Detailed Rationale

Crisil Ratings has assigned its '**Crisil AAA/Stable**' rating to the non-convertible debentures (NCDs) of Rs 300 crore of Mindspace Business Parks REIT (Mindspace REIT). Crisil Ratings has also reaffirmed its ratings on NCDs of Rs 5,590 crore, commercial paper of Rs 3,000 crore and corporate credit rating at '**Crisil AAA/Stable/Crisil A1+**'. Furthermore, Crisil Ratings has **withdrawn** its rating on NCDs worth Rs 500 crore as they have been fully redeemed. The withdrawal is in line with Crisil Ratings policy on withdrawal of ratings on debt instruments.

Mindspace REIT, sponsored by the K Raheja Corp group, comprises 17 commercial offices, IT (information technology) parks and SEZ (special economic zone) assets, spread over 36 million square feet (msf) as on June 30, 2026. It also has under-construction and planned development projects spanning 5.4 msf and 1.9 msf, respectively, and a facility management division.

The REIT's revenue grew ~26% on-year to Rs 951 crore in the first quarter of fiscal 2027, driven by stable rentals, contractual escalations and better occupancy. Net operating income (NOI) also rose by ~28%, reaching Rs 788 crore with a NOI margin of around 83%. Committed occupancy stood at 90.7% as of June 2026 down from 94% as of March 2026, with the new acquisitions, which are operating at lower occupancies.

Consolidated gross debt rose to Rs 17,644 crore as on June 30, 2026 (Rs 10,351 crore as on June 30, 2025), as debt was drawn to fund acquisitions and ongoing capital expenditure (capex). Debt-to-NOI ratio was stable at 4.9 times as on March 31, 2026, compared to as on March 31, 2025. The loan-to-value (LTV) ratio was comfortable at 34.0% (on gross debt as of June 2026 and as per external valuation as of March 2026) and 29.7% (on net debt basis as of June 2026 and as per external valuation as of March 2026). Furthermore, the REIT has acquired 100% stake in Sycamore Properties Pvt Ltd (Sycamore Properties) and Content Properties Pvt Ltd (Content Properties), which have combined leasable area of 2.6 msf (1.2 msf under-construction) at Commerzone Pallikaranai, and 51% shareholding in One Radial, an office campus with leasable area of 2.6 msf in Chennai. Net LTV has risen post these acquisitions. Debt protection metrics are expected to remain comfortable over the medium term. Any larger-than-expected debt-funded capex or acquisition weakening the credit metrics will be monitorable.

The ratings continue to reflect Mindspace REIT's comfortable LTV ratio, characterised by low debt, strong debt protection metrics supported by a cap on incremental borrowings; and stable revenue profile of the assets amid benefits of healthy occupancy and geographic diversification. These strengths are partially offset by susceptibility to volatility in the real estate sector, causing fluctuation in rental rates and occupancy.

Analytical Approach

Crisil Ratings has combined the business and financial risk profiles of Mindspace REIT with those of its asset special purpose vehicles (SPVs), in line with its criteria for rating entities in homogeneous groups. This is because Mindspace REIT has direct control over the asset SPVs and will support them in the event of any exigency. Additionally, as per the Securities and Exchange Board of India's (SEBI's), Real Estate Investment Trust (REIT) Regulations, 2014, Mindspace REIT and its asset SPVs are mandated to distribute 90% of their net distributable cash flow. Also, the cap on borrowing by the REIT has been defined at a consolidated level (equivalent to 49% of the aggregate value of Mindspace REIT's assets).

Please refer Annexure - List of Entities Consolidated, which captures the list of entities considered and their analytical treatment of consolidation.

