granting development rights in favor of Horizonview for the purposes of constructing an IT Park, have not been registered:

   a. The development agreement, dated November 7, 2006, executed by RPIL, the owner of the land and Horizonview ("**Development Agreement**");

   b. The award dated March 22, 2016, passed by the arbitrator in relation to disputes between RPIL and Horizonview in relation to the Development Agreement ("**Award**");

   c. The letter dated May 18, 2017 executed between RPIL and Horizonview; and

   d. The written arrangement dated February 20, 2019, executed by RPIL and Horizonview modifying the terms of the Development Agreement and the Award.

### (iii) Regulatory actions

1. The Income Tax Department had issued a warrant dated November 29, 2017 under Section 132 of the Income Tax Act, 1961 against Intime and others. For details, see "Material litigation and regulatory actions pending against Mindspace REIT and the Asset SPVs – Avacado – Regulatory Actions". Intime has received notice dated November 27, 2019 under Section 153A of the Income Tax Act, 1961, to file its income tax return for assessment year 2008-09 within seven days from the date of service of notice and the return has been filed with the Income Tax Department and the assessment proceeding is ongoing. Pursuant to the block assessment proceedings, Intime received orders under Section 143(3) read with Section 153A of the Income Tax Act, 1961 for the assessment years of block assessment period (ranging from assessment years 2012-2013 to 2017-2018) and under Section 143(3) of the Income Tax Act, 1961 for the assessment year 2018-2019 for an aggregate refund of ₹ 226.18 million. Intime has filed rectification applications which are pending before the relevant authority.

2. Intime had completed construction of its building 5B in Mindspace Madhapur project ("**Building**") without obtaining Environment Clearance ("**EC**") on account of lack of clarity at the relevant time with respect to classification of the relevant area forming part of Intime. Intime has filed a sou-moto application dated September 9, 2017 ("**EC Application**") under a regularization scheme notified by MoEF vide notification dated March 14, 2017 for cases relating to construction without the requisite environment clearance for regularization of the Building. The aforesaid application was considered as a case of violation and the State Level Environment Impact Assessment Authority ("**SEIAA**") issued 'Standard Terms of Reference' issued by the MoEF, along with certain 'Specific Terms of Reference' ("**TOR**") which included, among others, obligation on the state government/ state pollution control board to take action against the project proponent under the provisions of section 19 of the Environment (Protection) Act, 1986. As per the terms of the TOR, the Telangana State Pollution Control Board ("**TSPCB**") issued letter dated December 16, 2020 ("**Letter**") to Environment Engineer ("**EE**"), with a copy to Intime, directing EE to ensure immediate stoppage of construction work and to enquire and take necessary action on alleged violation of the EIA Notification, 2006 against Intime under the provisions of the Environment Protection Act, 1986. Accordingly, the EE filed complaint in the Court of the Hon'ble IX Metropolitan Magistrate, Cyberabad at Kukatpally ("**MM Court**") against Intime under the Environment Protection Act, 1986 read with Criminal procedure Code ("**Cr. PC**") for the offence under the Environment Protection Act, 1986. The MM Court found Intime punishable for offense of Environment Protection Act, 1986 and accordingly imposed a payment of ₹ 25,000 for the offense. Intime has made payment of a sum of ₹ 25,000 to the MM Court. SEIAA considered the above matter of Intime in its meeting and has approved the issuance of EC subject to submission of bank guarantee of ₹ 3.39 million by Intime for implementation of certain remedial and augmentation plans, along with detailed action plan for implementation. Intime has submitted letter to the Member Secretary SEIAA, requesting to share bank guarantee format along with details of beneficiary for submission of bank guarantee.

3. For other pending regulatory actions against Intime, see "Material litigation and regulatory actions pending against Mindspace REIT and the Asset SPVs – KRIT– Regulatory actions".

### (iv) Material civil/commercial litigation

## E. KRIT

### (i) Title litigation and irregularities

1. Softsol India Limited ("**Softsol**") and others ("**Petitioners**") have filed writ petition on February 8, 2013 in the Hyderabad High Court ("**Court**") against KRIT (wrongly named as M/s. K Raheja Corporation) and others ("**Respondents**") inter alia seeking declaration (a) that the allotment of land admeasuring approximately 4,500 square yards (3,763 square metres) ("**Suit Land**") of land adjacent to Softsol's plot is illegal and (b) for handover of the same to the Industrial Area Local Authority ("**IALA**"), being one of the Respondents, for developing the Suit Land as a common facility centre / area / park for general use by software companies. The Suit Land is part of the land admeasuring approximately 110 acres allotted by the Government of Andhra Pradesh to KRIT for the Mindspace Madhapur project.

   By an ex-parte interim stay order dated February 11, 2013 ("**Stay Order**"), it was inter alia directed by the Court that, no construction activity shall be undertaken or continued over the triangular piece of 2 acres 40 cents of land earlier identified at the time of allotment as 'Common Facility Centre' in the software layout. IALA and APIIC have filed affidavits opposing the writ petition, confirming the allotment and rights of KRIT in the Suit Land, and for vacating the Stay Order. The matter is pending before the Court.

   Greater Hyderabad Municipal Corporation ("**GHMC**") had filed an application in the Court for clarification that the Stay Order does not preclude GHMC from acquiring a portion of 0.14 acres (approximately 567 square meters) for road widening. Subsequently, GHMC has acquired the portion of land and constructed the road.

### (ii) Criminal matters

1. Sharmin Habib ("**Complainant**") lodged a first information report ("**FIR**") on October 10, 2017 with the Madhapur Police Station alleging that certain staff members of the Raheja Group ("**Accused**") prevented the Complainant and a staff from entering the premises for conducting the business of a day care centre in the name of Kidz Paradise in Building No. 2.B, Mindspace Madhapur (KRIT), and harassed them. The concerned investigating officer has filed final report dated November 16, 2017 of the matter before the Metropolitan Magistrate, Kukatpally at Miyapur, Cyberabad ("**Court**"), stating inter alia that while there was a rental dispute between the Complainant and the Accused which was pending in the Court, the particular incident was in relation to a regular security aspect of access in the IT Park being allowed on showing identity card, whereas Complaint tried to enter without showing identity card. The investigating officer also reported that the Complainant did not comply with the notices under Section 91 of the Criminal Procedure Code, and that no such incident had occurred as alleged by the Complainant. The investigating officer further recorded that the complaint was filed on completely flimsy grounds and filed the final report before the Court recommending closure of the case on basis of lack of evidence. The matter is currently pending.

### (iii) Regulatory actions

1. The Comptroller and Auditor General of India ("**CAG**") had issued a report on public sector undertakings for the year ended March 2016 ("**CAG Report**") where certain audit observations were made with respect to certain public sector undertakings including: (a) a low rate of return on investments made by APIIC (now, TSIIC) in KRIT; (b) allocation of the development and construction of complexes for IT and ITES companies to K. Raheja Corporation Private Limited by the erstwhile Government

of Andhra Pradesh ("**GoAP**") without adopting a due tender process; (c) transfer of certain portion of land to non-IT/ITES sister companies of the KRC group, namely, Trion Properties Limited – Inorbit Malls and Chalet Hotels– Westin Hotel at a discounted price, in violation of GoAP directions dated August 11, 2003 and without prior consultation with APIIC, pursuant to the demerger of KRIT. KRIT responded to the observations under the CAG report by its letter dated September 21, 2017 submitting its issue-wise detailed explanations and explaining various factual inaccuracies in respect of the said observations under the CAG Report, denying the irregularities and deficiencies. No further correspondence has been received.

2. KRIT had proposed a rights issue of shares in which Andhra Pradesh Industrial Infrastructure Corporation ("**APIIC**") (now, TSIIC) abstained from subscribing to the rights shares. Consequently, upon closure of the rights issue subscription by the other shareholders of KRC group, the stake of APIIC in KRIT reduced from 11%. Thereafter, upon demerger of certain undertakings of KRIT into Intime and Sundew, the APIIC's stake reduced in each of these entities instead of what it was initially at 11%. Such rights issue of shares was undertaken in compliance with applicable law and agreement between the parties, and after KRIT had waited over one year for APIIC to decide.

   Subsequently, APIIC / GoAP disputed such dilution of their stake in KRIT, Intime and Sundew, which led to an inquiry by Vigilance and Enforcement Department of GoAP against the Government Officials and correspondingly, KRIT. APIIC issued a letter dated July 10, 2012 to KRIT, referring to a report of vigilance and enforcement department ("**VED Report**") in relation to the Mindspace Madhapur project. Subsequently, the equity stake of APIIC was restored to 11% in KRIT, Intime and Sundew together with compensating APIIC for any loss of corporate benefits in the intervening period. The VED Report alleged certain irregularities, which include alleging a financial loss to APIIC and GoAP pursuant to sale of the land to its sister concerns and sale of constructed area, at a nominal price, dilution of 11% equity stake of APIIC and loss of immovable asset base to APIIC due to the dilution of equity.

   KRIT denied such irregularities, violations or financial loss caused to APIIC /GoAP. While denying the loss alleged by APIIC, KRIT, Intime and Sundew provided a joint undertaking dated February 14, 2014 to APIIC inter alia undertaking (i) to pay the amounts to APIIC in respect of APIIC's claim of losses, due to any differences in values pertaining to the sale transactions in Mindspace Madhapur project; (ii) that payments shall be made by KRIT within 30 days of receipt of such written demand from APIIC; and (iii) that KRIT shall be bound by the decision of APIIC and comply with the same within the stipulated timelines.

   KRIT has further provided an undertaking dated October 24, 2016 to APIIC, inter alia undertaking to pay losses incurred by Government of Telangana /APIIC as per the VED Report and to maintain the agreed shareholding of the Government of Telangana or APIIC in KRIT, Intime and Sundew post conversion of KRIT to public limited company and the Government of Telangana/ APIIC will not be required to infuse additional funds to maintain its equity stake in KRIT, Intime and Sundew.

   While KRIT has attempted to make payments to the extent of the loss incurred by APIIC along with interest, by letter dated April 23, 2019, APIIC has confirmed to KRIT that it will be informed about the quantum of the amount to be paid, once the quantum of loss is determined by an independent third party appointed for such purpose. KRCPL, by way of its letter dated December 9, 2019, has undertaken that it shall assume any financial liability that KRIT, Intime or Sundew may incur in this behalf.

3. The Income Tax Department had issued a warrant dated November 29, 2017 under Section 132 of the Income Tax Act, 1961 against KRIT and others. For details, see "Material litigation and regulatory actions pending against Mindspace REIT and the Asset SPVs – Avacado – Regulatory Actions". Pursuant to the block assessment proceedings, KRIT received orders under Section 143(3) read with Section 153A of the Income Tax Act, 1961 for the assessment years of block assessment period (ranging from assessment years 2012-2013 to 2017-2018) and under Section 143(3) of the Income Tax Act, 1961 for assessment year 2018-2019, for an aggregate demand of ₹ 1,655.54 million. KRIT has filed rectification applications and appeals which are pending before the relevant authority.

4. KRIT had completed construction of its building 1A, 1B, 2A, 2B, 3A, 3B, 4A, 4B and 10 in Mindspace Madhapur project (collectively "**Buildings**") without obtaining Environment Clearances ("**ECs**") on account of lack of clarity at the relevant time with respect to classification of the relevant area forming part of the KRIT. KRIT has filed four sou-moto applications dated September 7, 2017 and one suo moto application dated September 9, 2017 ("**EC Applications**") under a regularization scheme notified by MoEF vide notification dated March 14, 2017 for cases relating to construction without the requisite environment clearance for regularization of the Buildings. The aforesaid applications were considered as cases of violation and the State Level Environment Impact Assessment Authority ("**SEIAA**") issued 'Standard Terms of Reference' issued by the MoEF, along with certain 'Specific Terms of Reference' ("**TORs**") which included, among others, obligation on the state government/ state pollution control board to take action against the project proponent under the Environment (Protection) Act, 1986. As per the terms of the TORs, the Telangana State Pollution Control Board ("**TSPCB**") issued five letters, each dated December 16, 2020 ("**Letters**") to Environment Engineer ("**EE**"), with a copy to KRIT, directing EE to ensure immediate stoppage of construction work and to enquire and take necessary action on alleged violation of the EIA Notification, 2006 against KRIT under the provisions of the Environment Protection Act, 1986. Accordingly, the EE filed 5 complaints in the Court of the Hon'ble IX Metropolitan Magistrate, Cyberabad at Kukatpally ("**MM Court**") against KRIT under the Environment Protection Act, 1986 read with the Criminal procedure Code ("**Cr. PC**") for the offence under the Environment Protection Act, 1986. The MM Court found KRIT punishable for offense under the Environment Protection Act, 1986 and accordingly imposed a payment of ₹ 25,000 for each offense. KRIT has made the requisite payment to the MM Court. SEIAA considered the above matters of KRIT in its meeting and has approved the issuance of ECs subject to submission of bank guarantee by KRIT of: (i) ₹ 3.95 million for Building 1A and 1B; (ii) ₹ 10.14 million for Building 2A and 2B; (iii) ₹ 4.41 million for Building 3A and 3B; (iv) ₹ 5.20 million for Building 4A and 4B; and (v) ₹ 5.44 million for Building 10 for implementation of certain remedial and augmentation plans, along with detailed action plan for implementation. KRIT has submitted letter to the Member Secretary SEIAA, requesting to share bank guarantee format along with details of beneficiary for submission of bank guarantees.

### (iv) Material civil/commercial litigation

1. KRIT filed an arbitration application on September 21, 2015 before the Hyderabad High Court ("**High Court**") against Premier Kinder Care Services Private Limited ("**Premier**"). KRIT prayed for appointment of sole arbitrator to resolve disputes between KRIT and Premier in relation to (a) the term sheet dated March 10, 2011 entered into between KRIT and Premier for grant of lease by the KRIT to Premier in respect of Unit No. 2 admeasuring 3171 sq. ft. in Building No.2B at Mindspace Madhapur (KRIT) ("**Premises**"); (b) failure of Premier in making payments of ₹ 11.42 million due on account arrears of rent, balance security deposit together with interest thereon and (c) to deliver the possession of the Premises to KRIT. The notice of the petition has been served on Premier by publication in newspapers, pursuant to the order of the High Court dated November 25, 2016. The High Court by its order dated March 11, 2020 allowed the application for appointment of sole arbitrator. The arbitrator was appointed. The matter is currently pending.

## F. KRC Infra

### (i) Title litigation and irregularities

1. Ashok Phulchand Bhandari has instituted a civil suit against Balasaheb Laxman Shivle and 29 others ("**Defendants**") alleging rights over a portion of land admeasuring approximately 0 hectares 44.15 ares (1.09 acres) ("**Suit Land**"), on which Gera Commerzone Kharadi is situated. KRC Infra is not a party to the suit and further, no summons from the Court have been received by KRC Infra till date. Gera Developments Private Limited, the original purchaser of the Gera Commerzone Kharadi land has also not been joined as a party to the suit.

   A Special Civil Suit no. 2102 of 2010 is filed by Ashok Phulchand Bhandari against the Defendants before the Civil Judge, Senior Division, Pune ("**2010 Suit**") with respect to the Suit Land seeking inter alia declaration, specific performance against the Defendants and a decree of permanent injunction restraining the Defendants from causing any construction or development on the Suit Land. Ashok Phulchand Bhandari has also challenged inter alia (a) the decree dated September 26, 2008 passed the Civil Judge, Senior Division, Pune, wherein the suit filed in 2005 by Tanhubai Amruta Pathare, (wife of late Amruta Tukaram Pathare, being one of the erstwhile co-owners of a portion of the Suit Land), through her legal heirs, against Popat Amruta Pathare, one of the Defendants ("**2005 Suit**"), was withdrawn on the basis of a compromise pursuis arrived at between the parties to the 2005 Suit and one of the Defendants; (b) registered partition deed / Vatanipatra dated September 15, 1993 pursuant to which Amruta Tukaram Pathare became entitled to a portion of land forming part of the Gera Commerzone land; and (c) will and testament dated January 19, 1995 executed by late Amruta Tukaram Pathare. Further, in view of the 2010 Suit, a notice of lis pendens dated April 10, 2015 was separately filed and registered by Ashok Phulchand Bhandari. The matter is currently pending.

2. The heirs of Balu Laxman Shivle have issued a notice to Gera Developments Private Limited in relation to claim over land admeasuring approximately 0 hectares 80.30 ares (1.98 acres) ("**Disputed Land**"), on which Gera Commerzone Kharadi is situated. No such notice has been received by KRC Infra.

   By a notice dated July 16, 2016 ("**Notice**"), the heirs of Balu Laxman Shivle viz. (a) Shobha Balu Shivle, (b) Hrishikesh Balu Shivle, (c) Om Balu Shivle, claimed their share in an area in the Disputed Land, being the share of late Amruta Pathare ("**Land Owner**"). It was also alleged that the registered sale deed dated February 12, 1996 executed in favor of Gera Developments Private Limited was executed without the signatures and consent of the wife and daughter of the Land Owner and that they did not receive any consideration on account of sale of the Disputed Land. By letters dated August 20, 2016 and January 23, 2017, Gera Developments Private Limited has replied to the Notice denying all allegations. No further correspondence has been received.

3. Rahul Bhausaheb Pathare, one of the legal heirs of an erstwhile owner of a portion of land forming part of the Gera Commerzone Kharadi land, through his legal counsel, ("**Claimant**") has issued a notice dated December 14, 2019 ("**Notice**") to Gera Developments Private Limited, KRC Infra and others alleging claim over an undivided portion of two lands parcels admeasuring approximately 0 hectares 40 ares (0.98 acres) and 1 hectare 68.6 ares (4.16 acres), respectively, ("**Disputed Lands**"), on which Gera Commerzone Kharadi is situated.

   The Claimant has alleged inter alia that (a) the Disputed Lands were the undivided property of the Hindu Undivided Family of Pathare family ("**Pathare HUF**"), and his consent / confirmation was not obtained for sale of the same in favour of Gera Developments Private Limited in the year 1996; (b) since the Claimant was a major at the time of execution of the sale deeds executed in the year 1996 in favour of Gera Developments Private Limited, his signature should have been obtained as a coparcener since, in the absence of any reason for sale of the Disputed Lands for the benefit of the Pathare HUF, the Karta of the joint family, Bhausaheb Kaluram Pathare (father of the Claimant), could not have executed the sale deeds on behalf of the joint family; (c) Gera Developments Private Limited has, through forgery, fraudulently added hand-written clauses, regarding right of way, to the sale deeds executed in its favor after the execution thereof; and (d) that the subsequent transactions in respect of the Disputed Lands, including inter alia sale of portions thereof in favor of KRC Infra, its mortgage by KRC Infra, leasing of buildings / premises constructed thereon in favor of various lessees, are illegal and not binding upon the Claimant, to the extent of his share in the Disputed Lands.

   The Claimant has also sought to take legal action against the addressees (including KRC Infra) in the event (a) any

further agreements / arrangements are entered into in respect of the Disputed Lands, and (b) of failure to revoke and cancel the deeds, documents and agreements executed inter se the addressees (including KRC Infra) to the extent of the Claimant's share in the Disputed Lands. KRC Infra, through its legal counsel, has by its letter dated December 24, 2019 sent an interim reply to the Notice inter alia denying the allegations made by the Claimant. KRC Infra, through its legal counsel, has by its letter dated June 29, 2020 sent a response to the Claimant stating inter alia that in absence of supporting documents received from the Claimant in support of his claim pursuant to the interim reply, the Notice stands withdrawn and his claim does not survive. No further correspondence has been received.

### (ii) Criminal matters

There are no pending criminal matters against KRC Infra.

## G. MBPPL

### (i) Title litigation and irregularities

1. Shrimant Chhatrapati Udayan Raje Pratapsinh Maharaj Bhonsale ("**Plaintiff**") has filed a suit before the Civil Judge Senior Division Pune ("**Civil Court**") against Shri Mukund Bhavan Trust ("**MBT**"), its trustees, and the State of Maharashtra ("**Defendants**") for declaration of title and possession of lands in Yerwada, Pune admeasuring approximately 322.7 acres ("**Suit Land**"); including approximately 25 acres 27 gunthas (approximately 1,03,940 square meters) ("**Commerzone Land**") of land in which units (approximate 1.68 msf of leasable area as per lease deeds) in Commerzone Yerwada, one of our Portfolio, are situated. MBT, as the owner of 79.32 acres land ("**MBT Land**"), had executed a registered development agreement in 2004 with KRCPL with respect to the Commerzone Land. Commerzone Yerwada land, which includes the rights in demarcated portions of the Commerzone Land, was transferred from KRCPL to MBPPL pursuant to the scheme of arrangement sanctioned on September 7, 2017). Neither KRCPL nor MBPPL is joined as a defendant to the suit.

   The Plaintiff is seeking, inter alia declarations and injunctions in his favour in relation to ownership and possession of the Suit Land and to set aside compromise decrees passed in (i) 1953 in Suit No. 152/1951; (ii) 1990 in Suit No. 1622/1988; and (iii) 2003 in Civil Appeal No. 787/2001; all in proceedings between MBT and the State of Maharashtra.

   The Plaintiff also filed an application for temporary injunction which is pending. No interim or ad-interim relief has been granted to the Plaintiff. MBT applied to the Civil Court for rejection of the plaint filed by the Plaintiff on the grounds of limitation, which was rejected by order dated April 29, 2014. MBT filed revision petition against the said rejection order, in the Bombay High Court, which was dismissed on April 26, 2016. MBT filed SLP No.18977 of 2016 against the said dismissal order, which is pending before the Supreme Court of India.

   The Plaintiff filed an application on March 9, 2015 in the Civil Court for amendment to the prayers in the suit, inter alia to limit the Plaintiff's claim for possession only with regard to vacant land in possession of the Defendants and lands alienated subsequent to the filing of the suit, and to seek compensation from MBT with regard to constructed units and alienated part of the Suit Land instead of seeking possession of the developed portion for which registered deed with regard to alienation were executed prior to the filing of the suit in 2009. The application for amendment of the plaint was rejected by the Civil Court by its order dated November 14, 2016. Aggrieved, the Plaintiff filed Writ Petition No. 4268/2017 in the Bombay High Court challenging the said order dated November 14, 2016, which is currently pending before the Bombay High Court.

   Two applications made by third parties, being M/s. Mahanagar Developers and M/s. Mahanagar Constructions for being joined as party defendants in the suit, were granted on November 14, 2016 by Civil Court. The Plaintiff challenged this order by filing Writ Petition No. 4415/2017 in the Bombay High Court. By a common order dated February 15, 2018 passed in the aforesaid two writ petitions (Nos. 4268/2017 and 4415/2017), the Bombay High Court requested the trial judge not to proceed in considering any interim application, till the adjourned date of hearing of these petitions. These matters are currently pending before the Bombay High Court.

   The Plaintiff registered a notice of lis-pendens dated July 7, 2011 in respect of the Suit No.133/ 2009 and applied for mutation in the revenue records. Purshottam M. Lohia, a trustee of MBT and Panchashil Tech Park Private Limited (an entity claiming certain rights in survey No.191A Yerwada village) ("**Panchashil**") opposed the mutation, which opposition was rejected. Panchashil filed appeal before the District Superintendent of Land Records and relied on the government notification dated September 21, 2017 directing revenue authorities to remove or cancel all mutations entries in respect of notice of lis-pendens ("**Notification**").

2. Ravindra Laxman Barhate filed complaint and revenue proceedings against Shri Mukund Bhavan Trust ("**MBT**") and others in relation to the allotment and exemption order under the Urban Land Ceiling Act, 1976 in respect of the MBT Land (as mentioned in para 1 above).

   A complaint was filed on November 27, 2015 by Ravindra Laxman Barhate with the Divisional Collector Pune and other authorities, against MBT and others (together, "**Respondents**") alleging tampering, cheating as also breach of terms and conditions by the Respondents inter alia with respect to order dated November 24, 2003 passed under Section 20(1) of the Urban Land Ceiling Act, 1976 in respect of the MBT Land at Yerwada, Pune ("**ULC Order**") and seeking action against the Respondents and cancellation of the ULC Order.

   MBT filed a writ petition before the Bombay High Court, for quashing any enquiry / investigation on the basis of the said complaint filed by Ravindra Laxman Barhate. By order dated March 5, 2018, the Bombay High Court has restrained the Additional Collector from passing any order on this complaint until the next hearing date. Through its order dated January 6, 2020, the Bombay High Court inter alia restrained the State of Maharashtra and certain other respondents from passing any order pursuant to the complaint filed on November 27, 2015 until disposal of the writ petition. The matter is currently pending.

   Ravindra Laxman Barhate also filed a Revenue Appeal No.1826/2015 before the Revenue Minister, State of Maharashtra ("**Revenue Minister**") against the Commissioner & Collector, Pune and MBT, challenging a report dated June 20, 2011 of the Divisional Commissioner, Pune ("**Report**") wherein MBT was stated to be the owner of the MBT Land(which include the demarcated portions of the land pertaining to Commerzone Yerwada); inter alia to set aside the Report, pass an order directing the relevant authorities to submit a new inquiry report and restrain the purchase-sale, construction on the disputed land. By way of order dated September 23, 2015, the Revenue Minister ordered that status quo be maintained as regards the record of the suit property.

   MBT had filed a writ petition challenging the order dated September 23, 2015 passed by the Revenue Minister. Since the State Government of Maharashtra withdrew the said order dated September 23, 2015, stating that the pending proceedings will be heard by the Principal Secretary, Revenue Department, the said writ petition was disposed of by order dated October 28, 2015 as not surviving while keeping open all contentions of both the parties on merits. MBT challenged the said Order dated October 28, 2015 in the Supreme Court of India ("**Court**") inter alia on the ground of maintainability of such proceedings before the Principal Secretary, Revenue Department. By order dated January 21, 2016, the Supreme Court of India has stayed the proceedings pending before the Principal Secretary, Revenue Department. The matter is currently pending before the Court.

3. The Office of the Land Reforms Tribunal & Revenue Divisional Officer, Hyderabad ("**Tribunal**") had by its letter dated August 11, 2009, sought certain information from Serene Properties Private Limited (now MBPPL) under Section 8(2) of the Andhra Pradesh Land Reforms (Ceiling on Agriculture Holdings) Act, 1973 ("**APLRAC**") in respect of the land at Mindspace Pocharam.

   Serene has filed a reply on September 30, 2009. The authorized officer has filed a counter and Serene has filed a rejoinder dated August 29, 2012. Serene has stated that the land transferred in favor of MBPPL was notified for industrial use and has been declared as an SEZ and is not "land" covered under the APLRAC. The proceedings are pending before the Special Grade Deputy Collector and Revenue Divisional Officer, Ranga Reddy District. In September 2012, MBPPL also submitted to the Tribunal a copy of the order dated August 9, 2012, which was passed by the Hon'ble High Court of Andhra Pradesh ("**High Court**") in a similar matter (being Writ Petition No. 19300/2012 filed by Neogen Properties Pvt. Ltd.) wherein a stay was granted by the High Court until further orders. The matter is currently pending before the Tribunal.

4. A letter dated February 4, 2019 from the Office of Executive Engineer, BDD Zone No.4 was forwarded by an architect firm to MBPPL on February 11, 2019 wherein PMC sought clarifications regarding certain objections pertaining to the land at Commerzone Yerwada, regarding payment of ₹ 156.98 million consisting of ₹ 56.34 million principal of recoverable amount and ₹ 100.64 million on account of interest. MBPPL by way of its letter dated February 28, 2019 replied to PMC inter alia stating that the letter has been addressed to the incorrect recipient who is not a developer of the relevant portion of the land, and sought clarifications with respect to the contents of the letter and disputed the payment demand. Further, by way of its letter dated July 2, 2019, MBPPL requested for a reply to its letter dated February 28, 2019 and stated that it would be ready to pay amounts, if any payable, if and once the clarifications sought by it are provided.

### (ii) Criminal matters

There are no pending criminal matters against MBPPL.

### (iii) Regulatory actions

1. Deputy Assessor and Collector (Indira Docks), Mumbai issued demand notice dated June 7, 2012 for payment of ₹ 0.4 million towards octroi for import of certain goods at Commerzone Yerwada project. MBPPL replied by way of its letters dated March 2, 2017, March 14, 2017 and March 22, 2017 stating, inter alia that it has made payments for the aforesaid goods. MBPPL received another demand notice dated March 21, 2018 in relation to the aforesaid payment of octroi. MBPPL replied by way of letter dated April 18, 2018 and reiterated that there is no liability to pay octroi in this case. No further correspondence has been received.

2. MBPPL has received several demand notices from the stamp duty and revenue authorities in relation to alleged deficit payment of stamp duty aggregating to ₹ 10.18 million along with penalty in certain instances with respect to certain leave and license agreements / lease deed entered into by MBPPL, in its capacity as licensor/ lessor. MBPPL has from time to time responded to such demand notices inter alia stating that the liability for stamp duty on the documents was that of the respective licensee / lessees.

3. Ministry of Water Resources, River Development and Ganga Rejuvenation, Central Ground Water Board issued a show cause notice dated March 22, 2019 to MBPPL for non-compliance and contravention of the mandatory conditions of the NOC issued of ground water extraction for Commerzone Yerwada project and directed MBPPL to rectify the non-compliances. MBPPL has replied by way of its letter dated April 12, 2019 stating that it has initiated all actions required for compliance with the no-objection certificate and requesting withdrawal of the show cause notice dated March 22, 2019. No further correspondence has been received.

4. MPCB, pursuant to the meeting of its Consent Appraisal Committee ("**CAC**") held on December 12, 2017, issued a show cause notice dated June 5, 2018 to Trion Properties Pvt. Ltd. (prior to demerger of mall and IT undertakings from Trion Properties Pvt. Ltd. to MBPPL) in relation to certain non-compliances with environmental clearance for one commercial building (approximately 0.56 msf of leasable area as per lease deeds) forming part of The Square, Nagar Road project, and directed MBPPL to stop work on the project until a valid consent is obtained from it.

   Earlier, Trion Properties Pvt. Ltd. had obtained environment clearance on May 8, 2007 and consent to operate dated September 30, 2011 which was renewed from time to time. In the renewal of consent to operate application dated August 27, 2013, MPCB had specified the requirement for applying separately for environment clearance and consent to operate for additional construction area. By application dated March 17, 2017 Trion Properties applied for renewal of consent to establish for IT building and for correction of built-up area of the mall building.

   By letter dated March 20, 2018, MBPPL (as the successor of Trion) referred to the observations requested the MPCB to grant the consent to establish and replied to the alleged non-compliances observed by the MPCB. MBPPL replied to the show cause notice by way of its letter dated July 6, 2018 stating that it had received amended environment clearance dated June 15, 2018 and complied with the other requirements and requested for withdrawal of the show cause notice and grant of renewed consent. Further, on August 18, 2018, the CAC requested for certain details for considering MBPPL's consent to establish application. MBPPL provided the requested details to the CAC on September 4, 2018. CAC in its meeting held on December 11, 2018 observed that MBPPL had applied for re-validation for consent to establish for remaining BUA for IT activity, and was operating IT activity without obtaining consent from MPCB, and deferred the case and requested MBPPL to provide a presentation along with the relevant documents. On January 19, 2019, CAC requested MBPPL to contact the concerned person for taking prior appointment of the chairman for the presentation.

   MBPPL has made an application dated December 11, 2019 to MPCB to obtain consent to operate, for the IT building at The Square, Nagar Road. CAC issued a show cause notice dated August 17, 2020 as to why the application for consent to operate should not be refused, inter alia as environment clearence was not in the name of the project and sought clarity and details inter alia relating to occupation certificate. By reply dated August 24, 2020, MBPPL provided the required clarifications and details, and requested for processing the application and issuing the necessary consent to operate. The CAC, in its meeting held on December 4, 2020, has approved to grant the consent to operate subject to MBPPL submitting the amended environmental clearance in the name of MBPPL and after payment of additional consent fees.

5. The Income Tax Department had issued a warrant dated November 29, 2017 under Section 132 of the Income Tax Act, 1961 against MBPPL and others. For details, see "Material litigation and regulatory actions pending against Mindspace REIT and the Asset SPVs – Avacado – Regulatory Actions". MBPPL, Genext, KRCPL, Ravi C. Raheja, Neel C. Raheja, Mr. Chandru L. Raheja and Magna (now merged with Chalet Hotels) received a notice dated November 27, 2018 from the Income Tax Department in relation to certain transactions entered into by certain KRC group persons, including MBPPL. The aggregate amount involved in these transactions was ₹ 13,303.16 million. The Income Tax Department has sought an explanation as to why the relevant portion of the amount mentioned above should not be added to the income of the respective companies for the relevant assessment year during assessment years 2012-13 to 2017-18, being the block period of assessment. The aforementioned companies/ individuals have responded to the Income Tax Department through letters dated January 14, 2019 refuting the claims of the Income Tax Department. Pursuant to the block assessment proceedings, MBPPL received orders under Section 143(3) read with Section 153A of the Income Tax Act, 1961 for the assessment years of block assessment period (ranging from assessment years 2012-2013 to 2017-2018), for an aggregate demand of ₹ 12.94 million. MBPPL filed rectification applications and appeals which are pending before the relevant authority. Certain rectification applications have been processed by the relevant authority granting an aggregate refund of ₹ 387.28 million. The assessment proceeding for the assessment year 2018-2019 is ongoing.

6. The Collector of Stamps (Enforcement), Mumbai issued an interim demand letter dated December 18, 2017 and rectification order dated December 20, 2017 for deficit stamp duty aggregating to ₹ 333.28 million. By way of letter dated December 26, 2017, MBPPL expressed its disagreement with respect to determination of the amount of stamp duty for the demerger of certain undertakings of Trion Properties Pvt. Ltd. into MBPPL and stated that it will effect the payment of the disputed amount under protest and requested that the original order of the NCLT be returned to MBPPL duly endorsed, to enable MBPPL to make the payment and register the same. The amount of ₹ 333.28 million was paid under protest on December 27, 2017. No further correspondence has been received.

The matter is currently pending.

## H. Sundew

### (i) Title litigation and irregularities

1. The Office of the Land Reforms Tribunal Cum Deputy Collector & Special Grade Revenue Divisional Officer, Attapur ("**Tribunal**") had, by letter dated August 27, 2009, sought information from Sundew under Section 8(2) of to the Andhra Pradesh Land Reforms (Ceiling on Agriculture Holdings) Act, 1973 ("**APLRAC**") in respect of the entire land parcel at Mindspace Madhapur (Sundew).

   The Revenue Department of the Government of Andhra Pradesh forwarded a Memo dated September 5, 2009 for furnishing of certain information to the Government of Andhra Pradesh, including information requested by the aforesaid letter dated August 27, 2009. Sundew has filed a detailed response on September 30, 2009 stating that (a) the land was originally granted by the Government of Andhra Pradesh to KRIT which was a joint venture company with APIIC, (b) the land was vested in Sundew by way of demerger order of the Andhra Pradesh High Court, (c) the land has been declared as an SEZ and is therefore exempt from the local laws; (d) the land was shown as a non-agricultural land in the master plan of Hyderabad and is therefore not "land" covered under the APLRAC. The Tribunal issued a final notice to Sundew in January 2012 requesting Sundew to submit a declaration for full and correct particulars of the lands held by Sundew. In September 2009, Sundew also submitted a copy of the order dated August 9, 2012, which was passed by the Hon'ble High Court of Andhra Pradesh ("**High Court**") in a similar matter (being Writ Petition No. 19300/2012 filed by Neogen Properties Pvt. Ltd.) wherein a stay was granted by the High Court until further orders. The matter is currently pending before the Tribunal.

2. For other pending regulatory actions against Sundew, see "Material litigation and regulatory actions pending against Mindspace REIT and the Asset SPVs – KRIT– Regulatory actions".

### (iv) Material civil/commercial litigation

1. Sundew filed an application before the then Andhra Pradesh Electricity Regulatory Commission (now Telangana State Electricity Regulatory Commission ("**TSERC**") on March 10, 2014 requesting TSERC to take on record the 'deemed distribution licensee' status of Sundew for the development, operation and maintenance of SEZ at Madhapur, Hyderabad. TSERC passed an order dated February 15, 2016 ("**TSERC Order**") identifying Sundew as a deemed distribution licensee for a period of 25 years with effect from April 1, 2016 subject to inter alia Sundew obtaining capital infusion from its promoters before March 31, 2016. Sundew filed an application dated March 16, 2016 ("**Interlocutory Application**") before TSERC seeking modification of condition in respect of equity infusion and extension of time to comply with the same. TSERC passed an order dated August 4, 2016 directing compliance with TSERC Order and denying extension of time and also directed the existing licensee to continue the power supply till September 30, 2016. TSREC, by its letter dated September 22, 2016, has granted extension of time to continue power supply till the state transmission utility grants network connectivity and open access. Aggrieved, Sundew filed a petition ("**Review Petition**") before TSERC on August 26, 2016, seeking inter alia review of the order dated August 4, 2016. Additionally, Sundew also filed an appeal to the Appellate Tribunal for Electricity ("**APTEL**") challenging the TSERC Order and in relation to the conditions imposed by TSERC which was dismissed on September 27, 2019. The matter is currently pending before the TSERC with respect to the review petition filed by Sundew. Aggrieved by the order dated September 27, 2019, Sundew has also filed a civil appeal on November 15, 2019 before the Supreme Court of India. By an order dated February 22, 2021 passed in the civil appeal, the Supreme Court of India directed TSERC to hear the pending applications/ petitions filed by Sundew before TSERC, to list the matter for final hearing and granted liberty to the parties to file their written note of arguments. The matter is pending before the Supreme Court of India and TSERC.

   In addition to the above pending proceedings, Gigaplex and KRC Infra have been identified as parties in two separate labour proceedings filed in the year 2019 by certain trade unions before the labour courts and industrial courts/tribunals in Mumbai alleging unfair labour practices under the Maharashtra Recognition of Trade Unions and Prevention of Unfair Labour Practices Act, 1971 against certain workmen engaged by them. The matter is currently pending before the relevant courts/tribunals.

Raheja and others inter alia for declaring the deed of declaration dated October 25, 2011 executed and registered by Ivory Properties for submitting the building Serenity Heights under the Maharashtra Apartment Ownership Act, 1970 and the consequent formation of the Serenity Heights condominium, as illegal and void and not binding upon the Plaintiffs. The Court, in its order dated April 24, 2016, has refused to grant ad-interim relief to the Plaintiffs. Ivory Properties Mr. Ravi C. Raheja and Mr. Neel C. Raheja have filed an application for rejection of the plaint on grounds that the present suit is barred by the law of limitation. The matter is currently pending before the Court.

7. Mr. Ravi C. Raheja and others ("**Petitioners**") have filed a writ petition before the Bombay High Court against State of Maharashtra and others ("**Defendants**"), for directing the Defendants for withdrawing the letter dated June 8, 2008 which gave retrospective effect to the notification dated June 9, 2008 amending Rule 22A of the Bombay Stamp Rule, 1939 and setting aside the aforementioned notification. The Petitioners have also sought a refund of stamp duty aggregating to ₹ 6.21 million along with interest. The matter is currently pending before the Bombay High Court.

8. Gopal L. Raheja and eight others ("**Petitioners**") have filed company petition before the CLB / NCLT, Mumbai ("**CLB/ NCLT**"), against Mr. Ravi C. Raheja, Mr. Neel C. Raheja, Mr. Chandru L. Raheja and five others ("**Respondents**"), under Sections 397 and 398 of the Companies Act, 1956 inter alia alleging oppression and mismanagement by the Respondents in respect of the business and management of Asiatic Properties Limited. The matter is currently pending before the NCLT. Seacrust Properties Private Limited and Sandeep G. Raheja, the Petitioners, filed company applications against Mr. Ravi C. Raheja, Mr. Neel C. Raheja, Mr. Chandru L. Raheja and others for alleged violation of certain orders of the CLB/NLT and alleged acts of perjury by making false statements. The company applications were dismissed by the CLB/ NCLT vide its orders dated January 8, 2013 and February 7, 2013 ("**Orders**"). Aggrieved by the Orders, Seacrust Properties Private Limited and Sandeep G. Raheja have filed separate appeals before the Bombay High Court. The matters are currently pending before the Court Bombay High.

9. Tresorie Traders Private Limited has filed a company petition before the NCLT, Mumbai under sections 247(1A) and 250 of the Companies Act, 1956 against Mr. Ravi C. Raheja, Mr. Neel C. Raheja, Mr. Chandru L. Raheja and others inter alia for investigation in respect of the membership, financial interest and control over two companies i.e. Club Cabana Recreation Private Limited and Sai Park Estate Developers (India) Private Limited and for restricting the transfer, fresh issue, exercise of voting rights and payment of dividend of the said companies. The matter is currently pending before the NCLT, Mumbai.

10. Mr. Ravi C. Raheja, Mr. Neel C. Raheja, Mr. Chandru L. Raheja and Mrs. Jyoti C. Raheja ("**Plaintiffs/CLR**") filed a civil suit before the Bombay High Court ("**High Court**") against Gopal L. Raheja, Sandeep G. Raheja, Durga S. Raheja, Sabita R. Narang and Sonali N. Arora ("**Defendants/GLR**").

    The Plaintiffs and the Defendants were the persons primarily involved in the operation and management of the activities and businesses of the group known as K. Raheja Group in certain cities of Western and Southern India. However, certain disputes and differences arose between the CLR group and the GLR group that threatened the running of the business of the K. Raheja Group.

    After attempts to amicably resolve and finally settle the disputes and differences between the two groups in order to avoid protracting the matter any further, GLR and CLR decided to split/partition entities and assets of the K. Raheja Group between them and accordingly a list indicating division of certain individual assets was executed in May 1995. On April 5, 1996 and November 16, 1996, further written agreements were executed wherein the manner, method and procedure of the division was agreed upon by the parties. Thereafter, on December 9, 1996, GLR and CLR groups made further confirmations to enable the division of certain assets in the agreed manner which was duly completed in respect of a portion of the assets, businesses and entities of the K. Raheja Group. The agreements and writings referred to above i.e. dated May 1995, April 5, 1996, November 16, 1996 and December 9, 1996 are collectively referred to as the "**Family Arrangement Documents**".

    Further, apart from the entities, assets and businesses of the two groups which were divided as above, there are additional properties and entities, the separation and distribution of which remained unresolved due to the differences between the groups. The two groups had agreed to take steps to divide these undivided properties comprising various companies, partnership firms, trusts and also certain properties situated at Mumbai i.e. the "**Mumbai Undivided Entities**" and situated in South India i.e. the "**Southern Undivided Entities**" along with certain other residual properties (collectively referred to as the "**Balance Properties**"). Further, the distribution and ascertainment of the monies payable/receivable did not transpire and certain disputes again arose between GLR and CLR in respect of the division of the Balance Properties, the management of certain entities and other such disputes.

    After various correspondences between the two groups over the course of more than two decades to amicably resolve the disputes, the present suit was filed by the Plaintiffs inter alia seeking enforcement/ implementation of the family arrangement documents. The Plaintiffs have alleged that the arrangement was only partially implemented and inter alia alleged that certain arrangements were wrongly implemented. The Plaintiffs have further alleged that due to the inactivity in management of the undivided companies, the registrar of companies has struck-off and dissolved certain of these companies. The Plaintiffs have inter alia prayed for implementation of the Family Arrangement Documents, restoration of the companies that have been struck-off/ dissolved, division of the companies situated in South India in the manner agreed by the parties and also for injunction restraining the Defendants from creating third party interests and/or encumbrances upon the properties that are the subject matter of the family arrangement. The Defendant nos.2 and 3 have filed their written statement on record along with a counter-claim inter alia praying for dismissal of the suit filed by the Plaintiffs and to fully implement the Family Arrangement Documents. The matter is currently pending before the High Court.

    The GLR group also filed suits before the High Court pursuant to the family arrangement against the Plaintiffs alleging liability/obligation of the Plaintiffs to hand over certain title deeds, documents and papers and other assets belonging to the GLR group which are allegedly in the custody of the Plaintiffs and also seeking injunction for handover of the same to the GLR group. The matters are currently pending before the High Court.

11. Sealtite Gaskets Private Limited and six others ("**Petitioners**") have filed company petition before the CLB / NCLT, Chennai under Sections 397, 398, 399, 402, 403 and 406 of the Companies Act, 1956 against Mr. Ravi C. Raheja, Mr. Neel C. Raheja and Chandru C. Raheja and four others ("**Respondents**") inter alia in respect of alleged oppression and mismanagement by the Respondents in respect of the business and management of K. Raheja Hotels and Estates Private Limited. By order dated February 2, 2017, the matter was transferred to NCLT, Bengaluru. The matter is currently pending before the NCLT, Bangalore.

12. Mr. Ravi C. Raheja and Mr. Neel C. Raheja ("**Petitioners**") have filed a writ petition before the Karnataka High Court at Bengaluru ("**Court**") against the Union of India and Registrar of Companies, Bengaluru ("**RoC**") ("**Respondents**") challenging the wrongful inclusion of their names in the list released by the RoC on its website in relation to the directors disqualified under the provisions of Section 164(2) the Companies Act, 2013, for the periods ending October 31, 2019 and October 31, 2020 in relation to non-filing of financial statements or annual returns for a continuous period of three financial years by K Raheja Hotels and Estates Private Limited (since the Petitioners were not directors of K Raheja Hotels and Estates Private Limited at the relevant time, having already resigned therefrom). By its order dated June 12, 2019 ("**Order**"), the Court has disposed of the writ petition filed by the Petitioners, along with a batch of several other writ petitions on the same matter and quashed the impugned list to the extent inter alia the disqualification of the Petitioners as directors was concerned. Pursuant to the Order, the Petitioners have filed a review application before the Court for issuing directions to the Respondents for deletion of the names of the Petitioners as directors of K Raheja Hotels and Estates Private Limited in the records of the Respondents, as was sought earlier in the writ petition. The Petitioners have filed a caveat on October 14, 2019 in anticipation of any appeal which the Respondents may file against the Order and subsequent adverse interim orders. The matter is currently pending before the Court. Further, the Petitioners through their reminder letter dated December 2, 2019 requested the administrator of K Raheja Hotels & Estate Private Limited to file requisite forms and ensure updates to the records of the RoC, in relation to resignation letters submitted by the Petitioners as directors of K Raheja Hotels & Estate Private Limited. The administrator, by letter dated December 26, 2019, stated that he was not in a position to accede to the aforementioned request unless relevant orders were granted in proceedings pending before the High Court, Karnataka and the CLB/NCLT to which the Petitioners have been impleaded as parties.

By separate orders dated July 31, 2020, the appeal and revision application filed by Inorbit Malls were allowed by the Divisional Joint Registrar, Pune. The Raheja Vistas Phase IV Building Nos. T5 and T6 Co-operative Housing Society Limited have challenged the said orders by filing two separate civil writ petitions ("**CWP's**") in Bombay High Court. By an order dated September 21, 2020, the Bombay High Court directed the petitioners to comply with the order dated June 23, 2020 pertaining to payment of maintenance by the petitioner and the individual members to respondent no.1 i.e. Inorbit Malls in the earlier civil writ petition within a period of one week. On October 7, 2020, the petitioners submitted to the Bombay High Court that Raheja Vistas Phase IV Building T5 and T6 Co-operative Housing Society Limited had deposited on September 28, 2020, a sum of ₹ 1.99 million with Inorbit Malls pursuant to the Order dated September 21, 2020. Inorbit Malls thereafter objected to Petitioner's submission and informed the Bombay High Court that Inorbit Malls had reason to believe that more funds had been collected from the residents of the building and that Raheja Vistas Phase IV Building T5 and T6 Co-operative Housing Society Limited had not deposited the entire amount collected by them with Inorbit Malls. Inorbit Malls sought liberty to file a reply to the Affidavit filed by the petitioners/society dated September 29, 2020. On December 2, 2020, Bombay High Court directed the Petitioner to file its rejoinder with the registry and the rejoinder was filed by the Petitioner on the same date. On February 12, 2021, Inorbit Malls filed affidavit in sur rejoinder. The CWPs are pending for further hearing.

10. Yogesh Rameshbhai Suthar ("**Complainant**"), an employee of Deccan Techno Security and Utility Services ("**Deccan Techno**") has filed complaint before the Labour Court, Vadodara ("**Court**") against Inorbit Malls and Deccan Techno alleging wrongful transfer of the Complainant from Inorbit Malls to other location by Deccan Techno. Deccan Techno is a service provider of Inorbit Malls. In the said complaint, the Complainant has inter alia prayed for payment of the salary along with eligible benefits and consideration with effect from his day of transfer, reinstatement to his earlier place of deputation at Inorbit Malls, Vadodara and claim of ₹ 10,000 towards litigation expenses. Inorbit Malls is in the process of filing its written statement. The matter is pending before the Court.

The landowner-lessor i.e. Manilal challenged the BIFR Scheme and transfer of said Lands under the BIFR Scheme in favour of Ivory Property Trust. Both the BIFR and the Appellate Authority for Industrial and Financial Reconstruction ("**AAIFR**") did not grant any relief to Manilal. Manilal has challenged the said orders of BIFR and AAIFR in a writ petition filed in the Bombay High Court ("**High Court**"). The High Court has directed that any changes brought about pursuant to the various orders passed shall be subject to the final decision in this petition. The matter is currently pending before the High Court.

2. Manilal had filed an eviction suit in the Small Causes Court, Bandra against BFL in respect of the lease of land at Kalina Mumbai, which was decreed in favour of Manilal in 2007, and an enquiry was directed for mesne profits. BFL challenged the said eviction order in appeal before the Appellate Bench of Small Causes Court, Bandra. Appeal was admitted, execution of eviction was stayed and BFL was ordered to deposit interim mesne profits at the rate of ₹ 0.02 million per month. Manilal has filed Mesne Profits Proceeding in the Small Causes Court, Bandra against BFL claiming ₹ 294.6 million as arrears of mesne profits with 9% interest p.a. up to August 31, 2007; and further ₹ 6.2 million per month with 15% interest p.a. from September 1, 2007 till handing over possession. On March 14, 2020, the Small Causes Court, Bandra allowed Manilal's application to produce certified copy of case papers in relation to BFL's RAD Suit No.310 of 2017. On August 31, 2020, BFL filed revision application against the said order dated March 14, 2020. By letter dated April 12, 2007, Ivory Property Trust has agreed with BFL not to claim refund of ₹ 190 million paid by Ivory Property Trust to BFL, and also that any condition by the appeal court for stay of execution of decree including deposit of interim mesne profit, if any, ordered will be exclusive liability of Ivory Property Trust. BFL has also filed a suit in the Small Causes Court, Bandra, for declarations in respect of its leasehold rights/tenancy in the said Lands and other relief relating to renewal/ extension of lease of the said lands and for damages in the alternative aggregating to ₹ 200 million. The matters are currently pending in the Small Causes Court, Bandra.

3. A suit is filed before the Bombay High Court ("**Court**") by Matasons Estate Private Limited ("**Plaintiff**") against Bombay Forgings Private Limited and Ivory Properties ("**Defendant**") seeking specific performance of a development agreement for property situated at Kalina in Mumbai or compensation aggregating to ₹ 150 million along with interest of 18% p.a. The matter is currently pending before the Court.