Key Rating Drivers - Strengths

- **Comfortable LTV ratio, supporting the ability to refinance:** Consolidated gross debt rose to Rs 17,644 crore as on June 30, 2026 (Rs 10,351 crore as on June 30, 2025), as debt was drawn to fund acquisitions and ongoing capex. Debt-to-NOI ratio was stable at 4.9 times as on March 31, 2026, compared to March 31, 2025. The LTV ratio was comfortable at 34.0% (on gross debt as of June 2026 and as per external valuation as of March 2026) and 29.7% (on net debt basis as of June 2026 and as per external valuation as of March 2026). The low LTV ratio shields investors from the risk of any decline in property prices and its consequent impact on refinancing and provides headroom for any debt-funded acquisition and capex. REIT has raised funds in the past for the refinancing of debt at the trust and SPV levels, which is expected to continue.
- **Strong debt protection metrics:** Mindspace REIT is expected to have healthy debt protection metrics, including for all incremental financing in the underlying asset SPVs. This is because the incremental debt, over and above the existing debt, to be raised in the next 3–5 years, is expected to be around Rs 3,968 crore factoring the ongoing capex plans. The REIT has completed the acquisition of 100% shareholding in Sycamore Properties and Content Properties, together comprising of 2.6 msf of total leasable area (1.2 msf under-construction) at Commerzone Pallikaranai and 51% shareholding in One Radial, an office campus with 2.6 msf of leasable area in Chennai. The acquisition of Commerzone Pallikaranai was completed through swap of shares for REIT units with the preferential issue of shares and One Radial through debt. Net LTV rose post these acquisitions to 29.7% in June 2026 as per external valuation from 24.3% in March 2026.

The existing debt instruments stipulate debt-to-Ebitda (earnings before interest, taxes, depreciation and amortisation) or debt-to-NOI thresholds of 5.0 times, which have been changed to 6.0 times in the instruments raised March 2023 onwards. Though the financial covenant has been revised upwards, Crisil Ratings expects debt-to-NOI ratio to remain within the specified limits, which is in line with the management articulation of maintaining conservative capital structure. Consequently, LTV is expected to remain below 33% on a sustained basis.

- **Stable revenue of asset SPVs:** Mindspace REIT's entire revenue comes from 17 commercial offices, IT parks and SEZs. Consolidated revenue from operations (excluding revenue from works contract) was Rs 3,216 crore and Rs 2,596 crore, respectively, in fiscals 2026 and 2025. Leasing activity has picked up with the REIT entering into agreements for new and vacant area of ~4.3 msf, while renewing agreements for 2.8 msf in fiscal 2026 at an average re-leasing spread of 31.8% (on 4.2 msf). Superior asset and service quality, favourable location in prime areas of Hyderabad, Mumbai and Mumbai Metropolitan Region (MMR), Pune and Chennai, good demand and competitive rental rates should support occupancy.

Key Rating Drivers - Weaknesses

- **Susceptibility to volatility in the real estate sector:** Rental collection remains susceptible to economic downturns, which may constrain the tenant's business risk profile, and therefore, limit occupancy and rental rates. Top 10 tenants and technology sector concentration at 30.2% and 35.9% of gross contracted rentals, respectively, as on June 30, 2026, exposes the REIT to moderate concentration risk. Furthermore, as on June 30, 2026, 17.6% of the operational portfolio is coming up for expiry in the three fiscals till 2029. While majority of the tenants are established corporates and may continue to occupy the property, any industry shock leading to vacancies may make it difficult to find alternate lessees within the stipulated time. This could adversely impact cash flow, and hence, will be a key rating sensitivity factor.

Liquidity Superior

Liquidity remains strong, supported by healthy debt protection metrics, including for permitted additional financing. Furthermore, a low LTV ratio enhances the REIT's financial flexibility. Consolidated debt is unlikely to cause LTV ratio to exceed 40%, thus protecting investors from any decline in property prices and the consequent impact on refinancing.

Outlook Stable

Crisil Ratings believes Mindspace REIT will continue to benefit from the quality of its underlying assets.

Rating sensitivity factors

Downward factors:

- Decline in the value of the underlying assets or higher-than-expected incremental borrowings, resulting in Crisil Ratings-sensitised LTV ratio of 40% or above
- Weakening of operating performance, leading to lower-than-expected occupancy
- Significant delay in the completion and leasing of under-construction assets or acquisition of low quality assets, affecting portfolio health
- Any impact on the independence of REIT operations due to, but not limited to, change in sponsorship of the trust or ownership of the REIT manager

* Includes securitisation transactions involving assignee payout, acquirer's payout.

~ The rated instrument may involve issuance of different instruments such as debt securities (listed or otherwise), bank loans, commercial paper (listed or otherwise), etc. The regulator of the instrument may accordingly be SEBI, RBI or MCA and can only be determined upon issuance. In PRs subsequent to issuance(s), Crisil Ratings Limited shall separately capture the rated quantum details along with names of respective regulators.

^ Includes bank facilities such as liquidity facility, second loss facility that are part of securitisation transactions.

There is no instrument being rated and hence, Regulator of the Instrument is not applicable. The rating scale and definitions are being followed as stipulated in SEBI Master Circular for CRAs.

@ These ratings were assigned during regulatory regime prior to introduction of SEBI CRA Circular dated Feb 10, 2026 and the investor side regulators have accordingly been included.

\$ By virtue of the instrument being listed, SEBI acts as the regulator for listing and related issues.

+ To be finalized following a discussion with the regulatory authorities.

Note: Kindly note that for activities or instruments falling under the purview of FSRs other than SEBI, the grievance/dispute redressal mechanisms and investor protection mechanisms provided by SEBI shall not be available.

About Crisil Ratings Limited (A subsidiary of Crisil Limited, an S&P Global Company)

Crisil Ratings pioneered the concept of credit rating in India in 1987. With a tradition of independence, analytical rigour and innovation, we set the standards in the credit rating business. We rate the entire range of debt instruments, such as bank loans, certificates of deposit, commercial paper, non-convertible/convertible/partially convertible bonds and debentures, perpetual bonds, bank hybrid capital instruments, asset-backed and mortgage-backed securities, partial guarantees and other structured debt instruments. We have rated over 33,000 large and mid-scale corporates and financial institutions. We have also instituted several innovations in India in the rating business, including ratings for municipal bonds, partially guaranteed instruments and infrastructure investment trusts (InvITs).

Crisil Ratings Limited ('Crisil Ratings') is a wholly-owned subsidiary of Crisil Limited ('Crisil'). Crisil Ratings Limited is registered in India as a credit rating agency with the Securities and Exchange Board of India ("SEBI").

Abstract: The purpose of this study was to determine the effect of a 12-week training program on the physical and psychological health of sedentary, middle-aged women. The study was conducted in a community-based setting. The participants were 30 women, aged 40-60 years, who were sedentary and had no history of cardiovascular disease. They were randomly assigned to two groups: a training group and a control group. The training group participated in a 12-week program of aerobic exercise, strength training, and flexibility exercises, three times per week. The control group remained sedentary. The study measured physical health (heart rate, blood pressure, body mass index, and waist circumference) and psychological health (depression, anxiety, and self-esteem) at baseline and at the end of the 12-week program. The results showed that the training group had significant improvements in physical health and psychological health compared to the control group. The training program was effective in improving the physical and psychological health of sedentary, middle-aged women.

Abstract

[illegible]

1. The information on which the results in Table 1 are based are the results of a regression analysis of the data in Table 1. The results of the regression analysis are shown in Table 1. The results of the regression analysis are shown in Table 1. The results of the regression analysis are shown in Table 1.

Abstract – This paper presents a new approach to the design of a control system for a robot arm. The system is designed to control the position and orientation of the end effector of a two-link planar robot arm. The control system is based on a combination of a feedforward controller and a feedback controller. The feedforward controller is designed to provide a desired trajectory for the end effector, while the feedback controller is designed to correct any errors in the trajectory. The control system is implemented on a digital signal processor (DSP) and is able to control the robot arm with high precision and accuracy. The results of the simulation and experimental tests show that the control system is effective and robust.