**(iii) Material civil/commercial litigation**

1. Bharat Petroleum Corporation Limited ("**BPCL**") filed a suit before the Bombay High Court ("**Court**") against KRCPL and three others ("**Defendants**") seeking specific performance of agreement dated December 5, 1952 and a declaration that sale made in favour of KRCPL be declared null and void, and further seeking damages aggregating to ₹ 100 million. The matter is currently pending before the Court. The Defendants have filed a mesne profit proceeding suit before the Bandra Small Causes Court against BPCL for determining the mesne profits, wherein the claim of KRCPL as per a valuation report is made for ₹ 76 million. The matter is currently pending before the Bandra Small Causes Court.

2. Arthur D'Souza ("**Applicant**"), the owner of a land adjoining the land of KRCPL, made an application to the District Collector, Bandra, Mumbai ("**District Collector**") claiming title over certain portion of KRCPL's land bearing CTS No.119-G in village Tungawa in Mumbai. The District Collector passed orders dated May 26, 2009 and June 6, 2009 in favour of the Applicant. KRCPL preferred an appeal to the Additional Commissioner against the said orders. The Additional Commissioner, by his order dated February 17, 2010, upheld the orders passed by the District Collector. Aggrieved, KRCPL has preferred an appeal against the order of the Additional Commissioner before the Revenue Minister, Mantralaya. By letter dated March 3, 2021 to the advocate of the Applicant, the advocates of KRCPL have sought the details of the legal heirs and/or representatives of the Applicant as the Applicant has expired for taking out an appropriate application for the purpose of substituting the Applicant with his legal heirs/representatives and amending the cause title of the aforesaid appeal. The matter is currently pending before the Revenue Minister, Mantralaya.

3. KRCPL and Indian Cork Mills Limited have filed a suit before the Bombay High Court against Sir Mohammed Yusuf Trust and others inter alia disputing the various claims made by the defendants and for declaration of the plaintiff's ownership of the certain land in village Tungawa at Mumbai. Further, in respect of the portions of the aforesaid lands, numerous proceedings and appeals before various revenue authorities have been filed between the parties. In the writ petition filed by KRCPL, by orders dated February 12, 2013 & order dated March 8, 2013 pending hearing excluding the disputed area of four acres and 11 gunthas bearing CTS No.119-G in village Tungawa in Mumbai claimed by the respondents, the Bombay High Court permitted KRCPL to continue development construction without any hindrance in the remaining area.

4. Sir Mohammed Yusuf Trust and four others ("**Plaintiffs**") filed two separate suits before the Bombay High Court ("**Court**"), against KRCPL and two others ("**Defendants**"), seeking declarations that the Plaintiffs are the owners of land admeasuring 4 acres and 11 gunthas bearing CTS No.119-G and about eight acres bearing CTS No. 119F in village Tungawa in Mumbai. The Plaintiffs have further sought from the Defendants, demolition of the buildings constructed on the portions of land. In the alternative, the Plaintiffs are seeking damages aggregating to ₹ 15,000 million. In the second subsequent suit, in addition to the relief claimed in the first suit, the Plaintiffs have added various societies formed of the flat purchasers as party defendant and have sought injunction restraining execution of conveyances in favour of such societies of the flat purchasers. No relief has been granted to the Plaintiffs till date. The matter is currently pending before the Court.

**K. KRPL**

**(i) Criminal matters**

1. For criminal matters pending against KRPL, see "-Material litigation and regulatory actions pending against the Sponsor Group – Mr. Chandru L. Raheja – Criminal matters".

**(ii) Regulatory actions**

1. The MCGM, vide several letters addressed to KRPL, has demanded the handing over of Flat No. 102 on the first floor of the building known as "**Rosemary**" of Rosemary Correa Co-operative Housing Society Limited ("**Rosemary CHSL**"), Mumbai ("**Premises**"), contending it to be reserved as a municipal library and called upon KRPL to furnish the relevant papers. KRPL has responded to MCGM, stating that the Premises is to be run as a library by the owner for public in general and that the library will be open for public-use after completion of on-going repair work. However, the MCGM sealed the Premises on March 14, 2019. KRPL has called upon MCGM to forthwith restore possession of KRPL of the Premises and to remove the seal from the Premises at the earliest. Further the MCGM, by its letter dated July 27, 2019, to KRPL, threatened to register a FIR against KRPL for alleged trespassing in the Premises. MCGM has by its letter dated September 29, 2020 (received on October 8, 2020 from MCGM) to K Raheja Corp Foundation ("**KRC Foundation**") alleged that it has violated the terms and conditions of the development permission as well as permission given by MCGM and directed KRC Foundation to submit its explanation for the alleged lapses. KRPL as the owner of the Premises, has by its letter dated October 14, 2020 replied to MCGM and clarified that it has acted in accordance with the terms of the development permission and that there is no requirement of handing over the Premises to MCGM. By the said letter, KRPL has once again requested MCGM to remove its seal from the Premises and also sought personal hearing to explain and clarify the misapprehensions in the matter. No further correspondence has been received.

2. The Pest Control Officer at MCGM has issued 44 notices to KRPL in respect of water stagnation at KRPL's project site at Worli, Mumbai and other related infringements of the Mumbai Municipal Corporation Act. KRPL has replied to MCGM stating that they have taken corrective measures and requested MCGM to conduct inspection in order to close the matter. No further correspondence has been received.

3. The issues of levy of premium/transfer fees/lease tenure/ enhanced lease rent etc. relating to Brihanmumbai Mahanagarpalika ("**MCGM Estates**") two municipal leasehold properties acquired by KRPL are sub-judice before the Bombay High Court ("**Court**") in various petitions filed by various lessees and other parties. KRPL is not a party to such proceedings and has not filed any petition in court in this respect. MCGM Estates had raised demands on KRPL for transfer premium and penalty and transfer fee relating to the assignments of the said properties at Worli in favour of KRPL which was paid without prejudice & subject to all rights & contentions of the parties. KRPL has filed undertaking dated October 19, 2015 and July 16, 2015 with MCGM to abide by the final outcome in writ petition no.1251/2014 ("**Writ Petition**") and any other proceedings from time to time in relation to the issues of levy of premium / transfer fees / lease tenure / enhanced lease rent. The writ petition is currently pending with several other similar matters before the Court.

4. The MCGM has issued a letter dated April 8, 2018 addressed to KRPL, in pursuance of letter dated March 12, 2018 (wrongly dated March 12, 2010) received by them from Association of Engineering Workers in respect of unpaid dues to labour/workers of Metal Box India Limited ("**MBIL**") and for issuance of stop work notice of further construction of building situated at Worli, Mumbai. MBIL was the predecessor in title of KRPL. KRPL has issued letter dated May 14, 2018 responding to MCGM, denying all the allegations and informing that MBIL had deposited the entire gratuity dues of ex-workers. KRPL had also filed caveats in the Bombay City Civil Court and Bombay High Court for being given notice of any application for ad-interim orders in any proceeding that may be filed, which were renewed from time to time. Arun Kachare and Association of Engineering Workers filed a writ petition against State of Maharashtra, MCGM, MBIL and others before the Bombay High Court seeking, inter alia, in respect of alleged labour dues payable by MBIL and relating to alleged requirement of labour NOC for development of MBIL, and sought relief relating to the development approvals in respect of the suit property. Since relief was sought relating to development approvals with respect to the suit property, KRPL joined as a respondent in the matter. KRPL has inter alia contended that it is the title holder of the suit property, having acquired assignment of the lease pursuant to BIFR/AAIFR proceedings and is not a closed company or liable for any dues of the workers of its predecessor in title i.e. MBIL. The matter is pending before the Bombay High Court.

5. The Income Tax Department had issued a warrant dated November 29, 2017 under Section 132 of the Income Tax Act, 1961 against KRCPL and others. For details, see "Material litigation and regulatory actions pending against Mindspace REIT and the Asset SPVs – Avacado – Regulatory Actions". Pursuant to the search, the Income Tax Department issued notices each dated January 23, 2019 in pursuance of provisions of section 153C r.w.s. 153A of the Income Tax Act, 1961 directing KRPL to prepare and furnish true and correct returns of its total income for assessment years from 2012-13 to 2017-18 ("**Period of Investigation**") by January 31, 2019 and these returns have been furnished before the Income Tax Department by KRPL. KRPL received a notice dated February 25, 2019 from the Income Tax Department in relation to certain transactions entered into by KRPL with Hypercity Retails India Ltd ("**HRIL**") which is a subsidiary of Shoppers Stop wherein HRIL has booked profit of ₹ 1,751.52 million. KRPL is in process of responding to the notice appropriately to the Income Tax Department. Further, the Income tax department issued notices under section 142(1) of the Income Tax Act, 1961 for assessment year 2012-13 to 2018-19 to furnish certain details. The details called for are being furnished from time to time. Pursuant to the block assessment proceedings, KRPL received orders under Section 143(3) read with Section 153A of the Income Tax Act, 1961 for assessment years 2012-2013 to 2017-2018) and under Section 143(3) of the Income Tax Act, 1961, assessment year 2018-2019, for an aggregate refund of ₹ 54.15 million. KRPL has filed rectification applications and appeals which are pending before the relevant authority.

**L. Palm Shelter**

**(i) Criminal matters**

1. The Senior Police Inspector, Santacruz Police Station ("**Police Station**") pursuant to a complaint dated April 21, 2016, filed by Claud Fernandez ("**Complainant**") against certain third parties under Sections 420 and 34 of the Indian Penal Code, 1860, had issued a letter dated July 20, 2016 to Palm Shelter Estate Development Private Limited (now Palm Shelter Estate Development LLP) ("**PSEDPL**") to appear before the police station on July 23, 2017. Certain agreements were entered into between the Complainant, certain family members of the Complainant and PSEDPL, for the handover and re-development of four flats in a building property. The Complainant filed a suit before the Bombay City Civil Court, due to disputes arising between the family members and the Complainant, where PSEDPL was made a defendant to the suit. Consent terms were filed between the parties to the suit which allowed PSEDPL to develop the property. PSEDPL had later transferred its development rights along with all benefits and obligations in the property to Parvesh Constructions Private Limited. Authorized representatives of PSEDPL appeared before the Police Station to provide requested information and documents and filed their deposition on the matter. There has been no correspondence between the parties in the present matter. The matter is currently pending.

**(ii) Regulatory actions**

There are no pending regulatory actions against Palm Shelter.

**(iii) Material civil/commercial litigation**

1. For civil / commercial litigation involving Palm Shelter, see "- Material litigation and regulatory actions pending against the Sponsor Group – Mr. Ravi C. Raheja – Material civil/commercial litigation".

Raheja – Regulatory Actions".

### (iii) Material civil/commercial litigation

1. Chalet Hotels filed a writ petition ("**Writ Petition**") before the Karnataka High Court at Bengaluru ("**Court**") challenging the cancellation of the height NOC dated October 28, 2011 issued in relation to a residential building ("**NOC**") by Hindustan Aeronautics Ltd. ("**HAL**"), responsible for issuing the height NOC and for directing HAL to permit construction up to maximum height which does not adversely affect aircraft operations as may be determined by an aeronautical study to be conducted by Airport Authority of India /ICAO, and ancillary reliefs

(including an amended relief for re-validating the NOC for a further period). The NOC was issued for the development of a 17 floor residential building complex with a height of up to 62 meters on Chalet Hotels' land at Koramangala Industrial Layout, Bengaluru. At the time of cancellation of the NOC, five wings with 17 floors had been constructed with a height of up to 62 meters and more than 200 flats therein had been marketed by Chalet Hotels. The Court passed an interim order dated October 23, 2013 ("**Interim Order**") restricting Chalet Hotels from modifying and developing the building above 40 meters from ground level and selling premises to third parties in respect of any portion of the building above 40 meters. Several customers of Chalet Hotels, as also certain neighbouring residents, have got themselves impleaded as Respondents in the Writ Petition.

By a subsequent detailed judgement and order dated July 31, 2014 ("**Order**"), the Court directed the aeronautical study to be conducted by Airport Authority of India ("**AAI**"). HAL's writ appeal to challenge the Order was dismissed by the Division Bench of the Court on September 3, 2015 inter alia with a direction for expediting the hearing of the writ petition and to decide the matter uninfluenced by the observations in the Order. By a further order dated November 5, 2015, the Court clarified that the aeronautical study was to be carried out in accordance with the notified parameters of HAL Airport and Notification SO 84(E) dated January 14, 2010. Accordingly, AAI conducted the study and filed its report on January 27, 2016, in effect confirming that the full height of the then completed building-wings was permissible as it does not adversely affect aircraft operations. HAL has filed objections to the aeronautical study report of AAI, inter alia alleging that it is a unique defence airport carrying out test flying. Chalet Hotels has also inter alia submitted that it had no motive or any additional area to gain, as the project has sufficient land to absorb and construct the entire FAR sanctioned for 17 floors -62 meters in a horizontal structure of 10 floors - 40 meters.

By judgement and order dated May 29, 2020, the Court disposed of the Writ Petition, inter alia allowing the Writ Petition in part and quashed the cancellation of the height NOC by HAL (in so far as cancellation of NOC for construction upto 62 meters above ground level, so that the top of the structure when erected shall not exceed 932 meters Above Mean Sea Level ("**AMSL**"), and remanding the matter to HAL for re-survey of site AMSL within a time bound manner; and thereafter based on the re-survey report, proceed further in accordance with law. Further, HAL has been prohibited from taking any precipitative action, and Chalet Hotels has been prohibited from putting further construction and modifying/ altering or selling or agreeing to sell or entering into agreements with third parties in respect of any portion of building/ property. The Court rejected as premature, the prayers for permitting Chalet Hotels to construct upto a height which does not adversely affect aircraft operations (as determined by an aeronautical study) and to revalidate the NOC for a further period of 5 years; and granted liberty to the Company to file necessary application at the appropriate time, keeping all contentions with regard to aeronautical study open. In relation to the said order, HAL filed a caveat and also an appeal. Chalet Hotels has also filed an appeal on November 26, 2020. Both appeals are pending before the court.

Further, certain communications were also exchanged between HAL and Bruhat Bengaluru Mahanagara Palike ("**BBMP**") and Chalet Hotels between 2013 and 2017, wherein Chalet Hotels inter alia updated BBMP regarding the writ petition and furnished an undertaking to BBMP not to make a further vertical expansion / modification, alteration or development above 40 meters. Chalet Hotels vide letter dated January 16, 2017 requested BBMP for an extension of the validity period of the building sanction plan for the project.

Regarding its customers, Chalet Hotels had executed MoUs for a provisional reservation of a right to purchase various apartments, providing them with an option right; as also executed and registered agreements for sale with a few customers. The issue relating to NOC cancellation by HAL has been the subject of various communications between Chalet Hotels and the customers from inception till date, including a mitigation program which was continued up to December 31, 2020. Some customers have exited the project, and continuing customers are being paid goodwill compensation pursuant to the mitigation program. Subsequent to the COVID-19 pandemic, few customers have requested for exit and/ or sought details of amounts payable to them on exit. As a matter of abundant caution, Chalet Hotels had also registered the project under RERA on a without prejudice basis.

Chalet Hotels is having without prejudice discussions with the existing customers for their consent to a revised development proposal inter alia by addition of a residential wing and an independent commercial building, and limiting the height of all buildings up to 40 mtrs; which will be subject to modification orders from the court and obtainment of HAL's approval. Chalet Hotels has also filed certain without prejudice applications with the authorities for processing of certain approvals relating to the proposed revised development.

2. Iris Trout has filed a suit against Marriott International Inc., Marriott Hotels India Private Limited, Chalet Hotels, KRCPL and certain other defendants in the Superior Court of Middlesex County, New Jersey, USA on November 5, 2018 for failure to maintain premises in a safe condition resulting in personal injury at The Westin Hyderabad Mindspace Hotel. The matter is currently pending before the Superior Court of Middlesex County, New Jersey, USA. A settlement demand from Iris Trout for an amount of $1. 35 million has been received. On January 29, 2021, the matter was mediated and settled between Iris Trout and AIG (insurance company) for $900,000. The release document has been signed by Iris Trout and her husband Peter Trout on March 1, 2021, pursuant to which the payment has been released by AIG on March 22, 2021. The Application for dismissal of the suit is in the process of being filed.

In some instances, the applications have been accepted by the authorities and the disputes have been settled.

In addition to the above, the Asset SPVs, the Sponsor Group and Associates of Sponsors (excluding the Sponsors Group) and entities where any of the Sponsors hold any interest/shareholding (excluding the Asset SPVs and members of the Sponsor Group), are in receipt of notices, intimations, letters, enquiries, etc., in connection with the assessment (regular, best judgment, scrutiny, etc.) procedures prescribed under the applicable indirect tax legislations (state value added tax and entry tax legislations, central sales tax, the Finance Act 1994, customs legislation) and Income Tax Act, 1961 read with the relevant rules and regulations prescribed thereunder. All requisite information, records, documents, returns, payment challans, submissions and declarations sought by the tax authorities have been provided from time to time. As of the date of this Final Offer Document, the assessment proceedings are pending finalization.

Amount involved in connection with tax proceedings includes, in addition to the tax/duty demanded, the penalty levied under the direct and indirect tax laws to the extent explicitly quantified. Interest has not been included.

# Report on Corporate Governance

## MINDSPACE REIT'S PHILOSOPHY ON CORPORATE GOVERNANCE:

Accountability, fairness and transparency with all its stakeholders are the guiding principles of governance framework of Mindspace Business Parks REIT (**"Mindspace REIT"**) and K Raheja Corp Investment Managers LLP, acting as Manager to Mindspace REIT (**"Manager**") aimed at creating sustainable and long-term value for its stakeholders.

## AUTHORIZATION STRUCTURE

Mindspace REIT was settled on November 18, 2019, at Mumbai, Maharashtra, India, as a contributory determinate and irrevocable trust under the provisions of the Indian Trusts Act, 1882, pursuant to a trust deed dated November 18, 2019 (**"Trust Deed"**). Mindspace REIT was registered with the Securities and Exchange Board of India (**"SEBI"**) on December 10, 2019, at Mumbai, as a real estate investment trust **("REIT"**) pursuant to the Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014 and the circulars and guidelines issued by SEBI thereunder, each as amended from time to time (the **"REIT Regulations"**), having registration number IN/REIT/19-20/0003.

Anbee Constructions LLP and Cape Trading LLP are the Sponsors of Mindspace REIT. Units of Mindspace REIT got listed on National Stock Exchange of India Limited **("NSE"**) and BSE Limited (**"BSE"**) on August 07, 2020.

## MANAGER

K Raheja Corp Investment Managers LLP is the Manager to Mindspace REIT. The Manager is a limited liability partnership in India under the Limited Liability Partnership Act, 2008 incorporated on February 26, 2018. The Designated Partners of the Manager are Mr. Ravi C. Raheja and Mr. Neel C. Raheja, with a capital contribution of 50% by each of them in the Manager. The Manager's role is to manage Mindspace REIT and its assets in accordance with the Trust Deed, the investment management agreement dated November 21, 2019 **("Investment Management Agreement")** and the REIT Regulations in the interests of unitholders.

## TRUSTEE

Axis Trustee Services Limited is the trustee of Mindspace REIT **("Trustee")**. The Trustee is a registered intermediary with SEBI under the Securities and Exchange Board of India (Debenture Trustees) Regulations, 1993, as a debenture trustee with registration number IND000000494, which is valid until suspended or cancelled by SEBI. The Trustee is a wholly owned subsidiary of Axis Bank Limited.

The Trustee is not an associate of either of the Sponsors or the Manager. The Trustee is responsible for safe custody of the assets of Mindspace REIT and monitoring the activities of Manager under Investment Management Agreement for the benefit of the Unitholders.

## GOVERNING BOARD OF THE MANAGER ("BOARD") AND MANAGEMENT

**Transfer of units**
The units of Mindspace REIT were issued in dematerialized form and transfers, if any, of such units are effected through the depositories in dematerialized form.

**Green Initiative**
In view of the outbreak of COVID-19, social distancing and restricted movement of goods and persons and as a part of 'go green initiative' encouraged by the government, we intend to send various communication to the Unitholders via email. This will not only enable a quick despatch but will also help us create a sustainable environment and also contain the spread of COVID-19 by limiting the movement of persons and goods. Therefore, we request you to update your correct email addresses with your depository participant so that all future communication, can be sent to your respective email addresses.

**Digital initiative**
The Unitholders whose correct bank details are updated in the records of the depositories as on the record date, shall be paid the distribution amount via net-banking modes such as NACH / NEFT / RTGS etc. and other unitholders shall be paid the distribution via demand draft which shall be couriered to their registered address. Therefore, we request you to update your correct bank accounts details with your depository participant so that future distributions, if any, can be remitted directly to your bank account.

# Independent Auditor's Report

To The Unitholders of Mindspace Business Parks REIT

## REPORT ON THE AUDIT OF STANDALONE FINANCIAL STATEMENTS

**Opinion**
We have audited the accompanying standalone financial statements of Mindspace Business Parks REIT (the "REIT"), which comprise the Standalone Balance Sheet as at March 31, 2021, the Standalone Statement of Profit and Loss including Other Comprehensive Income, the Standalone Statement of Cash Flows and the Standalone Statement of Changes in Unitholders' Equity for the year then ended, Standalone Statement of Net Assets at fair value as at March 31, 2021 and Standalone Statement of Total Returns at fair value for the year then ended, Statement of Net Distributable Cash Flow for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014 as amended from time to time including any guidelines and circulars issued thereunder read with SEBI Circular No. CIR/IMD/DF/146/2016 dated December 29, 2016 (the "REIT regulations") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards as defined in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 (as amended), to the extent not inconsistent with the REIT Regulations and other accounting principles generally accepted in India, of the state of affairs of the REIT as at March 31, 2021, and its profit including other comprehensive income, its cash flows, its changes in unitholders' equity for the year ended March 31, 2021, its net assets at fair value as at March 31, 2021, total returns at fair value and the net distributable cash flows of the REIT for the year ended on that date and other financial information of the REIT.

**Basis for Opinion**
We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SA"), issued by Institute of Chartered Accountants of India (the "ICAI"). Our responsibilities under those Standards are further described in the 'Auditor's Responsibility for the Audit of the Standalone Financial Statements' section of our report. We are independent of the REIT in accordance with the Code of Ethics issued by the ICAI and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

**Emphasis of matter**
We draw attention to note 2 which describes the Basis of preparation of standalone financial statements and note 12 which describes the presentation of "Unit Capital" as "Equity" instead of compound financial instrument to comply with the REIT Regulations. Our opinion is not modified in respect of this matter.

**Key Audit Matter**
Key audit matter is the matter that, in our professional judgment, was of most significance in our audit of the standalone financial statements of the current period. This matter was addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter. We have determined the matter described below to be the key audit matter to be communicated in our report.

| Key Audit Matter: | Auditor's Response: |
|---|---|
| Fair Value of investments in special purpose vehicles (SPVs):<br><br>In accordance with REIT Regulations, the REIT discloses Statement of Net Assets at Fair Value and Statement of Total Returns at Fair Value which requires fair valuation of assets and liabilities. As at March 31, 2021, the carrying value of total assets was ₹ 177,448 million, out of which carrying value of investments in SPVs was ₹ 153,103 million representing 86% of carrying value of total asset.<br><br>The fair value of investments in SPVs is primarily determined basis the fair value of the underlying investment properties as at March 31, 2021.<br><br>The fair value of investment properties is determined by an independent valuer using discounted cash flow method and mix of market approach and discounted cash flow method, as applicable. | Principal Audit Procedures Performed:<br><br>Our audit procedures related to the forecasted market rent, terminal capitalization rates and discount rate used to determine the fair value of investment properties included the following, among others:<br><br>• We obtained the independent valuer's valuation reports to obtain an understanding of the source of information used by the independent valuer in determining these assumptions.<br><br>• We tested the reasonableness of inputs shared by management with the independent valuer by comparing it to source information used in preparing the inputs.<br><br>• We evaluated the reasonableness of management's forecasted market rent by comparing it with sample of lease agreements for market rentals, and contractual lease escalations. |

| Key Audit Matter: | Auditor's Response: |
|---|---|
| While there are several assumptions that are required to determine the fair value of investment properties; assumptions with the highest degree of estimate, subjectivity and impact on fair values are forecasted market rent, terminal capitalization rate and discount rate. Auditing these assumptions required a high degree of auditor judgement as the estimates made by the independent valuer contains significant measurement uncertainty.<br><br>Refer Statement of Net assets at fair value and Statement of total returns at fair value and note 4 – Investments in the standalone financial statements. | • With the assistance of our fair valuation specialist, we evaluated the reasonableness of forecasted market rent, terminal capitalization rates and discount rate by comparing it with market information such as recent market transactions for comparable properties, market surveys by property consultants and broker quotes, as applicable. |

**Information Other than the Financial Statements and Auditor's Report Thereon**

- K. Raheja Corp Investment Manager LLP (the 'Investment Manager') acting in its capacity as an Investment Manager of REIT is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the standalone financial statements, consolidated financial statements and our auditor's report thereon.
- Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Management's Responsibility for the Standalone Financial Statements**

The Governing Board of the Investment Manager (the "Management") is responsible for the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows, changes in unitholders' equity, net assets at fair value, total returns at fair value and the net distributable cash flows of the REIT in accordance with the REIT Regulations, the Indian Accounting Standards as defined in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 (as amended) and other accounting principles generally accepted in India, to the extent not inconsistent with REIT Regulations. This responsibility also includes maintenance of adequate accounting records for safeguarding the assets of the REIT and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Governing Board of Investment Manager is responsible for assessing the REIT's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management either intends to liquidate the REIT or to cease operations, or has no realistic alternative but to do so.

The Management is also responsible for overseeing the financial reporting process of REIT.

**Auditor's Responsibility for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the REIT's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the REIT's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the REIT to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the Standalone financial statements of the REIT to express an opinion on the standalone financial statements.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

**Report on Other Legal and Regulatory Requirements**

Based on our audit and as required by REIT regulations, we report that:

a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss including Other Comprehensive Income, the Standalone Statement of Cash Flows, the Standalone Statement of Changes in Unitholders' Equity, and Statement of Net Distributable Cashflows dealt with by this Report are in agreement with the relevant books of account of the REIT.

c) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards as defined in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 (as amended), to the extent not inconsistent with REIT Regulations and other accounting principles generally accepted in India.

| E | NAV (C/D) | ₹ | **279.57** | **337.32** |

**Notes:**

1) Measurement of fair values:
The fair value of investments in SPVs are computed basis the fair value of the underlying Investment property, Investment property under development, Property, Plant and Equipment and Capital Work-in-progress as at 31 March 2021 along with book values of other assets and liabilities accounted in the respective SPV financial statements as at 31 March 2021. The fair values of Investment Property, Property, Plant and Equipment, Investment property under construction and Capital work-in-progress are solely based on an independent valuation performed by an external property valuer ("independent valuer"), having appropriately recognized professional qualification and recent experience in the location and category of the properties being valued.

2) Break up of Net asset value as at 31 March 2021

| S.No | Particulars | As at 31 March 2021 |
|---|---|---|
| A | Fair Value of Investments in SPVs | 208,527 |
| B | Add: Other assets | 3,167 |
| C | Less: Liabilities | (11,659) |
| **D** | **Net Assets** | **200,035** |

3) The Trust holds investment in SPVs which in turn hold the properties. Hence, the breakup of property wise fair values has been disclosed in the Consolidated financial statements.

### B) Statement of Total Returns at fair value

| S.No | Particulars | For the year ended 31 March 2021 |
|---|---|---|
| A | Total comprehensive income | 5,834 |
| B | Add: Changes in fair value not recognized in the other comprehensive income and other adjustments | 2,677 |
| **C=(A+B)** | **Total Return** | **8,511** |

**Note:** Total Return for the purpose of Standalone financials has been considered based on the total return of Mindspace REIT on a consolidated basis adjusted for consolidation adjustments.

## 1 MINDSPACE REIT BACKGROUND

Mindspace Business Parks REIT ('Mindspace REIT') was settled on 18 November 2019 at Mumbai, Maharashtra, India as a contributory, determinate and irrevocable trust under the provisions of the Indian Trusts Act, 1882, pursuant to a trust deed dated 18 November 2019. Mindspace REIT was registered with SEBI on 10 December 2019, at Mumbai as a REIT pursuant to the REIT Regulations having registration number IN/REIT/19-20/0003. The Trust's principal place of business address is at Raheja Tower, Level 8, Block 'G', C-30, Bandra Kurla Complex, Mumbai - 400 051.

Anbee Constructions LLP (ACL) and Cape Trading LLP ('CTL') are the sponsors of Mindspace REIT. The Trustee to Mindspace REIT is Axis Trustee Services Limited (the 'Trustee') and the Manager for Mindspace REIT is K Raheja Corp Investment Managers LLP (the 'Manager').

The objectives and principal activity of Mindspace REIT is to carry on the activity of a real estate investment trust, as permissible under the REIT Regulations, to raise funds through the REIT, to make investments in accordance with the REIT Regulations and the investment strategy and to carry on the activities as may be required for operating the REIT, including incidental and ancillary matters thereto.

Mindspace REIT acquired the Special Purpose Vehicles ('SPVs') by acquiring all the equity interest held by the Sponsor Group and Blackstone entities in the SPVs on 30 July 2020. In exchange for these equity interests, the above shareholders have been allotted 55,66,54,582 units of Mindspace REIT on 30 July 2020 which were issued at ₹ 275 each.

Mindspace REIT went public as per its plan for Initial Public Offer of Units after obtaining the required approvals from the relevant authorities. The units were allotted to the successful applicants on 4 August 2020.

All these units were subsequently listed on the BSE Limited (BSE) and National Stock Exchange of India Limited (NSE) on 7 August 2020.

Accordingly, the equity interest in each of the below SPVs have been transferred from the respective shareholders to Mindspace REIT.

1. Mindspace Business Parks Private Limited (MBPPL)
2. Gigaplex Estate Private Limited (Gigaplex)
3. Sundew Properties Limited (Sundew)*
4. Intime Properties Limited (Intime)*
5. K. Raheja IT Park (Hyderabad) Limited (KRIT)*
6. KRC Infrastructure and Projects Private Limited (KRC Infra)
7. Horizonview Properties Private Limited (Horizonview)
8. Avacado Properties and Trading (India) Private Limited (Avacado)

*Remaining 11% of equity interest in Intime Properties Limited, K. Raheja IT Park (Hyderabad) Limited and Sundew Properties Limited is owned by Andhra Pradesh Industrial Infrastructure Corporation ('APIIC')

The Standalone Financial Statements of Mindspace Business Parks REIT comprise the Standalone Balance Sheet as at 31 March 2021, the Standalone Statement of Profit and Loss, including other comprehensive income, the Standalone Statement of Cash Flow for the year ended 31 March 2021, the Standalone Statement of Changes in Unitholders Equity for the year ended 31 March 2021, the Statement of Net Distributable Cashflows of Mindspace REIT for the year ended 31 March 2021, the Statement of Total Returns at Fair Value for the year ended 31 March 2021, the Statement of Net Assets at Fair Value as at 31 March 2021 and a summary of the significant accounting policies and select explanatory information and other additional financial disclosures.

The Standalone financial statements have been prepared in accordance with the requirements of SEBI (Real Estate Investment Trusts) Regulations, 2014 as amended from time to time including any guidelines and circulars issued thereunder read with SEBI Circular No. CIR/IMD/DF/146/2016 dated December 29, 2016 (the "REIT regulations"); Indian Accounting Standards as prescribed in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 (as amended), to the extent not inconsistent with the REIT regulations (refer note 12 on presentation of "Unit Capital" as "Equity" instead of compound instruments under Ind AS 32 – Financial Instruments: Presentation), read with relevant rules issued thereunder and other accounting principles generally accepted in India.

The Standalone Financial Statements are authorized for issue in accordance with resolution passed by the Governing Board of the Manager on behalf of Mindspace REIT on 14 May 2021.

The Standalone Financial Statements are presented in Indian Rupees in Million, except when otherwise indicated.

**Statement of compliance to Ind-AS**

These Standalone financial statements for the year ended 31 March 2021 have been prepared in accordance with the REIT regulations; Indian Accounting Standards as prescribed in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 (as amended), and other accounting principles generally accepted in India, to the extent not inconsistent with the REIT regulations as more fully described above and note 12 to the standalone financial statements.

## 3 SIGNIFICANT ACCOUNTING POLICIES

**a) Functional and Presentation Currency**

The Standalone Financial Statements are presented in Indian Rupees, which is also Mindspace REIT functional currency in which Mindspace REIT operates. All financial information presented in Indian Rupees has been rounded off to the nearest million except otherwise stated.

**b) Basis of measurement**

These Standalone Financial Statements are prepared on the historical cost basis, except for certain financial assets and liabilities (refer accounting policy regarding financial instrument) measured at fair values;

**c) Use of judgments and estimates**

The preparation of the Standalone Financial Statements in conformity with generally accepted accounting principles in India (Ind AS) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses. Actual results could differ from those estimates.

Estimated and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

Information about critical judgements in applying accounting policies that have the most significant effect on the amounts recognized in the Standalone Financial Statements is included in the following notes:

Notes to the Standalone Financial Statements
for the year ended 31 March 2021

(All amounts in ₹ million unless otherwise stated)

(i) Presentation of "Unit Capital" as "Equity" in accordance with the REIT Regulations instead of compound instrument (note no 12)

(ii) Impairment and Fair valuation of Investments in SPVs.

(iii) Recognition and measurement of provisions for contingencies and disclosure of contingent liabilities (note 31 (a))

**d) Current versus non-current classification**

Mindspace REIT presents assets and liabilities in the Balance Sheet based on current/ non-current classification:

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realized within twelve months after the reporting date; or
- Cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting date; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

Mindspace REIT classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. Mindspace REIT has identified twelve months as its operating cycle.

**e) Measurement of fair values**

Mindspace REIT accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. Mindspace REIT has an established control framework with respect to the measurement of fair values.

Mindspace REIT regularly review significant unobservable inputs and valuation adjustments. If third party information is used to measure fair values then the finance team assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of an asset or a liability, Mindspace REIT uses observable market data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that entity can access on measurement date.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

**3.1 Impairment of assets**

Mindspace REIT assesses at each reporting date, whether there is any indication that an asset may be impaired. If any such indication exists, the trust estimates the recoverable amount of the asset. The recoverable amount of the assets (or where applicable that of the cash generating unit to which the asset belongs) is estimated as the higher of its net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of the assets and from its disposal at the end of its useful life. An impairment loss is recognized whenever the carrying amount of an asset or the cash-generating unit to which it belongs, exceeds its recoverable amount. Impairment loss is recognized in the Statement of Profit and Loss or against revaluation surplus, where applicable.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in the Statement of Profit and Loss.

# Notes to the Standalone Financial Statements
for the year ended 31 March 2021

(All amounts in ₹ million unless otherwise stated)

**3.2 Asset Acquisition**

If the acquisition of an asset or a group of assets does not constitute a business, Mindspace REIT identifies and recognizes the individual identifiable assets acquired including those assets that meet the definition of, and recognition criteria for, intangible assets in Ind AS 38, Intangible Assets and liabilities assumed. The cost of the group is allocated to the individual identifiable assets and liabilities on the basis of their relative fair values at the date of purchase and no goodwill is recognized.

Allocation of the cost of the group is done as follows:

For any identifiable asset or liability initially measured at an amount other than cost, Mindspace REIT initially measures that asset or liability at the amount specified in the applicable Ind AS Standard. Mindspace REIT deducts from the transaction price of the group the amounts allocated to the assets and liabilities initially measured at an amount other than cost, and then allocates the residual transaction price to the remaining identifiable assets and liabilities based on their relative fair values at the date of the acquisition.

**3.3 Foreign currency transactions**

Transactions denominated in foreign currency are recorded at the exchange rate prevailing on the date of transactions. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss of the year.

Monetary assets and liabilities denominated in foreign currency, which are outstanding as at the end of the period and not covered by forward contracts, are translated at the end of the period at the closing exchange rate and the resultant exchange differences are recognized in the Statement of Profit and Loss. Non-monetary foreign currency items are carried at cost.

**3.4 Compound financial instruments**

The component parts of compound financial instruments issued by Mindspace REIT are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Trust's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recorded as a liability on an amortized cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date.

The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound instrument as a whole. This is recognized and included in equity, net of income tax effects, and is not subsequently remeasured.

Transaction costs that relate to the issue of the convertible instruments are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognized directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortized over the lives of the convertible instrument using the effective interest method.

**3.5 Embedded derivatives**

A derivative embedded in a hybrid contract, with a financial liability or non-financial host, is separated from the host and accounted for as a separate derivative if: the economic characteristics and risks are not closely related to the host; a separate instrument with the same terms as the embedded derivative would meet the definition of a derivative; and the hybrid contract is not measured at fair value through profit or loss. Embedded derivatives are measured at fair value with changes in fair value recognized in profit or loss. Reassessment only occurs if there is either a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required or a reclassification of a financial asset out of the fair value through profit or loss category.

**3.6 Tax expense**

Income tax expense comprises current tax and deferred tax charge or credit. It is recognized in the Standalone Statement of Profit and Loss except to the extent that it relates to an item recognized directly in equity or in other comprehensive income in which case, the current and deferred tax are also recognized in equity and other comprehensive income respectively.

a) Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the period and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by end of reporting period.

b) Deferred tax

Deferred tax asset/ liability is recognized on temporary differences between the carrying amounts of assets and liabilities in the Standalone Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax assets and liabilities are measured that are expected to apply to the period when the asset is realized or the liability is settled, using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which Mindspace REIT expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets are reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax assets and liabilities, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

**3.7 Provisions, contingent liabilities and contingent assets**

Provisions are recognized when Mindspace REIT has a present legal or constructive obligation as a result of a past event, it is probable that the Trust will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognized as finance cost.

Contingent liabilities are disclosed when there is a possible obligation or a present obligation that may, but will probably not, require an outflow of resources. When there is a possible obligation of a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

A contingent asset is disclosed when there would be a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of Mindspace REIT.

Provisions, Contingent Liabilities and Contingent Assets are reviewed at each reporting date and adjusted to reflect the current best estimates.

**3.8 Investment in SPVs**

The Company has elected to recognize its investments in SPVs at cost in accordance with the option available in Ind AS 27, 'Separate Financial Statements'. The details of such investments are given in note 4.

Assets representing investments in SPVs are reviewed for impairment, whenever events or changes in circumstances indicate that carrying amount may not be recoverable. Such circumstances include, though are not limited to, significant or sustained decline in revenues or earnings and material adverse changes in the economic environment.

**3.9 Financial instruments**

1 Initial recognition and measurement

Financial assets and/or financial liabilities are recognized when Mindspace REIT becomes party to a contract embodying the related financial instruments. All financial assets, financial liabilities are initially measured at fair value. Transaction costs that are attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from as the case may be, the fair value of such assets or liabilities, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in the Statement of Profit and Loss.

2 Financial assets:

a) Classification of financial assets:

(i) Mindspace REIT classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through the Statement of Profit and Loss), and
- those measured at amortized cost.

# Notes to the Standalone Financial Statements
for the year ended 31 March 2021

(All amounts in ₹ million unless otherwise stated)

(ii) The classification is done depending upon Mindspace REIT business model for managing the financial assets and the contractual terms of the cash flows.

(iii) For investments in debt instruments, this will depend on the business model in which the investment is held.

(iv) Mindspace REIT reclassifies debt investments when and only when its business model for managing those assets changes.

b) Subsequent Measurement

(i) Debt instruments:

Subsequent measurement of debt instruments depends on Mindspace REIT business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Trust classifies its debt instruments:

**Financial assets at amortized cost**

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**Financial assets at fair value through other comprehensive income (FVTOCI)**

Financial assets are subsequently measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows that give rise on specified dates to solely payments of principal and interest on the principal amount outstanding and by selling financial assets.

**Financial assets at fair value through the Statement of Profit and Loss (FVTPL)**

Financial assets are subsequently measured at fair value through the Statement of Profit and Loss unless it is measured at amortized cost or fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognized in the Statement of Profit and Loss.

c) Impairment of financial assets:

The Mindspace Group applies the expected credit loss model for recognizing impairment loss on financial assets measured at amortized cost, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset. For trade receivables, the Mindspace Group measures the loss allowance at an amount equal to lifetime expected credit losses. Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Mindspace Group has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

d) Derecognition of financial assets:

A financial asset is primarily derecognized when:

(i) the right to receive cash flows from the asset has expired, or

(ii) Mindspace REIT has transferred its rights to receive cash flows from the asset; and

Mindspace REIT has transferred substantially all the risks and rewards of the asset, or

Mindspace REIT has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

On derecognition of a financial asset in its entirety (other than investments in equity instruments at FVOCI), the differences between the carrying amounts measured at the date of derecognition and the consideration received is recognized in Statement of Profit and Loss. Any interest in transferred financial assets that is created or retained by Mindspace REIT is recognized as a separate asset or liability.

### 3.10 Financial liabilities and equity instruments

(a) Classification as debt or equity

Financial liabilities and equity instruments issued by Mindspace REIT are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

**Financial Liabilities**

**Recognition, measurement and classification**

Financial liabilities are classified as either held at a) fair value through the Statement of Profit and Loss, or b) at amortized cost. Management determines the classification of its financial liabilities at the time of initial recognition or, where applicable, at the time of reclassification.

Mindspace REIT financial liabilities include trade and other payables, loans and borrowings and derivative financial instruments. Subsequent measurement of financial liabilities depends on their classification as fair value through the Statement of Profit and Loss or at amortized cost. All changes in fair value of financial liabilities classified as FVTPL are recognized in the Statement of Profit and Loss. Amortized cost category is applicable to loans and borrowings, trade and other payables. After initial recognition the financial liabilities are measured at amortized cost using the Effective Interest Rate method.

**Derecognition**

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. Gains and losses are recognized in the Statement of Profit and Loss when the liabilities are derecognized.

**Offsetting of financial instruments**

Financial assets and financial liabilities are offset and presented on net basis in the Balance Sheet when there is a currently enforceable legal right to offset the recognized amounts and there is an intention either to settle on a net basis or to realise the assets and settle the liabilities simultaneously.

### 3.11 Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contract are measured initially at the fair value and in accordance with Ind AS 109 unless on a case to case basis company elects to account for financial guarantee as Insurance Contracts as specified under Ind AS 104.

### 3.12 Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable. This inter alia involves discounting of the consideration due to the present value if payment extends beyond normal credit terms.

Revenue is recognized when recovery of the consideration is probable and the amount of revenue can be measured reliably.

**Recognition of dividend income, interest income**

Dividend income is recognized in profit or loss on the date on which Mindspace REIT's right to receive payment is established.

Interest income is recognized using the effective interest method. The 'effective interest rate' is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument to the gross carrying amount of the financial asset.

In calculating interest income, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired). However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortized cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

### 3.13 Borrowing costs

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalized as part of the cost of that asset. Other borrowing costs are recognized as an expense in the period in which they are incurred.

Interest expense is recognized using the effective interest method. The 'effective interest rate' is the rate that exactly discounts estimated future cash payments through the expected life of the financial instrument to the amortized cost of the financial liability. In calculating interest expense, the effective interest rate is applied to the amortized cost of the liability.

### 3.14 Cash and cash equivalents

Cash and cash equivalents comprises of cash at bank and on hand, demand deposits, other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

### 3.15 Cash distribution to unit holders

Mindspace REIT recognizes a liability to make cash distributions to Unitholders when the distribution is authorized and a legal obligation has been created. As per the REIT Regulations, a distribution is authorized when it is approved by the Governing Board of the Manager. A corresponding amount is recognized directly in equity.

### 3.16 Standalone Statement of Cash flows

Cash flow is reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of Mindspace REIT are segregated.

For the purpose of the Statement of Cash Flow, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as

# Notes to the Standalone Financial Statements
for the year ended 31 March 2021

(All amounts in ₹ million unless otherwise stated)

they are considered an integral part of the Trust's cash management.

**3.17 Subsequent events**

The Standalone Financial Statements are adjusted to reflect events that occur after the reporting date but before the Financial Statements are issued. The Financial Statements have their own date of authorization. Therefore, when preparing the Financial Statements, management considers events up to the date of authorization of these financial statements.

**3.18 Earnings per unit**

The basic earnings per unit is computed by dividing the net profit/ (loss) attributable to the unit holders of the REIT by the weighted average number of units outstanding during the reporting period. The number of units used in computing diluted earnings/ (loss) per unit comprises the weighted average units considered for deriving basic earnings/ (loss) per unit and also the weighted average number of units which could have been issued on the conversion of all dilutive potential units.

Dilutive potential units are deemed converted as of the beginning of the reporting date, unless they have been issued at a later date. In computing diluted earnings per unit, only potential equity units that are dilutive and which either reduces earnings per share or increase loss per units are included.

**3.19 Earnings before finance costs, depreciation, amortization and income tax**

Mindspace REIT has elected to present earnings before finance cost, depreciation, amortization and income tax as a separate line item on the face of the Standalone Statement of Profit and Loss. Mindspace REIT measures earnings before finance cost, depreciation, amortization and income tax on the basis of profit/ (loss) from continuing operations. In its measurement, Mindspace REIT does not include depreciation and amortization expense, finance costs and tax expense.

**3.20 Errors and estimates**

Mindspace REIT revises its accounting policies if the change is required due to a change in Ind AS or if the change will provide more relevant and reliable information to the users of the Financial Statement. Changes in accounting policies are applied retrospectively.

A change in an accounting estimate that results in changes in the carrying amounts of recognized assets or liabilities or to profit or loss is applied prospectively in the period(s) of change.

Discovery of errors results in revisions retrospectively by restating the comparative amounts of assets, liabilities and equity of the earliest prior period in which the error is discovered. The opening balances of the earliest period presented are also restated.

**3.21 Applicability of new and revised Ind AS:**

New and amended standards adopted by the Mindspace REIT.

Mindspace REIT has applied the following standards and amendments for the first time for their annual reporting period commencing April 1, 2020:

- Definition of material - amendments to Ind AS 1 and Ind AS 8
- Definition of business - amendments to Ind AS 103
- Covid-19 related concessions - amendments to Ind AS 116
- Interest rate benchmark reform - amendments to Ind AS 109 and Ind AS 107

The amendments listed above did not have any impact on the amounts recognized in prior periods and are not expected to significantly affect the current or future periods.

**3.22 Distributions**

The Net Distributable Cash Flows of Mindspace REIT are based on the cash flows generated from Mindspace REIT's assets and investments.

In terms of the Distribution Policy and the REIT Regulations, not less than 90% of the NDCF of each of the Asset SPVs is required to be distributed to Mindspace REIT, in proportion of their shareholding in the Asset SPV, subject to applicable provisions of the Companies Act. Presently, NDCF to be received by Mindspace REIT from the Asset SPVs may be in the form of dividends, interest income, principal loan repayment, proceeds of any capital reduction or buyback from the Asset SPVs, sale proceeds out of disposal of investments if any or assets directly held by Mindspace REIT or as specifically permitted under the Trust Deed or in such other form as may be permissible under the applicable law.

The Manager is required to and shall declare and distribute at least 90% of the NDCF of Mindspace REIT as distributions ("REIT Distributions") to the Unitholders. Such REIT Distributions shall be declared and made for every quarter of a Financial Year.

**Note:** Issue expenses pertaining to the Initial Public Offering (IPO) and listing of the units on the NSE and BSE have been reduced from the Unitholders capital in accordance with Ind AS 32 Financial Instruments: Presentation.

**(a) Terms/rights attached to units and other disclosures**

(i) Mindspace REIT has only one class of Units. Each Unit represents an undivided beneficial interest in Mindspace REIT. Each holder of Units is entitled to one vote per unit. The Unitholders have the right to receive at least 90% of the Net Distributable Cash Flows of the Trust at least once in every six months in each financial year in accordance with the REIT Regulations. The Governing Board of the Investment Manager approves distributions. The distribution will be in proportion to the number of Units held by the Unitholders. Mindspace REIT declares and pays distributions in Indian Rupees.

Under the provisions of the REIT Regulations, Mindspace REIT is required to distribute to Unitholders not less than 90% of the net distributable cash flows of Mindspace REIT for each financial year. Accordingly, a portion of the Unit Capital contains a contractual obligation of the Mindspace REIT to pay to its Unitholders cash distributions. Hence, the Unit Capital is a compound financial instrument which contains equity and liability components in accordance with Ind AS 32 - Financial Instruments: Presentation. However, in accordance with SEBI Circulars (No. CIR/IMD/DF/146/2016 dated 29 December 2016 and No. CIR/IMD/DF/141/2016 dated 26 December 2016) issued under the REIT Regulations, the Unitholders' funds have been presented as "Equity" in order to comply with the requirements of Section H of Annexure A to the SEBI Circular dated 26 December 2016 dealing with the minimum presentation and disclosure requirements for key financial statements. Consistent with Unit Capital being classified as equity, the distributions to Unitholders is also presented in Statement of Changes in Unitholders' Equity when the distributions are approved by the Governing Board of the Investment Manager.

(ii) Initial Public Offering of 36,363,600 units for cash at price of ₹ 275 per unit aggregating to ₹ 10,000 million.

## 27 ASSESSMENT OF POSSIBLE IMPACT RESULTING FROM COVID-19 PANDEMIC

Mindspace REIT has considered the possible effects that may result from the pandemic relating to COVID-19 on the operations and carrying amounts of Loans given, Investments and other assets. Mindspace REIT, as at the date of approval of these financial statements, has used internal and external sources of information to determine the expected future impact of COVID-19 pandemic on the performance of the Company. Mindspace REIT based on current estimates expects the carrying amount of the assets to be recovered. However, due to the evolving nature of the pandemic and its response by various government authorities Mindspace REIT will continue to monitor developments to identify significant impacts, if any, on the operations.

**(b) Measurement of fair values**

The section explains the judgement and estimates made in determining the fair values of the financial instruments that are:

a) recognized and measured at fair value

b) measured at amortized cost and for which fair values are disclosed in the Standalone financial statements.

To provide an indication about the reliability of the inputs used in determining fair value, Mindspace REIT has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level is mentioned below:

### Fair value hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

### (c) Financial instruments

Quantitative disclosures fair value measurement hierarchy for assets as at 31 March 2021:

| Particulars | Total | Level 1 | Level 2 | Level 3 |
|---|---|---|---|---|
| **Financial assets & liabilities measured at fair value** | **-** | **-** | **-** | **-** |

### (d) Transfers between Level 1, Level 2 and Level 3

There were no transfers between Level 1, Level 2 or Level 3 during the year ended 31 March 2021 and 31 March 2020.

### (e) Determination of fair values

Fair values of financial assets and liabilities have been determined for measurement and/or disclosure purposes based on the following methods. When applicable, further information about the assumptions made in determining fair values is disclosed in the notes specific to that asset or liability.

i) The fair value of mutual funds are based on price quotations at reporting date.

ii) The fair values of other current financial assets and financial liabilities are considered to be equivalent to their carrying values.

iii) The fair values of borrowings at fixed rates are considered to be equivalent to present value of the future contracted cashflows discounted at the current market rate.

### (f) Financial risk management

Mindspace REIT has exposure to following risks arising from financial instruments:

- Credit risk (refer note (a) below)
- Liquidity risk (refer note (b) below)
- Market risk (refer note (c) below)

#### (a) Credit risk

Credit risk is the risk of financial loss to Mindspace REIT if a counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Mindspace REIT receivables and other financial assets. The carrying amounts of financial assets represent the maximum credit exposure.

Mindspace REIT holds cash and cash equivalents with credit worthy banks of ₹ 2,938 millions as at 31

# Notes to the Standalone Financial Statements
for the year ended 31 March 2021

(All amounts in ₹ million unless otherwise stated)

March 2021 (2020: ₹ 0 mn). The credit worthiness of such banks is evaluated by the management on an ongoing basis and is considered to be good.