1. The information on which the results in Table 1 are based are as follows: (a) the results of the 1990 survey of the 1989-1990 season, (b) the results of the 1991 survey of the 1990-1991 season, and (c) the results of the 1992 survey of the 1991-1992 season. The results of the 1993 survey of the 1992-1993 season are not included in the table because of the small number of respondents (n=10) who completed the survey.
2. The results of the 1990 survey of the 1989-1990 season are as follows: (a) the results of the 1990 survey of the 1989-1990 season, (b) the results of the 1991 survey of the 1989-1990 season, and (c) the results of the 1992 survey of the 1989-1990 season.

Abstract: The purpose of this study was to investigate the effects of a 12-week training program on the physical and psychological health of elderly people. The study was conducted in a community center in a city in the north of Iran. The participants were 30 elderly people (15 men and 15 women) aged 65 and above. They were divided into two groups: a control group and an experimental group. The experimental group participated in a 12-week training program that included aerobic exercises, strength training, and flexibility exercises. The control group did not participate in any training program. The data were collected at the beginning and at the end of the 12-week period. The results showed that the experimental group had significant improvements in physical health (e.g., increased muscle strength, improved balance, and reduced risk of falls) and psychological health (e.g., reduced depression and increased social interaction) compared to the control group. The findings suggest that a 12-week training program can be an effective intervention to improve the physical and psychological health of elderly people.

Abstract: The purpose of this study was to investigate the effects of a 12-week training program on the physical and psychological health of elderly people. The study was conducted in a community center in a large city in Brazil. The participants were 30 elderly people, aged 65 and over, who were divided into two groups: a control group and an experimental group. The experimental group participated in a 12-week training program that included aerobic exercises, strength training, and flexibility exercises. The control group did not participate in any training program. The results of the study showed that the experimental group had significantly higher levels of physical fitness and psychological well-being compared to the control group at the end of the 12-week period. The findings suggest that a 12-week training program can be an effective intervention for improving the physical and psychological health of elderly people.

Abstract – This paper presents a new approach to the problem of how to represent the information that is represented by a network. The approach is based on the idea of a network being a set of nodes and edges, where the nodes are the objects of the network and the edges are the relationships between them. Abstract: The purpose of this study was to investigate the effects of a 12-week training program on the physical and psychological health of elderly people. The study was conducted in a community center in a city in the north of Iran. The participants were 30 elderly people (15 men and 15 women) aged 65 and above. They were divided into two groups: a control group and an experimental group. The experimental group participated in a 12-week training program that included aerobic exercises, strength training, and flexibility exercises. The control group did not participate in any training program. The data were collected at the beginning and at the end of the 12-week period. The results showed that the experimental group had significant improvements in physical health (e.g., increased muscle strength, improved balance, and increased endurance) and psychological health (e.g., reduced anxiety and depression, and improved mood) compared to the control group. The findings suggest that a 12-week training program can be an effective intervention for improving the physical and psychological health of elderly people.

Dear Madam,

Re: ICRA's Credit Rating for below mentioned Instruments of Mindspace Business Parks REIT

As per the Rating Agreement/Statement of Work executed with ICRA Limited, ICRA's Rating Committee has taken the following rating actions for the mentioned instruments of your company.

Instrument	Rated Amount (Rs. crore)	Rating Action ¹	Financial Sector Regulator [#]
Issuer Rating	-	[ICRA]AAA (Stable); Reaffirmed	-.@

"SEBI's grievance redressal/dispute resolution and SEBI investor protection mechanisms such as SCORES and ODR shall not be available for activities and instruments which fall under the regulatory purview of Financial Sector Regulators other than SEBI."

@ "Since no instrument is being rated, FSR is not applicable. The rating scale and definitions stipulated in SEBI Master Circular for CRAs are being followed."

The aforesaid rating(s) will become due for surveillance within one year from the date of rating communication letter. However, ICRA reserves the right to review and/or, revise the above rating(s) at any time based on new information becoming available, or the required information not being available, or other circumstances that ICRA believes could have an impact on the rating(s). Therefore, request the lenders and investors to visit ICRA website at www.icra.in for latest rating(s) of the company.

The rating(s) are specific to the terms and conditions of the instruments as indicated to us by you, and any change in the terms or size of the same would require a review of the rating(s) by us. In case there is any change in the terms and conditions or the size of the rated instrument, the same must be brought to our notice before the instrument is used by you. In the event such changes occur after the rating(s) have been assigned by us and their use has been confirmed by you, the rating(s) would be subject to our review, following which there could be a change in the rating(s) previously assigned. Notwithstanding the foregoing, any change in the over-all limit of the instrument from that specified in this letter, would constitute an enhancement that would not be covered by or under the said Rating Agreement.

The rating(s) assigned must be understood solely as an opinion and should not be treated, or cause to be treated, as recommendation to buy, sell, or hold the rated instrument availed/issued by your company.

You are also requested to forthwith inform us about any default or delay in repayment of interest or principal amount of the instrument rated, as above, or any other debt instruments/ borrowing and keep us informed of any other developments which may have a direct or indirect impact on the debt servicing capability of the company including any proposal for re-schedulement or postponement of the repayment programmes of the dues/ debts of the company with any lender(s) / investor(s), or occurrence of any significant development that could impact the ability of the company to raise funds such as restriction imposed by any authority from raising funds through issuance of debt securities

Dear Madam,

Re: ICRA's Credit Rating for below mentioned instruments of Mindspace Business Parks REIT

As per the Rating Agreement/Statement of Work executed with ICRA Limited, ICRA's Rating Committee has taken the below rating actions for the mentioned instruments of your company.

Instrument	Rated Amount (Rs. crore)	Rating Action ¹	Financial Sector Regulator [#]
Commercial Paper Programme [^]	3,000.0	[ICRA]A1+; Reaffirmed	RBI
Total	3,000.0		

[#]SEBI's grievance redressal/dispute resolution and SEBI investor protection mechanisms such as SCORES and ODR shall not be available for activities and instruments which fall under the regulatory purview of Financial Sector Regulators other than SEBI.

[^]Of the total of Rs. 3,000 crore CPs, Rs. 2,825 crore of CPs are listed and remaining are proposed to be listed

However, ICRA reserves the right to review and/or, revise the above Rating(s) at any time based on new information becoming available, or the required information not being available, or other circumstances that ICRA believes could have an impact on the Rating(s). Therefore, request the lenders and Investors to visit ICRA website at www.icra.in for latest Rating(s) of the Company.

The Rating(s) are specific to the terms and conditions of the instruments as indicated to us by you, and any change in the terms or size of the same would require a review of the Rating(s) by us. Notwithstanding the foregoing, any change in the over-all limit of the instrument from that specified in this letter, would constitute an enhancement that would not be covered by or under the said Rating Agreement.

Additionally, we wish to highlight the following with respect to the Rating(s):

- If the instrument rated, as above, is not issued by you within a period of 3 months from the date of this letter, the Rating(s) would need to be revalidated before issuance;
- Once the instrument is issued, the rating is valid throughout the life of the captioned programme (which shall have a maximum maturity of twelve months from the date of the issuance of the instrument).

The Rating(s), as aforesaid, however, should not be treated as a recommendation to buy, sell or hold rated instrument issued by you. The Rating(s) is restricted to the rated amount mentioned. In case, you propose to enhance the size of the rated instrument, the same would require to be rated afresh. ICRA does not assume any responsibility on its part, for any liability, that may arise consequent to your not complying with any eligibility criteria, applicable from time to time, for issuance of rated instrument.