As at the reporting date, there is no significant concentrations of credit risk. The maximum exposure to credit risk is represented by the carrying value of each financial asset on the Balance Sheet.

### (b) Liquidity risk

Liquidity risk is the risk that Mindspace REIT will not be able to meet its financial obligations as they become due. Mindspace REIT manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to Mindspace REIT reputation.

#### Maturities of financial liabilities

The below table provides details of the undiscounted cash flow (principal and interest) of non-derivative financial liabilities of Mindspace REIT based on the remaining contractual maturities including estimated Interest payments:

### (c) Market risk

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates and equity prices – which will affect the Mindspace REIT income or the value of its holdings of financial instruments. Mindspace REIT is domiciled in India and has its income and other transactions in its functional currency i.e. Rupees. Accordingly Mindspace REIT is not materially exposed to any currency risk.

#### Foreign exchange risk

Majority of transitions entered into by Mindspace REIT are denominated in Indian Rupees. Accordingly, Mindspace REIT does not have any material foreign exchange risk.

#### Interest rate risk

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Mindspace REIT is not exposed to any material interest rate risk since all its debts are at fixed interest rates.

## REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

### Opinion

We have audited the accompanying consolidated financial statements of Mindspace Business Parks REIT (the "REIT") and its subsidiaries (the "Special Purpose Vehicles") (together referred to as the "Mindspace Group"), which comprise the Consolidated Balance Sheet as at March 31, 2021, and the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Cash Flows, the Consolidated Statement of Changes in Unitholders' Equity for the year then ended, Consolidated Statement of Net Assets at fair value as at March 31, 2021 and Consolidated Statement of Total Returns at fair value for the year then ended, Statement of Net Distributable Cash Flows of the REIT and each of its special purpose vehicles for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014 as amended from time to time including any guidelines and circulars issued thereunder read with SEBI Circular No. CIR/IMD/DF/146/2016 dated December 29, 2016 (the "REIT regulations") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards as defined in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 (as amended), to the extent not inconsistent with REIT Regulations and other accounting principles generally accepted in India, of the consolidated state of affairs of the Mindspace Group as at March 31, 2021, and its consolidated profit including other comprehensive income, its consolidated cash flows, its consolidated changes in unitholders' equity for the year ended March 31, 2021, net assets at fair value as at March 31, 2021, total returns at fair value and the net distributable cash flows of the REIT and each of its special purpose vehicles for the year ended on that date and other financial information of the Group.

### Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SA) issued by Institute of Chartered Accountants of India (ICAI). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Mindspace Group in accordance with the Code of Ethics issued by the ICAI and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

### Emphasis of Matters

(i) We draw attention to note 45 of the consolidated financial statements regarding freehold land and building thereon (Paradigm, Malad) held by special purpose vehicle, Avacado Properties and Trading (India) Private Limited which is presently under litigation. Pending the outcome of the proceedings and a final closure of the matter, no adjustments have been made in the consolidated financial statements. Our opinion is not modified in respect of this matter.

(ii) We draw attention to note 2 which describes the Basis of preparation of consolidated financial statements and note 20 which describes the presentation of "Unit Capital" as "Equity" instead of compound financial instrument to comply with the REIT Regulations.

Our opinion is not modified in respect of these matters.

### Key Audit Matter

Key audit matter is the matter that, in our professional judgment, was of most significance in our audit of the consolidated financial statements of the current period. This matter was addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter. We have determined the matter described below to be the key audit matters to be communicated in our report.

| Key Audit Matter: | Auditor's Response: |
|---|---|
| Fair Value of investment properties:<br><br>In accordance with REIT Regulations, the REIT discloses Statement of Net Assets at Fair Value and Statement of Total Returns at Fair Value which requires fair valuation of assets and liabilities. As at March 31, 2021, fair value of total assets was ₹ 266,099 million, out of which fair value of investment properties was ₹ 256,508 million representing 96% of the fair value of total asset.<br><br>The fair value of investment properties is determined by an independent valuer using discounted cash flow method and mix of market approach and discounted cash flow method, as applicable. | Principal Audit Procedures Performed:<br><br>Our audit procedures related to the forecasted market rent, terminal capitalization rates and discount rate used to determine the fair value of investment properties included the following, among others:<br><br>• We obtained the independent valuer's valuation reports to obtain an understanding of the source of information used by the independent valuer in determining these assumptions. |

| Key Audit Matter: | Auditor's Response: |
|---|---|
| While there are several assumptions that are required to determine the fair value of investment properties; assumptions with the highest degree of estimate, subjectivity and impact on fair values are forecasted market rent, terminal capitalization rate and discount rate. Auditing these assumptions required a high degree of auditor judgement as the estimates made by the independent valuer contains significant measurement uncertainty.<br><br>Refer Statement of Net assets at fair value and Statement of total returns at fair value and note 6 – Investment Properties in the consolidated financial statements. | • We tested the reasonableness of inputs shared by management with the independent valuer by comparing it to source information used in preparing the inputs.<br><br>• We evaluated the reasonableness of management's forecasted market rent by comparing it with sample of lease agreements for market rentals, and contractual lease escalations.<br><br>• With the assistance of our fair valuation specialist, we evaluated the reasonableness of forecasted market rent, terminal capitalization rates and discount rate by comparing it with market information such as recent market transactions for comparable properties, market surveys by property consultants and broker quotes, as applicable. |

**Information Other than the Financial Statements and Auditor's Report Thereon**

- K. Raheja Corp Investment Manager LLP (the "Investment Manager") in its capacity as an Investment Manager is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the standalone financial statements, consolidated financial statements and our auditor's report thereon.
- Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Management's Responsibility for the Consolidated Financial Statements**

The Management of the Investment Manager (the "Management") is responsible for the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows, consolidated changes in unitholders' equity of the Mindspace Group, net assets at fair value, total returns at fair value and the net distributable cash flows of the of the REIT and each of its special purpose vehicles in accordance with the requirements of the REIT regulations, the Indian Accounting Standards as defined in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 (as amended) and other accounting principles generally accepted in India, to the extent not inconsistent with REIT regulations. The respective Board of Directors of the companies included in the Mindspace Group are responsible for maintenance of adequate accounting records for safeguarding the assets of the Mindspace Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error which have been used for the purpose of preparation of the consolidated financial statements by the Investment Manager of the REIT, as aforesaid.

In preparing the consolidated financial statements, the Governing Board of the Investment Manager and the respective Board of Directors of the companies included in the Mindspace Group are responsible for assessing the ability of the REIT and respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Governing Board of the Investment Manager along with respective Board of Directors either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The Governing Board and the respective Board of Directors of the companies included in the Mindspace Group are also responsible for overseeing the financial reporting process of the Mindspace Group.

**Auditor's Responsibility for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Mindspace Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Mindspace Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Mindspace Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the REIT and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

**Report on Other Legal and Regulatory Requirements**

Based on our audit and as required by REIT regulations, we report that:

a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Cash Flows, Consolidated Statement of Changes in Unitholders' Equity, and Statement of Net Distributable Cashflows of the REIT and each of its special purpose vehicles dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of consolidated financial statements.

c) In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards as defined in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 (as amended), to the extent not inconsistent with REIT Regulations and other accounting principles generally accepted in India.

| G | NAV (E/F) | 274.92 | 345.19 |

* as reflected in the Balance Sheet

**excluding lease liabilities in Fair value

### Measurement of fair values:

The fair values of Investment Property, Property, Plant and Equipment, Investment property under construction and Capital work-in-progress are solely based on an independent valuation performed by an external property valuer ("independent valuer"), having appropriately recognized professional qualification and recent experience in the location and category of the properties being valued.

#### Valuation technique

The fair value measurement for all of the Investment Property, Property, Plant and Equipment, Investment property under construction and Capital work-in-progress has been categorized as a Level 2 / Level 3 fair value based on the inputs to the valuation technique used. The valuer has followed a Discounted Cash Flow method, except for valuation of land for future development where the valuer has adopted a mix of Market Approach and Discounted Cash Flow method, as the case may be. The Discounted Cash Flow valuation model considers the present value of net cash flows to be generated from the respective properties, taking into account the expected rental growth rate, vacancy period, occupancy rate, and lease incentive costs. The expected net cash flows are discounted using the risk adjusted discount rates. Among other factors, the discount rate estimation considers the quality of a building and its location (prime vs secondary), tenant credit quality, lease terms and investor return expectations from such properties.

**Notes:**

1. Project wise break up of Fair value of Assets as at 31 March 2021 is as follows

| Particulars | Fair value of Investment Property, Property, Plant and Equipment, Investment property under construction and Capital work-in-progress | Other assets at book value | Total assets* |

* It includes eliminations primarily pertaining to inter company lending / borrowing and consolidation adjustments

# Consolidated Financial Statements
for the year ended 31 March 2021

(All amounts in ₹ million unless otherwise stated)

2 Other assets at book value excludes capital advances, unbilled revenue and finance lease receivable (which form part of fair valuation of the Investment Property, Property, Plant and Equipment, Investment property under construction and Capital work-in-progress).

3 Gigaplex has made an application for denotification of a part of the SEZ into Non-SEZ. Therefore, the fair valuation has been computed by valuers considering that part as Non-SEZ unit.

4 Power Deemed Distribution License operations in Gigaplex, MBPPL and KRC Infra have been valued by the valuer separately using Discounted Cash Flow method.

5 Liabilities at book value for calculation of fair value of NAV, excludes lease liability (which is factored in fair valuation of the Investment Property, Property, Plant and Equipment, Investment property under construction and Capital work-in-progress).

| B | Add: Changes in fair value not recognized in total comprehensive income (refer note below) | 5,548 |
| **C (A+B)** | **Total Return** | **8,624** |

**Notes:**

1 **Measurement of fair values:**
The fair values of Investment Property, Property, Plant and Equipment, Investment property under construction and Capital work-in-progress are solely based on an independent valuation performed by an external property valuer ("independent valuer"), having appropriately recognized professional qualification and recent experience in the location and category of the properties being valued.

2 In the above statement, changes in fair value not recognized for the year ended 31 March 2021 have been computed based on the change in fair values from 31 July 2020 (30 July 2020 being the date of acquisition for SPVs) to 31 March 2021 adjusted for change in book value of Investment Property, Investment property under construction and Property, Plant and Equipment and Capital work in progress, Capital advances, Unbilled revenue, Finance lease receivable and Lease Liabilities from 31 July 2020 to 31 March 2021.

3 For the purpose of determination of fair values of Investment Property, Investment property under construction and Property, Plant and Equipment and Capital work in progress as at 31 July 2020 (30 July 2020 being the date of acquisition for SPVs), additions to Investment Property, Investment property under construction and Property, Plant and Equipment and Capital work in progress, Capital advances, Unbilled revenue, Finance lease receivable and Lease Liabilities from 1 April 2020 to 31 July 2020 are added to fair value as on 31 March 2020 (as per summary valuation report dated 10 June 2020).

# Consolidated Financial Statements
for the year ended 31 March 2021

(All amounts in ₹ million unless otherwise stated)

## 1 ORGANIZATION STRUCTURE

The consolidated financial statements ('Consolidated Financial Statements') comprise financial statements of Mindspace Business Parks Real Estate Investment Trust ('Mindspace Business Parks REIT/ Mindspace REIT), its SPVs Mindspace Business Parks Private Limited ('MBPPL'), Gigaplex Estate Private Limited ('Gigaplex'), Sundew Properties Limited ('Sundew') Intime Properties Limited ('Intime'), K. Raheja IT Park (Hyderabad) Limited ('KRIT'), KRC Infrastructure and Projects Private Limited ('KRC Infra'), Horizonview Properties Private Limited ('Horizonview'), Avacado Properties and Trading (India) Private Limited ('Avacado') (individually referred to as 'Special Purpose Vehicle' or 'SPV' and together referred to as 'Mindspace Business Parks Group'/'Mindspace Group'). The SPVs are companies domiciled in India.

Anbee Constructions LLP ('ACL') and Cape Trading LLP ('CTL') collectively known as (the 'Sponsors' or the 'Co-Sponsors') have set up the 'Mindspace Business Parks REIT' as an irrevocable trust, pursuant to the Trust Deed, under the provisions of the Indian Trusts Act, 1882 and the Trust has been registered with SEBI as a Real Estate Investment Trust on 18th November 2019 under Regulation 6 of the Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014 having registration number RN:IN/REIT/19-20/003. The Trustee to Mindspace REIT is Axis Trustee Services Limited (the 'Trustee') and the Manager for Mindspace REIT is K Raheja Corp Investment Managers LLP (the 'Investment Manager').

The objectives and principal activity of Mindspace REIT is to carry on the activity of a real estate investment trust, as permissible under the REIT Regulations, to raise funds through the REIT, to make Investments in accordance with the REIT Regulations and the Investment Strategy and to carry on the activities as may be required for operating the REIT, including incidental and ancillary matters thereto.

Mindspace REIT acquired the SPVs by acquiring all the equity interest held by the Sponsor Group and Blackstone entities in the SPVs on 30 July 2020. In exchange for these equity interests, the above shareholders have been allotted 55,66,54,582 Units of Mindspace Parks REIT issued at ₹ 275 each.

Mindspace REIT went public as per its plan for Initial Public Offer of Units after obtaining the required approvals from the relevant authorities. The Units were allotted to the successful applicants on 4 August 2020. All these units were subsequently listed on the Bombay Stock Exchange (BSE Limited) and National Stock Exchange (NSE) on 7 August 2020."

## 2 BASIS OF PREPARATION

The Consolidated Financial Statements of Mindspace Business Parks REIT comprise the Consolidated Balance Sheet as at 31 March 2021, the Consolidated Statement of Profit and Loss, including other comprehensive income, the Consolidated Statement of Cash Flow for the year ended 31 March 2021, the Statement of Changes in Unitholders Equity for the year ended 31 March 2021, the Statement of Net Distributable Cashflows of Mindspace Business Parks REIT and each of the SPVs for the year ended 31 March 2021, the Statement of Total Returns at Fair Value for the year ended 31 March 2021, the Statement of Net Assets at Fair Value as at 31 March 2021 and a summary of the significant accounting policies and select explanatory information and other additional financial disclosures. The Consolidated financial statements have been prepared in accordance with the requirements of SEBI (Real Estate Investment Trusts) Regulations, 2014 as amended from time to time including any guidelines and circulars issued thereunder read with SEBI Circular No. CIR/IMD/DF/146/2016 dated December 29, 2016 (the "REIT regulations"); Indian Accounting Standards as prescribed in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 (as amended), and other accounting principles generally accepted in India, to the extent not inconsistent with the REIT regulations (refer note 20 on presentation of "Unit Capital" as "Equity" instead of compound instruments under Ind AS 32 – Financial Instruments: Presentation), read with relevant rules issued thereunder and other accounting principles generally accepted in India.

The Consolidated Financial Statements were authorized for issue in accordance with the resolution passed by the Governing Board of the Manager on 14 May 2021.

Statement of compliance to Ind AS: These Consolidated Financial Statements for the year ended 31 March 2021 have been prepared in accordance with the REIT regulations; Indian Accounting Standards as prescribed in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 (as amended), and other accounting principles generally accepted in India, to the extent not inconsistent with the REIT regulations as more fully described above and note 20 to the Consolidated financial statements.

### Basis of Consolidation

Mindspace Business Parks Group consolidates entities which it owns or controls. The Consolidated Financial Statements comprise the financial statements of Mindspace Business parks REIT and its subsidiary SPVs as disclosed in note 1. Control exists when the parent has power over the entity, is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns. Subsidiaries are consolidated from the date control commences until the date control ceases.

The procedure for preparing Consolidated Financial Statements of Mindspace Business Parks Group are stated below:

a) The financial statements of Mindspace Business Parks Group are consolidated for like items and intragroup balances and transactions for assets and liabilities, equity, income, expenses and cash flows between entities of Mindspace Business Parks Group are eliminated in full upon consolidation.

b) Andhra Pradesh Industrial Infrastructure Corporation Limited, which is a shareholder in Intime, KRIT and Sundew have not agreed to exchange their equity interest in the SPVs (Intime, KRIT and Sundew), thus, Mindspace Business Parks REIT has recorded a non-controlling interests for these SPVs. The interest of non-controlling shareholders may be initially measured either at fair value or at the non-controlling interest proportionate share of the fair value of the acquiree's identifiable net assets. The choice of measurement basis is made on an acquisition-by-acquisition basis. Subsequent to acquisition, the carrying amount of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity.

c) The figures in the notes to accounts and disclosures have been Consolidated line by line and Inter-company transactions and balances including unrealized profits are eliminated in full on consolidation.

d) MBPPL had applied to the MCA for striking of the name of the four subsidiaries Dices Realcon Pvt Ltd, Sampada Eastpro Pvt Ltd, Happy Eastcon Pvt Ltd, Educator Protech Pvt Ltd on 19 March 2019. The application was processed and the Ministry of Corporate Affairs vide order dated 10.02.2021, 17.03.2021, 04.02.2021, 19.02.2021 issued Notice of Strike off resulting in dissolution of the below four subsidiaries. Accordingly, actual write off of investment has been made in the financial year ending 31st March 2021 and consequently the provision for impairment loss made is reversed. Further, in view of the current status of striking off notice, no consolidation for subsidiaries is required.

e) Mindspace Business Parks Group holds 4% of the equity share capital of Stargaze Properties Private Limited, a company involved in the real estate development. Mindspace Business Parks Group is of the view that it is not able to exercise significant influence over Stargaze Properties Private Limited and hence it has not been accounted using equity method.

## 3 SIGNIFICANT ACCOUNTING POLICIES

(a) Functional and presentation currency

The Consolidated Financial Statements are presented in Indian rupees, which is Mindspace Business Parks Group's functional currency and the currency of the primary economic environment in which Mindspace Business Parks Group operates. All financial information presented in Indian rupees has been rounded off to nearest million except otherwise stated.

(b) Basis of measurement

The Consolidated Financial Statements are on the historical cost basis, except for the following:

- Certain financial assets and liabilities (refer accounting policy regarding financial instrument): measured at fair values;
- Net defined benefit (asset)/ liability less present value of defined obligations: Fair value of plan assets less present value of defined benefit plan.

(c) Use of judgements and estimates

The preparation of the Consolidated Financial Statements in conformity with generally accepted accounting principles in India (Ind AS) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses. Actual results could differ from those estimates.

Estimated and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

Information about critical judgements in applying accounting policies that have the most significant effect on the amounts recognized in the Consolidated Financial Statements is included in the following notes:

- Presentation of "Unit Capital" as "Equity" in accordance with the REIT Regulations instead of compound instrument (note 20)
- Estimation of lease term for revenue recognition
- Estimation of useful life of property, plant and equipment and investment property
- Estimation of recognition of deferred tax assets, availability of future taxable profit against which tax losses carried forward can be used and income taxes.
- Impairment and Fair valuation of Investment Property, Investment property under construction, Property, plant and equipment and Capital work-in-progress
- Recognition and measurement of provisions for contingencies and disclosure of contingent liabilities (note 45)
- Applying the concentration test for acquisition made during the year.

Mindspace Group has applied judgment in determining whether the acquisition of SPVs during the year are considered to be asset acquisitions or business combinations. Mindspace Group has also applied the optional concentration test available under Ind AS 103. Significant judgement involved in allocating the cost of the acquisition to the assets and liabilities acquired based upon their relative fair values determined by independent valuers at the acquisition date, and no goodwill is recognized. – refer note 44 on Asset acquisition.

d) Current versus non-current classification

Mindspace Business Parks Group presents assets and liabilities in the Consolidated Balance Sheet based on current/ non-current classification:

# Consolidated Financial Statements
for the year ended 31 March 2021

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realized within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

Mindspace Business Parks Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. Mindspace Business Parks Group has identified twelve months as its operating cycle.

(e) Measurement of fair values

Mindspace Business Parks Group's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. Mindspace Business Parks Group has an established control framework with respect to the measurement of fair values.

They regularly review significant unobservable inputs and valuation adjustments. If third party information is used to measure fair values then the finance team assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of an asset or a liability, Mindspace Business Parks Group uses observable market data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that entity can access on measurement date.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

## 3.1 Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contract are measured initially at the fair value and in accordance with Ind AS 109 unless on a case to case basis company elects to account for financial guarantee as Insurance Contracts as specified under Ind AS 104.

## 3.2 Property, plant and equipment

### (a) Recognition and measurement

Property, plant and equipment are stated at cost less accumulated depreciation and impairment, if any. Depreciation is charged when the assets are ready for their intended use. Purchase price or construction cost is defined as any consideration paid or fair value of any other consideration given to acquire the asset.

### (b) Subsequent expenditure

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to Mindspace Business Parks Group. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to Mindspace Business Parks Group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Consolidated Statement of Profit and Loss during the reporting period in which they are incurred.

Consolidated Financial Statements
for the year ended 31 March 2021

(All amounts in ₹ million unless otherwise stated)

### (c) Depreciation

Depreciation / amortization is provided using straight line method as per the useful life of the assets estimated by the management over the balance useful life. The estimated useful lives of the assets, which are higher than, lower than or equal to those prescribed under Schedule II of the Companies Act 2013, are listed in the table below. Depreciation on addition / deletion of property, plant and equipment made during the year is provided on pro-rata basis from / to the date of such addition / deletion.

The assets and estimated useful life are as under:

| Asset group | Estimated Useful Life (in years) | |
|---|---|---|
| | Power assets | Other assets |
| Right to use - Leasehold land | Balance Lease term | - |
| Buildings* | 75/90 | - |
| Plant and machinery | 15 | 15 |
| Electrical installation* | 15 | 15 |
| Computers | 3 | 3 |
| Temporary Structure* | - | 1 |
| Office equipment* | 4 | 4 |
| Furniture and fixtures* | - | 7 |
| Vehicles* | - | 5 |

*For these class of assets, based on technical assessment the management believes the useful life of the assets is appropriate which is different than those prescribed under Part C of Schedule II of the Companies Act, 2013.

(1) Based on internal assessment the management believes the residual value of all assets is estimated to be 5% of the original cost of those respective assets.

(2) Assets individually costing less than ₹ 5,000 are fully written off in the year of acquisition.

(3) The estimated useful lives, residual values and depreciation method are reviewed at the end of the reporting period with the effect of any changes in the estimation accounted for on a prospective basis.

### (d) De-recognition

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the Consolidated Statement of Profit and Loss.

### (e) Capital work in progress

Property, plant and equipment under construction is disclosed as capital work in progress which is carried at cost less any recognized impairment losses. Cost comprises of purchase price and any attributable cost such as duties, freight, borrowing costs, erection and commissioning expenses incurred in bringing the asset to its working condition for its intended use.

Advance paid and expenditure incurred on acquisition / construction of property, plant and equipment which are not ready for their intended use at each balance sheet date are disclosed under other non current assets as advances on capital account and capital work-in-progress respectively.

## 3.3 Intangible assets

### (a) Recognition and measurement

An intangible asset is an identifiable non-monetary asset without physical substance. Intangible assets with finite useful lives that are acquired separately are initially measured at its cost and then carried at the cost less accumulated amortization and impairment, if any. The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less impairment, if any.

### (b) Subsequent expenditure

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, is recognized in the Consolidated Statement of Profit and Loss as incurred.

### (c) Amortization

Amortization is calculated over the cost of the asset, or other amount substituted for cost, less its residual value. Amortization is recognized in the Consolidated Statement of Profit and Loss on a straight line method over the estimated useful lives of intangible assets, from the date that they are available for use.

| Asset group | Estimated Useful Life (in years) Other assets |
|---|---|
| Computer Softwares | 3 |
| Trademarks | 10 |

# Consolidated Financial Statements
for the year ended 31 March 2021

The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

(d) **De-recognition**
An intangible asset is derecognized on disposal, or when no future economic benefits are expected from use or disposal, gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognized in the Consolidated Statement of Profit and Loss when the asset is derecognized.

## 3.4 Investment property

(a) **Recognition and measurement**
Properties including land, building and other assets, which are held either for long-term rental yield or for capital appreciation or for both, and which are not occupied substantially by Mindspace Business Parks Group are classified as investment property.

Investment properties are initially recognized at cost, including related transaction costs. Subsequent to initial recognition, investment properties are measured in accordance with the requirement of Ind AS 16's requirements for cost model i.e. Cost less depreciation less impairment losses, if any. Depreciation is charged when the investment property is ready for its intended use. Cost comprises of direct expenses like land cost, site labour cost, material used for project construction, project management consultancy, costs for moving the plant and machinery to the site and general expenses incurred specifically for the respective project like insurance, design and technical assistance, and construction overheads are allocated on a reasonable basis to the cost of the project. Plant and machinery, furniture and fixtures, office equipment and electrical equipments which are physically attached to the commercial buildings are considered as part of investment property. Acquisitions and disposals are accounted for at the date of completion of acquisitions and disposals.

(b) **Subsequent expenditure**
Subsequent expenditure is capitalized to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to Mindspace Business Parks Group and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred.

(c) **Depreciation**
Depreciation / amortization is provided using straight line method as per the useful life of the assets estimated by the management over the balance useful life.The estimated useful lives of the assets, which are higher than, lower than or equal to those prescribed under Schedule II of the Companies Act 2013 and listed in the table below. Depreciation on addition / deletion of investment property made during the year is provided on pro-rata basis from / to the date of such addition / deletion.

| Asset group | Estimated Useful Life (in years) |
|---|---|
| Right to use - Leasehold land | Balance Lease term |
| Buildings* | 75/90 |
| Infrastructure and development | 15 |
| Roadwork* | 15 |
| Plant and machinery | 15 |
| Office equipment* | 4 |
| Furniture and fixtures* | 7 |
| Electrical installation* | 15 |

* For these class of assets, based on technical assessment the management believes the useful life of the assets is appropriate which is different than those prescribed under Part C of Schedule II of the Companies Act, 2013.

Based on internal assessment the management believes the residual value of all assets is estimated to be 5% of the original cost of those respective assets.

Assets individually costing less than ₹ 5,000 are fully written off in the year of acquisition.

The estimated useful lives, residual values and depreciation method are reviewed at the end of the reporting period with the effect of any changes in the estimation accounted for on a prospective basis.

(d) **Fair Value**
Fair value of investment property is based on a valuation by an independent valuer who holds a recognized and relevant professional qualification and has recent experience in the location and category of the investment property being valued. The fair value of investment property is disclosed in the Statement of Net assets at Fair Value.

(e) **De-recognition**
An investment property is derecognized upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on de-recognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Consolidated Statement of Profit and Loss in the period in which the property is de-recognized.

Consolidated Financial Statements
for the year ended 31 March 2021

(All amounts in ₹ million unless otherwise stated)

(f) **Investment properties under construction**
Property that is being constructed for future use as investment property is accounted for as investment property under construction until assets are ready for their intended use.

Direct expenses like land cost, site labour cost, material used for project construction, project management consultancy, costs for moving the plant and machinery to the site and general expenses incurred specifically for the respective project like insurance, design and technical assistance, and construction overheads are taken as the cost of the project.

Investment properties under construction represent the cost incurred in respect of areas under construction of the real estate development projects less impairment losses, if any.

Advance paid for acquisition of investment property which are not ready for their intended use at each balance sheet date are disclosed under other non current assets as capital advance.

## 3.5 Impairment of assets

Mindspace Business Parks Group assesses at each balance sheet date, whether there is any indication that an asset may be impaired. If any such indication exists, Mindspace Business Parks Group estimates the recoverable amount of the asset. The recoverable amount of the assets (or where applicable that of the cash generating unit to which the asset belongs) is estimated as the higher of its net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of the assets and from its disposal at the end of its useful life. An impairment loss is recognized whenever the carrying amount of an asset or the cash-generating unit to which it belongs, exceeds its recoverable amount. Impairment loss is recognized in the Consolidated Statement of Profit and Loss or against revaluation surplus, where applicable.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in the Consolidated Statement of Profit and Loss.

## 3.6 Borrowing costs

Borrowing costs that are attributable to the acquisition, construction or production of qualifying assets are treated as direct cost and are considered as part of cost of such assets. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale. Capitalization rate used to determine the amount of borrowing costs to be capitalized is the weighted average interest rate applicable to the general borrowings. Capitalization of borrowing costs is suspended during the extended period in which active development is interrupted. Capitalization of borrowing costs is ceased when substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are complete. All other borrowing costs are recognized as an expense in the period in which they are incurred.

Borrowing cost incurred by the SPVs on inter-company loans is continued to be capitalized only to the extent Mindspace Group has incurred external borrowing cost.

## 3.7 Inventories

(a) **Measurement of inventory**
Inventories comprise of building material and components. Contractual work in progress, in respect of third party customers, is classified as work in progress. Mindspace Business Parks Group measures its inventories at the lower of cost and net realizable value.

(b) **Cost of inventories**
The cost of inventories of building material and components and work in progress comprise all costs of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on moving weighted average basis.

(c) **Net realizable value**
Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

## 3.8 Revenue recognition

(a) **Facility rentals**
Revenue from property leased out under an operating lease is recognized over the lease term on a straight line basis, except where there is an uncertainty of ultimate collection.

(b) **Revenue from works contractual services**
Revenue from works contractual service is accounted for on the basis of completion of work as per the specification and agreement with the customer.

(c) **Maintenance services**
Maintenance income is recognized over a period of time for services rendered to the customers.

# Consolidated Financial Statements
for the year ended 31 March 2021

(All amounts in ₹ million unless otherwise stated)

(d) **Revenue from power supply**
Revenue from power supply is accounted for on the basis of billings to consumers and includes unbilled revenues accrued up to the end of the accounting year. Mindspace Business Parks Group determines surplus/deficit i.e. excess/ shortfall of aggregate gain over return on equity entitlement for the period in respect of its operations based on the principles laid down under the respective Tariff Regulations as notified by Maharashtra Electricity Regulatory Commission (MERC), on the basis of the tariff order issued by it.In respect of such surplus/deficit, appropriate adjustments as stipulated under the regulations are made during the period. Further, any adjustments that may arise on annual performance review by the MERC under the tariff regulations is made after the completion of such review.

(e) **Finance Lease**
For assets let out under finance lease, Mindspace Business Parks Group recognizes a receivable at an amount equal to the net investment in the lease. Rentals received are accounted for as repayment of principal and finance income. Minimum lease payments receivable on finance leases are apportioned between the finance income and the reduction of the outstanding receivable. The finance income allocated to each period during the lease term so as to produce a constant periodic rate of interest on the remaining net investment in the finance lease. Contingent rents are recorded as income in the periods in which they are earned.

(f) **Sale of surplus construction material and scrap**
Revenue from sale of surplus construction material is recognized on transfer of risk and rewards of ownership which is generally on dispatch of material.

### 3.9 Recognition of dividend income, interest income:
(i) Dividend income is recognized in profit or loss on the date on which Mindspace REIT group has right to receive payment is established.

(ii) Interest income is recognized on time proportion basis, by reference to the principal outstanding and the effective interest rate applicable.

(iii) Delayed payment charges and interest on delayed payments are recognized, on time proportion basis, except when there is uncertainty of ultimate collection.

### 3.10 Tax expense
Income tax expense comprises current tax and deferred tax charge or credit. It is recognized in the Statement of Profit and Loss except to the extent that it relates to an item recognized directly in equity or in other comprehensive income in which case, the current and deferred tax are also recognized in equity and other comprehensive income respectively.

(a) **Current tax**
Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by end of reporting period.

(b) **Deferred tax**
Deferred tax asset/liability is recognized on temporary differences between the carrying amounts of assets and liabilities in the Consolidated Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax assets and liabilities are measured that are expected to apply to the period when the asset is realized or the liability is settled, using the tax rates and tax laws that have been enacted or substantively enacted by the end of reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which Mindspace Business Parks Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax is not recognized for:

- Temporary differences arising on the initial recognition of assets and liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction; and
- Temporary differences related to investments in subsidiaries, associates, and joint arrangements to the extent that Mindspace Business Park Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future;

Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets are reviewed at the end of each reporting period and reduced to the extent that it is no longer probable

Consolidated Financial Statements
for the year ended 31 March 2021

(All amounts in ₹ million unless otherwise stated)

that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

For operations carried out under tax holiday period (80IA benefits of Income Tax Act, 1961), deferred tax assets or liabilities, if any, have been established for the tax consequences of those temporary differences between the carrying values of assets and liabilities and their respective tax bases that reverse after the tax holiday ends. In the situations where one or more units of the Group are entitled to a tax holiday under the tax law, no deferred tax (asset or liability) is recognized in respect of temporary differences which reverse during the tax holiday period, to the extent the concerned unit's gross total income is subject to the deduction during the tax holiday period. Deferred tax in respect of temporary differences which reverse after the tax holiday period is recognized in the year in which the temporary differences originate. However, the Group restricts recognition of deferred tax assets to the extent it is probable that sufficient future taxable income will be available against which such deferred tax assets can be realized. For recognition of deferred taxes, the temporary differences which originate first are considered to reverse first.

(c) **Minimum Alternate Tax (MAT)**
MAT credit entitlement is recognized as an asset only when and to the extent there is convincing evidence that normal income tax will be paid during the specified period. In the year in which MAT credit becomes eligible to be recognized as an asset, the said asset is created by way of a credit to the Consolidated Statement of Profit and Loss and shown as MAT credit entitlement under deferred tax assets. This is reviewed at each balance sheet date and the carrying amount of MAT credit entitlement is written down to the extent it is not reasonably certain that normal income tax will be paid during the specified period.

### 3.11 Earnings per unit (EPU):
The basic earnings per unit is computed by dividing the net profit/ (loss) attributable to the unit holders of Mindspace REIT by the weighted average number of units outstanding during the reporting period. The number of units used in computing diluted earnings/ (loss) per unit comprises the weighted average units considered for deriving basic earnings/ (loss) per unit and also the weighted average number of units which could have been issued on the conversion of all dilutive potential units.

Dilutive potential units are deemed converted as of the beginning of the reporting date, unless they have been issued at a later date. In computing diluted earnings per unit, only potential equity units that are dilutive and which either reduces earnings per unit or increase loss per units are included.

### 3.12 Provisions, contingent liabilities and contingent assets
Provisions are recognized when Mindspace Business Parks Group has a present legal or constructive obligation as a result of a past event, it is probable that Mindspace Business Parks Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognized as finance cost.

Contingent liabilities are disclosed when there is a possible obligation or a present obligation that may, but will probably not, require an outflow of resources. When there is a possible obligation of a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

A contingent asset is disclosed when there would be a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of Mindspace Business Parks Group.

Provisions, Contingent Liabilities and Contingent Assets are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

### 3.13 Foreign currency transactions and translations
Transactions denominated in foreign currency are recorded at the exchange rate prevailing on the date of transactions. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Consolidated Statement of Profit and Loss of the year.

Monetary assets and liabilities denominated in foreign currency, which are outstanding as at the year-end and not covered by forward contracts, are translated at the year-end at the closing exchange rate and the resultant

# Consolidated Financial Statements
for the year ended 31 March 2021

(All amounts in ₹ million unless otherwise stated)

exchange differences are recognized in the Consolidated Statement of Profit and Loss. Non-monetary foreign currency items are carried at cost.

### 3.14 Leases

As a Lessor

Mindspace Business Parks Group enters into lease agreements as a lessor with respect to some of its investment properties.

Leases for which Mindspace Business Parks Group is a lessor is classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. When Mindspace Business Parks Group is an intermediate lessor, it accounts for the head lease and the sublease as two separate contracts. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

Rental income from operating leases is recognized on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized on a straight-line basis over the lease term.

Amounts due from lessees under finance leases are recognized as receivables at the amount of Mindspace Business Parks Group's net investment in the leases. Finance lease income is allocated to reporting periods so as to reflect a constant periodic rate of return on Mindspace Business Parks Group's net investment outstanding in respect of the leases.

As a Lessee

Mindspace Business Parks Group assesses whether a contract is or contains a lease, at inception of a contract. Mindspace Business Parks Group recognizes a right-of-use asset and a corresponding lease liability with respect to all lease agreements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets. For these leases, Mindspace Business Parks Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease. If this rate cannot be readily determined, Mindspace Business Parks Group uses its incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise:

- fixed lease payments (including in-substance fixed payments), less any lease incentives;
- variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;
- the amount expected to be payable by the lessee under residual value guarantees;
- payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

The lease liability is presented as a separate line in the Consolidated balance sheet as Lease Liability.

The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

Mindspace Business Parks Group remeasures the lease liability (and makes a corresponding adjustment to the related right-of-use asset) whenever

- the lease term has changed or there is a change in the assessment of exercise of a purchase option, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate.
- the lease payments change due to changes in an index or rate or a change in expected payment under a guaranteed residual value, in which cases the lease liability is measured by discounting the revised lease payments using the initial discount rate (unless the lease payments change is due to a change in a floating interest rate, in which case a revised discount rate is used).
- a lease contract is modified and the lease modification is not accounted for as a separate lease, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate.

The right-of-use assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses. Whenever Mindspace Business Parks Group incurs an obligation for costs to dismantle and remove a leased asset, restore the site on which it is located or restore the underlying asset to the condition required by the terms and conditions of the lease, a provision is recognized

Consolidated Financial Statements
for the year ended 31 March 2021

(All amounts in ₹ million unless otherwise stated)

and measured under Ind AS 37 'Provisions, Contingent Liabilities and Contingent Assets'. The costs are included in the related right-of-use asset, unless those costs are incurred to produce inventories. Right-of-use assets are depreciated over the shorter period of lease term and useful life of the underlying asset. Mindspace Business Parks Group applies Ind AS 36 Impairment of Assets to determine whether a right-of-use asset is impaired and accounts for any identified impairment loss as described in note 3.4. Variable rents that do not depend on an index or rate are not included in the measurement the lease liability and the right-of-use asset. The related payments are recognized as an expense in the period in which the event or condition that triggers those payments occurs and are included in the line "other expenses" in the Consolidated Statement of Profit and Loss.

### 3.15 Financial instruments

1 **Initial recognition and measurement**

Financial assets and/or financial liabilities are recognized when Mindspace Business Parks Group becomes party to a contract embodying the related financial instruments. All financial assets, financial liabilities are initially measured at fair value. Transaction costs that are attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from as the case may be, the fair value of such assets or liabilities, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in the Consolidated Statement of Profit and Loss.

2 **Financial assets:**

*(a) Classification of financial assets:*

(i) Mindspace Business Parks Group classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through the Consolidated Statement of Profit and Loss), and
- those measured at amortized cost.

(ii) The classification is done depending upon Mindspace Business Parks Group's business model for managing the financial assets and the contractual terms of the cash flows.

(iii) For investments in debt instruments, this will depend on the business model in which the investment is held.

(iv) Mindspace Business Parks Group reclassifies debt investments when and only when its business model for managing those assets changes.

(b) **Subsequent Measurement**

*(i) Debt instruments:*

Subsequent measurement of debt instruments depends on Mindspace Business Parks Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which Mindspace Business Parks Group classifies its debt instruments:

**Financial assets at amortized cost**

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**Financial assets at fair value through other comprehensive income (FVTOCI)**

Financial assets are subsequently measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows that give rise on specified dates to solely payments of principal and interest on the principal amount outstanding and by selling financial assets.

**Financial assets at fair value through the Consolidated Statement of Profit and Loss (FVTPL)**

Financial assets are subsequently measured at fair value through the Consolidated Statement of Profit and Loss unless it is measured at amortized cost or fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognized in the Consolidated Statement of Profit and Loss.

*(ii) Equity instruments:*

Mindspace Business Parks Group subsequently measures all equity investments at fair value. There are two measurement categories into which Mindspace Business Parks Group classifies its equity instruments:

# Consolidated Financial Statements
for the year ended 31 March 2021

**Investments in equity instruments at FVTPL:**
Investments in equity instruments are classified as at FVTPL, unless Mindspace Business Parks Group irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for equity instruments which are not held for trading.

**Investments in equity instruments at FVTOCI:**
On initial recognition, Mindspace Business Parks Group can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognized in other comprehensive income and accumulated in the reserve for 'equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to Consolidated Statement of Profit and Loss on disposal of the investments, but is transferred to retained earnings.

(c) **Impairment of financial assets:**
Mindspace Business Parks Group applies the expected credit loss model for recognizing impairment loss on financial assets measured at amortized cost, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset. For trade receivables, Mindspace Business Parks Group measures the loss allowance at an amount equal to lifetime expected credit losses. Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, Mindspace Business Parks Group has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

(d) **De-recognition of financial assets:**
A financial asset is primarily de-recognized when:

(i) the right to receive cash flows from the asset has expired, or

(ii) Mindspace Business Parks Group has transferred its rights to receive cash flows from the asset; and

Mindspace Business Parks Group has transferred substantially all the risks and rewards of the asset, or

Mindspace Business Parks Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

On derecognition of a financial asset in its entirety (other than investments in equity instruments at FVOCI), the differences between the carrying amounts measured at the date of derecognition and the consideration received is recognized in Consolidated Statement of Profit and Loss. Any interest in transferred financial assets that is created or retained by the SPV is recognized as a separate asset or liability.

3 **Financial liabilities and equity instruments**

*(a) Classification as debt or equity*

Financial liabilities and equity instruments issued by Mindspace Business Parks Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

*(b) Equity instruments*

An equity instrument is any contract that evidences a residual interest in the assets of Mindspace Business Parks Group after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Repurchase of Mindspace Business Parks Group's own equity instrument is recognized and deducted directly in equity. No gain or loss is recognized in the Consolidated Statement of Profit and Loss on the purchase, sale, issue or cancellation of Mindspace Business Parks Group's own equity instruments.

*(c) Compound financial instruments*

The component parts of compound financial instruments issued by Mindspace Business Parks Group are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of Mindspace Business Parks Group's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments.

Consolidated Financial Statements
for the year ended 31 March 2021

This amount is recorded as a liability on an amortized cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date.

The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound instrument as a whole. This is recognized and included in equity, net of income tax effects, and is not subsequently remeasured.

Transaction costs that relate to the issue of the convertible instruments are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognized directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortized over the lives of the convertible instrument using the effective interest method.

*(d) Financial Liabilities*

- **Recognition, measurement and classification**

Financial liabilities are classified as either held at a) fair value through the Consolidated Statement of Profit and Loss, or b) at amortized cost. Management determines the classification of its financial liabilities at the time of initial recognition or, where applicable, at the time of reclassification.

Mindspace Business Parks Group's financial liabilities include trade and other payables, loans and borrowings and derivative financial instruments. Subsequent measurement of financial liabilities depends on their classification as fair value through the Consolidated Statement of Profit and Loss or at amortized cost. All changes in fair value of financial liabilities classified as FVTPL are recognized in the Consolidated Statement of Profit and Loss. Amortized cost category is applicable to loans and borrowings, trade and other payables. After initial recognition the financial liabilities are measured at amortized cost using the Effective Interest Rate method.

- **Derecognition**

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. Gains and losses are recognized in the Consolidated Statement of Profit and Loss when the liabilities are derecognized.

4 **Offsetting of financial instruments**

Financial assets and financial liabilities are offset and presented on net basis in the Balance Sheet when there is a currently enforceable legal right to offset the recognized amounts and there is an intention either to settle on a net basis or to realize the assets and settle the liabilities simultaneously.

### 3.16 Cash and cash equivalents

Cash and cash equivalents comprises of cash at banks and on hand, demand deposits, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

### 3.17 Statement of Cash flow

Cash flow is reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of Mindspace Business Parks Group are segregated. For the purpose of the Consolidated Statement of Cash Flow, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of Mindspace Business Parks Group's cash management.

As per para 8 of Ind AS 7 "where bank overdrafts which are repayable on demand form an integral part of an entity's cash management, bank overdrafts are included as a component of cash and cash equivalents. Bank overdraft, in the Consolidated Balance Sheet, is included as 'borrowings' under Financial Liabilities.

### 3.18 Employee benefits plan

**Disclosure pursuant to Ind AS – 19 'Employee benefits'**

*(1) Short term employee benefits*

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits such as salaries, wages, etc. and are recognized in the year in which the employee rendered the related services. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognized as an expense during the year.

*(2) Long term employee benefits*

**Defined contribution plans**

Contributions to defined contribution schemes such as provident fund are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees. Mindspace Business Parks Group's provident fund contribution, in respect of certain employees, is made to a government administered fund and charged as an expense. The above benefits are classified as defined contribution

# Consolidated Financial Statements
for the year ended 31 March 2021

schemes as Mindspace Business Parks Group has no further defined obligations beyond the monthly contributions.

**Defined benefit plan**

Mindspace Business Parks Group's gratuity benefit scheme is a defined benefit plan. Mindspace Business Parks Group has determined the gratuity liability based on internal calculation based on the number of years completed and last drawn basic salary as mentioned in the Payment of Gratuity Act, 1972. The liability or asset recognized in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets, if any. The defined benefit obligation is calculated annually by actuaries / SPVs using the projected unit credit method. The present value of the defined benefit obligation denominated in ₹ is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Consolidated Statement of Profit and Loss.

**Other long term employee benefits - Compensated absences**

Benefits under compensated absences are accounted as other long-term employee benefits. Mindspace Business Parks Group has determined the liability for compensated absences based on internal calculation which is determined on the basis of leave credited to employee's account and the last drawn salary. Mindspace Business Parks Group's net obligation in respect of compensated absences is the amount of benefit to be settled in future, that employees have earned in return for their service in the current and previous years. The benefit is discounted to determine its present value. The obligation is measured on the basis of an actuarial valuation / by SPVs using the projected unit credit method. Remeasurement is recognized in the Consolidated Statement of Profit and Loss in the period in which they arise. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognized as a liability.

### 3.19 Statement of net assets at fair value

The disclosure of Statement of Net Assets at Fair Value comprises of the fair values of the real estate assets and facility management business as well as book values of the total liabilities and other assets of all SPVs consolidated. The fair value of the real estate assets and facility management business are reviewed regularly by the independent property valuer taking into consideration market conditions existing at the reporting date, using generally accepted market practices. The independent valuer is leading independent appraiser with a recognized and relevant professional qualification and experience. Such independent appraisals are carried out on half yearly basis.

### 3.20 Statement of total returns at fair value

The disclosure of total returns at fair value comprises of the total Comprehensive Income as per the Consolidated Statement of Profit and Loss and Other Changes in Fair Value of investment property, investment property under construction, property, plant and equipment and capital work in progress where the cost model is followed which were not recognized in total Comprehensive Income.

### 3.21 Earnings before finance costs, depreciation and amortization, regulatory income / expense and tax

Mindspace Business Parks Group has elected to present earnings before interest, depreciation and amortization, regulatory income / expense and tax as a separate line item on the face of the Consolidated Statement of Profit and Loss. Mindspace Business Parks Group measures earnings before interest, depreciation and amortization, regulatory income / expense and tax on the basis of profit/ (loss) from continuing operations.

### 3.22 Subsequent events

The Consolidated Financial Statements are adjusted to reflect events that occur after the reporting date but before the Consolidated Financial Statements are issued. The Consolidated Financial Statements have their own date of authorization, which differs from that of the financial statements of the entities which are part of Mindspace REIT group. Therefore, when preparing the Consolidated Financial Statements, management considers events up to the date of authorization of these financial statements.

### 3.23 Errors and estimates

Mindspace Business Parks Group revises its accounting policies if the change is required due to a change in Ind AS or if the change will provide more relevant and reliable information to the users of the Consolidated financial statement. Changes in accounting policies are applied retrospectively.

A change in an accounting estimate that results in changes in the carrying amounts of recognized assets or liabilities or to profit or loss is applied prospectively in the period(s) of change.

Discovery of errors results in revisions retrospectively by restating the comparative amounts of assets, liabilities and equity of the earliest prior period in which the error is discovered. The opening balances of the earliest period presented are also restated.

Consolidated Financial Statements
for the year ended 31 March 2021

(All amounts in ₹ million unless otherwise stated)

### 3.24 Non-current assets held for sale

Non-current assets are classified as held for sale if it is highly probable that they will be recovered primarily through sale rather than through continuing use. Such assets are generally measured at the lower of their carrying amount and fair value less costs to sell. Losses on initial classification as held for sale and subsequent gains and losses on re-measurement are recognized in the Consolidated Statement of Profit and Loss.

Once classified as held-for-sale, intangible assets, property, plant and equipment and investment properties are no longer amortized or depreciated, and any equity-accounted investee is no longer equity accounted.

### 3.25 Segment Information

**Primary segment information**

The primary reportable segment is business segments.

**Business segment**

Mindspace Business Parks Group is organized into the two operating divisions - 'real estate', and 'power distribution', which are determined based on the internal organization and management structure of Mindspace Business Parks Group and its system of internal financial reporting and the nature of its risks and its returns. The Governing Board of the manager has been identified as the chief operating decision maker (CODM). CODM evaluates Mindspace Business Parks Group's performance, allocates resources based on analysis of various performance indicators of Mindspace Business Parks Group as disclosed below.

**Real estate**

Real estate comprises development of project/property under special economic zone (SEZ), information technology parks (IT parks) and other commercial project/ building. After development of the project/property, the same is leased out to the different customers. Real Estate will also include Facilities Maintenance services received from tenants for common area maintenance (CAM) services. Mindspace Business Parks Group has its project/property in Mumbai, Hyderabad, Pune and Chennai. Mindspace Business Parks Group executes works contracts for construction of buildings based on customers specification and requirements.

**Power distribution**

The state power regulator has taken on record the SEZ developer MBPPL, Gigaplex, Sundew and KRC Infra as Deemed Distribution Licensee for Power. The approved SPV being Deemed Distributor, supplies power to customers within the notified SEZ.

**Secondary segment information**

Mindspace Business Parks Group's operations are based in India and therefore Mindspace Business Parks Group has only one geographical segment - India.

### 3.26 Non-controlling interests

Non-controlling interests represent the share of reserves and capital attributable to the shareholders of the SPVs who have not agreed to exchange their shares in the SPVs for units of Mindspace REIT and will not become the unitholders of Mindspace REIT. Below is the list of shareholders of the SPVs for whom non-controlling interest has been recognized. Non-controlling interests in the results and equity of subsidiaries are shown separately in the Consolidated Statement of Profit and Loss, Consolidated Statement of Changes in Equity and Consolidated Balance Sheet respectively.

| SPV | Shareholder | % Holding in SPV (As on reporting date) |
|---|---|---|
| KRIT | Andhra Pradesh Industrial Infrastructure Corporation Limited | 11.0% |
| Intime | Andhra Pradesh Industrial Infrastructure Corporation Limited | 11.0% |
| Sundew | Andhra Pradesh Industrial Infrastructure Corporation Limited | 11.0% |

Ind AS 110 requires entities to attribute the profit or loss and each component of other comprehensive income to the owners of Mindspace REIT and to the non-controlling interests. This requirement needs to be followed even if this results in the non-controlling interests having a deficit balance.

### 3.27 Cash distribution to unit holders

The Group recognizes a liability to make cash distributions to Unitholders when the distribution is authorized and a legal obligation has been created. As per the REIT Regulations, a distribution is authorized when it is approved by the Govering Board of the Manager. A corresponding amount is recognized directly in equity.

### 3.28 Applicability of new and revised Ind AS:

New and amended standards adopted by the Mindspace REIT.

Mindspace REIT has applied the following standards and amendments for the first time for their annual reporting period commencing April 1, 2020:

- Definition of material - amendments to Ind AS 1 and Ind AS 8
- Definition of business - amendments to Ind AS 103
- Covid-19 related concessions - amendments to Ind AS 116

- Interest rate benchmark reform - amendments to Ind AS 109 and Ind AS 107

The amendments listed above except one related to Ind AS 103 (refer note 44), did not have any impact on the amounts recognized in prior periods and are not expected to significantly affect the current or future periods.

### 3.29 Distribution Policy

The Net Distributable Cash Flows of Mindspace REIT are based on the cash flows generated from Mindspace REIT's assets and investments.

In terms of the Distribution Policy and the REIT Regulations, not less than 90% of the NDCF of each of the Asset SPVs is required to be distributed to Mindspace REIT, in proportion of their shareholding in the Asset SPV, subject to applicable provisions of the Companies Act or the LLP Act. Presently, NDCF to be received by Mindspace REIT from the Asset SPVs may be in the form of dividends, interest income, principal loan repayment, proceeds of any capital reduction or buyback from the Asset SPVs, sale proceeds out of disposal of investments if any or assets directly held by Mindspace REIT or as specifically permitted under the Trust Deed or in such other form as may be permissible under the applicable law.

The Manager is required to and shall declare and distribute at least 90% of the NDCF of Mindspace REIT as distributions ("REIT Distributions") to the Unitholders. Such REIT Distributions shall be declared and made for every quarter of a Financial Year.

## 4

Pursuant to the share acquisition agreements entered between Mindspace REIT, Sponsor Group and Blackstone Entities for acquisition of the shares of the Asset SPVs held by the Sponsor Group and Blackstone Entities, the acquisition was effected on 30 July 2020. However, consolidation of the financials of these Assets SPVs has been done effective 1 August 2020 considering the impact of 1 day operation on the financial results is immaterial.

|---|---|
| Fair value as at 31 March 2021 | 256,508 |
| Fair value as at 31 March 2020 | - |

**Measurement of fair values of investment property**

Fair value hierarchy:

The fair values of Investment Property. Investment property under construction and Capital work-in-progress are solely based on an independent valuation performed by an external property valuer ("independent valuer"), having appropriately recognized professional qualification and recent experience in the location and category of the properties being valued.

**Valuation technique:**

The fair value measurement for all of the Investment Property. Investment property under construction and Capital work-in-progress has been categorized as a Level 2 / Level 3 fair value based on the inputs to the valuation technique used. The valuer has followed a Discounted Cash Flow method, except for valuation of land for future development where the valuer has adopted a mix of Market Approach and Discounted Cash Flow method, as the case may be. The Discounted Cash Flow valuation model considers the present value of net cash flows to be generated from the respective properties, taking into account the expected rental growth rate, vacancy period, occupancy rate, and lease incentive costs. The expected net cash flows are discounted using the risk adjusted discount rates. Among other factors, the discount rate estimation considers the quality of a building and its location (prime vs secondary), tenant credit quality, lease terms and investor return expectations from such properties.

**Note:** Issue expenses pertaining to the Initial Public Offering (IPO) and listing of the units on the National Stock Exchange and Bombay Stock Exchange have been reduced from the Unitholders capital in accordance with Ind AS 32 Financial Instruments: Presentation.

**(a) Terms/rights attached to Units**

(i) The Trust has only one class of Units. Each Unit represents an undivided beneficial interest in the Trust. Each holder of Units is entitled to one vote per unit. The Unitholders have the right to receive at least 90% of the Net Distributable Cash Flows of the Trust at least once in every six months in each financial year in accordance with the REIT Regulations. The Governing Board of the Manager approves distributions. The distribution will be in proportion to the number of Units held by the Unitholders. The Trust declares and pays distributions in Indian Rupees.

Under the provisions of the REIT Regulations, Mindspace Business Parks REIT is required to distribute to Unitholders not less than 90% of the net distributable cash flows of Mindspace Business Parks REIT for each financial year. Accordingly, a portion of the Unit Capital contains a contractual obligation of the Mindspace Business Parks REIT to pay to its Unitholders cash distributions. Hence, the Unit Capital is a compound financial instrument which contains equity and liability components in accordance with Ind AS 32 - Financial Instruments: Presentation. However, in accordance with SEBI Circulars (No. CIR/IMD/DF/146/2016 dated 29 December 2016 and No. CIR/IMD/DF/141/2016 dated 26 December 2016) issued under the REIT Regulations, the Unitholders' funds have been presented as "Equity" in order to comply with the requirements of Section H of Annexure A to the SEBI Circular dated 26 December 2016 dealing with the minimum presentation and disclosure requirements for key financial statements. Consistent with Unit Capital being classified as equity, the distributions to Unitholders is also presented in Statement of Changes in Unitholders' Equity when the distributions are approved by the Governing Board of Investment Manager.

(ii) Initial Public Offering of 3,63,63,600 Units for cash at price of ₹ 275 per Unit aggregating to ₹ 10,000 million.

(iii) Mindspace REIT has acquired the SPVs by acquiring all the equity interest held by the Sponsor Group and Blackstone Entities in the SPVs. The acquisition of equity interest in the SPVs has been done by issue of 55,66,54,582 Units of ₹ 275 each as per the table below.

(All amounts in ₹ million unless otherwise stated)

**(1) Nature of securities:**
NCD Series 1 are secured by each of the following security in favour of the Debenture Trustee (holding for the benefit of the NCD Holders):

a) First and exclusive charge registered by way of simple mortgage (including receivables arising therefrom) on the aggregate leasable area of approximately 414,599 Sq. Ft. or thereabouts in buildings no. 1 and 5 of Commerzone Yerawada (approx. 43,200 sq. ft. in building no. 1 and approx. 371,399 in building no. 5) together with the proportionate undivided right, title and interest in the notionally demarcated land admeasuring approximately 18,264 sq. mtrs on which the said two building no. 1 and 5, out of all those pieces and parcels of larger land that are situated, lying and being in Village Yerawada, Taluka Haveli, District Pune ("Mortgaged Properties") of NCD Series 1.

b) A charge on the escrow account in which receivables of the Mortgaged Properties shall be received save and except any common area maintenance charges payable to MBBPL with respect to the maintenance of the mortgaged properties.

c) Corporate guarantee executed by MBPPL.

**(2) Terms of Repayment:**

a) NCD Series 1 are redeemable by way of bullet repayment at the end of 36 months from the date of allotment, i.e. 16 December 2023.

b) Interest is payable on the last day of each financial quarter in a year (starting from 31 March, 2021) until the scheduled redemption date.

c) The Coupon shall be increased by 25 bps for every notch downgrade in the rating by the Credit Rating Agency. In case rating is upgraded after any rating downgrade, the Coupon shall be decreased by 25 bps for each upgrade.

d) Upon occurrence of a mandatory redemption event, the Debenture Trustee may, by issuing not less than 30 (thirty) business days' notice to the Issuer require the Issuer to redeem in full, all the debentures then outstanding by paying an amount equal to the total mandatory redemption amount in respect of each debenture.

(iii) In March 2021, Mindspace REIT issued 3,750 10 year G-Sec linked secured, listed, senior, taxable, non-cumulative, rated, principal protected – market linked, redeemable, non-convertible debentures ("Market Linked Debentures / MLD Series 2") having face value of ₹ 10,00,000 (Rupees ten lakhs only) each, amounting to ₹ 375,00,00,000 (Rupees three hundred seventy five crores only). The tenure of the said MLD Series 2 is 38 months from 18 March 2021, being date of allotment of the MLD Series 2 and coupon, if any shall be payable on the Scheduled Redemption Date i.e. on maturity on 17 May 2024. The coupon payoff structure is linked to condition where the payoff will be fixed on the final fixing date i.e. 16 April 2024. If identified 10 year G-Sec's last traded price as on final fixing date is greater than 25% of its last traded price as on initial fixing date i.e. 18 March 2021, the coupon rate will be 6.65% p.a. If identified 10 year G-Sec's last traded price as on final fixing date is less than or equal to 25% of its last traded price as on initial fixing date, the coupon rate will be zero percent. As per the valuers report in respect of valuation of these MLD Series 2, the probability of occurrence of such an event (last traded price of identified 10 year G-Sec on final fixing date being less than or equal to 25% of its last traded price on initial fixing date) is remote and hence the value of the option considered as zero.

## 44 ASSET ACQUISITION

The Mindspace REIT entered into share acquisition agreements with shareholders of 8 Asset SPVs (refer note 1 under accounting policies for list of these SPVs) for acquisition of shares of the Asset SPVs in exchange for the units of Mindspace REIT. The acquisition was effected on 30th July 2020 ("Acquisition Date").

Requirements of Ind AS 103 apply to a transaction in which assets acquired and liabilities assumed constitute a business. However, para B7A and B7B of Ind AS 103 allow an optional concentration test to perform simplified assessment of whether acquired set of activities and assets is not a business. The consequence of the test is that if the concentration test is met, the set of activities and assets is determined not to be a business and no further assessment is needed.

REIT has opted to apply optional concentration test in respect of acquisition of these SPVs. Acquired SPVs are engaged in the business of real estate development and leasing. Major asset pool of these SPVs comprise of investment property and investment property under construction. Based on the assessment performed, management has determined that substantially all of the fair value of the gross assets acquired is concentrated in investment property and investment property under construction (including other assets which meet the definition of group of similar identifiable assets as per definition provided in para B7B of Ind AS 103 such as investment property, property, plant and equipment attached to these investment properties which cannot be physically removed and used separately from these investment properties, without incurring significant cost, or significant diminution in utility or fair value to either asset).

Accordingly, acquisition of these SPVs has been accounted as acquisition of group of assets not constituting a business and requirements in Ind AS 103 for business combination accounting has not been applied to this transaction. The REIT has accounted for the transaction as follows:

a. Identified asset or liability initially measured at an amount other than cost and applied applicable standards for initial measurement of these assets and liabilities

b. Plant and Machinery recognized at fair value as determined by an independent valuer

c. Deducted from the gross transaction price of the group acquired, amount recognized in respect of items listed in point (a) and (b) above

d. Allocated the residual transaction price to the remaining identifiable assets (i.e. Land and Buildings which are then being classified as Investment Property and Investment property under construction) based on their relative fair values at the date of acquisition, arrived at by an independent valuer.

The transaction has not resulted in recognition of goodwill or bargain gain in the books of the REIT. Non-controlling interests in these subsidiaries have a present ownership interest and is entitled to a proportionate share of net assets upon liquidation. These non-controlling interests have been accounted at their fair value on the date of acquisition of the SPVs. For this purpose, fair value has been determined in accordance with Ind AS 113.

As consideration for the assets acquired, Mindspace REIT issued 556,654,582 units at unit price of ₹ 275 per unit totalling to ₹ 153,080 million. Mindspace REIT has also incurred directly attributable expenses in relation to the asset acquisition, amounting to ₹ 23 million, resulting in the total transaction price of ₹ 153,103 million. The following tables summarize the total transaction price, gross transaction price and the allocation of the transaction price.

| Particulars | Amount (in million) |
|---|---|
| Purchase consideration | 153,080 |
| Acquisition costs | 23 |
| **Total transaction price** | **153,103** |
| Issue price per unit | 275 |

Based on the above total transaction price and adjusted for the other assets and liabilities assumed, the gross transaction price is as follows:

| Particulars | Amount (in million) |
|---|---|
| **Total Transaction Price** | **153,103** |
| Less: Other Assets | 44,344 |
| Add: Other Liabilities | 91,570 |
| Add: Non-Controlling Interest | 9,247 |
| **Gross Transaction Price** | **209,576** |

Based on the above total transaction price and adjusting for the other assets and liabilities assumed, the gross transaction price is allocated as follows on the basis of the allocation explained above:

| Particulars | Amount (in million) |
|---|---|
| Land – freehold and leasehold as part of Investment property | 96,631 |
| Building as part of Investment property | 88,720 |
| Investment property under construction | 12,898 |
| Property, plant and equipment and other assets | 11,327 |
| **Total** | **209,576** |

General development costs amounting to ₹ 3,782 million was included as part of investment property under construction up to December 31, 2020. On review of

classification, Management considers it appropriate to reclassify the same as part of Investment Property from the date of acquisition. Accordingly, it has now been reclassified as Investment Property to reflect the appropriate classification for the year ended 31 March 2021. Consequential impact on depreciation has been considered in the financial statements.

Further reclassified leasehold land of MBPPL (Airoli) amounting to ₹ 3,578 million from Freehold land during the year.

Depreciation on leasehold land, building, plant & machinery and other assets has been calculated on the above allocated amounts based on the balance useful lives of these assets as per the accounting policy.

## 45 CONTINGENT LIABILITIES AND CAPITAL COMMITMENTS

**Notes:**

1 (a) Gigaplex -An appeal has been filed for A.Y. 2010-11 before CIT(A) against the penalty order raising demand of ₹ 3 million and the appeal is pending. The company has paid 20% (₹ 0.6 million) with a request to keep the demand in abeyance. As per Income tax website, there is no demand oustanding.

(b) KRIT - Contingent liability of ₹ 933 million related to AY 2012-13 to AY 2018-19 for which company has filed appeals before CIT(A) against orders under section 143(3) / 143(3) read with section 153A of the Act contesting the disallowance of deduction under section 80IA of the Income Tax Act, 1961. The company is hopeful of a favourable outcome for these Assessment Years. In case of unfavourable decisions in appeal for AY 2012-13 and AY 2018-19, the tax would be payable under normal tax and hence, MAT credit currently available with the Company will no longer be available. As a result, in addition to above contingent liability, the Company would require to pay additional tax of ₹ 326 million w.r.t. AY 2019-20 and AY 2020-21 (These years are not under litigation) because during these years the Company has utilized the MAT credit availed during AY 2012-13 to AY 2018-19.

For AY 2009-10 and AY 2010-11, Income tax cases on 80IA disallowances are pending with Hon'ble HC of Telangana based on appeal filed by the department against the ITAT - Hyderabad order, which were in favour of the Company. Future Cash outflow in respect of above, if any, is determinable only on receipt of judgements / decisions pending with relevant authorities.

(c) Avacado - Contingent liability of ₹ 33 million was created in preceding FY 2019-20 relating to AY 2015-16 to AY 2017-18 for which CIT(A) appeals were filed against order under section 143(3) read with 153A of the Income Tax Act,1961 on account of 14A and 80IA disallowances. The appeals are disposed of by CIT(A) in current FY 2020-21 in favour of the company and hence contingent liability is Nil as at 31 March 2021.

the allegations and praying that no interim relief be granted to the Plaintiff. The Company in its reply has also taken up a plea that issue of limitation should be decided as a preliminary issue before any interim relief could be granted to the Plaintiff. Pursuant to the Plaintiff's application for expedited hearing of the case, the Hon'ble High Court Bombay vide an Order dated 19/09/2013 and 20/09/2013 framed the issue of limitation under section 9 (A) of Code of Civil Procedure to be tried as to jurisdiction for the maintainability of the suit and directed the Plaintiff to file an affidavit in lieu of examination in chief of the first witness on or before 17/10/2013. Pursuant to the Plaintiff's SLP in the Supreme Court challenging the Orders of the Hon'ble High Court dated 19/09/2013 and 20/09/2013, the Hon'ble Supreme Court vide its Order dated 08/10/2013 stayed the operation of the aforesaid Orders and further proceedings in the High Court Suit No. 414 of 2008. Thereafter the Hon'ble Supreme Court by its Order dated 25 August 2015 has referred the said SLP to a three Judge Bench to be posted along with SLP (C) No. 22438 of 2015.The SC by its Order dated 12.12.2018 disposed off the said SLP as infructuous in view of deletion of Section 9A of the Civil Procedure Code by the Maharashtra Act 61 of 2018 on 29.10.2018. In view of the subsequent amendment by the State of Maharashtra to the said provisions, pursuant to the Petitioners application to restore the SLP by cancelling the Order dated 12.12.2018, by Judgement dated 4.10.2019, three Judge Bench of the SC held that u/s 9A CPC (Maharashtra) question of limitation cannot be decided as a preliminary issue as to jurisdiction. The SLP, application for interim relief and the High court Suit are pending for the final hearing.

Based on an advice obtained from an independent legal counsel, the management is confident that the Company will be able to suitably defend and the impact, if any, on the Ind AS financial statements can be determined on disposal of the above Petition and accordingly, Ind AS Financial statements of the company have been prepared on a going concern basis.

Further, the Plaintiff, through his advocates & solicitors, had addressed letter dated 13 February, 2020 including to Mindspace REIT, the Manager, the Trustee, the Sponsors, Avacado, Mr. Ravi C. Raheja, Mr. Neel C. Raheja, Mr. Chandru L. Raheja, Ivory Properties and KRCPL, expressing his objection to the proposed Offer and any actions concerning the building Paradigm located at Mindspace Malad project. The allegations and averments made by the Plaintiff have been responded and denied by the addressees, through their advocates & solicitors. No further correspondence has been received.

b) Pursuant to the levy of service tax on renting of immovable properties given for commercial use, retrospectively with effect from 1 June 2007 by the Finance Act, 2010, some of the lessees to whom the Company has let out its premises, have based on a legal advice, challenged the said levy and, inter-alia, its retrospective application and withheld payment of service tax to the Company, based on certain judicial pronouncements and stay orders granted by appropriate High Courts from time to time. Further in this regard the Hon'ble Supreme Court has passed an interim order dated 14th October, 2011 in Civil appeal nos. 8390, 8391-8393 of 2011 and in compliance of which, such lessees have deposited with appropriate authority in 3 installments, 50% of the amount such service tax not so paid by them upto 30 September 2011 and have furnished surety for the balance 50% of the amount of service tax and which amount has also been deposited by them with the authorities. Further as per Hon'ble Supreme Court's Order dated 5th April 2018 in Civil Appeal No. (s) 4487/2010, the matter is deferred until disposal of the issues pending before the nine judges Bench in Mineral Area Development Authority and others.

In view of the above and subject to the final orders being passed by the Hon'ble Supreme Court in the aforesaid appeals, there may be a contingent liability on the Company in respect of interest payable on account of the delayed payment of service tax, which amount would be recoverable from the respective lessees by the Company.

b) Maharashtra State Electricity Distribution SPV Limited (MSEDCL) had sent a letter and subsequently, a show cause notice as to why the K. Raheja Corp Pvt. Ltd. (KRCPL) (of which the Commerzone Undertaking is demerged in the SPV MBPPL) should not be penalized for alleged laying of cable without obtaining proper permission from the Pune Municipal Corporation (PMC) and levied a penalty of ₹ 23 million on MBPPL. MBPPL has adequately responded to such allegations. Pune Municipal Corporation has issued to MSEDCL (with a copy to MBPPL and Panchashil Corporate Park Pvt. Ltd. (Panchasil) stating that the penalty has been waived however, since there has been a violation of PMC approved trenching policy the penalty of ₹ 5 million is to be paid by Panchasil and MBPPL. MBPPL has received letter from MSEDCL addressed to MBPPL and Panchashil to pay penalty charges of ₹ 5 milllions and complete the balance cable laying work on priority by observing rules and regulations of MSEDCL with due permission from PMC. MSEDCL sent a letter to Panchashil and MBPPL providing the bifurcation of penalty of ₹ 5 milllions and requesting Panchashil and MBPPL to make the payment at the earliest. MBPPL has sent a reply letter informing MSEDCL that MBPPL is not liable to pay penalty of ₹ 3 million and in respect of the penalty of ₹ 2 milllions, MBPPL and Panchashil are both jointly liable to pay the same. MBPPL has further requested MSEDCL to confirm on the same to enable MBPPL and Panchashil to discuss/negotiate on the same. It is learnt that Panchshil made the payment of ₹ 5 million as penalty charges to MSEDCL and completed the work of laying cable. No provision is considered necessary at this stage.

c) The Company is subject to other legal proceedings and claims, which have arisen in the ordinary course of business. The Company's management does not reasonably expect that these legal actions, when ultimately concluded and determined, will have a material and adverse effect on the Company's results of operations or financial condition.

d) MBPPL received a communication (alleged reminder) from Pune Municipal Corporation (PMC) demanding an amount of ₹ 157 million allegedly due from MBPPL based on objections by internal audit report of Pune Municipal Corporation. MBPPL, has submitted a letter denying all allegation of PMC, as

MBPPL has not been served with any document referred to the said PMC letter. Subsequently MBPPL addressed one more communication stating that MBPPL would be in a position to submit their reply upon receipt of the details of amount demanded as per their reply submitted which states that if any principal outstanding is due/recoverable, MBPPL agrees to make the said payment and sought detailed clarification on the interest amount.

8 Intime, Sundew and KRIT

a) In accordance with the Scheme of arrangement which was approved by Hon'ble Andhra Pradesh High Court on 23 March 2007, the Industrial Park II and III undertakings of K.Raheja IT Park (Hyderabad) Limited (formerly known as K.Raheja IT Park (Hyderabad) Private Limited) ("KRIT", "JV Company") have been demerged and vested in the Company with effect from the appointed date i.e. 01 September 2006.

The Company had acquired the land at Madhapur, Hyderabad as part of the demerger scheme from KRIT. The said land is in lieu of the employment opportunities to be generated by KRIT and others.

The liability, if any, arising due to the obligation to create the job opportunities for the entire larger land of which the above property is a part, continues to be retained by KRIT as at 31 March 2021.

During the year ended 31 March 2016, Telangana State Industrial Infrastructure Corporation Limited ("TSIIC") has returned the original Bank Guarantees to KRIT and also confirmed to the bank that TSIIC will not claim any amount from the bank under the Bank Guarantees and the bank is relieved of its obligation. Hence, no liability is recognized towards the price of the plot of land.

b) An unconditional obligation to pay amounts due to Andhra Pradesh Industrial Infrastructure Corporation Limited ("APIIC") in respect of APIIC's claims of losses due to any difference in values pertaining to sale transactions of the project undertaken by KRIT. Losses incurred by the Government/TSIIC in its JV Company, if any, will be paid in full by K Raheja Corp Pvt Ltd and it has furnished to the JV Company in writing agreeing and admitting liability to make such payment to Government/TSIIC.

The shareholding pattern of the Government/TSIIC in the JV Company and the Company will not change as a result of conversion from Private to Public, the Government / TSIIC equity of 11% will remain the same in the Company and all the demerged companies and further in future, Government / TSIIC will not be asked to infuse further cash to maintain its 11% stake.

9 Gigaplex

Regular Civil Suit had been filed before the Hon. Civil Judge (J.D) Vashi at Central Business District by an Education Society ("the Plaintiff") who is claiming rights in existing school structure, claiming its area as 500 square meters and its existence since more than 30 years, seeking an injunction not to dispossess him. The Company has filed its reply opposing the Plaintiff's prayers. After hearing the parties, the Hon'ble Judge at the Vashi Court had rejected the Plaintiff's Injunction Application by Order dated 20.08.18 (Order). Thereafter the Plaintiff has filed an appeal in Thane District Court. The Plaintiff's Appeal filed in Thane District Court is still pending, it's next date is on 12.04.2021. In management view, the estimate of liability arising out of the same is remote, no provision has been taken.

10 KRIT

A Writ petition has been filed against the Company in the High Court of Judicature of Andhra Pradesh at Hyderabad with respect to specific use of the land admeasuring 4,500 square yards, earmarked as plot 18. Pursuant to it, the Court has passed an Order for no construction activity upon the triangular piece of 2 acres 40 cents of land earlier identified at the time of allotment as 'Common Facility Centre' in the software layout. until further orders of the Court. IALA and APIIC have filed affidavits opposing the writ petition, confirming the allotment and rights of KRIT in the Suit Land, and for vacating the Stay Order. The matter is pending before the Court. Greater Hyderabad Municipal Corporation ("GHMC") had filed an application in the Court for clarification that the Stay Order does not preclude GHMC from acquiring a portion of 0.14 acres (approximately 567 square meters) for road widening. Subsequently, GHMC has acquired the portion of land and constructed the road. The matter is pending for disposal by the High Court. Based on the facts of the case, the management does not expect any liability and is of the opinion that no provision needs to be made.

11 Horizonview

W.S. Industries (India) Limited ("WSIIL") has filed a writ petition before the Madras High Court against the District Revenue Officer, Thiruvallur ("DRO") and P. Jeyapal S/o R. Perumalsamy ("Jeyapal") seeking directions for quashing a notice dated May 25, 2017 issued by the DRO and Additional District Judge ("Notice"). The Notice was issued by the DRO cum Additional District Judge on a complaint presented by Jeyapal alleging that lands were handed over to WSIIL on certain conditions, and instead of using such lands for common purpose, WSIIL has been using the lands for commercial purpose. WSIIL is the erstwhile owner of the land, a portion of which was subsequently sold and transferred by WSIIL to certain entities. Horizonview has been granted development rights over such land. The Madras High Court, by its order dated June 5, 2017, has granted interim stay. The matter is pending before the Madras High Court. Neither RPIL Signalling Systems Limited (the present owner of the land at Porur being developed by Horizonview Properties Private Limited) nor Horizonview Properties Private Limited is a party to the aforementioned suit.

## 46 ASSESSMENT OF POSSIBLE IMPACT RESULTING FROM COVID-19 PANDEMIC

The Mindspace Group has considered the possible effects that may result from the pandemic relating to COVID-19 on the operations of the Mindspace Group and carrying amounts of property, plant and equipment, Investment Property, Inventories, receivables and other assets. The Mindspace Group, as at the date of approval of these financial statements, has used internal and external sources of information to determine the expected future impact of COVID-19 pandemic on the performance of the Mindspace Group. The Mindspace Group based on current estimates expects the carrying amount of the assets to be recovered. However, due to the evolving nature of the pandemic and its response by various government authorities the Management will continue to monitor developments to identify significant impacts, if any, on the Mindspace Group's operations.

## 52 NET OPERATING INCOME (NOI)

The Mindspace REIT entered into share purchase agreement with Sponsor group and Blackstone entities of Asset SPVs for acquisition of the shares of the SPVs held by such shareholders in exchange for the units of Mindspace REIT (refer note 44). Acquisition of these SPVs has been accounted as acquisition of group of assets based on the concertation test permitted as per Companies (Indian Accounting Standards) Amendment Rules, 2020 and accordingly, requirements in Ind AS 103 for business combination accounting are not applicable to this transaction.

The revenue and expenses pertaining to these SPVs have been consolidated from 1 August 2020 and therefore these consolidated financial statements include results of these SPVs from 1 August 2020 to 31 March 2021 only. As the transaction is being accounted as asset acquisition and not a business combination, the proforma information is not required to be disclosed per Indian Accounting Standards applicable to the transaction. However, considering these proforma information to be relevant to the investors, the Governing Board has decided to provide following additional 'proforma' information to represent an approximate measure of the performance of the Mindspace REIT group for the year ended 31 March 2021 and 31 March 2020, as if the acquisition had occurred on 1 April 2019 following the analogy from disclosures required in Ind AS 103 for 'Business Combinations'.

The following proforma financial information has been prepared by combining the historical results of all the SPVs for the respective periods after making adjustment for intra group transactions and unrealized profits, if any. The proforma financial information is presented solely for informational purposes and is not indicative of the results of operations that would have been achieved if the acquisition of SPVs had taken place on 1 April 2019 or of results that may occur in the future.

### Measurement of fair values
The section explains the judgement and estimates made in determining the fair values of the financial instruments that are:

a) recognized and measured at fair value

b) measured at amortized cost and for which fair values are disclosed in the Standalone financial statements.

To provide an indication about the reliability of the inputs used in determining fair value, Mindspace REIT has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level is mentioned below:

### Fair value hierarchy
Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

### Financial instruments
Quantitative disclosures fair value measurement hierarchy for assets as at 31 March 2021:

| Particulars | Total | Level 1 | Level 2 | Level 3 |
|---|---|---|---|---|
| Financial assets & liabilities measured at fair value | | | | |
| Investment in equity shares | **0** | **-** | **-** | **0** |

|---|---|---|---|---|
| Financial assets & liabilities measured at fair value | | | | |
| Investment in equity shares | - | - | - | - |

(All amounts in ₹ million unless otherwise stated)

### Valuation techniques and significant unobservable inputs
The following table shows the valuation techniques used in measuring Level 3 fair values for financial instruments measured at fair value in the statement of financial position as well as the significant unobservable inputs used.

| Financial instruments measured at fair value | Valuation technique | Significant unobservable inputs | Inter-relationship between significant unobservable inputs and fair value measurement |
|---|---|---|---|
| Financial Assets | | | |
| Investment in equity shares | Discounted cash flow approach | Discount rate determined as weighted average cost of capital (WACC) | Increase/decrease of 5% or so in the discount rate would result in decrease/increase in the fair value* |

* holding all other variables constant

### Transfers between Level 1, Level 2 and Level 3
There were no transfers between Level 1, Level 2 or Level 3 during the year ended 31 March 2021 and 31 March 2020.

### Determination of fair values
Fair values of financial assets and liabilities have been determined for measurement and/or disclosure purposes based on the following methods. When applicable, further information about the assumptions made in determining fair values is disclosed in the notes specific to that asset or liability.

i) The fair value of mutual funds are based on price quotations at reporting date.

ii) The fair values of other current financial assets and financial liabilities are considered to be equivalent to their carrying values.

iii) The fair values of borrowings at fixed rates are considered to be equivalent to present value of the future contracted cashflows discounted at the current market rate.

iv) Security deposits accepted are measured at fair value based on the discounted cash flow method considering the discount rate determined as the average borrowing rate.

## B Financial risk management
The Mindspace Group has exposure to the following risks arising from financial instruments:

- Credit risk;
- Liquidity risk; and
- Market risk

### i. Credit risk
Credit risk is the risk of financial loss to the Mindspace Group if a counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Mindspace Group's receivables and other financial assets. The carrying amounts of financial assets represent the maximum credit exposure.

### Trade receivables
The Mindspace Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also has an influence on credit risk assessment. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Mindspace Group grants credit terms in the normal course of business.

# Consolidated Financial Statements

**Cash and cash equivalents**
The Mindspace Group holds cash and cash equivalents with credit worthy banks of ₹ 3,539 million as at 31 March 2021 (2020: ₹ 0 million). The credit worthiness of such banks is evaluated by the management on an ongoing basis and is considered to be good.

**Other financial assets**
Other financial assets which includes finance lease receivable are measured at amortized cost. Credit risk related to these financial assets is managed by monitoring the recoveries of such amounts on regular basis.

**ii. Liquidity risk**
Liquidity risk is the risk that the Mindspace Group will not be able to meet its financial obligations as they become due. The Mindspace Group manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the Mindspace Group's reputation.

**Exposure to liquidity risk**
The table below provides details of the undiscounted cash flow (principal and interest) of non-derivative financial liabilities of the Mindspace Group based on the remaining contractual maturities:

|---|---|---|
| **Floating rate term loan** | | |
| Expiring within one year | 2,000 | - |
| Expiring beyond one year | 402 | - |

**iii. Market risk**
Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates and equity prices – will affect the Mindspace Group's income or the value of its holdings of financial instruments. The Mindspace Group is domiciled in India and has its income and other transactions in its functional currency i.e. Rupees. Accordingly the Mindspace Group is not materially exposed to any currency risk. Also the Mindspace Group does not hold any equity investments, accordingly the Mindspace Group is not exposed to any equity price risk

**Foreign exchange risk**
The Mindspace Group undertakes transactions denominated in foreign currencies; consequently,exposures to exchange rate fluctuations arise. Exchange rate exposures are managed within approved policy parameters. The carrying amounts of the Mindspace Group's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting year are Nil.

**Interest rate risk**
Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The REIT acquired the SPVs by issuing units to the erstwhile shareholders of the SPVs on July 30, 2020. The results of the SPVs have been consolidated accordingly from such date and hence the numbers for the previous year ended March 31, 2020 are not comparable.

## 58 OFFSETTING FINANCIAL ASSETS AND FINANCIAL LIABILITIES

There is no offsetting financial assets and financial liabilities as at 31 March 2021 and 31 March 2020.

## 59 DISCLOSURE IN RESPECT OF LEASE (IND AS 116):

**Mindspace Group as lessee:**

Applying Ind AS 116, for all leases, the Mindspace Group:

a) recognizes right-of-use assets and lease liabilities in the statement of financial position, initially measured at the present value of future lease payments;

b) recognizes depreciation on right-of-use assets and interest on lease liabilities in the Consolidated Statement of Profit or Loss; and

c) separates the total amount of cash paid into a principal portion (presented within financing activities) and interest (presented within operating activities) in the statement of cash flows.

Under Ind AS 116, right-of-use assets are tested for impairment in accordance with Ind AS 36 Impairment of Assets. This replaces the previous requirement to recognize a provision for onerous lease contracts.

## 1.7 ASSUMPTIONS, DISCLAIMERS, LIMITATIONS & QUALIFICATIONS TO VALUATION

While the Valuation Report has been prepared independently by the Valuer, the report and this summary is subject to the following:

a. The valuation exercise is based on prevailing market dynamics as on the date of valuation without taking into account any unforeseeable event or developments which could impact the valuation in the future.

b. The outbreak of COVID-19, declared by the World Health Organisation as a Global Pandemic on the 11th March 2020, and has continued to impact many aspects of daily life and the global economy. Individual markets have reacted differently to the COVID-19 outbreak, aftermath and further waves. Travel, movement and operational restrictions have been implemented by many countries. In some cases, lockdowns have been applied to varying degrees and to reflect further waves of COVID-19. The pandemic and the measures taken to tackle COVID-19 continue to affect economies and real estate markets globally. In India as well, the government has adopted similar measures to contain the spread of Covid-19 which has caused business disruption impacting the economic activity. Although these may imply a new stage of the crisis, they are not unprecedented in the same way as the initial impact. As per WHO, there are more than 250 COVID-19 vaccine candidates at different stages of trials. COVID-19 vaccine in India was launched on 16 January 2021. This was initially deployed to essential services workers and senior citizens. The coverage has now been expanded to people aged 18 years and above and with increased coverage in subsequent months, it can reasonably be expected that disruptions caused by the pandemic would subside in the coming year. The commercial real estate sector has so far shown reasonable resilience to the disruptions caused by Covid-19. With the gained intelligence about the pandemic and rapid progress witnessed in the development and deployment of the vaccine, we expect the corporates to resume their operations from their respective office spaces, as the situation starts to stabilize soon. This is expected to be followed by the demand for commercial office spaces, which have been vacated due to pandemic over the last year, to come back and then the demand for additional commercial office spaces is expected to arise, as the deferred corporate decision-making starts to materialize. Therefore, we expect slow recovery in the demand for commercial real estate in short-mid term before the demand resumes its long-term trajectory.

c. The valuation exercise is not envisaged to include all possible investigations with respect to the Subject Properties and wherein certain limitations to the investigations and inspections carried out are identified so as to enable the Reliant Party/Parties to undertake further investigations wherever considered appropriate or necessary prior to reliance. The Valuer is not liable for any loss occasioned by a decision not to conduct further investigation or inspections.

d. Assumptions, being an integral part of any valuation exercise, are adopted as valuation is a matter of judgment and many parameters utilized to arrive at the valuation opinion

may fall outside the scope of expertise or instructions of the Valuer. The party relying on this report accepts that the valuation contains certain specific assumptions and acknowledge and accept the risk that if any of the assumptions adopted to arrive at the valuation estimates turns out to be incorrect, there may be a material impact on the valuations.

e. The valuation exercise is based on the information shared by the Instructing Party or the Client, which has been assumed to be correct and used to conduct the valuation exercise. In case of information shared by any third party and duly disclosed in the report, the same is believed to be reasonably reliable, however, the Valuer does not accept any responsibility should those prove not to be so.

f. Any statement regarding any future matter is provided as an estimate and/or opinion based on the information known at the date of this report. No warranties are given regarding accuracy or correctness of such statements.

g. Any plan, map, sketch, layout or drawing included in this report is to assist reader in visualizing the relevant property and are for representation purposes only, with no responsibility being borne towards their mathematical or geographical accuracy.

h. Except as disclosed by the Client, it is assumed that the Subject Properties are free from any encroachments and available on the date of valuation.

i. For the purpose of this valuation exercise, reliance has been made on the Title Reports prepared by the Legal Counsels for each of the Subject Properties and no further enquiries have been made with authorities in this regard. It is understood that the Subject Properties have encumbrances, disputes and claims, however, the Valuer does not have the expertise or the purview to verify the veracity or quantify these encumbrances, disputes or claims. For the purpose of this valuation exercise, it is assumed that respective Subject Properties have clear and marketable titles.

j. The current zoning of the Subject Properties has been assessed on the basis of review of various documents including title reports shared by the Instructing Party and the current land use maps publicly available. The same has been considered for the purpose of this valuation exercise. Additionally, it is also assumed that the development on the Subject Properties adheres/would adhere to the development regulations as prescribed by the relevant authorities. No further enquiries have been made with the competent jurisdictional authorities to validate the legality of the same.

k. The total developable/developed area, leasable area, site/plot area considered for this valuation exercise is based on the Architect's Certificate shared by the Instructing Party and the same has been checked against the approvals/layout plans/building plans provided by the Client. However, no additional verification and physical measurement for the purpose of this valuation exercise has been undertaken.

l. In absence of any information to the contrary, it is assumed that there are no abnormal ground conditions nor archaeological remains present which might adversely affect the current or future occupation, development or value of the Subject Properties and the Subject Properties are free from any rot, infestations, structural or latent defect; no

currently known deleterious or hazardous materials or suspect techniques are used in construction or subsequent alterations or additions to the property and comments made in the property details do not purport to express an opinion about an advice upon the conditions of uninspected parts and should be taken as making an implied representation or statement about such parts.

m. It is also stated that this is a valuation report and not a structural survey.

n. Unless specifically disclosed in the report, no allowances are made with respect to any existing or proposed local legislation relating to taxation on realization of the sale value of the Subject Properties.

o. Given the evolving and maturing real estate markets in India, comparable evidences, if any or market quotes provided has been limited to basic details such as area of asset, general location, price/rate of transaction or sale and any other specific details that are readily available in public domain only shall be shared. Any factual information such as tenants' leasable area, lease details such as, rent, lease/rent commencement and end dates, lock-in period, rent escalation terms etc. with respect to Subject Properties is based on the documents/information shared by the Client/Instructing Party and the same has been adopted for the purpose of this valuation exercise. While few lease deeds have been reviewed on a sample basis, the Valuer does not take any responsibility towards authenticity of the rent rolls shared by the Client. Any change in the aforementioned information will have an impact on the valuation estimates and, in that case, the same would need to have a relook. The relevant information sources are mentioned in section 2.5.

p. All measurements, areas and property age quoted/mentioned in the report are approximate.

q. The Valuer is not an advisor with respect to any tax, regulatory or legal matters regarding the proposed transaction. No investigation or enquiries on the holding entity or any SPV's claim on the title of the Subject Properties has been made and the same is assumed to be valid based on the information shared by the Client/Instructing Party. No consideration shall be / has been given to liens or encumbrances against them. Therefore, no responsibility is assumed for matters of a legal nature.

r. Kindly note that quarterly assessment of cash flows has been undertaken for the purpose of this valuation exercise.

# 2 Valuation Approach and Methodology

## 2.1 PURPOSE OF VALUATION

The purpose of this valuation exercise is to estimate the value of the Subject Properties as part of the portfolio of Mindspace REIT for the disclosure of valuation of assets, forming part of the portfolio of Mindspace REIT, in accordance with the Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014, as amended, together with clarifications, guidelines and notifications thereunder in the Indian stock exchanges together with the clarifications, guidelines and notifications thereunder in the Indian stock exchanges and for accounting purposes.

## 2.2 BASIS OF VALUATION

Given the purpose of valuation as mentioned above, the valuation exercise has been carried out to estimate the "Market Value" of the Subject Properties in accordance with the IVSC International Valuation Standards issued on 31 July 2019, effective from 31 January 2020.

Market Value is defined as 'The estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm's-length transaction after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion.'

## 2.3 VALUATION APPROACH

The basis of valuation for the Subject Property being Market Value, the same may be derived by any of the following approaches:

### 2.3.1 Market Approach

In 'Market Approach', the Subject Property is compared to similar properties that have actually been sold in an arms-length transaction or are offered for sale (after deducting for value of built-up structure located thereon). The comparable evidence gathered during research is adjusted for premiums and discounts based on property specific attributes to reflect the underlying value of the property.

### 2.3.2 Income Approach

The income approach is based on the premise that value of an income - producing asset is a function of future benefits and income derived from that asset. There are two commonly used methods of the income approach in real estate valuation namely, direct capitalization and discounted cash flow (DCF).

*i. Income Approach - Direct Capitalization Method*

Direct capitalization involves capitalizing a 'normalized' single - year net income estimated by an appropriate yield. This approach is best utilized with stable revenue producing assets, whereby there is little volatility in the net annual income.

*ii. Income Approach - Discounted Cash Flow Method*

Using this valuation method, future cash flows from the property are forecasted using precisely stated assumptions. This method allows for the explicit modelling of income associated with the property. These future financial benefits are then discounted to a present-day value (valuation date) at an appropriate discount rate. A variation of the Discounted Cash Flow Method is mentioned below.

*iii. Income Approach - Discounted Cash Flow Method using Rental Reversion*

The market practice in most commercial/ IT developments involves contracting tenants in the form of pre-commitments at sub-market rentals to increase attractiveness of the property to prospective tenants. Such benefits are typically extended to anchor tenants. Additionally, there are instances of tenants paying above-market rentals for certain properties as well (primarily owing to market conditions at the time of contracting the lease). In order to arrive at a unit value for these tenancies, we have considered the impact of such sub/above market leases on the valuation of the Subject Property.

***For the purpose of the valuation of Subject Properties (other than the portions of future development area part or whole of which may be considered for sale), Income Approach - Discounted Cash Flow Method using Rental Reversion has been adopted.***

## 2.4 VALUATION METHODOLOGY

In case of Subject Properties there are instances where the contracted rents are significantly different from prevailing rents in the concerned micro-market where the specific Subject Property is located, either because the rents prevailing at the time of executing the leases have been significantly different or discounts were given to large/anchor tenants.

Since the real estate industry is dynamic and is influenced by various factors (such as existing supply, demand for spaces, quality of spaces available in the market, overall health of the economy, existing rentals, future growth plans, etc.) at a particular point in time, negotiated rents may tend to move away from the prevalent market rents over a period of time.

It has also been witnessed that the market rents for some properties or micro-markets increase or decrease at a rate significantly different from those agreed to in initial leases. These factors reinforce the need to review each of these leases in isolation to assess the intrinsic value of the property under review.

Given the purpose and the nature of Subject Properties involved, the valuation of the commercial office assets has been undertaken using the Discounted Cash Flows method using Rental Reversion, for Facilities Management as well as Power Distribution, Discounted Cash Flow method has been adopted and for portions of future development area part of or whole of which may be considered for sale, Market Approach has been adopted. Further the following steps have been adopted as part of the valuation exercise, which have been elaborated in the detailed full valuation report ("Valuation Report").

### 2.4.1 Asset-specific Review:

i. As the first step to the valuation of the asset, the rent rolls (and the corresponding lease deeds on a sample basis) were reviewed to identify tenancy characteristics for the asset. As part of the rent roll review, major tenancy agreements belonging to tenants with pre-committed area were reviewed on a sample basis.

ii. For anchor/large tenants, adjustments on marginal rent or additional lease-up timeframe have been adopted upon lease reversion.

iii. Title certificates, architect certificates and other related documents as mentioned in earlier sections of the report were reviewed for validation of area details, ownership interests of the Subject Property.

iv. Physical site inspections were undertaken to assess the current status of the Subject Properties.

### 2.4.2 Micro-market Review:

For the purpose of the valuation exercise, reliance has been placed on the market report prepared by Cushman & Wakefield (CWI), who has been appointed by the Client as an independent consultant to carry out industry and market research. Accordingly, the review was carried out in the following manner:

i. An assessment of the site and surroundings has been undertaken with respect to the prevailing activities, market dynamics impacting the values and the current use of the respective properties vis-à-vis its locational context, etc. of commercial office assets. Analysis of the micro-market was undertaken primarily based on the findings of the industry/market report prepared by Cushman & Wakefield and readily available information in public domain to ascertain the transaction activity of commercial/IT office space. The analysis entailed review of comparable assets in terms of potential competition (both completed and under-construction/future developments), comparable recent lease transactions witnessed in the micro-market along with the historical leasing and re-leasing history within the asset over the last 2-3 years, if available. This was undertaken to assess the market rent (applicable rental for the micro-market where the asset is located) and achievable market rent (Valuer's view on achievable rent for the Subject Properties for leasing vacant spaces as well as upon re-leasing).

ii. Valuer also analysed the historical leasing within the asset for anchor tenants to identify the discount that is extended to such tenants at the time of fresh leasing or lease renewals. Rent roll and sample of lease deeds of large anchor-tenants were analysed and applicable adjustments to marginal rent was estimated for individual leases. For other tenants occupying relatively large space within the Subject Properties, it is assumed that the leases shall revert to marginal rents (duly adjusted from the date of valuation) following the expiry of the lease, factoring appropriate re-leasing time.

### 2.4.3 Cash Flow Projections:

i. The cash flows for the operational and under-construction/future development area have been projected separately to arrive at their respective value estimates.

ii. Net operating income (NOI) has primarily been used to arrive at the value of the commercial office assets. The following steps were undertaken to arrive at the value for operational and under-construction/ future development areas respectively.

The projected future cash flows from the property are based on existing lease terms for the operational area till the expiry of the leases or re-negotiation, whichever is earlier, following which, the lease terms have been aligned with market rents achievable by the Subject Properties. For vacant area and under-construction/ future development area, the achievable market rent-led cash flows are projected factoring appropriate lease-up time frame for vacant/under-construction/future development area. These cash flows have been projected for 10-year duration from the date of valuation and for 11th year (for assessment of terminal value based on NOI). These future cash flows are then discounted to present-day value (valuation date) at an appropriate discount rate.

For each lease, principally, the following steps have been undertaken to assess the rent over a 10-year time horizon:

**Step 1**: Projecting the rental income for identified tenancies up to the period of lease expiry, lock-in expiry, escalation milestones, etc. whichever is applicable. In the event of unleased spaces, market-led rent is adopted with suitable lease-up time.

**Step 2**: Generating a market led rental income stream for identified tenancies for the time period similar to the cash flows drawn in the aforementioned step.

**Step 3**: In the event the escalated contracted rent is higher than the achievable market rent by 15%, the contracted terms are ignored, and the terms are reverted to market. In the event the escalated contracted rent is below 115% of the achievable rent, the contracted terms are adopted going forward until the next lease review/ renewal. Intent of this step is to project the rental income for respective leases until lease expiry as well as post expiry.

**Step 4**: Computing the monthly rental income projected as part of Step 3 and translating the same to a quarterly income (for the next 10 years and NOI of the 11th year – considered for calculation of terminal value).

iii. Recurring operational expenses, fit-out income (if any – the same has not been included in the NOI for the purpose of arriving at the terminal value by capitalisation) and vacancy provision have been adopted in-line with prevalent market dynamics. In addition, appropriate rent-free periods have been adopted during lease roll-overs to consider potential rent-free terms as well as outflows towards brokerage. For all commercial office assets, operational revenues and expenses of the respective assets are reviewed to understand the recurring, non-recurring, recoverable and non-recoverable expenses and accordingly estimate the margins on the common area maintenance income which accrues as cash inflows to the Subject Properties.

iv. The net income on quarterly basis have been projected over the next 10 years and the one year forward NOI (for 11th year) as of end of year 10 has been capitalized to assess the terminal value of the development. The quarterly net cash flows over the next 10 years along with the terminal value estimated at the end of year 10 have been discounted at a suitable discount rate to arrive at the net present value of the cash flows accruing to the commercial office assets through this approach.

v. For the purpose of valuing the Power Distribution service to the tenants, the cash flows have been projected on the basis of profit margins allowed by the Maharashtra Electricity Regulatory Commission in its latest tariff order for respective power distribution licenses covering the control period from 2020-21 to 2024-25. Thereafter, the same principles have been adopted to project the cash flows till the remaining period of licence for distributing power to tenants/operators by the concerned entity.

vi. The Facilities Management Services which are planned to be commenced in KRC Infrastructure and Projects Private Limited from the 1st day of the quarter following the listing. For the purpose of valuation, its assumed that the Facilities Management Services will commence effective October 1, 2020 and have been valued based on the proposed terms of the Facility Management Services to be entered into with the SPVs and the current revenue profile projected to capture the addition of new areas getting constructed and improvement of overall occupancies of the Subject Properties keeping normalised EBITDA margins through the projected years and estimating the terminal value using an appropriate earnings multiple, thereafter discounting the cash flows using appropriate discount rate. Deferment of commencement of Facilities Management Services beyond October 1, 2020 would result in suitable adjustments to the valuation.

## 2.5 INFORMATION SOURCES

Property related information relied upon for the valuation exercise have been provided to the Valuer by the Client and the market data provided by Cushman and Wakefield, unless otherwise mentioned. ### 4.5.8 Power Distribution Services

In accordance with Section 14 (b) of the Electricity Act, 2003 read with Section 4(1) of the SEZ Act, 2005, entities that own and operate SEZ Parks are considered Deemed Distribution

Licensee for supplying electricity to consumers within the SEZ area. Pursuant to the above regulations, Gigaplex Estate Private Limited (SPV) also has the license to distribute power within the Subject Property, wherein it procures power from Power generators/traders supplying to the grid and then distribute it to the end consumers within the Subject Property.

### 4.5.9 Valuation Approach for Power Distribution Services

Gigaplex Estate Private Limited (SPV) submitted the detailed tariff petition to Maharashtra Electricity Regulatory Commission ("MERC" or the "Commission"), who determined the tariff that may be charged to the customers/operators within the Subject property allowing the licensee to charge cost plus mark up as approved by the Commission to the end users. This mark-up is equivalent to return on its investment comprising annual depreciation on investment, interest expenses on notional debt and return on equity.

### 4.5.10 Valuation Methodology for Power Distribution Services

Referring to the Commission's latest order for the operational facility, the cash flows from the power distribution services are projected in the following manner:

**Step 1:** Amount of approved Gross Fixed Assets ("GFA") is considered.

**Step 2:** Further, Net Fixed Asset (NFA) which is GFA reduced by accumulated depreciation allowed as on date is computed.

**Step 3:** To compute the EBITDA, mainly return on equity, interest on notional debt, recovery of depreciation, interest on working capital have been added.

**Step 4:** Power procurement, operational and maintenance expenses are allowed completely pass through.

### 4.5.11 Valuation Assumptions for Power Distribution Services

Following are the key assumptions in accordance with the Commission order dated 30 March 2020:

| Assumptions | Unit | Figure |
|---|---|---|
| Gross Fixed Assets (GFA) | INR Million | 297 |
| Accumulated Depreciation YTD FY20 | INR Million | -37 |

### 4.9.8 Power Distribution Services

In accordance with Section 14 (b) of the Electricity Act, 2003 read with Section 4(1) of the SEZ Act, 2005, entities that own and operate SEZ Parks are considered Deemed Distribution Licensee for supplying electricity to consumers within the SEZ area. Pursuant to the above regulations, KRC Infrastructure and Projects Private Limited (SPV) also has the license to distribute power within the Subject Property, wherein it procures power from Power generators/traders supplying to the grid and then distribute it to the end consumers within the Subject Property.