Rationale

The rating action for Mindspace Business Parks REIT (Mindspace REIT) favourably factors in its strong business profile with well diversified and large portfolio of assets, along with expected sustenance of healthy committed occupancy in the medium term and comfortable leverage levels. The committed occupancy for the completed area stood healthy at 90.7% as of June 2026 (post-acquisition of Commerzone Pallikaranai and One Radial). The ratings note its large and diversified portfolio of assets with office space, including completed area of 36.0 million square feet (msf), and under-construction area/future planned development of 10.2 msf as of June 2026. Mindspace REIT's portfolio is spread across major cities such as Mumbai, Hyderabad, Pune and Chennai, with a reputed and diversified tenant mix comprising leading multi-national and Indian corporates. The top 10 tenants generated 30.2% of the gross contracted rentals as of June 2026.

Mindspace REIT had announced acquisition of Commerzone Pallikaranai, Chennai (100% stake) in March 2026 and One Radial, Chennai (51% stake) in April 2026. The CPs have been deployed towards acquisition, growth capex or refinancing of existing debt. Despite increase in debt levels due to acquisition of assets, the leverage remains comfortable with loan to asset value (LTV)¹ of 29.7% as of June 2026. Based on its capital expenditure/inorganic growth plans, ICRA expects the total external debt/annualised NOI to remain at less than 5 times and LTV to remain below 33% in the medium term. The proposed NCDs are expected to be deployed towards acquisition, growth capex or refinancing of existing debt. ICRA will continue to monitor the future asset acquisitions and their consequent impact on the leverage. Comfort, however, is drawn from the proven track record and the experienced management of the REIT sponsor, K Raheja Corp Group (KRC), as well as the REIT manager K Raheja Corp Investment Managers Private Limited (formerly known as K Raheja Corp Investment Managers LLP (KRCIML)) and the exceptional financial flexibility of Mindspace REIT.

Part of Mindspace REIT's debt, at the consolidated level, is in the form of CPs and NCDs with bullet repayments at the end of their maturity period, exposing the REIT to refinancing risk. This risk is mitigated to an extent by the tranche repayment of the

¹ For the purpose of LTV calculation, Net Debt is post accounting and minority adjustments with market value as on March 31, 2026, based on the valuation report (Market value for Commerzone Pallikaranai as on December 31, 2025, and One Radial as on March 15, 2026). Gross LTV stood at 34.0% as on June 30, 2026

issuances, strong liquidity position with cash and cash equivalents of Rs. 1,317.8 crore and unutilised overdraft/LRD facilities of Rs. 408.1 crore as of June 2026, which are expected to be available to meet any exigencies. Tenant leases contributing to 3.8% and 6.6% of the gross contracted rentals will be due for expiry in Q2-Q4 FY2027 and FY2028 respectively. However, the risk is partially mitigated by the reputed tenant profile and established track record of the K Raheja Corp Group in the commercial real estate industry.

ICRA expects that Mindspace REIT's credit profile will be supported by REIT regulations that restrict the extent of under construction assets in the portfolio to less than 20% of the asset value and the cap on leverage at 49% of the asset value.

The Stable outlook reflects ICRA's opinion that the Trust will benefit from its large, diversified and stable operational portfolio, the anticipated growth from assets currently under development and the expected comfortable financial risk profile.

Key rating drivers and their description

Credit strengths

Well-diversified and large portfolio of assets with strong tenant profile – The asset portfolio under the REIT includes some of the major business parks of Mumbai, Hyderabad, Pune and Chennai, with a reputed and diversified tenant mix comprising leading multi-nationals and Indian corporates, wherein the top 10 tenants generate 30.2% of the gross contracted rentals as of June 2026. The asset portfolio of the REIT includes completed office space area of 36.0 msf, and under-construction area/future planned development of 10.2 msf as of June 2026. The completed area reported a committed occupancy of 90.7% as of June 2026, supported by long-term lease agreements and a good track record of tenant stickiness owing to competitive rentals in most of the assets.