### 4.9.9 Valuation Approach for Power Distribution Services

The detailed tariff petition submitted to Maharashtra Electricity Regulatory Commission (MERC or the Commission), by two of the SPVs, namely Gigaplex Estate Private Limited and Mindspace Business Parks Private Limited has been taken as the basis on which KRC Infrastructure and Projects Private Limited is expected to file its tariff petition. The Commission in those petitions determined the tariff that may be charged to the

customers/operators within the Subject Property allowing the licensee to charge cost plus mark up as approved by the Commission to the end users. This mark-up is equivalent to return on its investment comprising annual depreciation on investment, interest expenses on notional debt and return on equity.

### 4.9.10 Valuation Methodology for Power Distribution Services

Referring to the Commission's latest order for the operational facility, the cash flows from the power distribution services are projected in the following manner:

**Step 1:** Amount of approved Gross Fixed Assets ("GFA") is considered.

**Step 2:** Further, Net Fixed Asset (NFA) which is GFA reduced by accumulated depreciation allowed as on date is computed.

**Step 3:** To compute the EBITDA, mainly return on equity, interest on notional debt, recovery of depreciation, interest on working capital have been added.

**Step 4:** Power procurement, operational and maintenance expenses are allowed completely pass through.

### 4.9.11 Valuation Assumptions for Power Distribution Services

Following are the key assumptions for proposed license in line with Commission's order for Kharadi, Pune.

| Assumptions | Unit | Figure |
|---|---|---|
| Gross Fixed Assets (GFA) | INR Million | 146 |
| Notional Equity (30% of GFA) | INR Million | -4 |
| Notional Debt as on March 2020 (70% of GFA) | INR Million | 44 |
| Depreciation rate (Straight Line Method) | % pa | 5.3 |
| Remaining License Period | years | 22 |
| WACC | % | 10.50 |

### 4.9.12 Market Value

The market value of the economic interest of Mindspace REIT in the Subject Property comprising only Plot 65 (excluding Facilities Management Services), as on 31 March 2021, is as follows

INR 18,899 Million

(Indian Rupees Eighteen Billion Eight Hundred and Ninety-Nine Million Only)

*Note: The above-mentioned value includes the undivided ownership share in the common facilities and infrastructure of the entire campus.*

### 4.9.13 Facilities Management Services

KRC Infrastructure and Projects Private Limited has planned to commence facility management business from the 1st day of the quarter following the listing of Mindspace REIT. For the purpose of valuation, it is assumed that the Facilities Management Services has commenced effective October 1, 2020 to provide such services to the Subject Properties within the portfolio as well as properties with ownership interests of/owned by third parties within the same parks as the Subject Properties of the Portfolio (as mentioned in the following table). Deferment of commencement of Facilities Management Services beyond October 1, 2020 would result in suitable adjustments to the valuation. Facility management services include housekeeping services, management of MEP equipment, façade cleaning, security expenses, repair and maintenance, maintenance of common areas etc. Service charges are levied on a cost plus mark-up basis to the SPVs owned by REIT, which has ownership interest in the Subject Properties.

The facilities management services business shall operate under the brand name CAMPLUS and shall manage the existing operational buildings / area in the Portfolio. In addition, area under-construction/ future development shall also be managed by KRC Infrastructure and Projects Private Limited on completion.

### 4.9.14 Key Assumptions

| | | |
|---|---|---|
| Existing Operational Building which will be under facility management | Total area of ~24.8 million sq ft. as at (March 31, 2021) Mix of SEZ and non SEZ building. | The revenue of facility management is linked to the expense for such facility plus mark up, the growth in the revenues from existing tenants are in line with the inflation expectation of 5%. |
| Expansion in Existing business and Buildings under construction | Total area of ~3.3 million sq ft. | For future development/proposed buildings, revenue and margins of existing properties is considered as a base to compute the projected cash flows of new buildings. Growth in revenue is linked to the improvement in occupancy plus 5% revenue growth from existing tenants. Initially those buildings are likely to have lower margins due to lesser occupancy. |

For the purpose of arriving at terminal year income multiple, Indian and International comparable companies listed on various stock exchanges were studied. It was observed that International companies with primary business of facility/property management trade at 10 - 13 times EV/EBITDA multiple. However, there are very limited comparable facility management listed companies. There is only listed comparable company, which offers facility management services in India including security services, cash logistic etc. Given the fact that facility/property management business is limited to Subject Properties within the portfolio as well as properties with ownership interests of/owned by third parties within the same parks as the Subject Properties of the portfolio, we have considered the EV/EBITDA multiple of 13x to compute the exit value post 10 years of cashflows. For the purpose of discounting the future cash flows, a Weighted Average Cost of Capital (WACC) of 11.75% has been used.

### 4.9.15 Market Value of Facility Management Services

The market value of the full ownership interest in the facility/property management business, as on 31 March 2021 is as follows:

INR 5,979 Million

(Indian Rupees Five Billion Nine Hundred and Seventy-Nine Million Only)

## 4.10 THE SQUARE, NAGAR ROAD, PUNE

### 4.10.1 Property Name

The Square is a commercial office development located within the Secondary Business District East (SBD East) micro-market at Nagar Road, Pune in the state of Maharashtra.

### 4.10.2 Address

The Square, Ahmednagar Road, Village Vadgaon Sheri, Taluka Haveli, District Pune, Maharashtra, 411014

### 4.10.3 Land/Plot Area

Based on the review of Title Report/Architect's Certificate (Dated: 31 March 2020) (for Mindspace Business Parks Private Limited), it is understood that the total land area of the Subject Property is approximately 10.1 acres.

### 4.10.4 Brief Description

The Subject Property, a Grade A IT Park, comprises of two blocks, an IT building and a building that was a mall earlier and is now being used as commercial office space - the Mall block. The main entrance to the Subject Property is from Nagar Road. Further, the IT building is also facilitated with a separate gate which is accessible from the lane connecting Nagar Road.

**Completed Buildings – IT Building and Mall Block (Completed Portion)**

The ready/operational buildings collectively admeasure ~0.7 million sq. ft. of leasable area. The Mall Block is located at the entrance of the Subject Property and the IT building is located behind the Mall Block.

**Under-Construction/Redevelopment (U/C) – Mall Block (Partial)**

Part of the Mall Block admeasuring ~0.06 million sq. ft. of leasable area is currently under redevelopment. This area under redevelopment was earlier used as multiplex facility and now getting converted to commercial office space after making suitable alterations and refurbishments and thus categorised as under-construction/redevelopment.

The Subject Property is well connected to major locations in the city via road network. The distance of the Subject Property from major landmarks in the city is as follows:

- Approximately 1 km from Viman Nagar Chowk
- Approximately 4-5 kms from International Airport Pune
- Approximately 7-8 kms from Pune Railway Station
- Approximately 10-11 kms from Shivajinagar

We conducted our audit in accordance with the Standards on Auditing ("SAs") issued by Institute of Chartered Accountants of India (the "ICAI"). Our responsibilities under those Standards are further described in paragraph (a) of Auditor's Responsibilities section below. We are independent of the Mindspace Group in accordance with the Code of Ethics issued by the ICAI together with the ethical requirements that are relevant to our audit of the Condensed Consolidated Financial Statements for the year ended March 31, 2023 and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion.

**Emphasis of Matters**

We draw attention to Note 42(5)(a) to the condensed Consolidated Financial Statements regarding freehold land and building thereon (Paradigm, Malad) held by special purpose vehicle, Avacado Properties and Trading (India) Private Limited which is presently under litigation. Pending the outcome of the proceedings and a final closure of the matter, no adjustments have been made in the Condensed Consolidated Financial Statements for the quarter, half year and year ended March 31, 2023. Our opinion is not modified in respect of this matter.

We draw attention to Note 2 which describes the Basis of presentation of Condensed Consolidated Financial Statements and Note 19(a) which describes the presentation of "Unit Capital" as "Equity" instead of compound financial instrument to comply with the REIT Regulations. Our opinion is not modified in respect of this matter.

**Management's Responsibilities for the Condensed Consolidated Financial Statements**

The Condensed Consolidated Financial Statements is the responsibility of the Investment Manager and has been approved by them for the issuance. The Condensed Consolidated Financial Statements for the year ended March 31, 2023, has been compiled from the related audited consolidated financial statements. This responsibility includes the preparation and presentation of the Condensed Consolidated Financial Statements for the quarter and year ended March 31, 2023 that give a true and fair view of the state of affairs as at 31 March 2023, its consolidated net profit/(Loss) and consolidated other comprehensive income/(loss) and consolidated cash flows for the quarter, half year and year ended 31 March 2023, its Consolidated Statement of changes in Unitholder's Equity for the year ended 31 March 2023, its net assets at fair value as at 31 March 2023, its total return at fair value for the half year and year ended 31 March 2023, its net distributable cash flows for the quarter, half year and year ended 31 March 2023 and other financial information of the Mindspace Group in accordance with the Indian Accounting Standards and other accounting principles generally accepted in India to the extent not inconsistent with REIT Regulations and in compliance with the REIT and Listing Regulations. This responsibility also includes maintenance of adequate accounting records for safeguarding the assets of the REIT and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Condensed Consolidated Financial Statements that give a true and fair view and is free from material misstatement, whether due to fraud or error.

The Investment Manager of the REIT and respective Board of Directors of the companies included in the Mindspace Group are responsible for maintenance of adequate accounting records for safeguarding the assets of the Mindspace Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the respective financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of this Condensed Consolidated Financial Statements by the of the Investment Manager, as aforesaid.

In preparing the Condensed Consolidated Financial Statements, the Investment Manager' and respective Board of Directors of the companies included in the Mindspace Group are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Investment Manager and respective Board of Directors either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The Investment Manager and respective Board of Directors of the companies included in the Mindspace Group are responsible for overseeing the financial reporting process of the Mindspace Group.

**Auditor's Responsibilities**

**(a) Audit of the Condensed Consolidated Financial Statements for the year ended March 31, 2023**

Our objectives are to obtain reasonable assurance about whether the Condensed Consolidated Financial Statements for the year ended March 31, 2023 as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Condensed Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Annual Condensed Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of such internal controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Investment Manager.
- Evaluate the appropriateness and reasonableness of disclosures made by the Investment Manager in terms of the requirements specified under the REIT and Listing Regulations.
- Conclude on the appropriateness of the Investment Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Mindspace Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Condensed Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Mindspace Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Annual Condensed Consolidated Financial Statements, including the disclosures, and whether the Annual Condensed Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information to express an opinion on the Annual Condensed Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of financial information of such entities included in the Annual Condensed Consolidated Financial Statements of which we are the independent auditors.

Materiality is the magnitude of misstatements in the Annual Condensed Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Annual Condensed Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Annual Condensed Consolidated Financial Statements.

We communicate with those charged with governance of the REIT and such other entities included in the Condensed Consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

**(b) Review of the Condensed Consolidated Financial Statements for the quarter and half year ended March 31, 2023**

We conducted our review of the Condensed Consolidated Financial Statements for the quarter and half year ended March 31, 2023 in accordance with the Standard on Review Engagements (SRE) 2410 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity', issued by the ICAI. A review of interim financial information consists of making inquiries, primarily of the REIT's personnel responsible for financial and accounting matters and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with SAs and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

The Condensed Consolidated Financial Statements includes the financial information of the entities as listed under paragraph (a)(i) of Opinion and Conclusion section above.

**Other Matters**

- As stated in Note 50(a) of the Condensed Consolidated Financial Statements, the financial information for the quarter and half year ended 31 March 2023 are the balancing figures between the audited figures in respect of the full financial year and the published year to date figures up to the third quarter and second quarter of the current financial year which were subject to limited review by us. Our report on the Condensed Consolidated Financial Statements is not modified in respect of this matter.
- As stated in Note 50(b) of the Condensed Consolidated Financial Statements, the financial information for the Quarter and Half Year ended March 31, 2022 are the balancing figures between the audited figures in respect of the full financial year and the published year to date figures up to the third quarter and first half of the previous financial year which were subject to limited review by us. Our report on the Statement is not modified in respect of this matter.

**Measurement of fair values:**

The fair values of Investment property, Property, plant and equipment, Investment property under construction and Capital work-in-progress are solely based on an independent valuation performed by an external property valuer ("independent valuer"), having appropriately recognised professional qualification and recent experience in the location and category of the properties being valued
Other assets include cash and cash equivalents and other working capital balances which are not factored in the discounted cashflow method used in determining the fair value of investment property, investment property under development, property, plant and equipment, capital work-in-progress and intangibles

*Valuation technique*

The fair value measurement for all of the Investment property, Property, plant and equipment, Investment property under construction and Capital work-in-progress has been categorized as a Level 3 fair value based on the inputs to the valuation technique used The valuer has followed a Discounted Cash Flow method, except for valuation of land for future development where the valuer has adopted Market Approach. The Discounted Cash Flow valuation model considers the present value of net cash flows to be generated from the respective properties, taking into account the expected rental growth rate, vacancy period, occupancy rate, and lease incentive costs. The expected net cash flows are discounted using the risk adjusted discount rates. Among other factors, the discount rate estimation considers the quality of a building and its location (prime vs secondary), tenant credit quality, lease terms and investor return expectations from such properties

MINDSPACE BUSINESS PARKS REIT

Deloitte Haskins & Sells LLP

Note 1: For the purpose of eliminations, repayment of Inter SPV loans and repayment of loans to REIT (further lent to Asset SPVs) is considered

Note 2: Borrowing from and repayment to REIT, if any within the same quarter has been adjusted under "Other Adjustments"

Note 3: As per Chapter V, clause 16(a) of Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014 as amended from time to time, the entity is required to distribute not less than 90% of net distributable cash flows of the entity to Mindspace REIT in proportion of its holding in the SPV subject to applicable provisions in the Companies Act, 2013. As per distribution policy adopted by the governing board of Mindspace REIT's Manager (K Raheja Corp Investment Managers LLP), any proceeds to shareholders other than Mindspace REIT is reduced to arrive at net distributable cash flows (NDCF).
The above note has been prepared as per the distribution policy adopted by the governing board of Mindspace REIT's Manager, which is forming part of the Final offer document of Mindspace REIT and does not represent amount available for declaring dividend as per section 123 of the Companies Act, 2013 read with Declaration and Payment of Dividend Rules 2014.

Note 4: In March 2022, Mindspace Business Parks Private Limited ("MBPPL"), one of the Asset SPVs of Mindspace Business Parks REIT concluded the sale of land admeasuring approximately 39.996 acres located at Pocharam, Hyderabad, to K. Raheja Corp Private Limited ("KRCPL") for a consideration of Rs. 1,200 Million as per the approval of the Board of Directors of MBPPL and the Governing Board of the Manager and other terms and conditions as set out in the Memorandum of Understanding dated December 16, 2019 read with the extension letter dated September 1, 2021 ("MoU") and sale deed dated 30th March 2022.

The above consideration is not envisaged for an immediate re-investment opportunity. In view of the same, it is proposed to pay out the sale consideration as per the terms of the REIT Regulations. Accordingly, NDCF for the quarter ended December 31, 2022, includes Rs. 450 millions on account of distribution of part of such sale proceeds by way of dividend to unitholders.

Note 5: NDCF is calculated on quarterly basis, amount presented for half year and year ended is mathematical summation of quarterly numbers

Note 1:
- For the purpose of eliminations, repayment of loans from REIT (further lent to Asset SPVs) is considered.
- Regrouped to present borrowings net of repayments.

Note 2: Borrowing from and repayment to REIT, if any within the same quarter has been adjusted under "Other Adjustments".

Note 3: As per Chapter V, clause 16(a) of Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014 as amended from time to time, the entity is required to distribute not less than 90% of net distributable cash flows of the entity to Mindspace REIT in proportion of its holding in the SPV subject to applicable provisions in the Companies Act, 2013. As per distribution policy adopted by the governing board of Mindspace REIT's Manager (K Raheja Corp Investment Managers LLP), any proceeds to shareholders other than Mindspace REIT is reduced to arrive at net distributable cash flows (NDCF).
The above note has been prepared as per the distribution policy adopted by the governing board of Mindspace REIT's Manager, which is forming part of the Final offer document of Mindspace REIT and does not represent amount available for declaring dividend as per section 123 of the Companies Act, 2013 read with Declaration and Payment of Dividend Rules 2014.

Note 4: In March 2022, Mindspace Business Parks Private Limited ("MBPPL"), one of the Asset SPVs of Mindspace Business Parks REIT concluded the sale of land admeasuring approximately 39.996 acres located at Pocharam, Hyderabad, to K. Raheja Corp Private Limited ("KRCPL") for a consideration of Rs. 1,200 Million as per the approval of the Board of Directors of MBPPL and the Governing Board of the Manager and other terms and conditions as set out in the Memorandum of Understanding dated December 16, 2019 read with the extension letter dated September 1, 2021 ("MoU") and sale deed dated 30th March 2022. Pending the decision on re-investment or distribution of the sale proceeds, the sale proceeds has been temporarily utilised to repay debt and invested in fixed deposit.

Note 5: NDCF is calculated on quarterly basis, amount presented for half year and year ended is mathematical summation of quarterly numbers.

MINDSPACE BUSINESS PARKS REIT

Deloitte Haskins & Sells LLP

Note 1: For the purpose of eliminations, repayment of Inter SPV loans and repayment of loans to REIT (further lent to Asset SPVs) is considered.

Note 2: Borrowing from and repayment to REIT, if any within the same half year has been adjusted under "Other Adjustments".

Note 3: As per Chapter V, clause 16(a) of Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014 as amended from time to time, the entity is required to distribute not less than 90% of net distributable cash flows of the entity to Mindspace REIT in proportion of its holding in the SPV subject to applicable provisions in the Companies Act, 2013. As per distribution policy adopted by the governing board of Mindspace REIT's Manager (K Raheja Corp Investment Managers LLP), any proceeds to shareholders other than Mindspace REIT is reduced to arrive at net distributable cash flows (NDCF).

The above note has been prepared as per the distribution policy adopted by the governing board of Mindspace REIT's Manager, which is forming part of the Final offer document of Mindspace REIT and does not represent amount available for declaring dividend as per section 123 of the Companies Act, 2013 read with Declaration and Payment of Dividend Rules 2014.

Note 4: In March 2022, Mindspace Business Parks Private Limited ("MBPPL"), one of the Asset SPVs of Mindspace Business Parks REIT concluded the sale of land admeasuring approximately 39.996 acres located at Pocharam, Hyderabad, to K. Raheja Corp Private Limited ("KRCPL") for a consideration of Rs. 1,200 Million as per the approval of the Board of Directors of MBPPL and the Governing Board of the Manager and other terms and conditions as set out in the Memorandum of Understanding dated December 16, 2019 read with the extension letter dated September 1, 2021 ("MoU") and sale deed dated 30th March 2022.

The above consideration is not envisaged for an immediate re-investment opportunity. In view of the same, it is proposed to pay out the sale consideration as per the terms of the REIT Regulations. Accordingly, NDCF for the half year ended March 31, 2023, includes Rs. 450 millions on account of distribution of part of such sale proceeds by way of dividend to unitholders.

Note 5: In case of KRIT, amount includes written down value (in SPV) of the buildings bearing nos. 7 & 8 and plant and machinery and other items attached to the buildings amounting Rs 282 million on account of demolition of the said buildings. It has received concurrence from TSIIC on 13 March 2023 for redevelopment.

Note 6. NDCF is calculated on quarterly basis, amount presented for half year and year ended is mathematical summation of quarterly numbers.

Note 7: In case of Gigaplex, adjusted for reimbursement for power infrastructure and any other modification to investment property as required and reimbursed by tenant.

MINDSPACE BUSINESS PARKS REIT

Deloitte Haskins & Sells LLP

Note 1: For the purpose of eliminations, repayment of Inter SPV loans and repayment of loans to REIT (further lent to Asset SPVs) is considered.

Note 2: Borrowing from and repayment to REIT, if any within the same half year has been adjusted under "Other Adjustments".

Note 3: As per Chapter V, clause 16(a) of Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014 as amended from time to time, the entity is required to distribute not less than 90% of net distributable cash flows of the entity to Mindspace REIT in proportion of its holding in the SPV subject to applicable provisions in the Companies Act, 2013. As per distribution policy adopted by the governing board of Mindspace REIT's Manager (K Raheja Corp Investment Managers LLP), any proceeds to shareholders other than Mindspace REIT is reduced to arrive at net distributable cash flows (NDCF).
The above note has been prepared as per the distribution policy adopted by the governing board of Mindspace REIT's Manager, which is forming part of the Final offer document of Mindspace REIT and does not represent amount available for declaring dividend as per section 123 of the Companies Act, 2013 read with Declaration and Payment of Dividend Rules 2014.

Note 4: The dividend is declared by Sundew, KRIT and Intime on 23 December 2021 amounting to Rs. 1,691 million to Mindspace REIT and Rs. 209 million to shareholders other than Mindspace REIT. The amount is paid to Mindspace REIT on 30 December 2021 and the balance payable to other shareholders is appearing in the earmarked bank account as on 31 December 2021 and the same is paid in January 2022.

Note 5: In case of Sundew, during the half year ended 31 March 2022, a total amount of Rs. 77 million (Including 13 million incurred during the quarter) has been transferred from capital expenditure to other adjustments pursuant to lease commencement of fit-outs.

Note 6: In March 2022, Mindspace Business Parks Private Limited ("MBPPL"), one of the Asset SPVs of Mindspace Business Parks REIT concluded the sale of land admeasuring approximately 39.996 acres located at Pocharam, Hyderabad, to K. Raheja Corp Private Limited ("KRCPL") for a consideration of Rs. 1,200 Million as per the approval of the Board of Directors of MBPPL and the Governing Board of the Manager and other terms and conditions as set out in the Memorandum of Understanding dated December 16, 2019 read with the extension letter dated September 1, 2021 ("MoU") and sale deed dated 30th March 2022. Pending the decision on re-investment or distribution of the sale proceeds, the sale proceeds has been temporarily utilised to repay debt and invested in fixed deposit.

Note 7: NDCF is calculated on quarterly basis, amount presented for half year and year ended is mathematical summation of quarterly numbers.

Note 8 - In case of Avacado, regrouped to present borrowings net of repayments.

Note 1: For the purpose of eliminations, repayment of Inter SPV loans and repayment of loans to REIT (further lent to Asset SPVs) is considered.

Note 2: In case of KRIT, amount includes written down value (in SPV) of the buildings bearing nos. 7 & 8 and plant and machinery and other items attached to the buildings amounting Rs 282 million on account of demolition of the said buildings.It has received concurrence from TSIIC on 13 March 2023 for redevelopment.

Note 3: Borrowing from and repayment to REIT, if any within the same quarter has been adjusted under "Other Adjustments".

Note 4: As per Chapter V, clause 16(a) of Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014 as amended from time to time, the entity is required to distribute not less than 90% of net distributable cash flows of the entity to Mindspace REIT in proportion of its holding in the SPV subject to applicable provisions in the Companies Act, 2013. As per distribution policy adopted by the governing board of Mindspace REIT's Manager (K Raheja Corp Investment Managers LLP), any proceeds to shareholders other than Mindspace REIT is reduced to arrive at net distributable cash flows (NDCF).
The above note has been prepared as per the distribution policy adopted by the governing board of Mindspace REIT's Manager, which is forming part of the Final offer document of Mindspace REIT and does not represent amount available for declaring dividend as per section 123 of the Companies Act, 2013 read with Declaration and Payment of Dividend Rules 2014.

Note 5: In case of Gigaplex, during the year ended 31 March 2023, a total amount of Rs 298 million has been transferred from capital expenditure to other adjustments pursuant to lease commencement of fit outs.

Note 6: In March 2022, Mindspace Business Parks Private Limited ("MBPPL"), one of the Asset SPVs of Mindspace Business Parks REIT concluded the sale of land admeasuring approximately 39.996 acres located at Pocharam, Hyderabad, to K. Raheja Corp Private Limited ("KRCPL") for a consideration of Rs. 1,200 Million as per the approval of the Board of Directors of MBPPL and the Governing Board of the Manager and other terms and conditions as set out in the Memorandum of Understanding dated December 16, 2019 read with the extension letter dated September 1, 2021 ("MoU") and sale deed dated 30th March 2022.

The above consideration is not envisaged for an immediate re-investment opportunity. In view of the same, it is proposed to pay out the sale consideration as per the terms of the REIT Regulations. Accordingly, NDCF for the year ended March 31, 2023, includes Rs. 1,200 millions on account of distribution of such sale proceeds by way of dividend to unitholders.

Note 7: NDCF is calculated on quarterly basis, amount presented for half year and year ended is mathematical summation of quarterly numbers.

Note 8: In case of Gigaplex, adjusted for reimbursement for power infrastructure and any other modification to investment property as required and reimbursed by tenant.

The Condensed Consolidated Financial Statements of Mindspace Business Parks REIT comprise the Condensed Consolidated Balance Sheet as at March 31, 2023, the Condensed Consolidated Statement of Profit and Loss, including other comprehensive income, the Condensed Consolidated Statement of Cash Flow for the quarter, half year and year ended March 31, 2023, the Condensed Consolidated Statement of Changes in Unitholders Equity for the year ended March 31, 2023, the Statement of Net Assets at Fair Value as at March 31, 2023, the Statement of Total Returns at Fair Value for the half year and year ended March 31, 2023, the Statement of Net Distributable Cashflows of Mindspace Business Parks REIT and each of the SPVs for the quarter, half year and year ended March 31, 2023, and a summary of the significant accounting policies and select explanatory information and other additional financial disclosures.

The Condensed Consolidated Financial Statements have been prepared in accordance with the requirements of Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014 as amended from time to time including any guidelines and circulars issued thereunder read with SEBI Circular No. CIR/IMD/DF/146/2016 dated December 29, 2016 ("the REIT regulations"); Regulation 52 and Regulation 54 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015 ("Listing Regulations"); Indian Accounting Standard (Ind AS) 34 "Interim Financial Reporting", as prescribed in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 (as amended) and other accounting principles generally accepted in India, to the extent not inconsistent with REIT regulations (refer note 19 on presentation of "Unit Capital" as "Equity" instead of compound instruments under Ind AS 32 – Financial Instruments: Presentation).
The Condensed Consolidated Financial Statements were authorised for issue in accordance with the resolution passed by the Governing Board of the Manager on May 04, 2023.

Statement of compliance to Ind AS:
These Condensed Consolidated financial statements for the quarter, half year and year ended March 31, 2023 have been prepared in accordance with Indian Accounting Standard (Ind AS) 34 "Interim Financial Reporting",as prescribed in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 (as amended) to the extent not inconsistent with the REIT regulations as more fully described above and Note 19 to the condensed consolidated financial statements.
The accounting policies adopted and methods of computation followed are consistent with those of the previous financial year.

**Basis of Consolidation**

Mindspace Business Parks Group consolidates entities which it owns or controls. The Condensed Consolidated Financial Statements comprise the financial statements of Mindspace Business parks REIT and its subsidiary SPVs as disclosed in note 1. Control exists when the parent has power over the entity, is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns. Subsidiaries are consolidated from the date control commences until the date control ceases.

The procedure for preparing Condensed Consolidated Financial Statements of Mindspace Business Parks Group are stated below:
a) The financial statements of Mindspace Business Parks Group are consolidated for like items and intragroup balances and transactions for assets and liabilities, equity, income, expenses and cash flows between entities of Mindspace Business Parks Group are eliminated in full upon consolidation.

b) Telangana State Industrial Infrastructure Corporation Limited, which is a shareholder in Intime, KRIT and Sundew has not agreed to exchange their equity interest in the SPVs (Intime, KRIT and Sundew), thus, Mindspace Business Parks REIT has recorded a non-controlling interests for these SPVs. The interest of non-controlling shareholders may be initially measured either at fair value or at the non-controlling interest proportionate share of the fair value of the acquiree's identifiable net assets. The choice of measurement basis is made on an acquisition-by-acquisition basis. Subsequent to acquisition, the carrying amount of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity.

c) The figures in the notes to accounts and disclosures have been Consolidated line by line and Inter-company transactions and balances including unrealised profits are eliminated in full on consolidation.

d) Mindspace Business Parks Group holds 4% of the equity share capital of Stargaze Properties Private Limited, a company involved in the real estate development. Mindspace Business Parks Group is of the view that it is not able to exercise significant influence over Stargaze Properties Private Limited and hence it has not been accounted using equity method.

## 3 Significant accounting policies

(a) Functional and presentation currency

The Condensed Consolidated Financial Statements are presented in Indian rupees, which is Mindspace Business Parks Group's functional currency and the currency of the primary economic environment in which Mindspace Business Parks Group operates. All financial information presented in Indian rupees has been rounded off to nearest million except otherwise stated.

(b) Basis of measurement

The Condensed Consolidated Financial Statements are on the historical cost basis, except for the following:
- Certain financial assets and liabilities (refer accounting policy regarding financial instrument): measured at fair values;
- Net defined benefit (asset)/ liability less present value of defined obligations: Fair value of plan assets less present value of defined benefit plan.

(c) Use of judgements and estimates

The preparation of the Condensed Consolidated Financial Statements in conformity with generally accepted accounting principles in India (Ind AS) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses. Actual results could differ from those estimates.
Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.
Information about critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the Condensed Consolidated Financial Statements is included in the following notes:

* Presentation of "Unit Capital" as "Equity" in accordance with the REIT Regulations instead of compound instrument (Note 19)
* Estimation of lease term for revenue recognition
* Estimation of useful life of property, plant and equipment and investment property
* Estimation of recognition of deferred tax assets, availability of future taxable profit against which tax losses carried forward can be used and income taxes.
* Impairment and Fair valuation of Investment Property, Investment property under construction, Property, plant and equipment and Capital work-in-progress
* Recognition and measurement of provisions for contingencies and disclosure of contingent liabilities

d) Current versus non-current classification

Mindspace Business Parks Group presents assets and liabilities in the Condensed Consolidated Balance Sheet based on current/ non-current classification.
An asset is treated as current when it is:
- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.
A liability is current when:
- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

Mindspace Business Parks Group classifies all other liabilities as non-current.
Deferred tax assets and liabilities are classified as non-current assets and liabilities.
The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. Mindspace Business Parks Group has identified twelve months as its operating cycle.

(e) Measurement of fair values

Mindspace Business Parks Group's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.
Mindspace Business Parks Group has an established control framework with respect to the measurement of fair values.
They regularly review significant unobservable inputs and valuation adjustments. If third party information is used to measure fair values then the finance team assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.
When measuring the fair value of an asset or a liability, Mindspace Business Parks Group uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

• Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that entity can access on measurement date.
• Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
• Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

## 3.1 Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.
Financial guarantee contracts are measured initially at the fair value and in accordance with Ind AS 109 unless on a case to case basis elected to be accounted for financial guarantee as Insurance Contracts as specified under Ind AS 104.

## 3.2 Property, plant and equipment

**(a) Recognition and measurement**

Property, plant and equipment are stated at cost less accumulated depreciation and impairment, if any. Depreciation is charged when the assets are ready for their intended use. Purchase price or construction cost is defined as any consideration paid or fair value of any other consideration given to acquire the asset.

**(b) Subsequent expenditure**

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to Mindspace Business Parks Group. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to Mindspace Business Parks Group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Consolidated Statement of Profit and Loss during the reporting period in which they are incurred.

**(c) Depreciation**

Depreciation / amortisation is provided using straight line method as per the useful life of the assets estimated by the management over the balance useful life. The estimated useful lives of the assets, which are higher than, lower than or equal to those prescribed under Schedule II of the Companies Act 2013, are listed in the table below. Depreciation on addition / deletion of property, plant and equipment made during the period is provided on pro-rata basis from / to the date of such addition / deletion.

The assets and estimated useful life are as under:

| Asset group | Estimated Useful Life (in years) | |
|---|---|---|
| | Power assets | Other assets |
| Right to use - Leasehold land | Balance Lease term | - |
| Buildings* | 75/90 | - |
| Plant and machinery | 15 | 15 |
| Electrical installation* | 15 | 15 |
| Computers | 3 | 3 |
| Temporary Structure* | - | 1 |
| Office equipment* | 4 | 4 |
| Furniture and fixtures* | - | 7 |
| Vehicles* | - | 5 |

* For these class of assets, based on technical assessment the management believes the useful life of the assets is appropriate which is different than those prescribed under Part C of Schedule II of the Companies Act, 2013.

(1) Based on internal assessment the management believes the residual value of all assets except Leasehold Land is estimated to be 5% of the original cost of those respective assets at SPV.

(2) Assets individually costing less than Rs 5,000 are fully written off in the year of acquisition.

(3) The estimated useful lives, residual values and depreciation method are reviewed at the end of the reporting period with the effect of any changes in the estimation accounted for on a prospective basis.

**(d) De-recognition**

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the Condensed Consolidated Statement of Profit and Loss.

**(e) Capital work in progress**

Property, plant and equipment under construction is disclosed as capital work in progress which is carried at cost less any recognized impairment losses. Cost comprises of purchase price and any attributable cost such as duties, freight, borrowing costs, erection and commissioning expenses incurred in bringing the asset to its working condition for its intended use.

Advance paid and expenditure incurred on acquisition / construction of property, plant and equipment which are not ready for their intended use at each balance sheet date are disclosed under other non current assets as advances on capital account and capital work-in-progress respectively.

**3.3 Intangible assets**

**(a) Recognition and measurement**

An intangible asset is an identifiable non-monetary asset without physical substance. Intangible assets with finite useful lives that are acquired separately are initially measured at its cost and then carried at the cost less accumulated amortisation and impairment, if any. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less impairment, if any.

**(b) Subsequent expenditure**

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, is recognised in the Condensed Consolidated Statement of Profit and Loss as incurred.

**(c) Amortisation**

Amortisation is calculated over the cost of the asset, or other amount substituted for cost, less its residual value. Amortisation is recognised in the Condensed Consolidated Statement of Profit and Loss on a straight line method over the estimated useful lives of intangible assets, from the date that they are available for use.

| Asset group | Estimated Useful Life (in years) |
|---|---|
| | Other assets |
| Computer Softwares | 3 |
| Trademarks | 10 |

The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

**(d) De-recognition**

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal, gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in the Consolidated Statement of Profit and Loss when the asset is derecognised.

3.4 **Investment property**

**(a) Recognition and measurement**

Properties including land, building and other assets, which are held either for long-term rental yield or for capital appreciation or for both, and which are not occupied substantially by Mindspace Business Parks Group are classified as investment property.

Investment properties are initially recognised at cost, including related transaction costs. Subsequent to initial recognition, investment properties are measured in accordance with the requirement of Ind AS 16's requirements for cost model i.e. Cost less depreciation less impairment losses, if any. Depreciation is charged when the investment property is ready for its intended use. Cost comprises of direct expenses like land cost, site labour cost, material used for project construction, project management consultancy, costs for moving the plant and machinery to the site and general expenses incurred specifically for the respective project like insurance, design and technical assistance, and construction overheads are allocated on a reasonable basis to the cost of the project.

Plant and machinery, furniture and fixtures, office equipment and electrical equipments which are physically attached to the commercial buildings are considered as part of investment property.

Acquisitions and disposals are accounted for at the date of completion of acquisitions and disposals.

**(b) Subsequent expenditure**

Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to Mindspace Business Parks Group and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred.

**(c) Depreciation**

Depreciation / amortisation is provided using straight line method as per the useful life of the assets estimated by the management over the balance useful life.The estimated useful lives of the assets, which are higher than, lower than or equal to those prescribed under Schedule II of the Companies Act 2013 and listed in the table below. Depreciation on addition / deletion of investment property made during the period is provided on pro-rata basis from / to the date of such addition / deletion.

| Asset group | Estimated Useful Life (in years) |
|---|---|
| Right to use - Leasehold land | Balance Lease term |
| Buildings* | 75/90 |
| Infrastructure and development | 15 |
| Roadwork* | 15 |
| Broadwalk, vantage café etc * | 50 |
| Plant and machinery | 15 |
| Office equipment* | 4 |
| Furniture and fixtures* | 7 |
| Electrical installation* | 15 |

* For these class of assets, based on technical assessment the management believes the useful life of the assets is appropriate which is different than those prescribed under Part C of Schedule II of the Companies Act, 2013.

(1) Based on internal assessment the management believes the residual value of all assets except Leasehold Land is estimated to be 5% of the original cost of those respective assets at SPV.

(2) Assets individually costing less than Rs 5,000 are fully written off in the year of acquisition.

(3) The estimated useful lives, residual values and depreciation method are reviewed at the end of the reporting period with the effect of any changes in the estimation accounted for on a prospective basis.

**(d) Fair Value**

Fair value of investment property is based on a valuation by an independent valuer who holds a recognised and relevant professional qualification and has recent experience in the location and category of the investment property being valued. The fair value of investment property is disclosed in the Statement of Net assets at Fair Value.

**(e) De-recognition**

An investment property is derecognized upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on de-recognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Condensed Consolidated Statement of Profit and Loss in the period in which the property is de-recognised.

**(f) Investment properties under construction**

Property that is being constructed for future use as investment property is accounted for as investment property under construction until assets are ready for their intended use.

Direct expenses like land cost, site labour cost, material used for project construction, project management consultancy, costs for moving the plant and machinery to the site and general expenses incurred specifically for the respective project like insurance, design and technical assistance, and construction overheads are taken as the cost of the project.

Investment properties under construction represent the cost incurred in respect of areas under construction of the real estate development projects less impairment losses, if any.

Advance paid for acquisition of investment property which are not ready for their intended use at each balance sheet date are disclosed under other non current assets as capital advance.

3.5 **Impairment of assets**

Mindspace Business Parks Group assesses at each balance sheet date, whether there is any indication that an asset may be impaired. If any such indication exists, Mindspace Business Parks Group estimates the recoverable amount of the asset. The recoverable amount of the assets (or where applicable that of the cash generating unit to which the asset belongs) is estimated as the higher of its fair value less cost of disposal and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of the assets and from its disposal at the end of its useful life. An impairment loss is recognised whenever the carrying amount of an asset or the cash-generating unit to which it belongs, exceeds its recoverable amount. Impairment loss is recognised in the Consolidated Statement of Profit and Loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the Consolidated Statement of Profit and Loss.

**3.6 Borrowing costs**

Borrowing costs that are attributable to the acquisition, construction or production of qualifying assets are treated as direct cost and are considered as part of cost of such assets. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale.

Capitalisation rate used to determine the amount of borrowing costs to be capitalised is the weighted average interest rate applicable to the general borrowings.

Capitalisation of borrowing costs is suspended during the extended period in which active development is interrupted. Capitalisation of borrowing costs is ceased when substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are complete.

All other borrowing costs are recognised as an expense in the period in which they are incurred.

Borrowing cost incurred by the SPVs on inter-company loans is continued to be capitalised only to the extent Mindspace Group has incurred external borrowing cost.

**3.7 Inventories**

**(a) Measurement of inventory**

Inventories comprise of building material and components. Contractual work in progress, in respect of third party customers, is classified as work in progress. Mindspace Business Parks Group measures its inventories at the lower of cost and net realisable value.

**(b) Cost of inventories**

The cost of inventories of building material and components and work in progress comprise all costs of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on moving weighted average basis.

**(c) Net realisable value**

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

**3.8 Revenue recognition**

**(a) Facility rentals**

Revenue from property leased out under an operating lease is recognised over the lease term on a straight line basis, except where there is an uncertainty of ultimate collection.

**(b) Revenue from works contractual services**

Revenue from contracts with customers is recognised when a performance obligation is satisfied by transfer of promised goods or services to a customer in accordance with the agreement with the customer. For works contract arrangement, the performance obligation gets satisfied over time, and therefore, the revenue recognition is done by measuring the progress towards complete satisfaction of performance obligation from time to time as per the agreement with the customer. The progress is measured in terms of a proportion of actual cost incurred to-date, to the total estimated cost attributable to the performance obligation. The revenue is recognised to the extent of transaction price allocated to the performance obligation satisfied. Transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring goods or services to a customer excluding amounts collected on behalf of a third party

**(c) Maintenance services**

Maintenance income is recognised over a period of time for services rendered to the customers.

**(d) Revenue from power supply**

Revenue from power supply is accounted for on the basis of billings to consumers and includes unbilled revenues accrued up to the end of the accounting year. Mindspace Business Parks Group determines surplus/deficit i.e. excess/ shortfall of aggregate gain over return on equity entitlement for the period in respect of its operations based on the principles laid down under the respective Tariff Regulations as notified by Maharashtra Electricity Regulatory Commission (MERC), on the basis of the tariff order issued by it. In respect of such surplus/deficit, appropriate adjustments as stipulated under the regulations are made during the period. Further, any adjustments that may arise on annual performance review by the MERC under the tariff regulations is made after the completion of such review.

**(e) Revenue from sale of goods**

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold is net of variable consideration on account of various discounts offered by the Company as part of the contract. Revenue from the sale of goods is recognised when the Group performs its obligations to its customers and the amount of revenue can be measured reliably and recovery of the consideration is probable. The timing of such recognition in case of sale of goods is when the control over the same is transferred to the customer.

**(f) Finance Lease**

For assets let out under finance lease, Mindspace Business Parks Group recognises a receivable at an amount equal to the net investment in the lease. Rentals received are accounted for as repayment of principal and finance income. Minimum lease payments receivable on finance leases are apportioned between the finance income and the reduction of the outstanding receivable. The finance income allocated to each period during the lease term so as to produce a constant periodic rate of interest on the remaining net investment in the finance lease.

Contingent rents are recorded as income in the periods in which they are earned.

**(g) Sale of surplus construction material and scrap**

Revenue from sale of surplus construction material and scrap is recognised when control of the goods are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods net of the expected removal cost.

**3.9 Recognition of dividend income, interest income :**

(i) Dividend income is recognised in profit or loss on the date on which Mindspace REIT group has right to receive payment is established.

(ii) Interest income is recognised on time proportion basis, by reference to the principal outstanding and the effective interest rate applicable.

(iii) Delayed payment charges and interest on delayed payments are recognised, on time proportion basis, except when there is uncertainty of ultimate collection.

**3.10 Tax expense**

Income tax expense comprises current tax and deferred tax charge or credit. It is recognised in the Statement of Profit and Loss except to the extent that it relates to an item recognised directly in equity or in other comprehensive income in which case, the current and deferred tax are also recognised in equity and other comprehensive income respectively.

**(a) Current tax**

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by end of reporting period.

**(b) Deferred tax**

Deferred tax asset/liability is recognised on temporary differences between the carrying amounts of assets and liabilities in the Consolidated Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax assets and liabilities are measured that are expected to apply to the period when the asset is realised or the liability is settled, using the tax rates and tax laws that have been enacted or substantively enacted by the end of reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which Mindspace Business Parks Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax is not recognised for:

- Temporary differences arising on the initial recognition of assets and liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction; and
- Temporary differences related to investments in subsidiaries, associates, and joint arrangements to the extent that Mindspace Business Park Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future;

Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets are reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

For operations carried out under tax holiday period (80IA benefits of Income Tax Act, 1961), deferred tax assets or liabilities, if any, have been established for the tax consequences of those temporary differences between the carrying values of assets and liabilities and their respective tax bases that reverse after the tax holiday ends.

In the situations where one or more units of the Group are entitled to a tax holiday under the tax law, no deferred tax (asset or liability) is recognized in respect of temporary differences which reverse during the tax holiday period, to the extent the concerned unit's gross total income is subject to the deduction during the tax holiday period. Deferred tax in respect of temporary differences which reverse after the tax holiday period is recognized in the year in which the temporary differences originate. However, the Group restricts recognition of deferred tax assets to the extent it is probable that sufficient future taxable income will be available against which such deferred tax assets can be realized. For recognition of deferred taxes, the temporary differences which originate first are considered to reverse first.

**(c) Minimum Alternate Tax (MAT)**

MAT credit entitlement is recognized as an asset only when and to the extent there is convincing evidence that normal income tax will be paid during the specified period. In the year in which MAT credit becomes eligible to be recognized as an asset, the said asset is created by way of a credit to the Consolidated Statement of Profit and Loss and shown as MAT credit entitlement under deferred tax assets. This is reviewed at each balance sheet date and the carrying amount of MAT credit entitlement is written down to the extent it is not reasonably certain that normal income tax will be paid during the specified period.

**3.11 Earnings per unit (EPU):**

The basic earnings per unit is computed by dividing the net profit/ (loss) attributable to the unit holders of Mindspace REIT by the weighted average number of units outstanding during the reporting period. The number of units used in computing diluted earnings/ (loss) per unit comprises the weighted average units considered for deriving basic earnings/ (loss) per unit and also the weighted average number of units which could have been issued on the conversion of all dilutive potential units.

Dilutive potential units are deemed converted as of the beginning of the reporting date, unless they have been issued at a later date. In computing diluted earnings per unit, only potential equity units that are dilutive and which either reduces earnings per unit or increase loss per units are included.

**3.12 Provisions, contingent liabilities and contingent assets**

Provisions are recognised when Mindspace Business Parks Group has a present legal or constructive obligation as a result of a past event, it is probable that Mindspace Business Parks Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration net of recoveries if any, required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

Contingent liabilities are disclosed when there is a possible obligation or a present obligation that may, but will probably not, require an outflow of resources. When there is a possible obligation of a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

A contingent asset is disclosed when there would be a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of Mindspace Business Parks Group.

Provisions, Contingent Liabilities and Contingent Assets are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

**3.13 Foreign currency transactions and translations**

Transactions denominated in foreign currency are recorded at the exchange rate prevailing on the date of transactions. Exchange differences arising on foreign exchange transactions settled during the year are recognised in the Consolidated Statement of Profit and Loss of the period.

Monetary assets and liabilities denominated in foreign currency, which are outstanding as at the period-end and not covered by forward contracts, are translated at the period-end at the closing exchange rate and the resultant exchange differences are recognised in the Condensed Consolidated Statement of Profit and Loss. Non-monetary foreign currency items are carried at cost.

**3.14 Leases**

As a Lessor

Mindspace Business Parks Group enters into lease agreements as a lessor with respect to some of its investment properties.

Leases for which Mindspace Business Parks Group is a lessor is classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When Mindspace Business Parks Group is an intermediate lessor, it accounts for the head lease and the sublease as two separate contracts. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease and presented as unbilled revenue in other financial assets.

Initial direct costs such as brokerage expenses incurred specifically to earn revenues from an operating lease are capitalised to the carrying amount of leased asset and recognised over the lease term on the same basis as rental income.

Amounts due from lessees under finance leases are recognised as receivables at the amount of Mindspace Business Parks Group's net investment in the leases. Finance lease income is allocated to reporting periods so as to reflect a constant periodic rate of return on Mindspace Business Parks Group's net investment outstanding in respect of the leases.

As a Lessee

Mindspace Business Parks Group assesses whether a contract is or contains a lease, at inception of a contract. Mindspace Business Parks Group recognises a right-of-use asset and a corresponding lease liability with respect to all lease agreements in which it is the lessee, except for short-term leases ( defined as leases with a lease term of 12 months or less) and leases of low value assets. For these leases, Mindspace Business Parks Group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease. If this rate cannot be readily determined, Mindspace Business Parks Group uses its incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise:

- fixed lease payments (including in-substance fixed payments), less any lease incentives;
- variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;
- the amount expected to be payable by the lessee under residual value guarantees;
- payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

The lease liability is presented separately as part of Financial Liabilities in the Condensed Consolidated balance sheet. The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

Mindspace Business Parks Group remeasures the lease liability (and makes a corresponding adjustment to the related right-of-use asset) whenever

- the lease term has changed or there is a change in the assessment of exercise of a purchase option, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate.
- the lease payments change due to changes in an index or rate or a change in expected payment under a guaranteed residual value, in which cases the lease liability is measured by discounting the revised lease payments using the initial discount rate (unless the lease payments change is due to a change in a floating interest rate, in which case a revised discount rate is used).
- a lease contract is modified and the lease modification is not accounted for as a separate lease, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate.

The right-of-use assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Whenever Mindspace Business Parks Group incurs an obligation for costs to dismantle and remove a leased asset, restore the site on which it is located or restore the underlying asset to the condition required by the terms and conditions of the lease, a provision is recognised and measured under Ind AS 37 'Provisions, Contingent Liabilities and Contingent Assets'. The costs are included in the related right-of-use asset, unless those costs are incurred to produce inventories.

Right-of-use assets are depreciated over the shorter period of lease term and useful life of the underlying asset.

Mindspace Business Parks Group applies Ind AS 36 Impairment of Assets to determine whether a right-of-use asset is impaired and accounts for any identified impairment loss as described in Note 3.5.

Variable rents that do not depend on an index or rate are not included in the measurement the lease liability and the right-of-use asset. The related payments are recognised as an expense in the period in which the event or condition that triggers those payments occurs and are included in the line " other expenses" in the Condensed Consolidated Statement of Profit and Loss.

**3.15 Financial instruments**

**1 Initial recognition and measurement**

Financial assets and/or financial liabilities are recognised when Mindspace Business Parks Group becomes party to a contract embodying the related financial instruments. All financial assets/ financial liabilities are initially measured at fair value, plus in case of financial assets/ financial liabilities not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition or issue of financial assets/ financial liabilities are added to or deducted, as the case may be, from the fair value of such assets or liabilities. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss. Trade receivables that do not contain a significant financing component are measured at transaction price.

**2 Financial assets:**

**(a) Classification of financial assets:**

(i) Mindspace Business Parks Group classifies its financial assets in the following measurement categories:
- those to be measured subsequently at fair value (either through other comprehensive income, or through the Consolidated Statement of Profit and Loss), and
- those measured at amortised cost.

(ii) The classification is done depending upon Mindspace Business Parks Group's business model for managing the financial assets and the contractual terms of the cash

(iii) For investments in debt instruments, this will depend on the business model in which the investment is held.

(iv) Mindspace Business Parks Group reclassifies debt investments when and only when its business model for managing those assets changes.

MINDSPACE BUSINESS PARKS REIT

Deloitte Haskins & Sells LLP

**(b) Subsequent Measurement**

(i) **Debt instruments:**

Subsequent measurement of debt instruments depends on Mindspace Business Parks Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which Mindspace Business Parks Group classifies its debt instruments

**Financial assets at amortised cost**

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**Financial assets at fair value through other comprehensive income (FVTOCI)**

Financial assets are subsequently measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows that give rise on specified dates to solely payments of principal and interest on the principal amount outstanding and by selling financial assets.

**Financial assets at fair value through the Consolidated Statement of Profit and Loss (FVTPL)**

Financial assets are subsequently measured at fair value through the Condensed Consolidated Statement of Profit and Loss unless it is measured at amortised cost or fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in the Condensed Consolidated Statement of Profit and Loss.

(ii) **Equity instruments:**

Mindspace Business Parks Group subsequently measures all equity investments at fair value. There are two measurement categories into which Mindspace Business Parks Group classifies its equity instruments:

**Investments in equity instruments at FVTPL:**

Investments in equity instruments are classified as at FVTPL, unless Mindspace Business Parks Group irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for equity instruments which are not held for trading.

**Investments in equity instruments at FVTOCI:**

On initial recognition, Mindspace Business Parks Group can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the reserve for 'equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to Consolidated Statement of Profit and Loss on disposal of the investments, but is transferred to retained earnings.