Comfortable leverage – Mindspace REIT had announced acquisition of Commerzone Pallikaranai, Chennai (100% stake) in March 2026 and One Radial, Chennai (51% stake) in April 2026. The CPs have been deployed towards acquisition, growth capex or refinancing of existing debt. Despite increase in debt levels due to acquisition of assets, the leverage remains comfortable with loan to asset value (LTV) of 29.7% as of June 2026. Based on its capital expenditure/inorganic growth plans, ICRA expects the total external debt/annualised NOI to remain at less than 5 times and LTV to remain below 33% in the medium term.

Established track record of sponsor and REIT manager – The REIT manager and sponsor are a part of KRC, which has considerable experience in developing and managing commercial real estate projects. KRC is one of India's leading groups in the real estate development and retail business, with experience of over four decades in developing and operating assets across commercial, hospitality, retail and residential segments.

Credit challenges

Exposure to refinancing risk – Part of Mindspace REIT's debt, at the consolidated level, is in the form of CPs and NCDs with bullet repayments at the end of their maturity period, exposing the REIT to refinancing risk. This risk is mitigated to an extent by the tranche repayment of the issuances, strong liquidity position with cash and cash equivalents of Rs. 1,317.8 crore and unutilised overdraft/LRD facilities of Rs. 408.1 crore as of June 2026, which are expected to be available to meet any exigencies.

Vulnerability of commercial real estate sector to cyclical – The company remains exposed to the inherent cyclical in the real estate industry and vulnerability to external factors. ICRA notes that tenant leases contributing to 3.8% and 6.6% of the gross contracted rentals will be due for expiry in Q2-Q4 FY2027 and FY2028 respectively. However, the risk is partially mitigated by reputed tenants with strong businesses and established track record of the K Raheja Corp Group in the commercial real estate industry.

Environmental and social risks

Environmental considerations – The real estate segment is exposed to risks of increasing environmental norms affecting operating costs, including higher costs of raw materials such as building materials and cost of compliance with pollution control regulations. Environmental clearances are required for commencement of projects and lack of timely approvals can impact its business operations. The effect of changing environmental regulations on licenses for property development could also create credit risks.

Social considerations – The downside social risks faced by REITs like Mindspace could be said to be low. The demand for commercial office space, particularly those with good ancillary infrastructure and connectivity, has been growing in India as the service economy expands. While there could be societal trends like preference for work-from-home, which could weigh on demand, on balance, the tailwinds for commercial real estate remain reasonably strong. Further, rapid urbanisation and a large working age population will support the demand for commercial real estate in India and benefit REITs like Mindspace.

Liquidity position: Strong

The liquidity position of the REIT is supported by stable rental income from the underlying assets and low operational expenditure in the leasing business. Healthy fund flow from operations will be adequate to cover the total debt servicing obligations. Additionally, the REIT had cash and cash equivalents of Rs. 1,317.8 crore and unutilised overdraft/LRD facilities of Rs. 408.1 crore as of June 2026, which supports the liquidity profile.

Rating sensitivities

Positive factors – Not Applicable.

Negative factors – Higher-than-anticipated borrowing that increases the LTV higher than 40%, on a sustained basis, or decline in the committed occupancy to lower than 80%, on a sustained basis, may trigger a rating downgrade. Any non-adherence to the debt structure may also lead to a rating downgrade.

Complexity level of the rated instruments

Instrument	Complexity indicator
Issuer Rating	Not Applicable
Non-Convertible Debenture	Simple
Proposed Non-convertible Debenture	Simple
Commercial Paper Programme	Simple

The Complexity Indicator refers to the ease with which the returns associated with the rated instrument could be estimated. It does not indicate the risk related to the timely payments on the instrument, which is rather indicated by the instrument's credit rating. It also does not indicate the complexity associated with analysing an entity's financial, business, industry risks or complexity related to the structural, transactional or legal aspects. Details on the complexity levels of the instruments are available on ICRA's website: [Click here](#)