**(c) Impairment of financial assets:**

Mindspace Business Parks Group applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset. For trade receivables, Mindspace Business Parks Group measures the loss allowance at an amount equal to lifetime expected credit losses. Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, Mindspace Business Parks Group has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

**(d) Derecognition of financial assets:**

A financial asset is primarily derecognised when:
(i) the right to receive cash flows from the asset has expired, or
(ii) Mindspace Business Parks Group has transferred its rights to receive cash flows from the asset; and
Mindspace Business Parks Group has transferred substantially all the risks and rewards of the asset, or
Mindspace Business Parks Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

On derecognition of a financial asset in its entirety (other than investments in equity instruments at FVOCI), the differences between the carrying amounts measured at the date of derecognition and the consideration received is recognised in Consolidated Statement of Profit and Loss. Any interest in transferred financial assets that is created or retained by the SPV is recognised as a separate asset or liability.

**3 Financial liabilities and equity instruments**

**(a) Classification as debt or equity**

Financial liabilities and equity instruments issued by Mindspace Business Parks Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

**(b) Equity instruments**

An equity instrument is any contract that evidences a residual interest in the assets of Mindspace Business Parks Group after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Repurchase of Mindspace Business Parks Group's own equity instrument is recognised and deducted directly in equity. No gain or loss is recognised in the Consolidated Statement of Profit and Loss on the purchase, sale, issue or cancellation of Mindspace Business Parks Group's own equity instruments.

**(c) Compound financial instruments**

The component parts of compound financial instruments issued by Mindspace Business Parks Group are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of Mindspace Business Parks Group's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recorded as a liability on an amortised cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date.

The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured.

Transaction costs that relate to the issue of the convertible instruments are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognised directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortised over the lives of the convertible instrument using the effective interest method.

MINDSPACE BUSINESS PARKS REIT

Deloitte Haskins & Sells LLP

**(d) Financial Liabilities**

- **Recognition, measurement and classification**

Financial liabilities are classified as either held at a) fair value through the Consolidated Statement of Profit and Loss, or b) at amortised cost. Management determines the classification of its financial liabilities at the time of initial recognition or, where applicable, at the time of reclassification.

Mindspace Business Parks Group's financial liabilities include trade and other payables, loans and borrowings and derivative financial instruments. Subsequent measurement of financial liabilities depends on their classification as fair value through the Consolidated Statement of Profit and Loss or at amortized cost. All changes in fair value of financial liabilities classified as FVTPL are recognized in the Consolidated Statement of Profit and Loss. Amortised cost category is applicable to loans and borrowings, trade and other payables. After initial recognition the financial liabilities are measured at amortised cost using the Effective Interest Rate method.

- **Derecognition**

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. Gains and losses are recognized in the Condensed Consolidated Statement of Profit and Loss when the liabilities are derecognized.

**4 Offsetting of financial instruments**

Financial assets and financial liabilities are offset and presented on net basis in the Balance Sheet when there is a currently enforceable legal right to offset the recognised amounts and there is an intention either to settle on a net basis or to realise the assets and settle the liabilities simultaneously.

**3.16 Cash and cash equivalents**

Cash and cash equivalents comprises of cash at banks and on hand, demand deposits, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

**3.17 Statement of Cash flow**

Cash flow is reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of Mindspace Business Parks Group are segregated.

For the purpose of the Condensed Consolidated Statement of Cash Flow, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of Mindspace Business Parks Group's cash management.

As per para 8 of Ind AS 7 "where bank overdrafts which are repayable on demand form an integral part of an entity's cash management, bank overdrafts are included as a component of cash and cash equivalents. Bank overdraft, in the Condensed Consolidated Balance Sheet, is included as 'borrowings' under Financial Liabilities.

**3.18 Employee benefits plan**

**Disclosure pursuant to Ind AS – 19 'Employee benefits'**

**(1) Short term employee benefits**

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits such as salaries, wages, etc. and are recognised in the period in which the employee rendered the related services. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised as an expense during the period.

**(2) Long term employee benefits**

**Defined contribution plans**

Contributions to defined contribution schemes such as provident fund are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees. Mindspace Business Parks Group's provident fund contribution, in respect of certain employees, is made to a government administered fund and charged as an expense. The above benefits are classified as defined contribution schemes as Mindspace Business Parks Group has no further defined obligations beyond the monthly contributions.

**Defined benefit plan**

Mindspace Business Parks Group's gratuity benefit scheme is a defined benefit plan. Mindspace Business Parks Group has determined the gratuity liability based on internal calculation based on the number of years completed and last drawn basic salary as mentioned in the Payment of Gratuity Act, 1972. The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets, if any. The defined benefit obligation is calculated annually by actuaries / SPVs using the projected unit credit method.
The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Condensed Consolidated Statement of Profit and Loss.

**Other long term employee benefits - Compensated absences**

Benefits under compensated absences are accounted as other long-term employee benefits. Mindspace Business Parks Group has determined the liability for compensated absences based on internal calculation which is determined on the basis of leave credited to employee's account and the last drawn salary. Mindspace Business Parks Group's net obligation in respect of compensated absences is the amount of benefit to be settled in future, that employees have earned in return for their service in the current and previous years. The benefit is discounted to determine its present value. The obligation is measured on the basis of an actuarial valuation / by SPVs using the projected unit credit method. Remeasurement is recognised in the Consolidated Statement of Profit and Loss in the period in which they arise. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability.

**3.19 Earnings before finance costs, depreciation and amortisation, regulatory income / expense, exceptional items and tax**

Mindspace Business Parks Group has elected to present earnings before interest, depreciation and amortisation, regulatory income / expense, exceptional items and tax as a separate line item on the face of the Condensed Consolidated Statement of Profit and Loss. Mindspace Business Parks Group measures earnings before interest, depreciation and amortisation, regulatory income / expense, exceptional items and tax on the basis of profit/ (loss) from continuing operations.

**3.20 Subsequent events**

The Condensed Consolidated Financial Statements are adjusted to reflect events that occur after the reporting date but before the Condensed Consolidated Financial Statements are issued. The Consolidated Financial Statements have their own date of authorisation, which differs from that of the financial statements of the entities which are part of Mindspace REIT group. Therefore, when preparing the Condensed Consolidated Financial Statements, management considers events up to the date of authorisation of these financial statements.

MINDSPACE BUSINESS PARKS REIT

Deloitte Haskins & Sells LLP

**3.21 Errors and estimates**

Mindspace Business Parks Group revises its accounting policies if the change is required due to a change in Ind AS or if the change will provide more relevant and reliable information to the users of the Condensed Consolidated financial statement. Changes in accounting policies are applied retrospectively.

A change in an accounting estimate that results in changes in the carrying amounts of recognised assets or liabilities or to profit or loss is applied prospectively in the period(s) of change.

Discovery of errors results in revisions retrospectively by restating the comparative amounts of assets, liabilities and equity of the earliest prior period in which the error is discovered. The opening balances of the earliest period presented are also restated.

**3.22 Non-current assets held for sale**

Non-current assets are classified as held for sale if it is highly probable that they will be recovered primarily through sale rather than through continuing use. Such assets are generally measured at the lower of their carrying amount and fair value less costs to sell. Losses on initial classification as held for sale and subsequent gains and losses on re-measurement are recognised in the Consolidated Statement of Profit and Loss.

Once classified as held-for-sale, intangible assets, property, plant and equipment and investment properties are no longer amortised or depreciated, and any equity-accounted investee is no longer equity accounted.

**3.23 Segment Information**

**Primary segment information**

The primary reportable segment is business segments.

**Business segment**

The Mindspace Group is organised into the two operating divisions - 'real estate' and 'power distribution', which are determined based on the internal organisation and management structure of the Mindspace Group and its system of internal financial reporting and the nature of its risks and its returns. The Governing Board of the manager has been identified as the chief operating decision maker (CODM). CODM evaluates the Mindspace Group's performance, allocates resources based on analysis of various performance indicators of the Group as disclosed below.

**Real estate segment**

Real estate comprises development and management of projects under Special Economic Zone (SEZ), Information Technology Parks and other commercial assets. The Group has its project/properties in Mumbai Region, Hyderabad, Pune and Chennai for development and management of commercial SEZ, IT parks and commercial assets including incidental activities.

**Power distribution**

The state power regulator has taken on record the SEZ developer MBPPL, Gigaplex, Sundew and KRC Infra as Deemed Distribution Licensee for Power. The approved SPVs being Deemed Distributor, supplies power to customers within the notified SEZ.

**Secondary segment information**

Mindspace Business Parks Group's operations are based in India and therefore Mindspace Business Parks Group has only one geographical segment - India.

**3.24 Non-controlling interests**

Non-controlling interests represent the share of reserves and capital attributable to the shareholders of the SPVs who have not agreed to exchange their shares in the SPVs for units of Mindspace REIT and will not become the unitholders of Mindspace REIT. Below is the list of shareholders of the SPVs for whom non-controlling interest has been recognised. Non-controlling interests in the results and equity of subsidiaries are shown separately in the Condensed Consolidated Statement of Profit and Loss, Condensed Consolidated Statement of Changes in Equity and Condensed Balance Sheet.

| SPV | Shareholder | % Holding in SPV (As on reporting date) |
|---|---|---|
| KRIT | Telangana State Industrial Infrastructure Corporation Limited | 11.0% |
| Intime | Telangana State Industrial Infrastructure Corporation Limited | 11.0% |
| Sundew | Telangana State Industrial Infrastructure Corporation Limited | 11.0% |

Ind AS 110 requires entities to attribute the profit or loss and each component of other comprehensive income to the owners of Mindspace REIT and to the non-controlling interests. This requirement needs to be followed even if this results in the non-controlling interests having a deficit balance.

**3.25 Cash distribution to unit holders**

The Group recognises a liability to make cash distributions to Unitholders when the distribution is authorised and a legal obligation has been created. As per the REIT Regulations, a distribution is authorised when it is approved by the Governing Board of the Manager. A corresponding amount is recognised directly in other equity.

**3.26 Distribution Policy**

The Net Distributable Cash Flows of Mindspace REIT are based on the cash flows generated from Mindspace REIT's assets and investments.

In terms of the Distribution Policy and the REIT Regulations, not less than 90% of the NDCF of each of the Asset SPVs is required to be distributed to Mindspace REIT, in proportion of their shareholding in the Asset SPV, subject to applicable provisions of the Companies Act or the LLP Act. Presently, NDCF to be received by Mindspace REIT from the Asset SPVs may be in the form of dividends, interest income, principal loan repayment, proceeds of any capital reduction or buyback from the Asset SPVs, sale proceeds out of disposal of investments if any or assets directly held by Mindspace REIT or as specifically permitted under the Trust Deed or in such other form as may be permissible under the applicable law.

The Manager is required to and shall declare and distribute at least 90% of the NDCF of Mindspace REIT as distributions ("REIT Distributions") to the Unitholders. Such REIT Distributions shall be declared and made for every quarter of a Financial Year.

**3.27 Recent Pronouncements**

**(1)** The Ministry of Corporate Affairs has notified Companies (Indian Accounting Standard) Amendment Rules 2022 dated March 23, 2022 to amend the following Ind AS which are effective from April 01, 2022

Reference to the Conceptual Framework – Amendments to Ind AS 103

- The amendments replaced the reference to the ICAI's "Framework for the Preparation and Presentation of Financial Statements under Indian Accounting Standards" with the reference to the "Conceptual Framework for Financial Reporting under Indian Accounting Standard" without significantly changing its requirements.

The amendments also added an exception to the recognition principle of Ind AS 103 Business Combinations to avoid the issue of potential 'day 2' gains or losses arising for liabilities and contingent liabilities that would be within the scope of Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets or Appendix C, Levies, of Ind AS 37, if incurred separately. It has also been clarified that the existing guidance in Ind AS 103 for contingent assets would not be affected by replacing the reference to the Framework for the Preparation and Presentation of Financial Statements under Indian Accounting Standards.

- Property, Plant and Equipment: Proceeds before Intended Use – Amendments to Ind AS 16

The amendments modified paragraph 17(e) of Ind AS 16 to clarify that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment.

- Onerous Contracts – Costs of Fulfilling a Contract – Amendments to Ind AS 37

The amendments to Ind AS 37 specify which costs an entity needs to include when assessing whether a contract is onerous or loss-making. The amendments apply a "directly related cost approach". The costs that relate directly to a contract to provide goods or services include both incremental costs for example direct labour and materials and an allocation of other costs directly related to contract activities for example an allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling that contract. General and administrative costs do not relate directly to a contract and are excluded unless they are explicitly chargeable to the counterparty under the contract.

There were certain amendments to standards and interpretations which are applicable for the first time for the year ended 31 March 2023, but either the same are not relevant or do not have an impact on the consolidated financial statements of the Group.

**(2)** On March 31, 2023, Ministry of Corporate Affairs ("MCA") amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

Ind AS 1 – Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Group does not expect this amendment to have any significant impact in its financial statements.

Ind AS 12 – Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Group does not expect this amendment to have any significant impact in its financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Group does not expect this amendment to have any significant impact in its financial statements.

The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

****Note 5(b):** Conveyance of the proportionate share in the land will happen upon handover of 22% of the proportionate share of the constructed area belonging to the landowner as per the Joint Development Agreement

*****Note 5(c)** Disposal/adjustments includes impairment of Investment property and reclassification of assets from Power assets (PPE) to Investment property

(i) Impairment of investment property is related to

- An impairment loss of Rs 58 million related to Mindspace Pocharam building, Hyderabad transferred from Investment Property under construction to Investment Property, forming part of Group's "Real estate" segment. The Group has determined this Property as Cash Generating Unit (CGU) of the Group for the purpose of Ind AS 36. The impairment charge arose due to vacancies at the Property and the Group's expectation of longer time to lease the vacant area against earlier estimates, as a result of the existing market conditions due to Covid – 19 pandemic. The recoverable amount of Rs 2,746 million as at 31 March 2021 being the higher of value in use and the fair value of the Property as per Ind AS 36 is considered for impairment and has been determined at the level of the CGU. In determining value in use of the property as at 31 March 2021, the Independent Valuer has discounted the cash flows at a rate of 12.25% for completed buildings and 13.60% for under construction building on a pre-tax basis.

**Notes:**

1 (a) Gigaplex- An appeal has been filed for A.Y. 2010-11 before CIT(A) against the penalty order raising demand of Rs.3 million and the appeal is pending. It has paid 20% (Rs.1 million) with a request to keep the demand in abeyance. As per Income tax website , there is no demand outstanding.

(b) KRIT - Contingent liability of Rs. 933 million relate to AY 2012-13 to AY 2018-19 for which it has filed appeals before CIT(A) against orders under section 143(3) / 143(3) read with section 153A of the Act contesting the disallowance of deduction under section 80IA of the Income Tax Act 1961. KRIT is hopeful of a favourable outcome for these Assessment Years. In case of unfavourable decisions in appeal for AY 2012-13 to AY 2018-19, the tax would be payable under normal tax and hence, MAT credit currently available with KRIT will no longer be available. As a result, in addition to above contingent liability, KRIT would require to pay additional tax of Rs. 326 million w.r.t. AY 2019-20 and AY 2020-21 (These years are not under litigation) because during these years KRIT has utilised the MAT credit availed during AY 2012-13 to AY 2018-19. The disallowance of deduction under section 80IA for AYs 2012-13 to 2018-19 by the Income Tax department was based on the order for earlier AY 2011-12 wherein similar disallowance was made. KRIT had challenged the said order of AY 2011-12 before the ITAT. The Hon'ble ITAT vide its order dated 06.05.2021 allowed the appeal in favour of KRIT by quashing the disallowance made by the income-tax authority.

5 **Avacado**

a) A Suit has been filed in the year 2008 by Nusli Neville Wadia (Plaintiff) against Ivory Properties and Hotels Private Limited (Ivory) & Others which includes Avacado as one of the Defendants inter alia in respect of the land and the 'Paradigm' Industrial Park building of Avacado. The Plaintiff has prayed against Avacado and the said Ivory restraining them from carrying out further construction or any other activity on the land (on which the building Paradigm is constructed), demolition and removal of the structures on the said land, appointment of a Court Receiver in respect of the said land and Paradigm building, declaring the MOUs / Agreements entered into by Avacado with Ivory and the Plaintiff as voidable and having been avoided and rescinded by the Plaintiff and to be delivered up and cancelled, restraining from alienating, encumbering or parting with possession of structures and restraining from dealing with, creating fresh leases / licenses or renewing lease / license in respect of the said Paradigm building and from receiving or recovering any rent / license fee / compensation in respect of the said leases / licenses, depositing all the rents in the Court, etc. The Court has not granted any ad-interim relief to the Plaintiff. Avacado has filed its reply to the said Suit denying the allegations and praying that no interim relief be granted to the Plaintiff. Avacado in its reply has also taken up a plea that issue of limitation should be decided as a preliminary issue before any interim relief could be granted to the Plaintiff. The notice of motion for interim relief and the Suit are pending for the final hearing before the High Court.

Based on an advice obtained from an independent legal counsel, the management is confident that Avacado will be able to suitably defend and the impact, if any, on the Ind AS financial statements can be determined on disposal of the above Petition and accordingly, Ind AS Financial statements of Avacado have been prepared on a going concern basis. Further, the Plaintiff, through his advocates & solicitors, had addressed letter dated 13 February 2020 including to Mindspace REIT, the Manager, the Trustee, the Sponsors, Avacado, Mr. Ravi C. Raheja, Mr. Neel C. Raheja, Mr. Chandru L. Raheja, Ivory Properties and K Raheja Corp Pvt Ltd., expressing his objection to the proposed Offer and any actions concerning the building Paradigm located at Mindspace Malad project. The allegations and averments made by the Plaintiff have been responded and denied by the addressees, through their advocates & solicitors. No further correspondence has been received.

b) Pursuant to the levy of service tax on renting of immovable properties given for commercial use, retrospectively with effect from 1 June 2007 by the Finance Act, 2010, some of the lessees to whom Avacado has let out its premises, have based on a legal advice, challenged the said levy and, inter-alia, its retrospective application and withheld payment of service tax to Avacado, based on certain judicial pronouncements and stay orders granted by appropriate High Courts from time to time. Further in this regard the Hon'ble Supreme Court has passed an interim order dated 14th October, 2011 in Civil appeal nos. 8390, 8391-8393 of 2011 and in compliance of which, such lessees have deposited with appropriate authority in 3 instalments, 50% of the amount such service tax not so paid by them upto 30 September 2011 and have furnished surety for the balance 50% of the amount of service tax and which amount has also been deposited by them with the authorities. Further as per Hon'ble Supreme Court's Order dated 5th April 2018 in Civil Appeal No. (s) 4487/2010, the matter is deferred until disposal of the issues pending before the nine judges Bench in Mineral Area Development Authority and others.

In view of the above and subject to the final orders being passed by the Hon'ble Supreme Court in the aforesaid appeals, there may be a contingent liability on Avacado in respect of interest payable on account of the delayed payment of service tax, which amount would be recoverable from the respective lessees by Avacado.

b) MBPPL is subject to other legal proceedings and claims, which have arisen in the ordinary course of business. MBPPL's management does not reasonably expect that these legal actions, when ultimately concluded and determined, will have a material and adverse effect on MBPPL's results of operations or financial condition.

c) MBPPL received a communication (alleged reminder) from Pune Municipal Corporation (PMC) demanding an amount of Rs.157 million allegedly due from MBPPL based on objections by internal audit report of Pune Municipal Corporation. MBPPL, has submitted a letter denying all allegation of PMC, as MBPPL has not been served with any document referred to the said PMC letter. Subsequently MBPPL addressed one more communication stating that MBPPL would be in a position to submit their reply upon receipt of the details of amount demanded as per their reply submitted which states that if any principal outstanding is due/recoverable, MBPPL agrees to make the said payment and sought detailed clarification on the interest amount. By letter dated 20.07.2019 to MBPPL, PMC provided the copy of the audit report to MBPPL and requested MBPPL to provide its clarifications in respect of objectionable issues and furnish the challans in lieu of payment of the recoverable amount. By letter dated 17.08.2021 to the architect firm and another, PMC stated that it has not received any clarifications and provided the challans of amounts by assessing interest thereon and required submission of challan/receipt towards payment of an amount of ₹ 183.60 million recoverable against all objectionable issues. By its reply letter dated 06.09.2021 to PMC, MBPPL has again reiterated that the earlier PMC letter dated 04.02.2019 and the PMC letter dated 17.08.2021 are addressed to the wrong persons and informed PMC of the non-receipt of relevant information and documents from PMC as requested by MBPPL earlier. By letter dated 11.10.2021 to PMC, MBPPL replied stating that the impugned challans, demands and notice are illegal, null and void and ultra vires; and likewise the act of issuing the letter dated 17.08.2021 is ultra vires and without the authority of law and called upon PMC to withdraw the impugned challans and letter forthwith. By the said letter MBPPL further stated that if the challans and letter is not withdrawn and any further action is initiated in that event the letter dated 11.10.2021 may be treated as a notice under section 487 of The Maharashtra Municipal Corporations Act, 1949 and under section 159 of The Maharashtra Regional and Town Planning Act, 1966. Further, without prejudice to the contentions raised in the reply and without admitting any liability to pay the amount as per the impugned challans, MBPPL has submitted that, in order to resolve the controversy, MBPPL is willing to offer to pay in full and final settlement on all accounts of all demands raised in the said challans, a lumpsum one-time amount of ₹ 26.64 million without any liability for interest thereon or for any other payments relating to the subject and to provide an opportunity of hearing and furnishing clarifications, if required by PMC. Subsequently, by letter dated March 10, 2022, PMC informed MBPPL that it has not accepted the cheque issued by MBPPL vide its letter dated January 25, 2022 and requested MBPPL to issue demand draft for the amount as per the Challans and make the payment to PMC at the earliest. On April 7, 2022 MBPPL submitted a reply/ letter to PMC enclosing a demand draft as desired by the PMC, for an amount of ₹ 26.64 million towards the payment as set out in MBPPL's earlier communications. Vide letter dated July 11, 2022 PMC returned MBPPL's demand draft while demanding entire demanded payment. MBPPL vide its letter dated July 22, 2022 read with MBPPL letter dated July 21, 2022 remitted the entire demanded payment of Rs.10,13,57,239/- under protest. MBPPL on July 28, 2022 also paid an amount of Rs.60,93,225/- being Challan Late Fees and recorded this payment under MBPPL letter dated August 8, 2022.MBPPL ("Petitioner") has filed writ petition on November 14, 2022 in the Bombay High Court ("Court") against Pune Municipal Corporation and others ("Respondents") inter alia, seeking to impugn and set aside the Demand Notice dated January 5, 2022 enclosing challans for certain amounts allegedly due and payable by the Petitioner ("Impugned Demand Notice") and for refund of the amount of ₹ 107.45 million paid by the Petitioner under protest to the Respondents towards the Impugned Demand Notice. The matter is currently pending for admission.

8 **Intime, Sundew and KRIT**

a) In accordance with the Scheme of arrangement which was approved by Hon'ble Andhra Pradesh High Court on 23 March 2007, the Industrial Park II and III undertakings of K.Raheja IT Park (Hyderabad) Limited (formerly known as K.Raheja IT Park (Hyderabad) Private Limited) ("KRIT", "JV Company") have been demerged and vested in the Company with effect from the appointed date i.e. 01 September 2006.
Intime and Sundew had acquired the land at Madhapur, Hyderabad as part of the demerger scheme from KRIT. The said land is in lieu of the employment opportunities to be generated by KRIT and others.
The liability, if any, arising due to the obligation to create the job opportunities for the entire larger land of which the above property is a part, continues to be retained by KRIT as at 31 March 2023.
During the year ended 31 March 2016, Telangana State Industrial Infrastructure Corporation Limited ("TSIIC") has returned the original Bank Guarantees to KRIT and also confirmed to the bank that TSIIC will not claim any amount from the bank under the Bank Guarantees and the bank is relieved of its obligation. Hence, no liability is recognised towards the price of the plot of land.

b) An unconditional obligation to pay amounts due to Andhra Pradesh Industrial Infrastructure Corporation Limited ("APIIC") in respect of APIIC's claims of losses due to any difference in values pertaining to sale transactions of the project undertaken by KRIT. Losses incurred by the Government/TSIIC in its JV Company, if any, will be paid in full by K Raheja Corp Pvt Ltd and it has furnished to the JV Company in writing agreeing and admitting liability to make such payment to Government/TSIIC.
The shareholding pattern of the Government/TSIIC in the JV Company and the Company will not change as a result of conversion from Private to Public, the Government / TSIIC equity of 11% will remain the same in the Company and all the demerged companies and further in future, Government / TSIIC will not be asked to infuse further cash to maintain its 11% stake.

9 **Gigaplex**

Regular Civil Suit had been filed before the Hon. Civil Judge (J.D) Vashi at Central Business District by an Education Society ("the Plaintiff") who is claiming rights in existing school structure, claiming its area as 500 square meters and its existence since more than 30 years, seeking an injunction not to dispossess him. Gigaplex has filed its reply opposing the Plaintiff's prayers. After hearing the parties, the Hon'ble Judge at the Vashi Court had rejected the Plaintiff's Injunction Application by Order dated 20.08.18 (Order). Thereafter the Plaintiff has filed an appeal in Thane District Court. The Plaintiff's Appeal filed in Thane District Court is still pending, it's next date is 12.06.23 for Arguments in Appellant's Applications for injunction and status quo. In management view, the estimate of liability arising out of the same is remote, no provision has been taken.

10 **KRIT**

A Writ petition has been filed against the Company in the High Court of Judicature of Andhra Pradesh at Hyderabad with respect to specific use of the land admeasuring 4,500 square yards, earmarked as plot 18. Pursuant to it, the Court has passed an Order for no construction activity on the said plot of land until further orders of the Court. KRIT has filed its reply and also sought expeditious hearing. The matter is pending for disposal by the High Court. Based on the facts of the case, the management does not expect any liability and is of the opinion that no provision needs to be made

11 **Sundew**

The Office of the Land Reforms Tribunal Cum Deputy Collector & Special Grade Revenue Divisional Officer, Attapur ("Tribunal") had, by letter dated 27 August 2009, sought information from Sundew under Section 8(2) of the Andhra Pradesh Land Reforms (Ceiling on Agriculture Holdings) Act, 1973 ("APLRAC") in respect of the entire land parcel at Mindspace Madhapur. The Revenue Department of the Government of Andhra Pradesh forwarded a Memo dated 5 September 2009 for furnishing of certain information to the Government of Andhra Pradesh, including information requested by the letter dated 27 August 2009. Sundew had filed a detailed response on 30 September 2009 stating that (a) the land was originally granted by the Government of Andhra Pradesh to K Raheja IT Park Hyderabad Limited (KRIT) which was a joint venture company with Andhra Pradesh Industrial Infrastructure Corporation Limited, (b) the land was vested in Sundew by way of demerger order of the Andhra Pradesh High Court, (c) the land has been declared as an SEZ and is therefore exempt from the local laws; (d) the land was shown as a non-agricultural land in the master plan of Hyderabad and is therefore not "land" covered under the APLRAC. The Tribunal issued a final notice to Sundew in January 2012 requesting to submit a declaration for full and correct particulars of the lands held. The matter is currently pending before the Tribunal. Future cash flows in respect of above matters are determinable only on receipt of judgements/decisions pending at various forums/authorities.

**Intime**

12 Intime has received show cause notice during the year from the Jurisdictional GST Authority for the periods beginning July 2017 to March 2020 for not considering charging of GST, on the recovery of utilities being electricity, water and DG back-up power provided to tenants, amounting to Rs. 100 million. The Management, after due consultation with the Consultant, is of the view that the charges towards electricity and DG back-up power are incurred in the capacity of a 'pure agent' as covered under Rule 33 of CGST Rules, 2017 and also such supplies are exempt as per the Exemption Notification and hence to be excluded from the value of taxable supply. The Management is in the process of filing the response to the show cause notice. Based on the facts of the case and the provisions of the GST law, no provision has been made w.r.t. recovery of electricity and DG back-up power.

| **Total liabilities** | **67,220** | 56,426 |

The Management considers that the carrying amount of the above financial assets and liabilities approximates to their fair value.

**B. Measurement of fair values**

The section explains the judgement and estimates made in determining the fair values of the financial instruments that are:
a) recognised and measured at fair value
b) measured at amortised cost and for which fair values are disclosed in the financial statements.

To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level is mentioned below:

**Fair value hierarchy**

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The following table presents the fair value measurement hierarchy of assets and liabilities measured at fair value on recurring basis as at 31 March 2023.

**Financial instruments**

Quantitative disclosures fair value measurement hierarchy for assets as at 31 March 2023:

| Particulars | Date of valuation | Total | Level 1 | Level 2 | Level 3 |
|---|---|---|---|---|---|
| **Financial assets measured at fair value:** | | | | | |
| FVTOCI financial investments: | 3/31/2023 | 0 | - | - | 0 |
| FVTOCI financial investments: | 3/31/2022 | 0 | - | - | 0 |

**C Transfers between Level 1, Level 2 and Level 3**

There were no transfers between Level 1, Level 2 or Level 3 during the period ended 31 March 2023 and year ended 31 March 2022.

**D Determination of fair values**

Fair values of financial assets and liabilities have been determined for measurement and/or disclosure purposes based on the following methods. When applicable, further information about the assumptions made in determining fair values is disclosed in the notes specific to that asset or liability.

i) The fair value of mutual funds are based on price quotations at reporting date.

ii) The fair values of other current financial assets and financial liabilities are considered to be equivalent to their carrying values.

iii) The fair values of borrowings at fixed rates are considered to be equivalent to present value of the future contracted cashflows discounted at the current market rate.

iv) Security deposits accepted are measured at fair value based on the discounted cash flow method considering the discount rate determined as the average borrowing rate.

**51A** During the FY 2021-22, KRIT had proposed to redevelop Buildings 1A and 1B at Mindspace, Madhapur, Hyderabad. Vacation of these buildings by the tenant, provided the SPV an opportunity to evaluate the possibility of redevelopment which would potentially increase the area of the building, help incorporating new upgraded facilities, enhance the marketability of the buildings and also offer future consolidation opportunities to existing tenants in the Park with continuity and growth. Basis the assessment by the SPV of the opportunity and concurrence from the Telangana State Industrial Infrastructure Corporation Ltd. (TSIIC) vide its letter dated June 23, 2021, the SPV proposed to redevelop the said buildings subject to the receipt of statutory approvals & clearances as may be required for the proposed redevelopment. Accordingly, the Mindspace Group had charged the written down value of the said buildings, plant and machinery and other assets in relation to the buildings aggregating to Rs.1,332 million to the Condensed Consolidated Statement of Profit and Loss and considered the same as an Exceptional Item for the year ended March 31 , 2022.

**51B** During the FY 2021-22, Mindspace Business Parks Private Limited ("MBPPL") had entered into a Memorandum of Understanding dated 16 December 2019 with K. Raheja Corp Private Limited ("KRCPL") for the proposed sale of MBPPL's parcel of land admeasuring 39.996 acres located at Pocharam Village at a predetermined price. The Board of Directors of MBPPL and the Governing Board of Investment Manager in their meeting held on 9 February 2022 and February 10, 2022 respectively had approved the proposed transfer. The said land was recorded as 'Investment Property under construction' in the Consolidated financial statements, forming part of 'Real estate' segment. The said land had been sold vide agreement dated 30 March 2022 for the consideration of Rs. 1,200 million, which had been determined as per the mutual agreement considering latest ready reckoner rate, resulting into profit of Rs. 489 million. The same had been considered as an Exceptional Item in the statement of Profit and Loss for the year ended March 31 , 2022.

**52A** During the current year, KRIT has proposed to redevelop Buildings 7 and 8 at Mindspace, Madhapur, Hyderabad as these were expected to be vacated by the tenant by March 2023. Vacation of these buildings provides the Company an opportunity to evaluate the possibility of redevelopment which would potentially increase the area of the building, help incorporating new upgraded facilities, enhance the marketability of the buildings and also offer future consolidation opportunities to existing tenants in the Park with continuity and growth. Basis the assessment by the SPV of the opportunity and concurrence from the Telangana State Industrial Infrastructure Corporation Ltd. (TSIIC) vide its letter dated March 13, 2023, the SPV proposed to redevelop the said buildings subject to the receipt of statutory approvals & clearances as may be required for the proposed redevelopment. Accordingly, the Group has charged the written down value of the said buildings, infrastructure plant and machinery as at March 31, 2023 amounting to Rs. 1,297 million to the Condensed Consolidated Statement of Profit and Loss and considered the same as an Exceptional Item for the year ended March 31 , 2023.

**52B** An impairment loss of Rs. 72 million related to GIS substation asset at Gigaplex Airoli forming part of Group's "Real estate"segment. The impairment charge arose due to technological obsolescence of asset and therefore, impairment loss has been considered for the carrying value of the asset and considered the same as an Exceptional Item for the year ended March 31 , 2023.

**53** Previous period figures have been regrouped, as considered necessary, to conform with current period presentation.

ii. gives a true and fair view in conformity with the Indian Accounting Standards 34 "Interim Financial Reporting" ("Ind AS 34") and other accounting principles generally accepted in India to the extent not inconsistent with the REIT Regulations, of the state of affairs of the REIT as at 31 March 2023 its profit including other comprehensive income, its cash flows, its changes in Unitholder's equity, its net assets at fair value, total returns at fair value and net distributable cash flows and other financial information of the REIT for the year then ended.

**(b) Conclusion on Unaudited Condensed Standalone Financial Statements for the quarter and half year ended March 31, 2023**

With respect to the Condensed Standalone Financial Statements for the quarter and half year ended March 31, 2023, based on our review conducted and procedures performed as stated in paragraph (b) of Auditor's Responsibilities section below, nothing has come to our attention that causes us to believe that the Condensed Standalone Financial Statements for the quarter and half year ended March 31, 2023, prepared in accordance with the REIT Regulations, the Ind AS 34 and other accounting principles generally accepted in India, to the extent not inconsistent with the REIT Regulations, and has not disclosed the information required to be disclosed in terms of the REIT Regulations and Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.

**Basis for Opinion on the Audited Condensed Standalone Financial Statements for the year ended March 31, 2023**

We conducted our audit in accordance with the Standards on Auditing ("SAs") issued by Institute of Chartered Accountants of India (the "ICAI"). Our responsibilities under those Standards are further described in paragraph (a) of Auditor's Responsibilities section below. We are independent of the REIT in accordance with the Code of Ethics issued by the ICAI together with the ethical requirements that are relevant to our audit of the Condensed Standalone Financial Statements for the year ended March 31, 2023, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion.

**Emphasis of Matter**

We draw attention to Note 2 which describes the Basis of preparation of condensed standalone financial statements and Note 13(a)(i) which describes the presentation of "Unit Capital" as "Equity" instead of compound financial instrument to comply with the REIT Regulations. Our opinion is not modified in respect of this matter.

**Management's Responsibilities for the Condensed Standalone Financial Statements**

The Condensed Standalone Financial Statements is the responsibility of the Investment Manager (the "Management") and has been approved by them for the issuance. The Condensed Standalone Financial Statements for the year ended March 31, 2023 has been compiled from the related audited standalone financial statements. This responsibility includes the preparation and presentation of the Condensed Standalone Financial Statements for the quarter and year ended March 31, 2023 that give a true and fair view of the state of affairs as at 31 March 2023, its profit/(loss)including other comprehensive income/(loss) and cash flows for the quarter, half year and year ended 31 March 2023, its changes in Unitholder's equity for the year ended 31 March 2023, its net assets at fair value as at 31 March 2023, its total return at fair value for the half year and year ended 31 March 2023, its net distributable cash flows for the quarter, half year and year ended 31 March 2023 and other financial information of the REIT in conformity with the REIT Regulations, Ind AS 34 and other accounting principles generally accepted in India, to the extent not inconsistent with REIT Regulations and in compliance with the REIT Regulations and Listing Regulations. This responsibility also includes maintenance of adequate accounting records for safeguarding the assets of the REIT and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Condensed Standalone Financial Statements that give a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the Condensed Standalone Financial Statements, the Investment Manager's is responsible for assessing the REIT's ability, to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management either intends to liquidate the REIT or to cease operations, or has no realistic alternative but to do so.

The Investment Manager's is also responsible for overseeing the financial reporting process of the REIT.

**Auditor's Responsibilities**

**(a) Audit of the Condensed Standalone Financial Statements for the year ended March 31, 2023**

Our objectives are to obtain reasonable assurance about whether the Condensed Standalone Financial Statements for the year ended March 31, 2023 as a whole are free from material misstatement, whether due

to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Condensed Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Annual Condensed Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Investment Manager.
- Evaluate the appropriateness and reasonableness of disclosures made by the Investment Manager in terms of the requirements specified under the REIT Regulations and Listing Regulations.
- Conclude on the appropriateness of the Investment Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the REIT to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Condensed Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the REIT to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Annual Condensed Standalone Financial Statements, including the disclosures, and whether the Annual Condensed Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the Annual Condensed Standalone Financial Statements of the REIT to express an opinion on the Annual Condensed Standalone Financial Statements.

Materiality is the magnitude of misstatements in the Annual Condensed Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Annual Condensed Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Annual Condensed Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

**(b) Review of the Condensed Standalone Financial Statements for the quarter and half year ended March 31, 2023**

We conducted our review of the Condensed Standalone Financial Statements for the quarter and half year ended March 31, 2023 in accordance with the Standard on Review Engagements ("SRE") 2410 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity', issued by the ICAI. A review of interim financial information consists of making inquiries, primarily of the Investment Manager's personnel responsible for financial and accounting matters and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with SAs Act and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

**Notes**

**1) Measurement of fair values:**

The fair values of Investments in SPV are computed basis the fair value of Investment property, Property, plant and equipment, Investment property under construction and Capital work-in-progress which are solely based on an independent valuation performed by an external property valuer ("independent valuer"), having appropriately recognised professional qualification and recent experience in the location and category of the properties being valued.

Other assets include cash and cash equivalents and other working capital balances which are not factored in the discounted cashflow method used in determining the fair value of investment property, investment property under development, property, plant and equipment, capital work-in-progress and intangibles.

**Valuation Technique**

The fair value measurement for all of the Investment property, Property, plant and equipment, Investment property under construction and Capital work-in-progress has been categorized as a Level 3 fair value based on the inputs to the valuation technique used. The valuer has followed a Discounted Cash Flow method, except for valuation of land for future development where the valuer has adopted Market Approach. The Discounted Cash Flow valuation model considers the present value of net cash flows to be generated from the respective properties, taking into account the expected rental growth rate, vacancy period, occupancy rate, and lease incentive costs. The expected net cash flows are discounted using the risk adjusted discount rates. Among other factors, the discount rate estimation considers the quality of a building and its location (prime vs secondary), tenant credit quality, lease terms and investor return expectations from such properties.

**2) Break up of Net asset value as at 31 March 2023**

| Particulars | As at 31 March 2023 (Audited) | As at 31 March 2022 (Audited) |
|---|---|---|
| Fair Value of Investments in SPVs | **2,33,648** | 2,25,278 |

| Less: Liabilities | **(22,483)** | (17,262) |
| Net Assets | **2,16,146** | **2,11,666** |

*Other assets includes cash and cash equivalents and other working capital balances which are not factored in the discounted cashflow method used in determining the fair value of investment property, investment property under development, property, plant and equipment, capital work-in-progress and intangibles.

**3)** The Trust holds investment in SPVs which in turn hold the properties. Hence, the breakup of property wise fair values has been disclosed in the Condensed Consolidated financial statements.

## 2 Basis of Preparation

The Condensed Standalone Financial Statements of Mindspace Business Parks REIT comprises the Condensed Standalone Balance Sheet as at 31 March 2023, the Condensed Standalone Statement of Profit and Loss, including other comprehensive income, the Condensed Standalone Statement of Cash Flow for the quarter, half year and year ended 31 March 2023, the Condensed Statement of Changes in Unitholders Equity for the year ended 31 March 2023, the Statement of Net Distributable Cashflows of Mindspace Business Parks REIT for the quarter, half year and year ended 31 March 2023, the Statement of Net Assets at Fair Value as at 31 March 2023, the Statement of Total Returns at Fair Value for the half year and year ended 31 March 2023 and a summary of the significant accounting policies and select explanatory information and other additional financial disclosures.

The Condensed Standalone Financial Statements have been prepared in accordance with the requirements of Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014 as amended from time to time including any guidelines and circulars issued thereunder read with SEBI Circular No. CIR/IMD/DF/146/2016 dated December 29, 2016 ("the REIT regulations"); Regulation 52 and Regulation 54 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015 ("Listing Regulations"); Indian Accounting Standard (Ind AS) 34 "Interim Financial Reporting", as prescribed in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 (as amended) and other accounting principles generally accepted in India, to the extent not inconsistent with REIT regulations (refer note 13 on presentation of "Unit Capital" as "Equity" instead of compound instruments under Ind AS 32 – Financial Instruments: Presentation).

The accounting policies adopted and methods of computation followed are consistent with those of the previous financial year.

The Condensed Standalone Financial Statements were authorised for issue in accordance with the resolution passed by the Governing Board of the Manager on 04 May 2023.

**Statement of compliance to Ind-AS**

These Condensed Standalone financial statements for the quarter and year ended 31 March 2023 have been prepared in accordance with Indian Accounting Standard (Ind AS) 34 "Interim Financial Reporting",as prescribed in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 (as amended) to the extent not inconsistent with the REIT regulations as more fully described above and Note 13 to the condensed standalone financial statements.

## 3 Significant accounting policies

**a) Functional and Presentation Currency**

The Condensed Standalone Financial Statements are presented in Indian Rupees, which is also Mindspace REIT functional currency in which Mindspace REIT operates. All financial information presented in Indian Rupees has been rounded off to the nearest million except otherwise stated.

**b) Basis of measurement**

These Condensed Standalone Financial Statements are prepared on the historical cost basis, except for certain financial assets and liabilities (refer accounting policy regarding financial instrument) measured at fair values.

**c) Use of judgments and estimates**

The preparation of the Condensed Standalone Financial Statements in conformity with generally accepted accounting principles in India (Ind AS) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses. Actual results could differ from those estimates.

Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Information about critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the Condensed Standalone Financial Statements is included in the following notes:

(i) Presentation of "Unit Capital" as "Equity" in accordance with the SEBI REIT Regulations instead of compound instrument (Note no 13)

(ii)Impairment and Fair valuation of Investments in SPVs and impairment of loans to SPVs.

(iii) recognition and measurement of provisions for contingencies and disclosure of contingent liabilities (Note 30 (a))

**d) Current versus non-current classification**

Mindspace REIT presents assets and liabilities in the Balance Sheet based on current/ non-current classification:

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting date; or
- Cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting date; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

Mindspace REIT classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. Mindspace REIT has identified twelve months as its operating cycle.

MINDSPACE BUSINESS PARKS REIT

Deloitte Haskins & Sells LLP

**e) Measurement of fair values**

Mindspace REIT accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. Mindspace REIT has an established control framework with respect to the measurement of fair values.

Mindspace REIT regularly reviews significant unobservable inputs and valuation adjustments. If third party information is used to measure fair values then the finance team assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of an asset or a liability, Mindspace REIT uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that entity can access on measurement date.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

**3.1 Impairment of assets**

Mindspace REIT assesses at each reporting date, whether there is any indication that an asset may be impaired. If any such indication exists, the trust estimates the recoverable amount of the asset. The recoverable amount of the assets (or where applicable that of the cash generating unit to which the asset belongs) is estimated as the higher of its net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of the assets and from its disposal at the end of its useful life. An impairment loss is recognised whenever the carrying amount of an asset or the cash-generating unit to which it belongs, exceeds its recoverable amount. Impairment loss is recognised in the Condensed Standalone Statement of Profit and Loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the Condensed Standalone Statement of Profit and Loss.

**3.2 Asset Acquisition**

If the acquisition of an asset or a group of assets does not constitute a business, Mindspace REIT identifies and recognises the individual identifiable assets acquired (including those assets that meet the definition of, and recognition criteria for, intangible assets in Ind AS 38, Intangible Assets) and liabilities assumed. The cost of the group is allocated to the individual identifiable assets and liabilities on the basis of their relative fair values at the date of purchase and no goodwill is recognised.

**3.3 Foreign currency transactions**

Transactions denominated in foreign currency are recorded at the exchange rate prevailing on the date of transactions. Exchange differences arising on foreign exchange transactions settled during the period/ year are recognised in the Statement of Profit and Loss of the period/ year.

Monetary assets and liabilities denominated in foreign currency, which are outstanding as at the end of the period and not covered by forward contracts, are translated at the end of the period at the closing exchange rate and the resultant exchange differences are recognised in the Condensed Standalone Statement of Profit and Loss. Non-monetary foreign currency items are carried at cost.

**3.4 Compound financial instruments**

The component parts of compound financial instruments issued by Mindspace REIT are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Trust's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recorded as a liability on an amortised cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date.

The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured.

Transaction costs that relate to the issue of the convertible instruments are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognised directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortised over the lives of the convertible instrument using the effective interest method.

**3.5 Embedded derivatives**

A derivative embedded in a hybrid contract, with a financial liability or non-financial host, is separated from the host and accounted for as a separate derivative if: the economic characteristics and risks are not closely related to the host; a separate instrument with the same terms as the embedded derivative would meet the definition of a derivative; and the hybrid contract is not measured at fair value through profit or loss. Embedded derivatives are measured at fair value with changes in fair value recognised in profit or loss. Reassessment only occurs if there is either a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required or a reclassification of a financial asset out of the fair value through profit or loss category.

Deloitte Haskins & Sells LLP

**3.6 Tax expense**

Income tax expense comprises current tax and deferred tax charge or credit. It is recognised in the Condensed Standalone Statement of Profit and Loss except to the extent that it relates to an item recognised directly in equity or in other comprehensive income in which case, the current and deferred tax are also recognised in equity and other comprehensive income respectively.

**a) Current tax**

Current tax comprises the expected tax payable or receivable on the taxable income for the period and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by end of reporting period.

**b) Deferred tax**

Deferred tax asset/ liability is recognized on temporary differences between the carrying amounts of assets and liabilities in the Condensed Standalone Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax assets and liabilities are measured that are expected to apply to the period when the asset is realised or the liability is settled, using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which Mindspace REIT expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets are reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax assets and liabilities, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

**3.7 Provisions, contingent liabilities and contingent assets**

Provisions are recognised when Mindspace REIT has a present legal or constructive obligation as a result of a past event, it is probable that the Trust will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration net of recoveries if any, required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

Contingent liabilities are disclosed when there is a possible obligation or a present obligation that may, but will probably not, require an outflow of resources. When there is a possible obligation of a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

A contingent asset is disclosed when there would be a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of Mindspace REIT.

Provisions, Contingent Liabilities and Contingent Assets are reviewed at each reporting date and adjusted to reflect the current best estimates.

**3.8 Investment in SPVs**

The Company has elected to recognize its investments in SPVs at cost in accordance with the option available in Ind AS 27, 'Separate Financial Statements'. The details of such investments are given in Note 4.

Assets representing investments in SPVs are reviewed for impairment,whenever events or changes in circumstances indicate that carrying amount may not be recoverable. Such circumstances include, though are not limited to, significant or sustained decline in revenues or earnings and material adverse changes in the economic environment.

**3.9 Financial instruments**

**1 Initial recognition and measurement**

Financial assets and/or financial liabilities are recognised when Mindspace REIT becomes party to a contract embodying the related financial instruments. All financial assets, financial liabilities are initially measured at fair value. Transaction costs that are attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from as the case may be, the fair value of such assets or liabilities, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Condensed Standalone Statement of Profit and Loss.

**2 Financial assets:**

**a) Classification of financial assets:**

(i) Mindspace REIT classifies its financial assets in the following measurement categories:
- those to be measured subsequently at fair value (either through other comprehensive income, or through the Statement of Profit and Loss), and
- those measured at amortised cost.

(ii) The classification is done depending upon Mindspace REIT business model for managing the financial assets and the contractual terms of the cash flows.

(iii) For investments in debt instruments, this will depend on the business model in which the investment is held.

(iv) Mindspace REIT reclassifies debt investments when and only when its business model for managing those assets changes.

MINDSPACE BUSINESS PARKS REIT

Deloitte Haskins & Sells LLP

b) **Subsequent Measurement**

(i) **Investment in Debt instruments:**

Subsequent measurement of debt instruments depends on Mindspace REIT business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Trust classifies its debt instruments:

**Financial assets at amortised cost**

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**Financial assets at fair value through other comprehensive income (FVTOCI)**

Financial assets are subsequently measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows that give rise on specified dates to solely payments of principal and interest on the principal amount outstanding and by selling financial assets.

**Financial assets at fair value through the Statement of Profit and Loss (FVTPL)**

Financial assets are subsequently measured at fair value through the Statement of Profit and Loss unless it is measured at amortised cost or fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in the Statement of Profit and Loss.

c) **Impairment of financial assets:**

The Mindspace REIT applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset. For trade receivables, the Mindspace Group measures the loss allowance at an amount equal to lifetime expected credit losses. Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Mindspace Group has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

d) **Derecognition of financial assets:**

A financial asset is primarily derecognised when:

(i) the right to receive cash flows from the asset has expired, or

(ii) Mindspace REIT has transferred its rights to receive cash flows from the asset; and
Mindspace REIT has transferred substantially all the risks and rewards of the asset, or
Mindspace REIT has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.
On derecognition of a financial asset in its entirety (other than investments in equity instruments at FVOCI), the differences between the carrying amounts measured at the date of derecognition and the consideration received is recognised in Statement of Profit and Loss. Any interest in transferred financial assets that is created or retained by Mindspace REIT is recognised as a separate asset or liability.

**3.10 Financial liabilities and equity instruments**

(a) **Classification as debt or equity**

Financial liabilities and equity instruments issued by Mindspace REIT are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

**Financial Liabilities**

**Recognition, measurement and classification**

Financial liabilities are classified as either held at a) fair value through the Statement of Profit and Loss, or b) at amortised cost. Management determines the classification of its financial liabilities at the time of initial recognition or, where applicable, at the time of reclassification.

Mindspace REIT financial liabilities include trade and other payables, loans and borrowings and derivative financial instruments. Subsequent measurement of financial liabilities depends on their classification as fair value through the Statement of Profit and Loss or at amortised cost. All changes in fair value of financial liabilities classified as FVTPL are recognised in the Statement of Profit and Loss. Amortised cost category is applicable to loans and borrowings, trade and other payables. After initial recognition the financial liabilities are measured at amortised cost using the Effective Interest Rate method.

**Derecognition**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. Gains and losses are recognised in the Statement of Profit and Loss when the liabilities are derecognised.

**Offsetting of financial instruments**

Financial assets and financial liabilities are offset and presented on net basis in the Balance Sheet when there is a currently enforceable legal right to offset the recognised amounts and there is an intention either to settle on a net basis or to realise the assets and settle the liabilities simultaneously.

**3.11 Financial guarantee contracts**

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.
Financial guarantee contract are measured initially at the fair value and in accordance with Ind AS 109 unless on a case to case basis Mindspace REIT elects to account for financial guarantee as Insurance Contracts as specified under Ind AS 104.

**3.12 Revenue Recognition**

Revenue is measured at the fair value of the consideration received or receivable. This inter alia involves discounting of the consideration due to the present value if payment extends beyond normal credit terms.

Revenue is recognised when recovery of the consideration is probable and the amount of revenue can be measured reliably.

MINDSPACE BUSINESS PARKS REIT

Deloitte Haskins & Sells LLP

**Recognition of dividend income, interest income**

Dividend income is recognised in profit or loss on the date on which Mindspace REIT's right to receive payment is established.

Interest income is recognised using the effective interest method. The 'effective interest rate' is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument to the gross carrying amount of the financial asset.

In calculating interest income, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired). However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

**3.13 Borrowing costs**

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which they are incurred.

Interest expense is recognised using the effective interest method. The 'effective interest rate' is the rate that exactly discounts estimated future cash payments through the expected life of the financial instrument to the amortised cost of the financial liability. In calculating interest expense, the effective interest rate is applied to the amortised cost of the liability.

**3.14 Cash and cash equivalents**

Cash and cash equivalents comprises of cash at bank and on hand, demand deposits, other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

**3.15 Cash distribution to unit holders**

Mindspace REIT recognises a liability to make cash distributions to Unitholders when the distribution is authorised and a legal obligation has been created. As per the REIT Regulations, a distribution is authorised when it is approved by the Governing Board of the Manager. A corresponding amount is recognised directly in equity.

**3.16 Condensed Standalone Statement of Cash flows**

Cash flow is reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of Mindspace REIT are segregated.

For the purpose of the Statement of Cash Flow, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Mindspace REIT's cash management.

**3.17 Subsequent events**

The Condensed Standalone Financial Statements are adjusted to reflect events that occur after the reporting date but before the Financial Statements are issued. The Financial Statements have their own date of authorisation. Therefore, when preparing the Financial Statements, management considers events up to the date of authorisation of these financial statements.

**3.18 Earnings per unit**

The basic earnings per unit is computed by dividing the net profit/ (loss) attributable to the unit holders of the REIT by the weighted average number of units outstanding during the reporting period. The number of units used in computing diluted earnings/ (loss) per unit comprises the weighted average units considered for deriving basic earnings/ (loss) per unit and also the weighted average number of units which could have been issued on the conversion of all dilutive potential units.

Dilutive potential units are deemed converted as of the beginning of the reporting date, unless they have been issued at a later date. In computing diluted earnings per unit, only potential equity units that are dilutive and which either reduces earnings per share or increase loss per units are included.

**3.19 Earnings before finance costs and tax**

Mindspace REIT has elected to present earnings before finance cost and tax as a separate line item on the face of the Condensed Standalone Statement of Profit and Loss. Mindspace REIT measures earnings before finance cost and tax on the basis of profit/ (loss) from continuing operations. In its measurement, Mindspace REIT does not include finance costs and tax expense.

**3.20 Errors and estimates**

Mindspace REIT revises its accounting policies if the change is required due to a change in Ind AS or if the change will provide more relevant and reliable information to the users of the Financial Statement. Changes in accounting policies are applied retrospectively.

A change in an accounting estimate that results in changes in the carrying amounts of recognised assets or liabilities or to profit or loss is applied prospectively in the period(s) of change.

Discovery of errors results in revisions retrospectively by restating the comparative amounts of assets, liabilities and equity of the earliest prior period in which the error is discovered. The opening balances of the earliest period presented are also restated.

**3.21 Distributions**

The Net Distributable Cash Flows of Mindspace REIT are based on the cash flows generated from Mindspace REIT's assets and investments.

In terms of the Distribution Policy and the REIT Regulations, not less than 90% of the NDCF of each of the Asset SPVs is required to be distributed to Mindspace REIT, in proportion of their shareholding in the Asset SPV, subject to applicable provisions of the Companies Act. Presently, NDCF to be received by Mindspace REIT from the Asset SPVs may be in the form of dividends, interest income, principal loan repayment, proceeds of any capital reduction or buyback from the Asset SPVs, sale proceeds out of disposal of investments if any or assets directly held by Mindspace REIT or as specifically permitted under the Trust Deed or in such other form as may be permissible under the applicable law.

The Manager is required to and shall declare and distribute at least 90% of the NDCF of Mindspace REIT as distributions ("REIT Distributions") to the Unitholders. Such REIT Distributions shall be declared and made for every quarter of a Financial Year.

**3.22 New and amended standards**

(a) The Ministry of Corporate Affairs has notified Companies (Indian Accounting Standard) Amendment Rules 2022 dated March 23, 2022 to amend the following Ind AS which are effective from April 01, 2022. Reference to the Conceptual Framework – Amendments to Ind AS 103

- The amendments replaced the reference to the ICAI's "Framework for the Preparation and Presentation of Financial Statements under Indian Accounting Standards" with the reference to the "Conceptual Framework for Financial Reporting under Indian Accounting Standard" without significantly changing its requirements. The amendments also added an exception to the recognition principle of Ind AS 103 Business Combinations to avoid the issue of potential 'day 2' gains or losses arising for liabilities and contingent liabilities that would be within the scope of Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets or Appendix C, Levies, of Ind AS 37, if incurred separately. It has also been clarified that the existing guidance in Ind AS 103 for contingent assets would not be affected by replacing the reference to the Framework for the Preparation and Presentation of Financial Statements under Indian Accounting Standards.

- Property, Plant and Equipment: Proceeds before Intended Use – Amendments to Ind AS 16

The amendments modified paragraph 17(e) of Ind AS 16 to clarify that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment

'- Onerous Contracts – Costs of Fulfilling a Contract – Amendments to Ind AS 37

The amendments to Ind AS 37 specify which costs an entity needs to include when assessing whether a contract is onerous or loss-making. The amendments apply a "directly related cost approach". The costs that relate directly to a contract to provide goods or services include both incremental costs for example direct labour and materials and an allocation of other costs directly related to contract activities for example an allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling that contract. General and administrative costs do not relate directly to a contract and are excluded unless they are explicitly chargeable to the counterparty under the contract.

There were certain amendments to standards and interpretations which are applicable for the first time for the year ended 31 March 2023, but either the same are not relevant or do not have an impact on the standalone financial statements of the REIT.

(b) On March 31, 2023, Ministry of Corporate Affairs ("MCA") amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

Ind AS 1 – Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. Mindspace REIT does not expect this amendment to have any significant impact in its financial statements.

Ind AS 12 – Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. Mindspace REIT does not expect this amendment to have any significant impact in its financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. Mindspace REIT does not expect this amendment to have any significant impact in its financial statements.

Mindspace REIT has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

(a) **Terms/rights attached to units and other disclosures**

Mindspace REIT has only one class of Units. Each Unit represents an undivided beneficial interest in Mindspace REIT. Each holder of Units is entitled to one vote per unit. The Unitholders have the right to receive at least 90% of the Net Distributable Cash Flows of the Trust at least once in every six months in each financial year in accordance with the REIT Regulations. The Board of Directors of the Manager approves distributions. The distribution will be in proportion to the number of Units held by the Unitholders. Mindspace REIT declares and pays distributions in Indian Rupees.

Under the provisions of the REIT Regulations, Mindspace REIT is required to distribute to Unitholders not less than 90% of the net distributable cash flows of Mindspace REIT for each financial year. Accordingly, a portion of the Unit Capital contains a contractual obligation of the Mindspace REIT to pay to its Unitholders cash distributions. Hence, the Unit Capital is a compound financial instrument which contains equity and liability components in accordance with Ind AS 32 - Financial Instruments: Presentation. However, in accordance with SEBI Circulars (No. CIR/IMD/DF/146/2016 dated 29 December 2016 and No. CIR/IMD/DF/141/2016 dated 26 December 2016) issued under the REIT Regulations, the Unitholders' funds have been presented as "Equity" in order to comply with the requirements of Section H of Annexure A to the SEBI Circular dated 26 December 2016 dealing with the minimum presentation and disclosure requirements for key financial statements. Consistent with Unit Capital being classified as equity, the distributions to Unitholders is also presented in Statement of Changes in Unitholders' Equity when the distributions are approved by the Governing Board of the Investment Manager.

## 27 Earnings Per Unit (EPU)

Basic EPU amounts are calculated by dividing the profit for the period attributable to unit holders by the weighted average number of units outstanding during the period. Diluted EPU amounts are calculated by dividing the profit attributable to unit holders by the weighted average number of units outstanding during the period plus the weighted average number of units that would be issued on conversion of all the dilutive potential units into unit capital.

The following reflects the profit and unit data used in the basic and diluted EPU computation

The management considers that the carrying amounts of above financial assets and financial liabilities approximate to their fair values.

**(b) Measurement of fair values**

The section explains the judgement and estimates made in determining the fair values of the financial instruments that are:

a) recognised and measured at fair value

b) measured at amortised cost and for which fair values are disclosed in the Condensed Standalone financial statements.

To provide an indication about the reliability of the inputs used in determining fair value, Mindspace REIT has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level is mentioned below:

**Fair value hierarchy**

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

**(c) Financial instruments**

Quantitative disclosures fair value measurement hierarchy for assets as at 31 March 2023:

| Particulars | Total | Level 1 | Level 2 | Level 3 |
|---|---|---|---|---|
| **Financial assets & liabilities measured at fair value** | - | - | - | - |

Quantitative disclosures fair value measurement hierarchy for assets as at 31 March 2022:

| Particulars | Total | Level 1 | Level 2 | Level 3 |
|---|---|---|---|---|
| Financial assets & liabilities measured at fair value | - | - | - | - |

**(d) Transfers between Level 1, Level 2 and Level 3**

There were no transfers between Level 1, Level 2 or Level 3 during the year ended 31 March 2023 and 31 March 2022.

**(e) Determination of fair values**

Fair values of financial assets and liabilities have been determined for measurement and/or disclosure purposes based on the following methods. When applicable, further information about the assumptions made in determining fair values is disclosed in the notes specific to that asset or liability.

i) The fair value of mutual funds are based on price quotations at reporting date.

ii) The fair values of other current financial assets and financial liabilities are considered to be equivalent to their carrying values.

iii) The fair values of borrowings at fixed rates are considered to be equivalent to present value of the future contracted cashflows discounted at the current market rate.

**Notes**

**1) Measurement of fair values:**

The fair values of Investments in SPV are computed basis the fair value of Investment property, Property, plant and equipment, Investment property under construction and Capital work-in-progress which are solely based on an independent valuation performed by an external property valuer ("independent valuer"), having appropriately recognised professional qualification and recent experience in the location and category of the properties being valued.

Other assets include cash and cash equivalents and other working capital balances which are not factored in the discounted cashflow method used in determining the fair value of investment property, investment property under development, property, plant and equipment, capital work-in-progress and intangibles.

**Valuation Technique**

The fair value measurement for all of the Investment property, Property, plant and equipment, Investment property under construction and Capital work-in-progress has been categorized as a Level 3 fair value based on the inputs to the valuation technique used. The valuer has followed a Discounted Cash Flow method, except for valuation of land for future development where the valuer has adopted Market Approach or Government benchmark price/guideline value as may be applicable. The Discounted Cash Flow valuation model considers the present value of net cash flows to be generated from the respective properties, taking into account the expected rental growth rate, vacancy period, occupancy rate, and lease incentive costs. The expected net cash flows are discounted using the risk adjusted discount rates. Among other factors, the discount rate estimation considers the quality of a building and its location (prime vs secondary), tenant credit quality, lease terms and investor return expectations from such properties.

**2) Break up of Net asset value as at 30 September 2023**

| Particulars | As at 30 September 2023 (Unaudited) | As at 31 March 2023 (Audited) |
|---|---|---|
| Fair Value of Investments in SPVs | **201,809** | 203,208 |
| Add: Other assets* | **45,652** | 35,421 |
| Less: Liabilities | **(32,614)** | (22,483) |
| Net Assets | **214,847** | **216,146** |

*Other assets includes cash and cash equivalents and other working capital balances which are not factored in the discounted cashflow method used in determining the fair value of investment property, investment property under development, property, plant and equipment, capital work-in-progress and intangibles.

**3)** The Trust holds investment in SPVs which in turn hold the properties. Hence, the breakup of property wise fair values has been disclosed in the Condensed Consolidated Interim financial statements.

## 2 Basis of Preparation

The Condensed Standalone Interim Financial Statements of Mindspace Business Parks REIT comprises the Condensed Standalone Interim Balance Sheet as at September 30, 2023, the Condensed Standalone Interim Statement of Profit and Loss, including other comprehensive income, the Condensed Standalone Interim Statement of Cash Flow for the quarter and half year ended September 30, 2023, the Condensed Standalone Statement of Changes in Unitholders Equity for the half year ended September 30, 2023, the Statement of Net Assets at Fair Value as at September 30 2023, the Statement of Total Returns at Fair Value for the half year ended September 30 2023, and the Condensed Standalone Interim Statement of Net Distributable Cashflows of Mindspace Business Parks REIT for the quarter and half year ended September 30 2023, and a summary of the material accounting policies and select explanatory information and other additional financial disclosures.

The condensed standalone interim financial statements have been prepared in accordance with the requirements of Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014 as amended from time to time including guidelines and circulars issued thereunder read with SEBI Circular No. SEBI/HO/DDHS-PoD-2/P/CIR/2023/116 dated 6 July 2023 ("the REIT regulations"); Regulation 52 and Regulation 54 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015, as amended from time to time ("Listing Regulations"); Indian Accounting Standard (Ind AS) 34 "Interim Financial Reporting", as prescribed in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 (as amended) and other accounting principles generally accepted in India, to the extent not inconsistent with the REIT regulations. (refer note 14 on presentation of "Unit Capital" as "Equity" instead of compound instruments under Ind AS 32 – Financial Instruments: Presentation).
Accordingly, these condensed standalone interim financial statements do not include all the information required for a complete set of financial statements. These condensed standalone interim financial statements should be read in conjunction with the standalone financial statements of the Trust for the year ended 31 March 2023.
Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

These condensed standalone interim financial statements were authorised for issue in accordance with the resolution passed by the Board of Directors of the Manager on October 30, 2023.

**Statement of compliance to Ind-AS**

These Condensed Standalone financial statements for the quarter and half year ended 30 September 2023 have been prepared in accordance with Indian Accounting Standard (Ind AS) 34 "Interim Financial Reporting",as prescribed in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 (as amended) to the extent not inconsistent with the REIT regulations as more fully described above and Note 13 to the condensed standalone financial statements.

## 3 Material accounting policies

**a) Functional and Presentation Currency**

The Condensed Standalone Financial Statements are presented in Indian Rupees, which is also Mindspace REIT functional currency in which Mindspace REIT operates. All financial information presented in Indian Rupees has been rounded off to the nearest million except otherwise stated.

**b) Basis of measurement**

These Condensed Standalone Financial Statements are prepared on the historical cost basis, except for certain financial assets and liabilities (refer accounting policy regarding financial instrument) measured at fair values.

**c) Use of judgments and estimates**

The preparation of the Condensed Standalone Financial Statements in conformity with generally accepted accounting principles in India (Ind AS) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses. Actual results could differ from those estimates.
Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.
Information about critical judgements in applying accounting policies that have the most material effect on the amounts recognised in the Condensed Standalone Financial Statements is included in the following notes:
(i) Presentation of "Unit Capital" as "Equity" in accordance with the SEBI REIT Regulations instead of compound instrument (Note no 13)
(ii) Impairment and Fair valuation of Investments in SPVs and impairment of loans to SPVs.
(iii) recognition and measurement of provisions for contingencies and disclosure of contingent liabilities (Note 30 (a))

DELOITTE HASKINS & SELLS LLP MUMBAI

MINDSPACE BUSINESS PARKS REIT MUMBAI

d) **Current versus non-current classification**

Mindspace REIT presents assets and liabilities in the Balance Sheet based on current/ non-current classification:
An asset is treated as current when it is:
- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting date; or
- Cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

All other assets are classified as non-current.
A liability is current when:
- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting date; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

Mindspace REIT classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.
The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. Mindspace REIT has identified twelve months as its operating cycle.

e) **Measurement of fair values**

Mindspace REIT accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. Mindspace REIT has an established control framework with respect to the measurement of fair values.

Mindspace REIT regularly reviews significant unobservable inputs and valuation adjustments. If third party information is used to measure fair values then the finance team assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of an asset or a liability, Mindspace REIT uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

• Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that entity can access on measurement date.

• Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

• Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

DELOITTE HASKINS & SELLS LLP MUMBAI

MINDSPACE BUSINESS PARKS REIT MUMBAI

**3.1 Impairment of assets**

Mindspace REIT assesses at each reporting date, whether there is any indication that an asset may be impaired. If any such indication exists, the trust estimates the recoverable amount of the asset. The recoverable amount of the assets (or where applicable that of the cash generating unit to which the asset belongs) is estimated as the higher of its net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of the assets and from its disposal at the end of its useful life. An impairment loss is recognised whenever the carrying amount of an asset or the cash-generating unit to which it belongs, exceeds its recoverable amount. Impairment loss is recognised in the Condensed Standalone Statement of Profit and Loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the Condensed Standalone Statement of Profit and Loss.

**3.2 Asset Acquisition**

If the acquisition of an asset or a group of assets does not constitute a business, Mindspace REIT identifies and recognises the individual identifiable assets acquired (including those assets that meet the definition of, and recognition criteria for, intangible assets in Ind AS 38, Intangible Assets) and liabilities assumed. The cost of the group is allocated to the individual identifiable assets and liabilities on the basis of their relative fair values at the date of purchase and no goodwill is recognised.

**3.3 Foreign currency transactions**

Transactions denominated in foreign currency are recorded at the exchange rate prevailing on the date of transactions. Exchange differences arising on foreign exchange transactions settled during the period/ year are recognised in the Statement of Profit and Loss of the period/ year.

Monetary assets and liabilities denominated in foreign currency, which are outstanding as at the end of the period and not covered by forward contracts, are translated at the end of the period at the closing exchange rate and the resultant exchange differences are recognised in the Condensed Standalone Statement of Profit and Loss. Non-monetary foreign currency items are carried at cost.

**3.4 Compound financial instruments**

The component parts of compound financial instruments issued by Mindspace REIT are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Trust's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recorded as a liability on an amortised cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date.

The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured.

Transaction costs that relate to the issue of the convertible instruments are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognised directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortised over the lives of the convertible instrument using the effective interest method.

DELOITTE HASKINS & SELLS LLP MUMBAI

MINDSPACE BUSINESS PARKS REIT MUMBAI

**3.5 Embedded derivatives**

A derivative embedded in a hybrid contract, with a financial liability or non-financial host, is separated from the host and accounted for as a separate derivative if: the economic characteristics and risks are not closely related to the host; a separate instrument with the same terms as the embedded derivative would meet the definition of a derivative; and the hybrid contract is not measured at fair value through profit or loss. Embedded derivatives are measured at fair value with changes in fair value recognised in profit or loss. Reassessment only occurs if there is either a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required or a reclassification of a financial asset out of the fair value through profit or loss category.

**3.6 Tax expense**

Income tax expense comprises current tax and deferred tax charge or credit. It is recognised in the Condensed Standalone Statement of Profit and Loss except to the extent that it relates to an item recognised directly in equity or in other comprehensive income in which case, the current and deferred tax are also recognised in equity and other comprehensive income respectively.

**a) Current tax**

Current tax comprises the expected tax payable or receivable on the taxable income for the period and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by end of reporting period.

**b) Deferred tax**

Deferred tax asset/ liability is recognized on temporary differences between the carrying amounts of assets and liabilities in the Condensed Standalone Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax assets and liabilities are measured that are expected to apply to the period when the asset is realised or the liability is settled, using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which Mindspace REIT expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets are reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax assets and liabilities, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

**3.7 Provisions, contingent liabilities and contingent assets**

Provisions are recognised when Mindspace REIT has a present legal or constructive obligation as a result of a past event, it is probable that the Trust will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration net of recoveries if any, required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

Contingent liabilities are disclosed when there is a possible obligation or a present obligation that may, but will probably not, require an outflow of resources. When there is a possible obligation of a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

A contingent asset is disclosed when there would be a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of Mindspace REIT.

Provisions, Contingent Liabilities and Contingent Assets are reviewed at each reporting date and adjusted to reflect the current best estimates.

**3.8 Investment in SPVs**

The Company has elected to recognize its investments in SPVs at cost in accordance with the option available in Ind AS 27, 'Separate Financial Statements'. The details of such investments are given in Note 4.

Assets representing investments in SPVs are reviewed for impairment,whenever events or changes in circumstances indicate that carrying amount may not be recoverable. Such circumstances include, though are not limited to, significant or sustained decline in revenues or earnings and material adverse changes in the economic environment.

**3.9 Financial instruments**

**1 Initial recognition and measurement**

Financial assets and/or financial liabilities are recognised when Mindspace REIT becomes party to a contract embodying the related financial instruments. All financial assets, financial liabilities are initially measured at fair value. Transaction costs that are attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from as the case may be, the fair value of such assets or liabilities, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Condensed Standalone Statement of Profit and Loss.

**2 Financial assets:**

**a) Classification of financial assets:**

(i) Mindspace REIT classifies its financial assets in the following measurement categories:
- those to be measured subsequently at fair value (either through other comprehensive income, or through the Statement of Profit and Loss), and
- those measured at amortised cost.

(ii) The classification is done depending upon Mindspace REIT business model for managing the financial assets and the contractual terms of the cash flows.

(iii) For investments in debt instruments, this will depend on the business model in which the investment is held.

(iv) Mindspace REIT reclassifies debt investments when and only when its business model for managing those assets changes.

**b) Subsequent Measurement**

**(i) Investment in Debt instruments:**

Subsequent measurement of debt instruments depends on Mindspace REIT business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Trust classifies its debt instruments:

**Financial assets at amortised cost**

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**Financial assets at fair value through other comprehensive income (FVTOCI)**

Financial assets are subsequently measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows that give rise on specified dates to solely payments of principal and interest on the principal amount outstanding and by selling financial assets.

**Financial assets at fair value through the Statement of Profit and Loss (FVTPL)**

Financial assets are subsequently measured at fair value through the Statement of Profit and Loss unless it is measured at amortised cost or fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in the Statement of Profit and Loss.

**c) Impairment of financial assets:**

The Mindspace REIT applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset. For trade receivables, the Mindspace Group measures the loss allowance at an amount equal to lifetime expected credit losses. Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Mindspace Group has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

**d) Derecognition of financial assets:**

A financial asset is primarily derecognised when:

(i) the right to receive cash flows from the asset has expired, or

(ii) Mindspace REIT has transferred its rights to receive cash flows from the asset; and
Mindspace REIT has transferred substantially all the risks and rewards of the asset, or
Mindspace REIT has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of
On derecognition of a financial asset in its entirety (other than investments in equity instruments at FVOCI), the differences between the carrying amounts measured at the date of derecognition and the consideration received is recognised in Statement of Profit and Loss. Any interest in transferred financial assets that is created or retained by Mindspace REIT is recognised as a separate asset or liability.

DELOITTE HASKINS & SELLS LLP MUMBAI

MINDSPACE BUSINESS PARKS REIT MUMBAI

**3.10 Financial liabilities and equity instruments**

(a) **Classification as debt or equity**

Financial liabilities and equity instruments issued by Mindspace REIT are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

**Financial Liabilities**

**Recognition, measurement and classification**

Financial liabilities are classified as either held at a) fair value through the Statement of Profit and Loss, or b) at amortised cost. Management

determines the classification of its financial liabilities at the time of initial recognition or, where applicable, at the time of reclassification.

Mindspace REIT financial liabilities include trade and other payables, loans and borrowings and derivative financial instruments. Subsequent measurement of financial liabilities depends on their classification as fair value through the Statement of Profit and Loss or at amortised cost. All changes in fair value of financial liabilities classified as FVTPL are recognised in the Statement of Profit and Loss. Amortised cost category is applicable to loans and borrowings, trade and other payables. After initial recognition the financial liabilities are measured at amortised cost using the Effective Interest Rate method.

**Derecognition**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. Gains and losses are recognised in the Statement of Profit and Loss when the liabilities are derecognised.

**Offsetting of financial instruments**

Financial assets and financial liabilities are offset and presented on net basis in the Balance Sheet when there is a currently enforceable legal right to offset the recognised amounts and there is an intention either to settle on a net basis or to realise the assets and settle the liabilities simultaneously.

**3.11 Financial guarantee contracts**

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contract are measured initially at the fair value and in accordance with Ind AS 109 unless on a case to case basis Mindspace REIT elects to account for financial guarantee as Insurance Contracts as specified under Ind AS 104.

**3.12 Revenue Recognition**

Revenue is measured at the fair value of the consideration received or receivable. This inter alia involves discounting of the consideration due to the present value if payment extends beyond normal credit terms.

Revenue is recognised when recovery of the consideration is probable and the amount of revenue can be measured reliably.

**Recognition of dividend income, interest income**

Dividend income is recognised in profit or loss on the date on which Mindspace REIT's right to receive payment is established.

Interest income is recognised using the effective interest method. The 'effective interest rate' is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument to the gross carrying amount of the financial asset.

In calculating interest income, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired). However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

**3.13 Borrowing costs**

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which they are incurred.

Interest expense is recognised using the effective interest method. The 'effective interest rate' is the rate that exactly discounts estimated future cash payments through the expected life of the financial instrument to the amortised cost of the financial liability. In calculating interest expense, the effective interest rate is applied to the amortised cost of the liability.

**3.14 Cash and cash equivalents**

Cash and cash equivalents comprises of cash at bank and on hand, demand deposits, other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

**3.15 Cash distribution to unit holders**

Mindspace REIT recognises a liability to make cash distributions to Unitholders when the distribution is authorised and a legal obligation has been created. As per the REIT Regulations, a distribution is authorised when it is approved by the Board of Directors of the Manager. A corresponding amount is recognised directly in equity.

**3.16 Condensed Standalone Statement of Cash flows**

Cash flow is reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of Mindspace REIT are segregated.

For the purpose of the Statement of Cash Flow, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Mindspace REIT's cash management.

**3.17 Subsequent events**

The Condensed Standalone Financial Statements are adjusted to reflect events that occur after the reporting date but before the Financial Statements are issued. The Financial Statements have their own date of authorisation. Therefore, when preparing the Financial Statements, management considers events up to the date of authorisation of these financial statements.

**3.18 Earnings per unit**

The basic earnings per unit is computed by dividing the net profit/ (loss) attributable to the unit holders of the REIT by the weighted average number of units outstanding during the reporting period. The number of units used in computing diluted earnings/ (loss) per unit comprises the weighted average units considered for deriving basic earnings/ (loss) per unit and also the weighted average number of units which could have been issued on the conversion of all dilutive potential units.

Dilutive potential units are deemed converted as of the beginning of the reporting date, unless they have been issued at a later date. In computing diluted earnings per unit, only potential equity units that are dilutive and which either reduces earnings per share or increase loss per units are included.

**3.19 Earnings before finance costs and tax**

Mindspace REIT has elected to present earnings before finance cost and tax as a separate line item on the face of the Condensed Standalone Statement of Profit and Loss. Mindspace REIT measures earnings before finance cost and tax on the basis of profit/ (loss) from continuing operations. In its measurement, Mindspace REIT does not include finance costs and tax expense.

**3.20 Errors and estimates**

Mindspace REIT revises its accounting policies if the change is required due to a change in Ind AS or if the change will provide more relevant and reliable information to the users of the Financial Statement. Changes in accounting policies are applied retrospectively.

A change in an accounting estimate that results in changes in the carrying amounts of recognised assets or liabilities or to profit or loss is applied prospectively in the period(s) of change.

Discovery of errors results in revisions retrospectively by restating the comparative amounts of assets, liabilities and equity of the earliest prior period in which the error is discovered. The opening balances of the earliest period presented are also restated.

**3.21 Distributions**

The Net Distributable Cash Flows of Mindspace REIT are based on the cash flows generated from Mindspace REIT's assets and investments.

In terms of the Distribution Policy and the REIT Regulations, not less than 90% of the NDCF of each of the Asset SPVs is required to be distributed to Mindspace REIT, in proportion of their shareholding in the Asset SPV, subject to applicable provisions of the Companies Act. Presently, NDCF to be received by Mindspace REIT from the Asset SPVs may be in the form of dividends, interest income, principal loan repayment, proceeds of any capital reduction or buyback from the Asset SPVs, sale proceeds out of disposal of investments if any or assets directly held by Mindspace REIT or as specifically permitted under the Trust Deed or in such other form as may be permissible under the applicable law.

The Manager is required to and shall declare and distribute at least 90% of the NDCF of Mindspace REIT as distributions ("REIT Distributions") to the Unitholders. Such REIT Distributions shall be declared and made for every quarter of a Financial Year.

**3.22 Amended standards**

(a) The Ministry of Corporate Affairs has notified Companies (Indian Accounting Standard) Amendment Rules 2023 dated March 31, 2023 to amend the following Ind AS which are effective from April 01, 2023:

Ind AS 1 – Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. This amendment does not have any significant impact in the financial statements.

Ind AS 12 – Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. This amendment does not have any significant impact in the financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. This amendment does not have any significant impact in the financial statements.

There were certain amendments to standards and interpretations which are applicable for the first time for the period ended 30 September 2023, but either the same are not relevant or do not have an impact on the condensed standalone financial statements.

(a) **Terms/rights attached to units and other disclosures**

Mindspace REIT has only one class of Units. Each Unit represents an undivided beneficial interest in Mindspace REIT. Each holder of Units is entitled to one vote per unit. The Unitholders have the right to receive at least 90% of the Net Distributable Cash Flows of the Trust at least once in every six months in each financial year in accordance with the REIT Regulations. The Board of Directors of the Manager approves distributions. The distribution will be in proportion to the number of Units held by the Unit holders. Mindspace REIT declares and pays distributions in Indian Rupees.

Under the provisions of the REIT Regulations, Mindspace REIT is required to distribute to Unitholders not less than 90% of the net distributable cash flows of Mindspace REIT for each financial year. Accordingly, a portion of the Unit Capital contains a contractual obligation of the Mindspace REIT to pay to its Unitholders cash distributions. Hence, the Unit Capital is a compound financial instrument which contains equity and liability components in accordance with Ind AS 32 - Financial Instruments: Presentation. However, in accordance with SEBI Circular (No. SEBI/HO/DDHS-PoD-2/P/CIR/2023/116 dated 6 July 2023) issued under the REIT Regulations, the Unitholders' funds have been presented as "Equity" in order to comply with the requirements of Section H of Chapter 3 to the SEBI Master Circular dated 06 July 2023 dealing with the minimum presentation and disclosure requirements for key financial statements. Consistent with Unit Capital being classified as equity, the distributions to Unitholders is also presented in Statement of Changes in Unitholders' Equity when the distributions are approved by the Board of Directors of the Investment Manager.

| **Total** | **25,375** | **19,892** |

**Note 1** In March 2021, Mindspace REIT issued 3,750 10 year G-Sec linked secured, listed, senior, taxable, non-cumulative, rated, principal protected – market linked, redeemable, non-convertible debentures ("Market Linked Debentures / MLD Series 2") having face value of Rs. 10,00,000 (Rupees ten lakhs only) each, amounting to Rs. 3,750,000,000 (Indian Rupees three thousand seven hundred fifty millions only). The tenure of the said MLD Series 2 is 38 months from 18 March 2021, being date of allotment of the MLD Series 2 and coupon, if any shall be payable on the Scheduled Redemption Date i.e. on maturity on 17 May 2024. The coupon payoff structure is linked to condition where the payoff will be fixed on the final fixing date i.e. 16 April 2024. If identified 10 year G-Sec's last traded price as on final fixing date is greater than 25% of its last traded price as on initial fixing date i.e. 18 March 2021, the coupon rate will be 6.65% p.a. If identified 10 year G-Sec's last traded price as on final fixing date is less than or equal to 25% of its last traded price as on initial fixing date, the coupon rate will be zero percent. As per the valuers report in respect of valuation of these MLD Series 2, the probability of occurrence of such an event (last traded price of identified 10 year G-Sec on final fixing date being less than or equal to 25% of its last traded price on initial fixing date) is remote and hence the value of the option considered as zero.

| Trade Payables | 10 | 17 |
| **Total liabilities** | 32,607 | 22,474 |

The management considers that the carrying amounts of above financial assets and financial liabilities approximate their fair values.

**(b) Measurement of fair values**

The section explains the judgement and estimates made in determining the fair values of the financial instruments that are:
a) recognised and measured at fair value
b) measured at amortised cost and for which fair values are disclosed in the Condensed Standalone financial statements.

To provide an indication about the reliability of the inputs used in determining fair value, Mindspace REIT has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level is mentioned below:

Fair value hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

**(c) Financial instruments**

Quantitative disclosures fair value measurement hierarchy for assets as at 30 September 2023:

| Particulars | Total | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|---|
| Financial assets & liabilities measured at fair value | - | - | - | - | - |

Quantitative disclosures fair value measurement hierarchy for assets as at 31 March 2023:

| Particulars | Total | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|---|
| Financial assets & liabilities measured at fair value | - | - | - | - | - |

**(d) Transfers between Level 1, Level 2 and Level 3**

There were no transfers between Level 1, Level 2 or Level 3 during the period ended 30 September 2023 and 31 March 2023.

DELOITTE HASKINS & SELLS LLP MUMBAI

MINDSPACE BUSINESS PARKS REIT MUMBAI

**(e) Determination of fair values**

Fair values of financial assets and liabilities have been determined for measurement and/or disclosure purposes based on the following methods. When applicable, further information about the assumptions made in determining fair values is disclosed in the notes specific to that asset or liability.

i) The fair value of mutual funds are based on price quotations at reporting date.
ii) The fair values of other current financial assets and financial liabilities are considered to be equivalent to their carrying values.
iii) The fair values of borrowings at fixed rates are considered to be equivalent to present value of the future contracted cashflows discounted at the current market rate.

**Refer Note-5 below

**Measurement of fair values:**

The fair values of Investment property, Property, plant and equipment, Investment property under construction and Capital work-in-progress are solely based on an independent valuation performed by an external property valuer ("independent valuer"), having appropriately recognised professional qualification and recent experience in the location and category of the properties being valued.
Other assets include cash and cash equivalents, other bank balances and other working capital balances which are not factored in the discounted cashflow method used in determining the fair value of investment property, investment property under development, property, plant and equipment, capital work-in-progress and intangibles.

*Valuation technique*

The fair value measurement for all of the Investment property, Property, plant and equipment, Investment property under construction and Capital work-in-progress has been categorized as a Level 3 fair value based on the inputs to the valuation technique used. The valuer has followed a Discounted Cash Flow method, except for valuation of land for future development where the valuer has adopted Market Approach or Government Benchmark Price / Guideline Value as may be applicable. The Discounted Cash Flow valuation model considers the present value of net cash flows to be generated from the respective properties, taking into account the expected rental growth rate, vacancy period, occupancy rate, and lease incentive costs. The expected net cash flows are discounted using the risk adjusted discount rates. Among other factors, the discount rate estimation considers the quality of a building and its location (prime vs secondary), tenant credit quality, lease terms and investor return expectations from such properties.

Note 1: For the purpose of eliminations, repayment of Inter SPV loans and repayment of loans to REIT (further lent to Asset SPVs) is considered.

Note 2: Borrowing from and repayment to REIT, if any within the same quarter has been adjusted under "Other Adjustments".

Note 3: As per Chapter V, clause 16(a) of Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014 as amended from time to time, the entity is required to distribute not less than 90% of net distributable cash flows of the entity to Mindspace REIT in proportion of its holding in the SPV subject to applicable provisions in the Companies Act, 2013. As per distribution policy adopted by the board of directors of Mindspace REIT's Manager (K Raheja Corp Investment Managers Private Limited), any proceeds to shareholders other than Mindspace REIT is reduced to arrive at net distributable cash flows (NDCF).
The above note has been prepared as per the distribution policy adopted by the board of directors of Mindspace REIT's Manager, which is forming part of the Final offer document of Mindspace REIT and does not represent amount available for declaring dividend as per section 123 of the Companies Act, 2013 read with Declaration and Payment of Dividend Rules 2014.

Note 4: During the quarter ended September 30, 2023, in case of Horizonview, Intime, Sundew and Gigaplex a total amount of Rs 671 million, 60 million, 70 million, and 70 million respectively have been transferred from capital expenditure to other adjustments pursuant to lease commencement of fit-outs

Note 5: Interest on borrowings from Mindspace REIT includes the interest paid to Mindspace REIT and the interest accrued but not paid is considered in the item no.9 (Add/Less: Other adjustments, including but not limited to net changes in security deposits, working capital, etc., as may be deemed necessary by the Manager).

Note 6: In case of Horizonview, Refer Note 5(b) for asset acquisition.

DELOITTE HASKINS & SELLS LLP MUMBAI

MINDSPACE BUSINESS PARKS REIT MUMBAI

Note 1: For the purpose of eliminations, repayment of Inter SPV loans and repayment of loans to REIT (further lent to Asset SPVs) is considered.

Note 2: Borrowing from and repayment to REIT, if any within the same quarter has been adjusted under "Other Adjustments".

Note 3: As per Chapter V, clause 16(a) of Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014 as amended from time to time, the entity is required to distribute not less than 90% of net distributable cash flows of the entity to Mindspace REIT in proportion of its holding in the SPV subject to applicable provisions in the Companies Act, 2013. As per distribution policy adopted by the governing board of Mindspace REIT's Manager (K Raheja Corp Investment Managers LLP), any proceeds to shareholders other than Mindspace REIT is reduced to arrive at net distributable cash flows (NDCF).
The above note has been prepared as per the distribution policy adopted by the governing board of Mindspace REIT's Manager, which is forming part of the Final offer document of Mindspace REIT and does not represent amount available for declaring dividend as per section 123 of the Companies Act, 2013 read with Declaration and Payment of Dividend Rules 2014.

Note 4: In case of Gigaplex, during the quarter ended 30 September 2022, a total amount of Rs 298 million has been transferred from capital expenditure to other adjustments pursuant to lease commencement of fit outs.

Note 5: In March 2022, Mindspace Business Parks Private Limited ("MBPPL"), one of the Asset SPVs of Mindspace Business Parks REIT concluded the sale of land admeasuring approximately 39.996 acres located at Pocharam, Hyderabad, to K. Raheja Corp Private Limited ("KRCPL") for a consideration of Rs. 1,200 Million as per the approval of the Board of Directors of MBPPL and the Governing Board of the Manager and other terms and conditions as set out in the Memorandum of Understanding dated December 16, 2019 read with the extension letter dated September 1, 2021 ("MoU") and sale deed dated 30th March 2022.

The above consideration is not envisaged for an immediate re-investment opportunity. In view of the same, it is proposed to pay out the sale consideration as per the terms of the REIT Regulations. Accordingly, NDCF for the quarter ended September 30, 2022, includes Rs. 450 millions on account of distribution of part of such sale proceeds by way of dividend to unitholders.

Note 6: Interest on borrowings from Mindspace REIT includes the interest paid to Mindspace REIT and the interest accrued but not paid is considered in the item no.9 (Add/Less: Other adjustments, including but not limited to net changes in security deposits, working capital, etc., as may be deemed necessary by the Manager).

Note 4: In March 2022, Mindspace Business Parks Private Limited ("MBPPL"), one of the Asset SPVs of Mindspace Business Parks REIT concluded the sale of land admeasuring approximately 39.996 acres located at Pocharam, Hyderabad, to K. Raheja Corp Private Limited ("KRCPL") for a consideration of Rs. 1,200 Million as per the approval of the Board of Directors of MBPPL and the Governing Board of the Manager and other terms and conditions as set out in the Memorandum of Understanding dated December 16, 2019 read with the extension letter dated September 1, 2021 ("MoU") and sale deed dated 30th March 2022.

The above consideration is not envisaged for an immediate re-investment opportunity. In view of the same, it is proposed to pay out the sale consideration as per the terms of the REIT Regulations. Accordingly, NDCF for the half year ended March 31, 2023, includes Rs. 450 millions on account of distribution of part of such sale proceeds by way of dividend to unitholders.

Note 5: In case of KRIT, amount includes written down value (in SPV) of the buildings bearing nos. 7 & 8 and plant and machinery and other items attached to the buildings amounting Rs 282 million on account of demolition of the said buildings.It has received concurrence from TSIIC on 13 March 2023 for redevelopment.

Note 6. NDCF is calculated on quarterly basis and amount presented for the half year end is mathematical summation of quarterly numbers

Note 7: In case of Gigaplex, adjusted for reimbursement for power infrastructure and any other modification to investment property as required and reimbursed by tenant.

Note 8: Interest on borrowings from Mindspace REIT includes the interest paid to Mindspace REIT and the interest accrued but not paid is considered in the item no.9 (Add/Less: Other adjustments, including but not limited to net changes in security deposits, working capital, etc., as may be deemed necessary by the Manager).

The Condensed Consolidated Interim Financial Statements have been prepared in accordance with the requirements of Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014 as amended from time to time including any guidelines and circulars issued thereunder read with SEBI Circular No. SEBI/HO/DDHS-PoD-2/P/CIR/2023/116 dated 6 July 2023 ("the REIT regulations"); Regulation 52 and Regulation 54 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015 ("Listing Regulations"); Indian Accounting Standard (Ind AS) 34 "Interim Financial Reporting", as prescribed in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 (as amended) and other accounting principles generally accepted in India, to the extent not inconsistent with REIT regulations (refer note 19 on presentation of "Unit Capital" as "Equity" instead of compound instruments under Ind AS 32 – Financial Instruments: Presentation).
The Condensed Consolidated Interim Financial Statements were authorised for issue in accordance with the resolution passed by the Board of Directors of the Manager on October 30, 2023.

Statement of compliance to Ind AS:
These Condensed Consolidated Interim financial statements for the quarter and half year ended June 30, 2023 have been prepared in accordance with Indian Accounting Standard (Ind AS) 34 "Interim Financial Reporting",as prescribed in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 (as amended) to the extent not inconsistent with the REIT regulations as more fully described above and Note 19 to the condensed consolidated financial statements.
The accounting policies adopted and methods of computation followed are consistent with those of the previous financial year.

**Basis of Consolidation**

Mindspace Business Parks Group consolidates entities which it owns or controls. The Condensed Consolidated Interim Financial Statements comprise the financial statements of Mindspace Business parks REIT and its subsidiary SPVs as disclosed in note 1. Control exists when the parent has power over the entity, is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns. Subsidiaries are consolidated from the date control commences until the date control ceases.

The procedure for preparing Condensed Consolidated Interim Financial Statements of Mindspace Business Parks Group are stated below:
a) The financial statements of Mindspace Business Parks Group are consolidated for like items and intragroup balances and transactions for assets and liabilities, equity, income, expenses and cash flows between entities of Mindspace Business Parks Group are eliminated in full upon consolidation.

b) Telangana State Industrial Infrastructure Corporation Limited, which is a shareholder in Intime, KRIT and Sundew has not agreed to exchange their equity interest in the SPVs (Intime, KRIT and Sundew), thus, Mindspace Business Parks REIT has recorded a non-controlling interests for these SPVs. The interest of non-controlling shareholders may be initially measured either at fair value or at the non-controlling interest proportionate share of the fair value of the acquiree's identifiable net assets. The choice of measurement basis is made on an acquisition-by-acquisition basis. Subsequent to acquisition, the carrying amount of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity.

c) The figures in the notes to accounts and disclosures have been Consolidated line by line and Inter-company transactions and balances including unrealised profits are eliminated in full on consolidation.

d) Mindspace Business Parks Group holds 4% of the equity share capital of Stargaze Properties Private Limited, a company involved in the real estate development. Mindspace Business Parks Group is of the view that it is not able to exercise significant influence over Stargaze Properties Private Limited and hence it has not been accounted using equity method.

## 3 Material accounting policies

(a) Functional and presentation currency

The Condensed Consolidated Interim Financial Statements are presented in Indian rupees, which is Mindspace Business Parks Group's functional currency and the currency of the primary economic environment in which Mindspace Business Parks Group operates. All financial information presented in Indian rupees has been rounded off to nearest million except otherwise stated.

(b) Basis of measurement

The Condensed Consolidated Interim Financial Statements are on the historical cost basis, except for the following:

- Certain financial assets and liabilities (refer accounting policy regarding financial instrument): measured at fair values;
- Net defined benefit (asset)/ liability less present value of defined obligations: Fair value of plan assets less present value of defined benefit plan.

(c) Use of judgements and estimates

The preparation of the Condensed Consolidated Interim Financial Statements in conformity with generally accepted accounting principles in India (Ind AS) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses. Actual results could differ from those estimates.

Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Information about critical judgements in applying accounting policies that have the most material effect on the amounts recognised in the Condensed Consolidated Interim Financial Statements is included in the following notes:

* Presentation of "Unit Capital" as "Equity" in accordance with the REIT Regulations instead of compound instrument (Note 19)
* Estimation of lease term for revenue recognition
* Estimation of useful life of property, plant and equipment and investment property
* Estimation of recognition of deferred tax assets, availability of future taxable profit against which tax losses carried forward can be used and income taxes.
* Impairment and Fair valuation of Investment Property, Investment property under construction, Property, plant and equipment and Capital work-in-progress
* Recognition and measurement of provisions for contingencies and disclosure of contingent liabilities

d) Current versus non-current classification

Mindspace Business Parks Group presents assets and liabilities in the Condensed Consolidated Balance Sheet based on current/ non-current classification:

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

Mindspace Business Parks Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. Mindspace Business Parks Group has identified twelve months as its operating cycle.

(e) Measurement of fair values

Mindspace Business Parks Group's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

Mindspace Business Parks Group has an established control framework with respect to the measurement of fair values.

They regularly review significant unobservable inputs and valuation adjustments. If third party information is used to measure fair values then the finance team assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of an asset or a liability, Mindspace Business Parks Group uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

• Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that entity can access on measurement date.

• Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

• Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

## 3.1 Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts are measured initially at the fair value and in accordance with Ind AS 109 unless on a case to case basis elected to be accounted for financial guarantee as Insurance Contracts as specified under Ind AS 104.

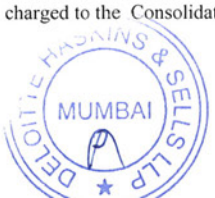
## 3.2 Property, plant and equipment

**(a) Recognition and measurement**

Property, plant and equipment are stated at cost less accumulated depreciation and impairment, if any. Depreciation is charged when the assets are ready for their intended use. Purchase price or construction cost is defined as any consideration paid or fair value of any other consideration given to acquire the asset.

**(b) Subsequent expenditure**

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to Mindspace Business Parks Group. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to Mindspace Business Parks Group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Consolidated Statement of Profit and Loss during the reporting period in which they are incurred.



**(c) Depreciation**

Depreciation / amortisation is provided using straight line method as per the useful life of the assets estimated by the management over the balance useful life. The estimated useful lives of the assets, which are higher than, lower than or equal to those prescribed under Schedule II of the Companies Act 2013, are listed in the table below. Depreciation on addition / deletion of property, plant and equipment made during the period is provided on pro-rata basis from / to the date of such addition / deletion.

The assets and estimated useful life are as under:

| Asset group | Estimated Useful Life (in years) | |
|---|---|---|
| | Power assets | Other assets |
| Right to use - Leasehold land | Balance Lease term | - |
| Buildings* | 75/90 | - |
| Plant and machinery | 15 | 15 |
| Electrical installation* | 15 | 15 |
| Computers | 3 | 3 |
| Temporary Structure* | - | 1 |
| Office equipment* | 4 | 4 |
| Furniture and fixtures* | - | 7 |
| Vehicles* | - | 5 |

* For these class of assets, based on technical assessment the management believes the useful life of the assets is appropriate which is different than those prescribed under Part C of Schedule II of the Companies Act, 2013.

(1) Based on internal assessment the management believes the residual value of all assets except Leasehold Land is estimated to be 5% of the original cost of those respective assets at SPV.

(2) Assets individually costing less than Rs 5,000 are fully written off in the year of acquisition.

(3) The estimated useful lives, residual values and depreciation method are reviewed at the end of the reporting period with the effect of any changes in the estimation accounted for on a prospective basis.

**(d) De-recognition**

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the Condensed Consolidated Statement of Profit and Loss.

**(e) Capital work in progress**

Property, plant and equipment under construction is disclosed as capital work in progress which is carried at cost less any recognized impairment losses. Cost comprises of purchase price and any attributable cost such as duties, freight, borrowing costs, erection and commissioning expenses incurred in bringing the asset to its working condition for its intended use.

Advance paid and expenditure incurred on acquisition / construction of property, plant and equipment which are not ready for their intended use at each balance sheet date are disclosed under other non current assets as advances on capital account and capital work-in-progress respectively.

**3.3 Intangible assets**

**(a) Recognition and measurement**

An intangible asset is an identifiable non-monetary asset without physical substance. Intangible assets with finite useful lives that are acquired separately are initially measured at its cost and then carried at the cost less accumulated amortisation and impairment, if any. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less impairment, if any.

**(b) Subsequent expenditure**

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, is recognised in the Condensed Consolidated Statement of Profit and Loss as incurred.

**(c) Amortisation**

Amortisation is calculated over the cost of the asset, or other amount substituted for cost, less its residual value. Amortisation is recognised in the Condensed Consolidated Statement of Profit and Loss on a straight line method over the estimated useful lives of intangible assets, from the date that they are available for use.

| Asset group | Estimated Useful Life (in years) |
|---|---|
| | Other assets |
| Computer Softwares | 3 |
| Trademarks | 10 |

The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

**(d) De-recognition**

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal, gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in the Consolidated Statement of Profit and Loss when the asset is derecognised.

**3.4 Investment property**

**(a) Recognition and measurement**

Properties including land, building and other assets, which are held either for long-term rental yield or for capital appreciation or for both, and which are not occupied substantially by Mindspace Business Parks Group are classified as investment property.

Investment properties are initially recognised at cost, including related transaction costs. Subsequent to initial recognition, investment properties are measured in accordance with the requirement of Ind AS 16's requirements for cost model i.e. Cost less depreciation less impairment losses, if any. Depreciation is charged when the investment property is ready for its intended use. Cost comprises of direct expenses like land cost, site labour cost, material used for project construction, project management consultancy, costs for moving the plant and machinery to the site and general expenses incurred specifically for the respective project like insurance, design and technical assistance, and construction overheads are allocated on a reasonable basis to the cost of the project.

Plant and machinery, furniture and fixtures, office equipment and electrical equipments which are physically attached to the commercial buildings are considered as part of investment property.

Acquisitions and disposals are accounted for at the date of completion of acquisitions and disposals.

**(b) Subsequent expenditure**

Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to Mindspace Business Parks Group and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred.

**(c) Depreciation**

Depreciation / amortisation is provided using straight line method as per the useful life of the assets estimated by the management over the balance useful life.The estimated useful lives of the assets, which are higher than, lower than or equal to those prescribed under Schedule II of the Companies Act 2013 and listed in the table below. Depreciation on addition / deletion of investment property made during the period is provided on pro-rata basis from / to the date of such addition / deletion.

| Asset group | Estimated Useful Life (in years) |
|---|---|
| Right to use - Leasehold land | Balance Lease term |
| Buildings* | 75/90 |
| Infrastructure and development | 15 |
| Roadwork* | 15 |
| Broadwalk, vantage café etc.* | 50 |
| Plant and machinery | 15 |
| Office equipment* | 4 |
| Furniture and fixtures* | 7 |
| Electrical installation* | 15 |

* For these class of assets, based on technical assessment the management believes the useful life of the assets is appropriate which is different than those prescribed under Part C of Schedule II of the Companies Act, 2013.

(1) Based on internal assessment the management believes the residual value of all assets except Leasehold Land is estimated to be 5% of the original cost of those respective assets at SPV.

(2) Assets individually costing less than Rs 5,000 are fully written off in the year of acquisition.

(3) The estimated useful lives, residual values and depreciation method are reviewed at the end of the reporting period with the effect of any changes in the estimation accounted for on a prospective basis.

**(d) Fair Value**

Fair value of investment property is based on a valuation by an independent valuer who holds a recognised and relevant professional qualification and has recent experience in the location and category of the investment property being valued. The fair value of investment property is disclosed in the Statement of Net assets at Fair Value.

**(e) De-recognition**

An investment property is derecognized upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on de-recognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Condensed Consolidated Statement of Profit and Loss in the period in which the property is de-recognised.

**(f) Investment properties under construction**

Property that is being constructed for future use as investment property is accounted for as investment property under construction until assets are ready for their intended use.

Direct expenses like land cost, site labour cost, material used for project construction, project management consultancy, costs for moving the plant and machinery to the site and general expenses incurred specifically for the respective project like insurance, design and technical assistance, and construction overheads are taken as the cost of the project.

Investment properties under construction represent the cost incurred in respect of areas under construction of the real estate development projects less impairment losses, if any.

Advance paid for acquisition of investment property which are not ready for their intended use at each balance sheet date are disclosed under other non current assets as capital advance.

**3.5 Impairment of assets**

Mindspace Business Parks Group assesses at each balance sheet date, whether there is any indication that an asset may be impaired. If any such indication exists, Mindspace Business Parks Group estimates the recoverable amount of the asset. The recoverable amount of the assets (or where applicable that of the cash generating unit to which the asset belongs) is estimated as the higher of its fair value less cost of disposal and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of the assets and from its disposal at the end of its useful life. An impairment loss is recognised whenever the carrying amount of an asset or the cash-generating unit to which it belongs, exceeds its recoverable amount. Impairment loss is recognised in the Consolidated Statement of Profit and Loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the Consolidated Statement of Profit and Loss.

MINDSPACE BUSINESS PARKS REIT MUMBAI

**3.6 Borrowing costs**

Borrowing costs that are attributable to the acquisition, construction or production of qualifying assets are treated as direct cost and are considered as part of cost of such assets. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale.

Capitalisation rate used to determine the amount of borrowing costs to be capitalised is the weighted average interest rate applicable to the general borrowings.

Capitalisation of borrowing costs is suspended during the extended period in which active development is interrupted. Capitalisation of borrowing costs is ceased when substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are complete.

All other borrowing costs are recognised as an expense in the period in which they are incurred.

Borrowing cost incurred by the SPVs on inter-company loans is continued to be capitalised only to the extent Mindspace Group has incurred external borrowing cost.

**3.7 Inventories**

**(a) Measurement of inventory**

Inventories comprise of building material and components. Contractual work in progress, in respect of third party customers, is classified as work in progress. Mindspace Business Parks Group measures its inventories at the lower of cost and net realisable value.

**(b) Cost of inventories**

The cost of inventories of building material and components and work in progress comprise all costs of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on moving weighted average basis.

**(c) Net realisable value**

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

**3.8 Revenue recognition**

**(a) Facility rentals**

Revenue from property leased out under an operating lease is recognised over the lease term on a straight line basis, except where there is an uncertainty of ultimate collection.

**(b) Revenue from works contractual services**

Revenue from contracts with customers is recognised when a performance obligation is satisfied by transfer of promised goods or services to a customer in accordance with the agreement with the customer. For works contract arrangement, the performance obligation gets satisfied over time, and therefore, the revenue recognition is done by measuring the progress towards complete satisfaction of performance obligation from time to time as per the agreement with the customer. The progress is measured in terms of a proportion of actual cost incurred to-date, to the total estimated cost attributable to the performance obligation. The revenue is recognised to the extent of transaction price allocated to the performance obligation satisfied. Transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring goods or services to a customer excluding amounts collected on behalf of a third party

**(c) Maintenance services**

Maintenance income is recognised over a period of time for services rendered to the customers.

**(d) Revenue from power supply**

Revenue from power supply is accounted for on the basis of billings to consumers and includes unbilled revenues accrued up to the end of the accounting year. Mindspace Business Parks Group determines surplus/deficit i.e. excess/ shortfall of aggregate gain over return on equity entitlement for the period in respect of its operations based on the principles laid down under the respective Tariff Regulations as notified by Maharashtra Electricity Regulatory Commission (MERC), on the basis of the tariff order issued by it.In respect of such surplus/deficit, appropriate adjustments as stipulated under the regulations are made during the period. Further, any adjustments that may arise on annual performance review by the MERC under the tariff regulations is made after the completion of such review.

**(e) Revenue from sale of goods**

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold is net of variable consideration on account of various discounts offered by the Company as part of the contract. Revenue from the sale of goods is recognised when the Group performs its obligations to its customers and the amount of revenue can be measured reliably and recovery of the consideration is probable. The timing of such recognition in case of sale of goods is when the control over the same is transferred to the customer.

**(f) Finance Lease**

For assets let out under finance lease, Mindspace Business Parks Group recognises a receivable at an amount equal to the net investment in the lease. Rentals received are accounted for as repayment of principal and finance income. Minimum lease payments receivable on finance leases are apportioned between the finance income and the reduction of the outstanding receivable. The finance income allocated to each period during the lease term so as to produce a constant periodic rate of interest on the remaining net investment in the finance lease.

Contingent rents are recorded as income in the periods in which they are earned.

**(g) Sale of surplus construction material and scrap**

Revenue from sale of surplus construction material and scrap is recognised when control of the goods are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods net of the expected removal cost.

**3.9 Recognition of dividend income, interest income :**

(i) Dividend income is recognised in profit or loss on the date on which Mindspace REIT group has right to receive payment is established.

(ii) Interest income is recognised on time proportion basis, by reference to the principal outstanding and the effective interest rate applicable.

(iii) Delayed payment charges and interest on delayed payments are recognised, on time proportion basis, except when there is uncertainty of ultimate collection.

**3.10 Tax expense**

Income tax expense comprises current tax and deferred tax charge or credit. It is recognised in the Statement of Profit and Loss except to the extent that it relates to an item recognised directly in equity or in other comprehensive income in which case, the current and deferred tax are also recognised in equity and other comprehensive income respectively.

**(a) Current tax**

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by end of reporting period.

**(b) Deferred tax**

Deferred tax asset/liability is recognised on temporary differences between the carrying amounts of assets and liabilities in the Consolidated Interim Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax assets and liabilities are measured that are expected to apply to the period when the asset is realised or the liability is settled, using the tax rates and tax laws that have been enacted or substantively enacted by the end of reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which Mindspace Business Parks Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax is not recognised for:

- Temporary differences arising on the initial recognition of assets and liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction; and
- Temporary differences related to investments in subsidiaries, associates, and joint arrangements to the extent that Mindspace Business Park Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future;

Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets are reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

For operations carried out under tax holiday period (80IA benefits of Income Tax Act, 1961), deferred tax assets or liabilities, if any, have been established for the tax consequences of those temporary differences between the carrying values of assets and liabilities and their respective tax bases that reverse after the tax holiday ends.

In the situations where one or more units of the Group are entitled to a tax holiday under the tax law, no deferred tax (asset or liability) is recognized in respect of temporary differences which reverse during the tax holiday period, to the extent the concerned unit's gross total income is subject to the deduction during the tax holiday period. Deferred tax in respect of temporary differences which reverse after the tax holiday period is recognized in the year in which the temporary differences originate. However, the Group restricts recognition of deferred tax assets to the extent it is probable that sufficient future taxable income will be available against which such deferred tax assets can be realized. For recognition of deferred taxes, the temporary differences which originate first are considered to reverse first.

**(c) Minimum Alternate Tax (MAT)**

MAT credit entitlement is recognized as an asset only when and to the extent there is convincing evidence that normal income tax will be paid during the specified period. In the year in which MAT credit becomes eligible to be recognized as an asset, the said asset is created by way of a credit to the Consolidated Statement of Profit and Loss and shown as MAT credit entitlement under deferred tax assets. This is reviewed at each balance sheet date and the carrying amount of MAT credit entitlement is written down to the extent it is not reasonably certain that normal income tax will be paid during the specified period.

**3.11 Earnings per unit (EPU):**

The basic earnings per unit is computed by dividing the net profit/ (loss) attributable to the unit holders of Mindspace REIT by the weighted average number of units outstanding during the reporting period. The number of units used in computing diluted earnings/ (loss) per unit comprises the weighted average units considered for deriving basic earnings/ (loss) per unit and also the weighted average number of units which could have been issued on the conversion of all dilutive potential units.

Dilutive potential units are deemed converted as of the beginning of the reporting date, unless they have been issued at a later date. In computing diluted earnings per unit, only potential equity units that are dilutive and which either reduces earnings per unit or increase loss per units are included.

**3.12 Provisions, contingent liabilities and contingent assets**

Provisions are recognised when Mindspace Business Parks Group has a present legal or constructive obligation as a result of a past event, it is probable that Mindspace Business Parks Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration net of recoveries if any, required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

Contingent liabilities are disclosed when there is a possible obligation or a present obligation that may, but will probably not, require an outflow of resources. When there is a possible obligation of a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

A contingent asset is disclosed when there would be a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of Mindspace Business Parks Group.

Provisions, Contingent Liabilities and Contingent Assets are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

**3.13 Foreign currency transactions and translations**

Transactions denominated in foreign currency are recorded at the exchange rate prevailing on the date of transactions. Exchange differences arising on foreign exchange transactions settled during the year are recognised in the Consolidated Statement of Profit and Loss of the period.

Monetary assets and liabilities denominated in foreign currency, which are outstanding as at the period-end and not covered by forward contracts, are translated at the period-end at the closing exchange rate and the resultant exchange differences are recognised in the Condensed Consolidated Statement of Profit and Loss. Non-monetary foreign currency items are carried at cost.

**3.14 Leases**

As a Lessor

Mindspace Business Parks Group enters into lease agreements as a lessor with respect to some of its investment properties.

Leases for which Mindspace Business Parks Group is a lessor is classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When Mindspace Business Parks Group is an intermediate lessor, it accounts for the head lease and the sublease as two separate contracts. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease and presented as unbilled revenue in other financial assets. Initial direct costs such as brokerage expenses incurred specifically to earn revenues from an operating lease are capitalised to the carrying amount of leased asset and recognised over the lease term on the same basis as rental income.

Amounts due from lessees under finance leases are recognised as receivables at the amount of Mindspace Business Parks Group's net investment in the leases. Finance lease income is allocated to reporting periods so as to reflect a constant periodic rate of return on Mindspace Business Parks Group's net investment outstanding in respect of the leases.

As a Lessee

Mindspace Business Parks Group assesses whether a contract is or contains a lease, at inception of a contract. Mindspace Business Parks Group recognises a right-of-use asset and a corresponding lease liability with respect to all lease agreements in which it is the lessee, except for short-term leases ( defined as leases with a lease term of 12 months or less) and leases of low value assets. For these leases, Mindspace Business Parks Group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease. If this rate cannot be readily determined, Mindspace Business Parks Group uses its incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise:

- fixed lease payments (including in-substance fixed payments), less any lease incentives;
- variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;
- the amount expected to be payable by the lessee under residual value guarantees;
- payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

The lease liability is presented separately as part of Financial Liabilities in the Condensed Consolidated balance sheet.The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

Mindspace Business Parks Group remeasures the lease liability (and makes a corresponding adjustment to the related right-of-use asset) whenever

- the lease term has changed or there is a change in the assessment of exercise of a purchase option, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate.
- the lease payments change due to changes in an index or rate or a change in expected payment under a guaranteed residual value, in which cases the lease liability is remeasured by discounting the revised lease payments using the initial discount rate (unless the lease payments change is due to a change in a floating interest rate, in which case a revised discount rate is used).
- a lease contract is modified and the lease modification is not accounted for as a separate lease, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate.

The right-of-use assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Whenever Mindspace Business Parks Group incurs an obligation for costs to dismantle and remove a leased asset, restore the site on which it is located or restore the underlying asset to the condition required by the terms and conditions of the lease, a provision is recognised and measured under Ind AS 37 'Provisions, Contingent Liabilities and Contingent Assets'. The costs are included in the related right-of-use asset, unless those costs are incurred to produce inventories.

Right-of-use assets are depreciated over the shorter period of lease term and useful life of the underlying asset.

Mindspace Business Parks Group applies Ind AS 36 Impairment of Assets to determine whether a right-of-use asset is impaired and accounts for any identified impairment loss as described in Note 3.5.

Variable rents that do not depend on an index or rate are not included in the measurement the lease liability and the right-of-use asset. The related payments are recognised as an expense in the period in which the event or condition that triggers those payments occurs and are included in the line " other expenses" in the Condensed Consolidated Statement of Profit and Loss.

**3.15 Financial instruments**

**1 Initial recognition and measurement**

Financial assets and/or financial liabilities are recognised when Mindspace Business Parks Group becomes party to a contract embodying the related financial instruments. All financial assets/ financial liabilities are initially measured at fair value, plus in case of financial assets/ financial liabilities not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition or issue of financial assets/ financial liabilities are added to or deducted, as the case may be, from the fair value of such assets or liabilities. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss. Trade receivables that do not contain a significant financing component are measured at transaction price.

**2 Financial assets:**

**(a) Classification of financial assets:**

(i) Mindspace Business Parks Group classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through the Consolidated Statement of Profit and Loss), and
- those measured at amortised cost.

(ii) The classification is done depending upon Mindspace Business Parks Group's business model for managing the financial assets and the contractual terms of the cash

(iii) For investments in debt instruments, this will depend on the business model in which the investment is held.

(iv) Mindspace Business Parks Group reclassifies debt investments when and only when its business model for managing those assets changes.

**(b) Subsequent Measurement**

**(i) Debt instruments:**

Subsequent measurement of debt instruments depends on Mindspace Business Parks Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which Mindspace Business Parks Group classifies its debt instruments:

**Financial assets at amortised cost**

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**Financial assets at fair value through other comprehensive income (FVTOCI)**

Financial assets are subsequently measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows that give rise on specified dates to solely payments of principal and interest on the principal amount outstanding and by selling financial assets.

**Financial assets at fair value through the Consolidated Statement of Profit and Loss (FVTPL)**

Financial assets are subsequently measured at fair value through the Condensed Consolidated Statement of Profit and Loss unless it is measured at amortised cost or fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in the Condensed Consolidated Statement of Profit and Loss.

**(ii) Equity instruments:**

Mindspace Business Parks Group subsequently measures all equity investments at fair value. There are two measurement categories into which Mindspace Business Parks Group classifies its equity instruments:

**Investments in equity instruments at FVTPL:**

Investments in equity instruments are classified as at FVTPL, unless Mindspace Business Parks Group irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for equity instruments which are not held for trading.

**Investments in equity instruments at FVTOCI:**

On initial recognition, Mindspace Business Parks Group can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the reserve for 'equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to Consolidated Statement of Profit and Loss on disposal of the investments, but is transferred to retained earnings.

**(c) Impairment of financial assets:**

Mindspace Business Parks Group applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset. For trade receivables, Mindspace Business Parks Group measures the loss allowance at an amount equal to lifetime expected credit losses. Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, Mindspace Business Parks Group has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

**(d) Derecognition of financial assets:**

A financial asset is primarily derecognised when:
(i) the right to receive cash flows from the asset has expired, or
(ii) Mindspace Business Parks Group has transferred its rights to receive cash flows from the asset; and
Mindspace Business Parks Group has transferred substantially all the risks and rewards of the asset, or
Mindspace Business Parks Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

On derecognition of a financial asset in its entirety (other than investments in equity instruments at FVOCI), the differences between the carrying amounts measured at the date of derecognition and the consideration received is recognised in Consolidated Statement of Profit and Loss. Any interest in transferred financial assets that is created or retained by the SPV is recognised as a separate asset or liability.

**3 Financial liabilities and equity instruments**

**(a) Classification as debt or equity**

Financial liabilities and equity instruments issued by Mindspace Business Parks Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

**(b) Equity instruments**

An equity instrument is any contract that evidences a residual interest in the assets of Mindspace Business Parks Group after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Repurchase of Mindspace Business Parks Group's own equity instrument is recognised and deducted directly in equity. No gain or loss is recognised in the Consolidated Statement of Profit and Loss on the purchase, sale, issue or cancellation of Mindspace Business Parks Group's own equity instruments.

**(c) Compound financial instruments**

The component parts of compound financial instruments issued by Mindspace Business Parks Group are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of Mindspace Business Parks Group's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recorded as a liability on an amortised cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date.

The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured.

Transaction costs that relate to the issue of the convertible instruments are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognised directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortised over the lives of the convertible instrument using the effective interest method.

**(d) Financial Liabilities**

- **Recognition, measurement and classification**

Financial liabilities are classified as either held at a) fair value through the Consolidated Statement of Profit and Loss, or b) at amortised cost. Management determines the classification of its financial liabilities at the time of initial recognition or, where applicable, at the time of reclassification.

Mindspace Business Parks Group's financial liabilities include trade and other payables, loans and borrowings and derivative financial instruments. Subsequent measurement of financial liabilities depends on their classification as fair value through the Consolidated Statement of Profit and Loss or at amortized cost. All changes in fair value of financial liabilities classified as FVTPL are recognized in the Consolidated Statement of Profit and Loss . Amortised cost category is applicable to loans and borrowings, trade and other payables. After initial recognition the financial liabilities are measured at amortised cost using the Effective Interest Rate method.

- **Derecognition**

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. Gains and losses are recognized in the Condensed Consolidated Statement of Profit and Loss when the liabilities are derecognized.

**4 Offsetting of financial instruments**

Financial assets and financial liabilities are offset and presented on net basis in the Balance Sheet when there is a currently enforceable legal right to offset the recognised amounts and there is an intention either to settle on a net basis or to realise the assets and settle the liabilities simultaneously.

**3.16 Cash and cash equivalents**

Cash and cash equivalents comprises of cash at banks and on hand, demand deposits, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value

**3.17 Statement of Cash flow**

Cash flow is reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of Mindspace Business Parks Group are segregated.

For the purpose of the Condensed Consolidated Statement of Cash Flow, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of Mindspace Business Parks Group's cash management.

As per para 8 of Ind AS 7 "where bank overdrafts which are repayable on demand form an integral part of an entity's cash management, bank overdrafts are included as a component of cash and cash equivalents. Bank overdraft, in the Condensed Consolidated Balance Sheet, is included as 'borrowings' under Financial Liabilities.

**3.18 Employee benefits plan**

Disclosure pursuant to Ind AS – 19 'Employee benefits'

**(1) Short term employee benefits**

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits such as salaries, wages, etc. and are recognised in the period in which the employee rendered the related services. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised as an expense during the period.

**(2) Long term employee benefits**

**Defined contribution plans**

Contributions to defined contribution schemes such as provident fund are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees. Mindspace Business Parks Group's provident fund contribution, in respect of certain employees, is made to a government administered fund and charged as an expense. The above benefits are classified as defined contribution schemes as Mindspace Business Parks Group has no further defined obligations beyond the monthly contributions.

**Defined benefit plan**

Mindspace Business Parks Group's gratuity benefit scheme is a defined benefit plan. Mindspace Business Parks Group has determined the gratuity liability based on internal calculation based on the number of years completed and last drawn basic salary as mentioned in the Payment of Gratuity Act, 1972. The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets, if any. The defined benefit obligation is calculated annually by actuaries / SPVs using the projected unit credit method.
The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Condensed Consolidated Statement of Profit and Loss.

**Other long term employee benefits - Compensated absences**

Benefits under compensated absences are accounted as other long-term employee benefits. Mindspace Business Parks Group has determined the liability for compensated absences based on internal calculation which is determined on the basis of leave credited to employee's account and the last drawn salary. Mindspace Business Parks Group's net obligation in respect of compensated absences is the amount of benefit to be settled in future, that employees have earned in return for their service in the current and previous years. The benefit is discounted to determine its present value. The obligation is measured on the basis of an actuarial valuation / by SPVs using the projected unit credit method. Remeasurement is recognised in the Consolidated Statement of Profit and Loss in the period in which they arise. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability.

**3.19 Earnings before finance costs, depreciation and amortisation, regulatory income / expense, exceptional items and tax**

Mindspace Business Parks Group has elected to present earnings before interest, depreciation and amortisation, regulatory income / expense, exceptional items and tax as a separate line item on the face of the Condensed Consolidated Statement of Profit and Loss. Mindspace Business Parks Group measures earnings before interest, depreciation and amortisation, regulatory income / expense, exceptional items and tax on the basis of profit/ (loss) from continuing operations.

**3.20 Subsequent events**

The Condensed Consolidated Interim Financial Statements are adjusted to reflect events that occur after the reporting date but before the Condensed Consolidated Financial Statements are issued. The Consolidated Financial Statements have their own date of authorisation, which differs from that of the financial statements of the entities which are part of Mindspace REIT group. Therefore, when preparing the Condensed Consolidated Interim Financial Statements, management considers events up to the date of authorisation of these financial statements.

DELOITTE HASKINS & SELLS LLP MUMBAI

MINDSPACE BUSINESS PARKS REIT MUMBAI

**3.21 Errors and estimates**

Mindspace Business Parks Group revises its accounting policies if the change is required due to a change in Ind AS or if the change will provide more relevant and reliable information to the users of the Condensed Consolidated Interim financial statement. Changes in accounting policies are applied retrospectively.

A change in an accounting estimate that results in changes in the carrying amounts of recognised assets or liabilities or to profit or loss is applied prospectively in the period(s) of change.

Discovery of errors results in revisions retrospectively by restating the comparative amounts of assets, liabilities and equity of the earliest prior period in which the error is discovered. The opening balances of the earliest period presented are also restated.

**3.22 Non-current assets held for sale**

Non-current assets are classified as held for sale if it is highly probable that they will be recovered primarily through sale rather than through continuing use. Such assets are generally measured at the lower of their carrying amount and fair value less costs to sell. Losses on initial classification as held for sale and subsequent gains and losses on re-measurement are recognised in the Consolidated Statement of Profit and Loss.

Once classified as held-for-sale, intangible assets, property, plant and equipment and investment properties are no longer amortised or depreciated, and any equity-accounted investee is no longer equity accounted.

**3.23 Segment Information**

**Primary segment information**

The primary reportable segment is business segments.

**Business segment**

The Mindspace Group is organised into the two operating divisions - 'real estate' and 'power distribution', which are determined based on the internal organisation and management structure of the Mindspace Group and its system of internal financial reporting and the nature of its risks and its returns. The Board of directors of the manager has been identified as the chief operating decision maker (CODM). CODM evaluates the Mindspace Group's performance, allocates resources based on analysis of various performance indicators of the Group as disclosed below.

**Real estate segment**

Real estate comprises development and management of projects under Special Economic Zone (SEZ), Information Technology Parks and other commercial assets .The Group has its project/properties in Mumbai Region, Hyderabad, Pune and Chennai for development and management of commercial SEZ, IT parks and commercial assets including incidental activities.

**Power distribution**

The state power regulator has taken on record the SEZ developer MBPPL, Gigaplex, Sundew and KRC Infra as Deemed Distribution Licensee for Power. The approved SPVs being Deemed Distributor, supplies power to customers within the notified SEZ.

**Secondary segment information**

Mindspace Business Parks Group's operations are based in India and therefore Mindspace Business Parks Group has only one geographical segment - India.

**3.24 Non controlling interests**

Non-controlling interests represent the share of reserves and capital attributable to the shareholders of the SPVs who have not agreed to exchange their shares in the SPVs for units of Mindspace REIT and will not become the unitholders of Mindspace REIT. Below is the list of shareholders of the SPVs for whom non-controlling interest has been recognised.Non-controlling interests in the results and equity of subsidiaries are shown separately in the Condensed Consolidated Statement of Profit and Loss, Condensed Consolidated Statement of Changes in Equity and Condensed Balance Sheet .

| SPV | Shareholder | % Holding in SPV (As on reporting date) |
|---|---|---|
| KRIT | Telangana State Industrial Infrastructure Corporation Limited | 11.0% |
| Intime | Telangana State Industrial Infrastructure Corporation Limited | 11.0% |
| Sundew | Telangana State Industrial Infrastructure Corporation Limited | 11.0% |

Ind AS 110 requires entities to attribute the profit or loss and each component of other comprehensive income to the owners of Mindspace REIT and to the non-controlling interests. This requirement needs to be followed even if this results in the non-controlling interests having a deficit balance.

**3.25 Cash distribution to unit holders**

The Group recognises a liability to make cash distributions to Unitholders when the distribution is authorised and a legal obligation has been created. As per the REIT Regulations, a distribution is authorised when it is approved by the Board of Directos of the Manager. A corresponding amount is recognised directly in other equity.

**3.26 Distribution Policy**

The Net Distributable Cash Flows of Mindspace REIT are based on the cash flows generated from Mindspace REIT's assets and investments.

In terms of the Distribution Policy and the REIT Regulations, not less than 90% of the NDCF of each of the Asset SPVs is required to be distributed to Mindspace REIT, in proportion of their shareholding in the Asset SPV, subject to applicable provisions of the Companies Act or the LLP Act. Presently, NDCF to be received by Mindspace REIT from the Asset SPVs may be in the form of dividends, interest income, principal loan repayment, proceeds of any capital reduction or buyback from the Asset SPVs, sale proceeds out of disposal of investments if any or assets directly held by Mindspace REIT or as specifically permitted under the Trust Deed or in such other form as may be permissible under the applicable law.

The Manager is required to and shall declare and distribute at least 90% of the NDCF of Mindspace REIT as distributions ("REIT Distributions") to the Unitholders. Such REIT Distributions shall be declared and made for every quarter of a Financial Year.

**3.27 Recent Pronouncements**

The Ministry of Corporate Affairs has notified Companies (Indian Accounting Standard) Amendment Rules 2023 dated March 31, 2023 to amend the following Ind AS which are effective from April 01, 2023:

Ind AS 1 – Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. This amendment does not have any significant impact in the financial statements.

Ind AS 12 – Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. This amendment does not have any significant impact in the financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. This amendment does not have any significant impact in the financial statements.

There were certain amendments to standards and interpretations which are applicable for the first time for the period ended 30 September 2023, but either the same are not relevant or do not have an impact on the consolidated Interim financial statements of the Group.

**(a) Terms/rights attached to Units and other disclosures**

The Trust has only one class of Units. Each Unit represents an undivided beneficial interest in the Trust. Each holder of Units is entitled to one vote per unit. The Unitholders have the right to receive at least 90% of the Net Distributable Cash Flows of the Trust on quarterly basis in accordance with REIT Regulations/ in terms of the Distribution Policy. The Board of directors of Investment Manager approves distributions. The distribution will be in proportion to the number of Units held by the Unitholders. The Trust declares and pays distributions in Indian Rupees.

Under the provisions of the REIT Regulations, Mindspace Business Parks REIT is required to distribute to Unitholders not less than 90% of the net distributable cash flows of Mindspace Business Parks REIT for each financial year. Accordingly, a portion of the Unit Capital contains a contractual obligation of the Mindspace Business Parks REIT to pay to its Unitholders cash distributions. Hence, the Unit Capital is a compound financial instrument which contains equity and liability components in accordance with Ind AS 32 - Financial Instruments: Presentation. However, in accordance with SEBI Circular No. SEBI/HO/DDHS-PoD-2/P/CIR/2023/116 dated 6 July 2023 issued under the REIT Regulations, the Unitholders' funds have been presented as "Equity" in order to comply with the requirements of Section H of Chapter 3 to the SEBI master circular dated 6 July 2023 dealing with the minimum presentation and disclosure requirements for key financial statements. Consistent with Unit Capital being classified as equity, the distributions to Unitholders is also presented in Statement of Changes in Unitholders' Equity when the distributions are approved by the Board of Directors of Investment Manager.

## Mindspace REIT

21 B(i) In December 2020, Mindspace Business Parks REIT issued 2,000 secured, listed, senior, taxable, non-cumulative, rated, redeemable, non-convertible debentures ("NCD Series 1") having face value of Rs. 10,00,000 (Rupees ten lakhs only) each, amounting to Rs. 2,000,000,000 (Rupees two thousand million only) with a coupon rate of 6.45% p.a. payable quarterly beginning from the end of first full quarter from the date of allotment i.e. 31 March 2021, with last coupon payment on the scheduled redemption date i.e. 16 December 2023. The tenure of the said NCD Series 1 is 36 months from 17 December 2020, being date of allotment.
This NCD Series 1 was listed on BSE Limited on 21 December 2020.

**Security terms**
NCD Series 1 are secured by each of the following security in favour of the Debenture Trustee (holding for the benefit of the NCD Holders):
a) First and exclusive charge registered by way of simple mortgage (including receivables arising therefrom) on the aggregate leasable area of approximately 414,599 Sq. Ft. or thereabouts in buildings no. 1 and 5 of Commerzone Yerawada (approx. 43,200 sq. ft. in building no. 1 and approx. 371,399 in building no. 5) together with the proportionate undivided right, title and interest in the notionally demarcated land admeasuring approximately 18,264 sq. mtrs on which the said two building no. 1 and 5, out of all those pieces and parcels of larger land that are situated, lying and being in Village Yerawada, Taluka Haveli, District Pune ("Mortgaged Properties") of NCD Series 1.

b) A charge on the escrow account in which receivables of the Mortgaged Properties shall be received save and except any common area maintenance charges payable to MBBPL with respect to the maintenance of the mortgaged properties.

c) Corporate guarantee executed by MBPPL.

**Redemption terms:**
a) NCD Series 1 are redeemable by way of bullet repayment at the end of 36 months from the date of allotment, i.e. 16 December 2023, and accordingly the same has been classified as current maturity of long term debt as on 30 September 2023

b) Interest is payable on the last day of each financial quarter in a year (starting from 31 March, 2021) until the scheduled redemption date.

c) The Coupon shall be increased by 25 bps for every notch downgrade in the rating by the Credit Rating Agency. In case rating is upgraded after any rating downgrade, the Coupon shall be decreased by 25 bps for each upgrade.

d) Upon occurrence of a mandatory redemption event, the Debenture Trustee may, by issuing not less than 30 (thirty) business days' notice to the Issuer require the Issuer to redeem in full, all the debentures then outstanding by paying an amount equal to the total mandatory redemption amount in respect of each debenture.

21 B(ii) In March 2021, Mindspace REIT issued 3,750 10 year G-Sec linked secured, listed, senior, taxable, non-cumulative, rated, principal protected – market linked, redeemable, non-convertible debentures ("Market Linked Debentures / MLD Series 2") having face value of Rs. 10,00,000 (Rupees ten lakhs only) each, amounting to Rs. 3,750,000,000 (Rupees three thousand seven hundred fifty million only). | - Income-Tax matters (Refer note 1 below) excluding interest | **963** | 936 |
| - Service-Tax matters (Refer note 2 below) | **333** | 367 |
| - Customs duty matters (Refer note 3 below) | **34** | 34 |
| - Stamp duty | **65** | 65 |
| **Capital commitments** | | |
| Estimated amount of contracts remaining to be executed on capital account (net of advances) and not provided for (Refer Note 4 below) | **7,819** | 5,173 |

**Notes:**

1 (a) Gigaplex- An appeal has been filed for A.Y. 2010-11 before CIT(A) against the penalty order raising demand of Rs.3 million and the appeal is pending. Gigaplex has paid 20% (Rs.1 million) with a request to keep the demand in abeyance. As on September 30, as per Income tax website , there is no demand outstanding. Subsequent to period end, order of CIT(A) has been received and this penalty has now been deleted.

(b) KRIT - Contingent liability of Rs. 933 million relate to AY 2012-13 to AY 2018-19 for which it has filed appeals before CIT(A) against orders under section 143(3) / 143(3) read with section 153A of the Act contesting the disallowance of deduction under section 80IA of the Income Tax Act 1961. KRIT is hopeful of a favourable outcome for these Assessment Years. In case of unfavourable decisions in appeal for AY 2012-13 to AY 2018-19, the tax would be payable under normal tax and hence, MAT credit currently available with KRIT will no longer be available. As a result, in addition to above contingent liability, KRIT would require to pay additional tax of Rs. 326 million w.r.t. AY 2019-20 and AY 2020-21 (These years are not under litigation) because during these years KRIT has utilised the MAT credit availed during AY 2012-13 to AY 2018-19.The disallowance of deduction under section 80IA for AYs 2012-13 to 2018-19 by the Income Tax department was based on the order for earlier AY 2011-12 wherein similar disallowance was made. KRIT had challenged the said order of AY 2011-12 before the ITAT. The Hon'ble ITAT vide its order dated 06.05.2021 allowed the appeal in favour of KRIT by quashing the disallowance made by the income-tax authority. The Income Tax department has further filed an appeal before the High Court against the said order for AY 2011-12 of the Hon'ble ITAT.

(c) Avacado- Contingent liability of Rs. 30.55 million relates to AY 2015-16 and AY 2016-17. For AY 2015-16 and AY 2016-17, the Company had filed appeals against order under section 143(3) read with 153A of the Income Tax Act,1961 on account of disallowances u/s 14A and u/s 80IA which were disposed-off in favour of the Company in earlier year. The department has filed an appeal before the Hon'ble High Court against the same

5 **Avacado**

a) A Suit has been filed in the year 2008 by Nusli Neville Wadia (Plaintiff) against Ivory Properties and Hotels Private Limited (Ivory) & Others which includes Avacado as one of the Defendants inter alia in respect of the land and the 'Paradigm' Industrial Park building of Avacado. The Plaintiff has prayed against Avacado and the said Ivory restraining them from carrying out further construction or any other activity on the land (on which the building Paradigm is constructed), demolition and removal of the structures on the said land, appointment of a Court Receiver in respect of the said land and Paradigm building, declaring the MOUs / Agreements entered into by Avacado with Ivory and the Plaintiff as voidable and having been avoided and rescinded by the Plaintiff and to be delivered up and cancelled, restraining from alienating, encumbering or parting with possession of structures and restraining from dealing with, creating fresh leases / licenses or renewing lease / license in respect of the said Paradigm building and from receiving or recovering any rent / license fee / compensation in respect of the said leases / licenses, depositing all the rents in the Court, etc. The Court has not granted any ad-interim relief to the Plaintiff. Avacado has filed its reply to the said Suit denying the allegations and praying that no interim relief be granted to the Plaintiff. The notice of motion for interim relief and the Suit are pending for the final hearing before the High Court.

Based on an advice obtained from an independent legal counsel, the management is confident that Avacado will be able to suitably defend and the impact, if any, on the Ind AS financial statements can be determined on disposal of the above Petition and accordingly, Ind AS Financial statements of Avacado have been prepared on a going concern basis. Further, the Plaintiff, through his advocates & solicitors, had addressed letter dated 13 February 2020 including to Mindspace REIT, the Manager, the Trustee, the Sponsors, Avacado, Mr. Ravi C. Raheja, Mr. Neel C. Raheja, Mr. Chandru L. Raheja, Ivory Properties and K Raheja Corp Pvt.Ltd., expressing his objection to the proposed Offer and any actions concerning the building Paradigm located at Mindspace Malad project. The allegations and averments made by the Plaintiff have been responded and denied by the addressees, through their advocates & solicitors. No further correspondence has been received.

b) Pursuant to the levy of service tax on renting of immovable properties given for commercial use, retrospectively with effect from 1 June 2007 by the Finance Act, 2010, some of the lessees to whom Avacado has let out its premises, have based on a legal advice, challenged the said levy and, inter-alia, its retrospective application and withheld payment of service tax to Avacado, based on certain judicial pronouncements and stay orders granted by appropriate High Courts from time to time. Further in this regard the Hon'ble Supreme Court has passed an interim order dated 14th October, 2011 in Civil appeal nos. 8390, 8391-8393 of 2011 and in compliance of which, such lessees have deposited with appropriate authority in 3 instalments, 50% of the amount such service tax not so paid by them upto 30 September 2011 and have furnished surety for the balance 50% of the amount of service tax and which amount has also been deposited by them with the authorities. Further as per Hon'ble Supreme Court's Order dated 5th April 2018 in Civil Appeal No. (s) 4487/2010, the matter is deferred until disposal of the issues pending before the nine judges Bench in Mineral Area Development Authority and others.

In view of the above and subject to the final orders being passed by the Hon'ble Supreme Court in the aforesaid appeals, there may be a contingent liability on Avacado in respect of interest payable on account of the delayed payment of service tax, which amount would be recoverable from the respective lessees by Avacado.

a) Pursuant to the demerger and vesting of the Commerzone Undertaking of K Raheja Corp Pvt Ltd. (KRCPL), in MBPPL, MBPPL is the owner to the extent of 88.16 % undivided right title and interest in the land bearing S. No 144, 145 Yerawada, Pune which is comprised in the said Undertaking. "Shrimant Chhatrapati Udayan Raje Bhosale ("the Plaintiff") has filed a Special Civil Suit bearing No.133 of 2009 in the Court of Civil Judge, Senior Division Pune against the erstwhile land Owner Shri Mukund Bhavan Trust (who had entrusted development rights to MBPPL) and the State of Maharashtra, claiming to be the owner of the said land. The Hon'ble Court was pleased to reject the Application for amendment of plaint filed by the Plaintiff and allow the Third Party Applications on 14.11.2016. The Plaintiff has filed two writ petitions bearing Nos. 4415/2017 and 4268/2017 in the Bombay High Court challenging the aforesaid orders passed on 14.11.2016. The matter was transferred to another Court for administrative reasons and adjourned on several occasions for compliance of the order by the Plaintiff. On 5th March 2018 the Advocate for the Plaintiff filed a purshis on record stating that since he does not have any instructions in the matter from the Plaintiff, the Vakalatnama is being withdrawn by him and the matter was posted on 20th March 2018. On 20th March 2018 the Hon'ble Court was pleased to adjourn the matter till 22nd June 2018 since the Advocate for the Plaintiff had withdrawn the Vakalatnama and the Plaintiff was not represented by any Advocate. Writ Petition Nos. 4415/2017 and 4268/2017 filed in the Hon'ble Bombay High Court challenging the orders dated 14th November 2016 by Shrimant Chatrapati Udayanraje Bhosale against Shri. Mukund Bhavan Trust and others came up for hearing on 28 November 2017 wherein the Advocate for the Petitioner undertook to serve the copy of the petition on the Respondent No. 2 i.e. State of Maharashtra and the Hon'ble High Court was pleased to adjourn the same till 16.01.2018, 26.02.2018, 22.06.2018. On 22.06.2018 the Advocate for the Defendant No. 1 filed a purshis stating that the Defendant No. 1 (a) expired matter was further adjourned till 24.10.18, 26.11.18, 21.12.18, 01.02.2019, 25.03.2019 and 15.04.2019, 18.06.2019, 27.08.2019, 19.09.2019. On 19.09.2019 the matter has been stayed by the Hon'ble Court and further posted on 11.11.2019 for compliance of the order dated 14.11.2016 by the Plaintiff. The matter has been stayed under Sec 10 of Code of Civil Procedure. Next date 16.09.23 for steps. Both the Writ Petitions were posted on 21.09.18, 11.10.18, 22.10.18 and further posted on 10.06.19 for Admission. The matters came on board on 20.06.2019, 14.11.2019, 15.01.2019 and 21.02.2019. As per the CMIS Writ Petition No. 4415/2017 was last posted on 27.03.2020 and is yet not listed. As per the CMIS Writ Petition No. 4268/2017 was last posted on 27.03.2020 and thereafter on 23.07.20 for Admission and is yet not listed. In the management's view, as per legal advice, considering the matter and the facts, no provision for any loss / liability is presently required to be made.

b) MBPPL is subject to other legal proceedings and claims, which have arisen in the ordinary course of business. MBPPL's management does not reasonably expect that these legal actions, when ultimately concluded and determined, will have a material and adverse effect on MBPPL's results of operations or financial condition.

c) MBPPL received a communication (alleged reminder) from Pune Municipal Corporation (PMC) demanding an amount of Rs.157 million allegedly due from MBPPL based on objections by internal audit report of Pune Municipal Corporation. MBPPL, has submitted a letter denying all allegation of PMC, as MBPPL has not been served with any document referred to the said PMC letter. Subsequently MBPPL addressed one more communication stating that MBPPL would be in a position to submit their reply upon receipt of the details of amount demanded as per their reply submitted which states that if any principal outstanding is due/recoverable, MBPPL agrees to make the said payment and sought detailed clarification on the interest amount. By letter dated 20.07.2019 to MBPPL, PMC provided the copy of the audit report to MBPPL and requested MBPPL to provide its clarifications in respect of objectionable issues and furnish the challans in lieu of payment of the recoverable amount. By letter dated 17.08.2021 to the architect firm and another, PMC stated that it has not received any clarifications and provided the challans of amounts by assessing interest thereon and required submission of challan/receipt towards payment of an amount of ₹ 183.60 million recoverable against all objectionable issues. By its reply letter dated 06.09.2021 to PMC, MBPPL has again reiterated that the earlier PMC letter dated 04.02.2019 and the PMC letter dated 17.08.2021 are addressed to the wrong persons and informed PMC of the non-receipt of relevant information and documents from PMC as requested by MBPPL earlier. By letter dated 11.10.2021 to PMC, MBPPL replied stating that the impugned challans, demands and notice are illegal, null and void and ultra vires; and likewise the act of issuing the letter dated 17.08.2021 is ultra vires and without the authority of law and called upon PMC to withdraw the impugned challans and letter forthwith. By the said letter MBPPL further stated that if the challans and letter is not withdrawn and any further action is initiated in that event the letter dated 11.10.2021 may be treated as a notice under section 487 of The Maharashtra Municipal Corporations Act, 1949 and under section 159 of The Maharashtra Regional and Town Planning Act, 1966. Further, without prejudice to the contentions raised in the reply and without admitting any liability to pay the amount as per the impugned challans, MBPPL has submitted that, in order to resolve the controversy, MBPPL is willing to offer to pay in full and final settlement on all accounts of all demands raised in the said challans, a lumpsum one-time amount of ₹ 26.64 million without any liability for interest thereon or for any other payments relating to the subject and to provide an opportunity of hearing and furnishing clarifications, if required by PMC. Subsequently, by letter dated March 10, 2022, PMC informed MBPPL that it has not accepted the cheque issued by MBPPL vide its letter dated January 25, 2022 and requested MBPPL to issue demand draft for the amount as per the Challans and make the payment to PMC at the earliest.

On April 7, 2022 MBPPL submitted a reply/ letter to PMC enclosing a demand draft as desired by the PMC, for an amount of ₹ 26.64 million towards the payment as set out in MBPPL's earlier communications. Vide letter dated July 11, 2022 PMC returned MBPPL's demand draft while demanding entire demanded payment. MBPPL vide its letter dated July 22, 2022 read with MBPPL letter dated July 21, 2022 remitted the entire demanded payment of Rs.10,13,57,239/- under protest. MBPPL on July 28, 2022 also paid an amount of Rs.60,93,225/- being Challan Late Fees and recorded this payment under MBPPL letter dated August 8, 2022.MBPPL ("Petitioner") has filed writ petition on November 14, 2022 in the Bombay High Court ("Court") against Pune Municipal Corporation and others ("Respondents") inter alia, seeking to impugn and set aside the Demand Notice dated January 5, 2022 enclosing challans for certain amounts allegedly due and payable by the Petitioner ("Impugned Demand Notice") and for refund of the amount of ₹ 107.45 million paid by the Petitioner under protest to the Respondents towards the Impugned Demand Notice. The matter is currently pending for admission.

8 **Intime, Sundew and KRIT**

a) In accordance with the Scheme of arrangement which was approved by Hon'ble Andhra Pradesh High Court on 23 March 2007, the Industrial Park II and III undertakings of K.Raheja IT Park (Hyderabad) Limited (formerly known as K.Raheja IT Park (Hyderabad) Private Limited) ("KRIT", "JV Company") have been demerged and vested in the Company with effect from the appointed date i.e. 01 September 2006.
Intime and Sundew had acquired the land at Madhapur, Hyderabad as part of the demerger scheme from KRIT. The said land is in lieu of the employment opportunities to be generated by KRIT and others.
The liability, if any, arising due to the obligation to create the job opportunities for the entire larger land of which the above property is a part, continues to be retained by KRIT as at 30 September 2023.
During the year ended 31 March 2016, Telangana State Industrial Infrastructure Corporation Limited ("TSIIC") has returned the original Bank Guarantees to KRIT and also confirmed to the bank that TSIIC will not claim any amount from the bank under the Bank Guarantees and the bank is relieved of its obligation. Hence, no liability is recognised towards the price of the plot of land.

b) An unconditional obligation to pay amounts due to Andhra Pradesh Industrial Infrastructure Corporation Limited ("APIIC") in respect of APIIC's claims of losses due to any difference in values pertaining to sale transactions of the project undertaken by KRIT. Losses incurred by the Government/TSIIC in its JV Company, if any, will be paid in full by K Raheja Corp Pvt Ltd and it has furnished to the JV Company in writing agreeing and admitting liability to make such payment to Government/TSIIC. The shareholding pattern of the Government/TSIIC in the JV Company and the Company will not change as a result of conversion from Private to Public, the Government / TSIIC equity of 11% will remain the same in the Company and all the demerged companies and further in future, Government / TSIIC will not be asked to infuse further cash to maintain its 11% stake.

9 **Gigaplex**

Regular Civil Suit had been filed before the Hon. Civil Judge (J.D) Vashi at Central Business District by an Education Society ("the Plaintiff") who is claiming rights in existing school structure, claiming its area as 500 square meters and its existence since more than 30 years, seeking an injunction not to dispossess him. Gigaplex has filed its reply opposing the Plaintiff's prayers. After hearing the parties, the Hon'ble Judge at the Vashi Court had rejected the Plaintiff's Injunction Application by Order dated 20.08.18 (Order). Thereafter the Plaintiff has filed an appeal in Thane District Court. The Plaintiff's Appeal filed in Thane District Court is still pending, it's next date is 08.11.23 for Arguments in Appellant's Applications for injunction and status quo before relevant court in Belapur. In management view, the estimate of liability arising out of the same is remote, no provision has been taken.

10 **KRIT**

A Writ petition has been filed against the Company in the High Court of Judicature of Andhra Pradesh at Hyderabad with respect to specific use of the land admeasuring 4,500 square yards, earmarked as plot 18. Pursuant to it, the Court has passed an Order for no construction activity on the said plot of land until further orders of the Court. KRIT has filed its reply and also sought expeditious hearing. The matter is pending for disposal by the High Court. Based on the facts of the case, the management does not expect any liability and is of the opinion that no provision needs to be made

11 **Sundew**

The Office of the Land Reforms Tribunal Cum Deputy Collector & Special Grade Revenue Divisional Officer, Attapur ("Tribunal") had, by letter dated 27 August 2009, sought information from Sundew under Section 8(2) of the Andhra Pradesh Land Reforms (Ceiling on Agriculture Holdings) Act, 1973 ("APLRAC") in respect of the entire land parcel at Mindspace Madhapur. The Revenue Department of the Government of Andhra Pradesh forwarded a Memo dated 5 September 2009 for furnishing of certain information to the Government of Andhra Pradesh, including information requested by the letter dated 27 August 2009. Sundew had filed a detailed response on 30 September 2009 stating that (a) the land was originally granted by the Government of Andhra Pradesh to K Raheja IT Park Hyderabad Limited (KRIT) which was a joint venture company with Andhra Pradesh Industrial Infrastructure Corporation Limited, (b) the land was vested in Sundew by way of demerger order of the Andhra Pradesh High Court, (c) the land has been declared as an SEZ and is therefore exempt from the local laws; (d) the land was shown as a non-agricultural land in the master plan of Hyderabad and is therefore not "land" covered under the APLRAC. The Tribunal issued a final notice to Sundew in January 2012 requesting to submit a declaration for full and correct particulars of the lands held. The matter is currently pending before the Tribunal. Future cash flows in respect of above matters are determinable only on receipt of judgements/decisions pending at various forums/authorities.

| **Total liabilities** | **77,492** | 67,220 |

The Management considers that the carrying amount of the above financial assets and liabilities approximates to their fair value.

**B. Measurement of fair values**

The section explains the judgement and estimates made in determining the fair values of the financial instruments that are:
a) recognised and measured at fair value
b) measured at amortised cost and for which fair values are disclosed in the financial statements.

To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level is mentioned below:

**Fair value hierarchy**

• Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

• Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

• Level 3 inputs are unobservable inputs for the asset or liability.

The following table presents the fair value measurement hierarchy of assets and liabilities measured at fair value on recurring basis as at 30 September 2023.

**Financial instruments**

Quantitative disclosures fair value measurement hierarchy for assets as at 30 September 2023:

| Particulars | Date of valuation | Total | Level 1 | Level 2 | Level 3 |
|---|---|---|---|---|---|
| **Financial assets measured at fair value:** | | | | | |
| FVTOCI financial investments: | 9/30/2023 | 0 | - | - | 0 |
| FVTOCI financial investments: | 3/31/2023 | 0 | - | - | 0 |

**C Transfers between Level 1, Level 2 and Level 3**

There were no transfers between Level 1, Level 2 or Level 3 during the period ended 30 September 2023 and year ended 31 March 2023.

**D Determination of fair values**

Fair values of financial assets and liabilities have been determined for measurement and/or disclosure purposes based on the following methods. When applicable, further information about the assumptions made in determining fair values is disclosed in the notes specific to that asset or liability.

i) The fair value of mutual funds are based on price quotations at reporting date.

ii) The fair values of other current financial assets and financial liabilities are considered to be equivalent to their carrying values.

iii) The fair values of borrowings at fixed rates are considered to be equivalent to present value of the future contracted cashflows discounted at the current market rate.

iv) Security deposits accepted are measured at fair value based on the discounted cash flow method considering the discount rate determined as the average borrowing rate.

**51A** During the previous year, KRIT had proposed to redevelop Buildings 7 and 8 at Mindspace, Madhapur, Hyderabad (forming part of Group's "Real estate" segment) as these were expected to be vacated by the tenant by March 2023. Vacation of these buildings provides the Company an opportunity to evaluate the possibility of redevelopment which would potentially increase the area of the building, help incorporating new upgraded facilities, enhance the marketability of the buildings and also offer future consolidation opportunities to existing tenants in the Park with continuity and growth. Basis the assessment by the SPV of the opportunity and concurrence from the Telangana State Industrial Infrastructure Corporation Ltd. (TSIIC) vide its letter dated March 13, 2023, the SPV proposed to redevelop the said buildings subject to the receipt of statutory approvals & clearances as may be required for the proposed redevelopment. Accordingly, the Group has charged the written down value of the said buildings, infrastructure plant and machinery as at March 31, 2023 amounting to Rs. 1,297 million to the Condensed Consolidated Statement of Profit and Loss and considered the same as an Exceptional Item for the year ended March 31 , 2023.

**51B** During the previous year, An impairment loss of Rs. 72 million related to GIS substation asset at Gigaplex Airoli forming part of Group's "Real estate" segment. The impairment charge arose due to technological obsolescence of asset and therefore, impairment loss has been considered for the carrying value of the asset and considered the same as an Exceptional Item for the year ended March 31 , 2023.

**52** Intime has received show cause notice during the previous year from the Jurisdictional GST Authority for the periods beginning July 2017 to March 2020 for not considering charging of GST, on the recovery of utilities being electricity, water and DG back-up power provided to tenants, amounting to Rs. 100 million. The Management, after due consultation with the Consultant, is of the view that the charges towards electricity and DG back-up power are incurred in the capacity of a 'pure agent' as covered under Rule 33 of CGST Rules, 2017 and also such supplies are exempt as per the Exemption Notification and hence to be excluded from the value of taxable supply. The Management had filed its detailed response to the show cause notice. Based on the facts of the case and the provisions of the GST law, no provision has been made w.r.t. recovery of electricity and DG back-up power.

**53** "0" represents value less than Rs. 0.5 million.
